Memorandum to General Government Committee

Subject: County Farm/Bloomfield Prairie Authorized Use and Regulation

An employee workgroup has been formed to review the current allowed and prohibited uses at the property, as well as to consider those uses that have been requested or may feasibly occur. The goal is to accommodate the widest array of uses of the property in a safe manner for the public, staff, and Bloomfield residents; and to provide clear expectations through public education/information efforts.

I. Current Use Restrictions

- 1) Prohibits discharge of a firearm within 200 yards of any building (Ord 600.20) excepting barn/shed along County Road CH
- 2) Prohibits hunting with or discharge of a firearm other than a shotgun with pellet loads only (Ord 600.20)
- 3) County Farm Pond is closed from 11pm to the following 5am (Ord 600.21)
- 4) Prohibits disposal of animal carcasses on the property (Ord 375.14)

II. Experienced and Anticipated Issues

- 1) Off-leash dogs being caught in coyote traps
- 2) Dogs off leash when not hunting
- 3) Dog waste
- 4) Vehicular travel on the mowed fire breaks
- 5) Mountain biking
- 6) Littering/dumping (most prevalent at pond shelter)...shell casings (shotgun, rim fire, centerfire) fireworks, general garbage, used oil (apparently changed oil at site), etc.
- 7) Metal detecting
- 8) Dog training for pheasant hunting
- 9) Drone use
- 10) Remote control airplane use
- 11) Rocket use

- 12) Seed collecting
- 13) Grilling at shelter by pond
- 14) Disposal of animal carcasses, such as deer... observed on trails

III Suggestions to Consider

- 1) Revise Ord 600.20 to increase the shooting buffer to at least 300 yards from the Bloomfield Health and Rehabilitation Center buildings to be consistent with exiting WDNR regulations.
- Revise Ord 600.20 to include buckshot as a prohibited shotgun load (common coyote hunting load).
- 3) Establish trapping restrictions consistent with WDNR regulations employed within State parks
 - a) Only allow for species when their season is open
 - b) Prohibit the use of traps that are not placed completely under water unless the traps are enclosed trigger traps
 - c) Prohibit setting, placing or checking traps between the hours of 11pm and 5am on the following day
 - d) Prohibit setting or placing traps within 100 yards of the pond
 - e) Prohibit setting or placing traps for coyote within 300 yards of the Bloomfield Health and Rehabilitation Center buildings
 - f) Prohibit the use of any trap for coyote other than a cable restraint trap
- 4) Prohibit vehicular travel on the mowed fire breaks and other designated trails. This includes ATV/UTV vehicles and bicycles. Exception would be snowmobiles on marked trails. Adequate signage should be installed to clearly mark restricted travel areas.
- 5) Prohibit of horseback riding.
- 6) Establish clearly marked off-road parking areas.
- 7) Establish "no fly" zones for drone operation.
- 8) Require blaze orange to be worn during firearm deer hunting seasons by any users of the property. A coat or vest and hat will be the minimum articles of clothing that must be blaze orange, worn as the outermost layer of clothing.
- 9) Prohibit public to access lands leased for pasturing and cropping.
- 10) Consider establishing a hunting buffer around areas leased for pasturing.
- 11) Prohibit any stocking of game birds on the property unless expressly permitted by the General Government Committee.
- 12) Prohibit the use of grills, campfires and fireworks, anywhere on the property, unless expressly approved by the County, to minimize the potential for an unintended grass fire.
- 13) Prohibit camping on the property.
- 14) Prohibit the use of hunting blinds and stands, whether ground, elevated, permanent or portable.
- 15) Prohibit any disturbance to the ground or vegetation, or collection of any natural material (living or dead), unless expressly permitted by the County. This includes but is not limited to gathering firewood, cutting trees/brush, collecting seeds or flowers.

- 16) Consider property-wide open/close hours.
- 17) Prohibit lead shot by allowing only non-toxic shot to minimize lead toxicity to nesting birds.
- 18) Prohibit glass bottles
- 19) Require dogs to be on-leash during the nesting season, April 15th through September 1st of the same calendar year

IV Other Considerations

- 1) Enforcement and fines
- 2) Process for public input...passive or solicit stakeholders
- 3) Gates or physical barriers to vehicular (Ex: dam)
- 4) Develop informational brochures that can be posted on the county website and provided in hardcopy through kiosks and/or by staff that describe the allowed and prohibited use of the property.

Katie Abbott, Scott Godfrey, Dave Morzenti, Jacob Tarrell
