IOWA COUNTY COMMITTEES, COMMISSIONS & BOARDS STRUCTURE

Pursuant to Wisconsin State Statutes Chapter 59, counties are authorized to organize under one of three forms of County government: 1) Executive; 2) Administrator; or 3) Administrative Coordinator. Specific statutes define the relationship between the legislative and executive roles of county government. Iowa County is organized under the County Administrator form (Wis. Stat. § 59.18) to insure clarity in roles and appropriate delegation of authority under the powers given a County Board. Committees created by the County Board are organized pursuant to Wis. Stat. § 59.13(1). Some committees are authorized under separate statutes and are referenced later in this document. Committees, Commissions, and Boards establish priorities.

Supervisors serve primarily a legislative function. The legislative function is largely limited to policymaking, lawmaking, budgetary approval, and cooperative decision making. No operational control resides with individual supervisors. Supervisors' authority is collective versus individual. Direction and decision-making by the Board of County Supervisors shall occur as a Board. Individual members of the Board shall not attempt to exercise independent authority over the County Administrator, director, official, or employee thereof. When elected to a committee chair position, a supervisor has the authority to set the agenda for committee meetings, preside at meetings, and make reports and recommendations on the committee's behalf.

The County Administrator presents the budget based on established priorities. A County Board has overall budget approval authority. The role of a County Board is that of being "visionary." Standing committees have policy oversight for departments, offices, and other entities. They monitor performance, review and participate in development of the budget, and draft ordinances and resolutions. Standing committees develop policy which in turn is recommended to the County Board for action. Standing Committee chairs shall report to the County Board at least every other month.

Department heads and/or other staff members provide input, make recommendations, and serve as a resource for committees. They do not vote. Staff members should be allowed an opportunity to provide input or clarify in a committee meeting, but it is not an appropriate role for staff to engage in committee debate or for a committee member or Board members to assign tasks to a staff member. As a collective body, a committee/board/commission may assign tasks to a department head/staff member.

Standing Committees: The following standing committees shall be reappointed after each spring election:

- 1) **General Government** – County Board 1st Vice Chair serves as Committee Chair; Committee elects a Vice Chair and Secretary
- 2) **Health & Human Services** – Chair, Vice Chair and Secretary elected by this committee
- 3) **Public Safety** – Chair, Vice Chair and Secretary elected by this committee
- 4) **Public Works** – Chair, Vice Chair and Secretary elected by this committee

Standing committees shall have not less than three nor more than eight supervisors serving as members. A five member standing committee is preferred. Standing committees shall have a supervisor appointed by the County Board Chair as an alternate, and that person is only compensated for attending a meeting if they are filling in for an absent member.

Committees/Boards/Commissions Align with Standing Committees: Wisconsin statutes mandate the existence of certain Committees/Boards/Commissions, and these shall be identified as such when constituted. The statutes spell out the responsibilities. Further, Wisconsin statutes provide counties with autonomy so that they may appoint committees that meet local needs and interests. Iowa County is involved in multi-county or regional arrangements, and usually a member of the County Board or a citizen is appointed to represent the County. Other boards may represent a specific interest, optional involvement may result from a commitment of resources, and usually a member of the County Board or a citizen is appointed. Each committee/board/commission shall align with a standing committee.

Assessment of Committees, Boards, and Commissions: Annually, committee members shall review the purpose, accomplishments, and issues. Assessment shall serve as a means to determine how the purpose and functioning might be improved. Additionally, this is a time when the group determines if the committee/board/commission continues, is modified, or has completed its work. The County Administrator, supervisors, and staff provide input into the discussion.

Committee on Appointments

Purpose: The purpose of the Committee on Appointments is to assist the County Board Chair in selecting supervisors for all County Committees. The County Board Chair retains veto authority for all appointments. Additionally, input is made to the County Administrator for the committee members to be appointed by that position as outlined in the Wisconsin Statutes. Vice Chairs assist and assume an advisory role. The County Board Chair in consultation with Vice Chairs appoints board members to special committees when the need arises. The preferred length of term to serve on a specific committee, board, or commission shall be six (6) years, however, longer tenure may occur.

This body provides leadership for the hiring and assessment of the county administrator, establishing performance goals and providing feedback. The Executive Committee

provides oversight for the County Board Rules with changes requiring approval by the full County Board. The Executive Committee may also act in emergencies requiring immediate authorization with required subsequent approval of the Board. The Executive Committee has responsibility for the County's real property. The Executive Committee collaborates with the County Administrator and Finance Director to develop and monitor the budget. If a Committee, Board, or Commission better fits with a different Standing Committee, the Executive Committee shall recommend a change to the County Board for action. The Executive Committee is responsible to see that all resolutions and policies are implemented.

**WISCONSIN STATE-LOCAL GOVERNMENT MEMORANDUM OF
UNDERSTANDING FOR THE ALLOCATION OF
OPIOID SETTLEMENT PROCEEDS**

WHEREAS, the State of Wisconsin ("State"), its communities, and their people have been harmed by misfeasance, nonfeasance and malfeasance committed by certain entities that engage in or have engaged in the manufacture, marketing, promotion, distribution or dispensing of an opioid analgesic, specifically related to the covered conduct by Defendants *In re: Opioid Litigation*, MDL 2804 pending in the United States District Court for the Northern District of Ohio ("Litigation");

WHEREAS, certain Wisconsin local governments identified on the attached Exhibit A ("Local Governments"), through their counsel, and the State of Wisconsin, through its Attorney General, are separately engaged in investigations, litigation, and settlement discussions seeking to hold the Defendants in the Litigation accountable for the damage caused by their misfeasance, nonfeasance and malfeasance;

WHEREAS, the State of Wisconsin and the Local Governments share a common desire to abate and alleviate the impacts of the misfeasance, nonfeasance and malfeasance described above throughout the State of Wisconsin and in its local communities;

WHEREAS, the settlement discussions with Walgreens, Walmart, CVS, Teva, and Allergan ("Settling Defendants") resulted in tentative agreements as to settlement terms ("Settlement Agreements") pending agreement from the State of Wisconsin, the Local Governments and other parties involved in the Litigation;

WHEREAS, while the Local Governments and the State recognize that the sums which may be available from the aforementioned Settlement Agreements will likely be insufficient to fully abate the public health crisis caused by the Opioid epidemic, they share a common interest in dedicating the most resources possible to the abatement effort;

WHEREAS, the State of Wisconsin enacted Wis. Stat. § 165.12 which provides for an allocation of opioid settlement proceeds;

WHEREAS, the State and the Local Governments intend this Memorandum of Understanding ("MOU") to effectuate the terms of future Settlement Agreements arising out of the Litigation in a manner consistent with Wis. Stat. § 165.12(2); and

WHEREAS, this MOU does not supersede or alter any previously agreed upon MOU between the State and Local Governments related to the Litigation.

NOW, THEREFORE, the State and the Local Governments, enter into this MOU upon the terms described herein.

1. As used in this MOU, the term "Opioid Settlement Proceeds" shall mean all funds allocated by a Settlement Agreement ("Settlement Payments") to the State or Local

Governments for purposes of opioid remediation activities, as well as any repayment of those funds and any interest or investment earnings that may accrue as those funds are temporarily held before being expended on opioid remediation strategies. "Opioid Settlement Proceeds" do not include the "Additional Restitution Amount" (also known as additional remediation, or any other fund, proceed, or amount paid to States who did not utilize outside counsel), reimbursement of the United States Government, or separate funds identified in Settlement Agreements as direct or indirect compensation for a Party's litigation fees, expenses, and/or costs.

2. The Settlement Administrator shall directly distribute the Opioid Settlement Proceeds to the State and to Local Governments in such proportions and for such uses as set forth in this MOU.
3. Opioid Settlement Proceeds shall be allocated as follows: (i) 30% to the State of Wisconsin ("State Share"); and (ii) 70% to Local Governments ("LG Share"). Opioid Settlement Proceeds shall not be considered funds of the State or any Local Government unless and until such time as each annual distribution is made.
4. 100% of the "Additional Restitution Amount" shall be paid to the State and deposited with the Department of Health Services.
5. Except for Opioid Settlement Funds expended in payment of attorney fees as provided in Wis. Stat. § 165.12(6), all Opioid Settlement Proceeds, regardless of allocation, and the entire "Additional Restitution Amount," shall, consistent with Wis. Stat. § 165.12(3) and (4), and except as provided in Wis. Stat. § 165.12(5), be utilized only for purposes identified as approved uses for abatement in a Settlement Agreement.
6. If any portion of the LG Share is used for the payment of owed attorney fees as authorized under Wis. Stat. § 165.12(6), the Local Governments shall report to the Attorney General and the Joint Committee on Finance the amount of the payment(s) and provide the contract(s) under which the attorney fees are purportedly owed.

Notwithstanding any limitations or characterization of funds herein to the contrary, any payments for attorneys' fees and expenses may only be paid for out of the owing Local Governments' share.

7. The parties agree to comply with the terms of the Settlement Agreements, including but not limited to (a) a requirement that a certain percentage of the Settlement Payment be spent on remediation, and (b) that at least 70% of a Settlement Payment be used solely for future Opioid Remediation as defined by the Settlement Agreements.
8. The LG Share shall be paid to each Local Government by the Settlement Administrator based on the allocation created and agreed to by the Local Governments which assigns each Local Government a percentage share of the LG Share, less any applicable attorney fees as authorized under Wis. Stat. § 165.12(6) and referenced above.

9. Nothing in this MOU is intended to alter or change any Local Government's right to pursue its own claim. Rather, the intent of this MOU is to provide a mechanism for the receipt and expenditure of Opioid Settlement Proceeds. Notwithstanding the foregoing, only Local Governments who are Participating Subdivisions under a Settlement Agreement, and who agree to the terms of this MOU may directly receive Opioid Settlement Proceeds.
10. Notwithstanding any limitations or characterization of funds herein to the contrary, any payments for Local Government attorney's fees and expenses may be applied only to the LG Share or any Local Government share of the LG Share. The State shall have no responsibility for payment of attorneys' fees or litigation expenses.
11. The parties understand that the United States may claim a portion of the Opioid Settlement Proceeds for Medicaid reimbursement. The parties agree that, to the extent a claim for Medicaid reimbursement is made, the parties shall bear the liability for the reimbursement on a pro rata basis based upon the particular claims made by the United States related to the Medicaid reimbursement. The parties agree to meet, confer, and cooperate in good faith concerning the allocation of any such liability.
12. The Attorney General may extend this MOU to apply to future settlements with other entities who engage in or have engaged in the manufacture, marketing, promotion, distribution or dispensing of an opioid analgesic, specifically related to the covered conduct by Defendants in the Litigation. To exercise this option, the Attorney General shall send written notice to counsel for the Local Governments. The Local Governments shall have 30 days from the date of the notice to express in writing any objection(s) to the extension of the MOU to the settlement(s). If any Local Government objects to the extension of the MOU to the settlement(s), it shall not be extended.
