Understanding Housing Market Trends
Discussion with Realtors and Homebuilders
Wednesday, July 11, 2018

Economic Development Committee Meeting
Understanding Housing Market Trends
Discussion with Realtors and Homebuilders

- Residential market is not recovering as quickly as part of the economy
- Dover’s Housing Market is flat in terms of styles, options, and prices
- Market still very much constrained by lending (mortgage) limitations
Survey Results

Thank you to all those who participated!
We learned a lot!
What have we learned from the Survey?

- We had 511 respondents!
- The graph at right shows the age mix of who participated.
The City should work with Dover’s institutions of higher education to promote the City as a center for higher education and encourage greater involvement of college students in the local economy.
Dover should prioritize the creation of more skilled labor and trade jobs to improve our economy and provide opportunities for our youth.
Dover should actively promote tourism, the arts, recreation, cultural resources, natural resources, and entertainment as key components of maintaining a high quality of life.
Several studies have proposed a major mixed-use redevelopment of the western end of Loockerman Street and the Forest Street gateway into the City. The City should implement these studies.
Do you support the continuation of City policies that encourage Downtown revitalization?
The following issues have been identified as important challenges for Downtown Dover. Are these issues still important? Please rate them:

- **Highly Undesirable**
How much do you agree with the following statements:

Route 8 and Route 15 are adequate to handle the daily traffic present on the road

POW-MIA Parkway (the West Dover Connector) has improved traffic flow on the west side of Dover since its construction

Neighborhood streets (all streets other than main roads) are well maintained
The most requested improvement to DART was to have:

1st: Longer Bus hours
2nd: More Frequent Stops
3rd: More Bus Shelters

Should Dover pursue policies to be friendlier to emerging transportation technology?
What are the most important parks and recreation issues?

- Building walking and running trails: 4.4
- Providing passive park spaces: 4.1
- Maintaining playgrounds: 4.0
- Programming active parks: 3.3
- Maintaining interpretive elements: 2.8
- Building more indoor recreation spaces: 2.7
