Re: Bid # 19-48 Repairs & Updates to Exterior Doors at the Watertown International Airport

NOTICE OF ADDENDUM #1

Please be advised that the following questions have been submitted:

Q: On the siren, do you want just a siren on the wall or the door management the county listed on the bid sheet?

A: Sterile Area doors must include strobe/siren installation to be programmed for activation upon emergency egress or left open over hold time. (No door management alarm needed)

Q: Also, it ask for pricing on "exit devices". We need more specifics. A sensor, a crash-bar, a button??

A: Exit devices: Crash bar to allow emergency egress.

Q: We need more lock information.

A: Lock-door must remain secure so that it cannot slide open or release unless during emergency egress that sounds alarm/siren and sends notification to access control program. (Same setup as gate door in the terminal building.)

Additional Note:

Programming note: Service must include programming in access control program WinPak located at the airport.

Please acknowledge receipt of this addendum by returning a signed copy of this notice by fax, email or mail.

Please contact our office regarding any questions you may have at (315) 785-3077.

Sincerely,
