

CITY OF DOVER ORDINANCE #2023-10

BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF DOVER, DE IN COUNCIL MET:

That Chapter 114- Vegetation be amended to read as follows:

Sec. 114-1. Public trees generally.

- (a) *Intent; title.* The intent of this section is to regulate the planting, maintenance and removal of shade and ornamental trees on public areas in the city.
- (b) *Purposes.* The purposes of this section are as follows, and they shall be liberally construed to promote and advance the general welfare of the city:
 - (1) To guide and regulate the planting, maintenance, and removal of trees on the public streets, parks, and other municipally owned property.

 - (3) To protect the character and the social and economic value of both private and public property in the city.
 - (4) To preserve and enhance the visual character and natural beauty of the city.
- (c) *Definitions.* The following words, terms, and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Board means the city tree board.

Park trees means trees in public parks having individual names, and all areas owned by the city or to which the public has free access as a park.

Public trees mean trees located within public rights-of-way, parks or any other city property.

- (d) *City tree board.*

With the adoption of the ordinance from which this section is derived, the parks, recreation and community enhancement committee has the title and duties as the city tree board.
- (2) *Advice to city council.* The council shall consider the advice of the city tree board on all matters concerning the application of this section.

- (f) *Superintendent of grounds.*
 - (1) *Duties.* The superintendent of grounds shall have the authority to promulgate the rules and regulations of the arboriculture specifications and standards of practice governing the planting, maintenance, removal, fertilization and pruning of trees on the streets or other public sites in the city and shall direct, regulate and control the planting, maintenance and removal of all trees growing now or hereafter in any public area of the city. He shall cause the provisions of this section to be enforced. (See section 114-2.)
 - (2) *Relief from personal responsibility.*
 - a. The superintendent of grounds or any employee charged with the enforcement of this section, while acting for the city, shall not thereby render himself personally liable, and he is hereby relieved from all personal liability for any damage that may accrue to persons or property as a result of any act required or permitted in the discharge of his duties. Any suit instituted against any city employee because of an act performed by him in the lawful discharge of his duties shall be defended by the city solicitor.
 - b. In no case shall the superintendent of grounds be liable for costs in any action, suit or proceeding that may be instituted in pursuance of the provisions of this section when he and/or his subordinates perform their duties in good faith and without malice.
- (g) *Damage or abuse.* Should any public tree be damaged by any person, the city may charge the person causing such damage for repairs to the tree and/or its devaluation. Should any public tree be destroyed by any person, the city may charge the person causing such destruction for the appraised value of the tree, plus the cost of its removal and replacement.
- (h) *Care upon public grounds.* The city shall have the right to plant, prune, maintain and remove trees, plants and shrubs within the lines of all streets, alleys and public grounds as may be

necessary to ensure public safety or to preserve or enhance the symmetry and beauty of such public grounds.

- (i) *Dead or diseased tree removal on private property.* The city shall have the right to cause the removal of any dead or diseased trees on private property within the city. When such trees constitute a hazard to life and property or harbor insects or disease which constitutes a potential threat to other trees within the city, the city will notify, in writing, the owners of such trees. Removal shall be done by said owners at their own expense within 60 days after the date of service of notice; however, a lesser time may be specified for removal when an imminent hazard to life or property has been determined to exist. In the event of failure of the owners to comply with such provisions, the city shall have the authority to remove such trees and charge the cost of removal on the owners' property tax notice, enter the cost as a municipal lien or utilize other methods of collection.
