Dear Chairman Meyers and County Administrator Bierke,

It is with great excitement that I inform you Randy Sudmeier graduated from the Wisconsin Local Government Leadership Academy on Tuesday, September 24th!

During the 8-month Academy, Randy was joined by 26 other individuals from county governments across the State. They grew their networks, honed their leadership skills, and explored new tools and strategies for tackling challenges in local government. Completion of the Academy involved participation in four workshops, online self-study and group conference calls. They examined four areas of leadership: Relationships as a Foundation for Effective Leadership, Communication Tools for Effective Leadership, Effective Decision-Making, and Visionary Leadership.

I encourage you to take the time to congratulate Randy on this significant accomplishment and to find out what he learned that is helping him be a more effective leader in lowa County.

We are currently recruiting for the 2020 Wisconsin Local Government Leadership Academy class. Applications are due on October 31st. Please encourage others in lowa County to consider applying. https://leadershipwisconsin.org/local-government-leadership-academy/

### Amendatory Ordinance No. 1-1019

To the Honorable Iowa County Board of Supervisors:

Whereas a petition for a land use change has been made by Rick Peterson;

For land being Lot 1 of Certified Survey Map 718 in Section 15-T8N-R4E in the Town of Arena; affecting tax parcel 008-1024.004.

And, this petition is made to rezone 6.53 acres from B-3 Heavy Business to AB-1 Agricultural Business;

Whereas notice of such petition has been properly advertised and notice has been given to the **Clerk of the Town of Arena** and the Town is recommending approval as it has been deemed to be consistent with the goals and intent of its adopted comprehensive plan,

Whereas a public hearing, designated as zoning hearing number 3059 was last held on September 26, 2019 in accord with said notice, and as a result of said hearing action has been taken by the Iowa County Planning & Zoning Committee to approve said petition.

Now therefore be it resolved that official county zoning map be amended as recommended by the Iowa County Planning and Zoning Committee.

Respectfully submitted by the Iowa County Planning & Zoning Committee.

### Planning & Zoning Committee Recommendation Summary

Public Hearing Held on Sept. 26, 2019

Zoning Hearing 3059

Recommendation: Approval

Applicant(s): Rick Peterson

Town of Arena

Site Description: Lot 1, CSM 718 in S15-T8N-R4E also affecting tax parcel 002-

1042,004

Petition Summary: This is a request to rezone an existing 6.53-acre lot from B-3 Hvy Bus to AB-1 Ag Bus with a Conditional Use Permit to allow a Commercial Livestock Operation.

### Comments/Recommendations

- The current zoning of the lot allows a landscape business that no longer exists. The proposal to have a goat operation necessitates the zoning change.
- 2. If approved, the goat operation use and residence will need to be approved by Conditional Use Permit as the only permitted principal use in the AB-1 district is ag cropping.

**Town Recommendation**: The Town of Arena feels the proposal is consistent with its comprehensive plan and recommends approval of the zoning change and the CUP with up to 100 goats.

**Staff Recommendation:** Staff recommends approval of the zoning change and the following considerations for the CUP:

 The typical area/goat ratio is 6-10 goat per acre, depending upon the productivity of the soil. This would be 39-65 goats on the 6.53 acres. The applicant currently has 49 goats. Unless he can justify a

- greater number, a more reasonable maximum number of goats for this property would be 65.
- 2. The goats must be contained on the 6.53-acre property.
- 3. What are the assurances that manure will be adequately utilized or removed from the property so as not to cause over application to the sandy soils?
- 4. The residence must be associated with the operation, meaning either occupied by the owner or an operator of the business.

### Amendatory Ordinance No. 2-1019

To the Honorable Iowa County Board of Supervisors:

Whereas a petition for a land use change has been made by Chris Carlson on behalf of 112, LLC;

For land in the SE ¼ of the NW ¼ and NE ¼ of the SW ¼ of Section 29-T7N-R1E in the Town of Highland affecting tax parcels 012-0238 and 012-0239.

And, this petition is made to rezone 31.971 acres from RB-1 Recreational Business to A-1 Agricultural;

Whereas notice of such petition has been properly advertised and notice has been given to the **Clerk of the Town of Highland** and the Town is recommending approval as it has been deemed to be consistent with the goals and intent of its adopted comprehensive plan,

Whereas a public hearing, designated as zoning hearing number 3064 was last held on September 26, 2019 in accord with said notice, and as a result of said hearing action has been taken by the Iowa County Planning & Zoning Committee to approve said petition with the conditions that the associated certified survey map be duly recorded within 6 months and the 31.971 acres be combined by deed with adjacent A-1 Agricultural zoned land to create a lot of at least the minimum 40 acres for that district.

Now therefore be it resolved that official county zoning map be amended as recommended by the Iowa County Planning and Zoning Committee.

Respectfully submitted by the Iowa County Planning & Zoning Committee.

### Planning & Zoning Committee Recommendation Summary

Public Hearing Held on Sept. 26, 2019

Zoning Hearing 3064

Recommendation: Approval

**Applicant(s)**: 112,LLC – Chris Carlson

Town of Highland

Site Description: part of the SE/NW & NE/SW of S29-T7N-R2E also affecting tax

parcels 012-0238 and 012-0239

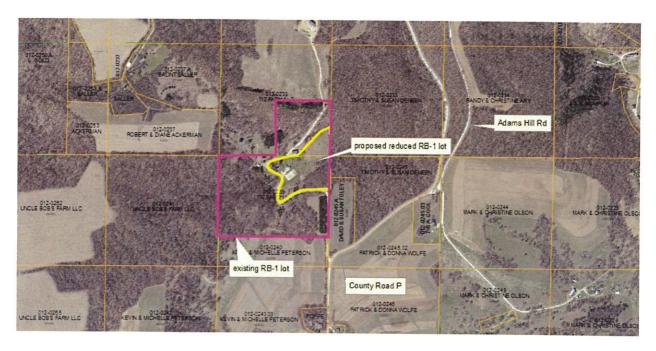

Petition Summary: This is a request to decrease the size of an existing RB-1 Rec Bus lot by rezoning 31.971 acres to A-1 Ag. It includes a CUP request to maintain the approved uses on the remaining 8.029 acres zoned RB-1.

### Comments/Recommendations

- The original 40-acre RB-1 lot was approved in 2017 with a CUP for equine therapy services. These same uses are proposed for the reduced RB-1 lot.
- 2. The Applicant has an adjacent 110 acres zoned A-1 Ag. If approved, the 31.971 acres would need to be combined by deed with the 110 acres so as not to remain a separate lot under the minimum 40 acres for the A-1 district.
- 3. The associated certified survey map has not been submitted for formal review but a draft was provided for the hearing description.

Town Recommendation: The Town of Highland feels the proposal is consistent with its comprehensive plan and recommends approval.

**Staff Recommendation:** Staff recommends approval with the conditions that the associated certified survey map is duly recorded and the consolidation by deed of the A-1 land be done within 6 months of the County Board approval.

### Amendatory Ordinance No. 3-1019

To the Honorable Iowa County Board of Supervisors:

Whereas a petition for a land use change has been made by John Scullion;

For land in the SW 1/4 of the SW ½ of Section 3 and SE ¼ of the SE ¼ of S4 in T6N-R1E in the Town of Highland; affecting tax parcels 012-1153 and 012-1123,

And, this petition is made to rezone approximately 81 acres from A-1 Agricultural to RB-1 Recreational Business;

Whereas notice of such petition has been properly advertised and notice has been given to the **Clerk of the Town of Highland** and the Town is recommending denial as it has been deemed to be inconsistent with the goals and intent of its adopted comprehensive plan and the intended Hunting Preserve use an unreasonable health and safety risk to adjacent properties,

Whereas a public hearing, designated as zoning hearing number 3062 was last held on September 26, 2019 in accord with said notice,

Whereas this Amendatory Ordinance shall constitute the report specified in §59.69(5)4 WI Stats. and the required proof of publication of the notice of the public hearing and proof of the giving of notice to the town clerk is attached;

Whereas as a result of said hearing, action has been taken by the Iowa County Planning & Zoning Committee to **deny** said petition based on the intended Hunting Preserve use not satisfying the standards of Section 4.4 of the Iowa County Zoning Ordinance that requires:

- The proposed use is compatible with adjacent uses in terms of scale, site design, operating characteristics (hours of operation, traffic generation, lighting, noise, odor, dust and other external impacts): The Committee found the proposed use would likely create unreasonable noise due to the Applicant refusing to agree to conditions on the operation.
- There are no significant adverse impacts to the surrounding legal uses and environment resulting from the proposed conditional use: The Committee found the proposed use would pose an unreasonable public health and safety risk due to the Applicant refusing to agree to a shooting buffer from the adjacent neighboring farm buildings to the north.
- Any adverse impacts resulting from the use will be mitigated or offset to the maximum practical extent: The Committee proposed conditions that the Applicant refused to agree to.
- The proposed use is consistent with the Iowa County Comprehensive Plan: The Committee found the proposed use is not consistent with the following provisions of the Iowa County Comprehensive Plan:

- a) Table H.1e 2 Protect active agricultural lands from encroachment by incompatible uses.
- b) Table H. le 4 Restrict location of new development from areas shown to be unsafe or unsuitable for development due to natural hazards, contamination, access, or incompatible problems.
- c) Table H.1e 7 Assure to the greatest extent possible that all proposals for future development or redevelopment enhance the overall quality of life.

Respectfully submitted by the l	Iowa County Planning & Zoning Committee.
I, the undersigned Iowa County Clerk, hereby certify that action was taken by the Iowa County Board of Supervisors on <b>October 15, 2019</b> on the above Amendatory Ordinance todeny as recommended orrerefer to the Iowa County Planning & Zoning Committee with directions to draft an ordinance to effectuate the petition and report the ordinance back to the Board.

### Planning & Zoning Committee Recommendation Summary

Public Hearing Held on Sept. 26, 2019

Zoning Hearing 3062

Recommendation: Denial

Applicant(s): John Scullion

Town of Highland

Site Description: part of the SW/SW of S3 & SE/SE of S4; T6N-R1E also affecting tax

parcels 012-1153 and 012-1123

Petition Summary: This request was held over from last month and is to rezone from A-1 Ag to RB-1 Rec Bus with a Conditional Use Permit for a hunting preserve with dog training. It was held over for the Applicant to consider a new description that may address the Town of Highland's safety concerns and to address the 7 CUP standards in Section 4.4 of the zoning ordinance.

### Comments/Recommendations

- The Applicant is applying for a Class B Bird Hunting Preserve License from the WDNR which would allow the in-season and off-season raising, release and hunting of game birds. The minimum licensed are is 40 acres of the entirety must be eligible for the legal discharge of a firearm.
- 2. Although hunting within an open WI game season is an allowed use in the A-1 district, the licensing of land as a hunting preserve requires the RB-1 district with a Conditional Use Permit. The reason is primarily because the frequency and scale of hunting can be much greater on licensed land versus unlicensed land.
- 3. The Applicant revised the original description to cut out a buffer from the north neighboring residence (State law prohibits discharge of a firearm when hunting within 300 feet of a neighboring residence) and to add land across Tower Rd to the east.
- 4. The following considerations are in Section 4.4 for CUPs which the Applicant must provide substantial evidence that they are currently or can be complied with:

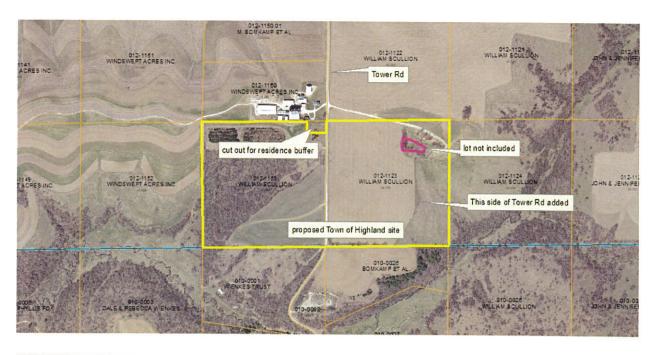

- 1. The proposed use complies with all applicable provisions of this Ordinance.
- 2. The proposed use is compatible with adjacent uses in terms of scale, site design, operating characteristics (hours of operation, traffic generation, lighting, noise, odor, dust and other external impacts).
- 3. There are no significant adverse impacts to the surrounding legal uses and environment resulting from the proposed conditional use.
- 4. Any adverse impacts resulting from the use will be mitigated or offset to the maximum practical extent.
- 5. Public safety, transportation and utility facilities and services will be available to serve the subject property while maintaining sufficient levels of service for existing development.
- 6. Adequate assurances of continuing maintenance are provided.
- 7. The proposed use is consistent with the lowa County Comprehensive Plan.

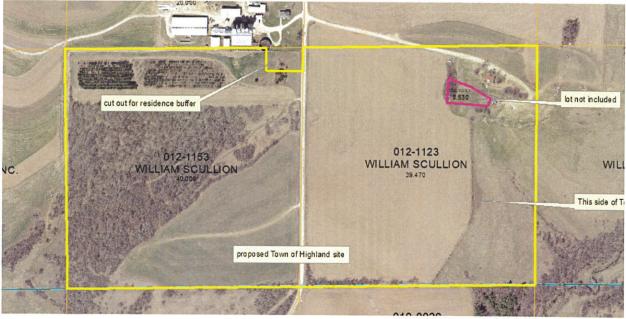

**Town Recommendation**: The Town of Highland does not feel the proposal is consistent with its comprehensive plan and is recommending denial due to safety concerns at this site and that Mr. Scullion has other land that may be better suited from a safety point.

Staff Recommendation: Staff agrees with the Town's recommendation unless the Applicant is willing to conditions that may mitigate the potential safety concerns, such as to establish a buffer from the Windswept Acres Inc. property line to minimize the likelihood of a stray pellet crossing the line. This would necessitate a change in the zoning description. Additional conditions to consider include:

- a) Appropriate signage be installed to prevent hunters from leaving the property
- b) Compliance with the Town of Highland driveway ordinance for any required or proposed driveway off of Tower Rd
- c) The inclusion of the residence on tax parcel 012-1123 needs to be included in the CUP as an associated permitted use
- d) The Applicant must provide adequate evidence to satisfy Section 4.4 standards listed above, especially numbers 2, 3 and 4.
- e) Findings should be made that the proposal is consistent with the following Land Use policies in Section H of the Iowa County Comprehensive Plan:
  - Table H.1e 2 Protect active agricultural lands from encroachment by incompatible uses.
  - Table H.1e 4 Restrict location of new development from areas shown to be unsafe or unsuitable for development due to natural hazards, contamination, access, or incompatible problems.

• Table H.1e 7 – Assure to the greatest extent possible that all proposals for future development or redevelopment enhance the overall quality of life.

A town board may withdraw from coverage of county zoning ordinance as provided under s. 60.23 (34).

(d) The board may by a single ordinance repeal an existing unty zoning ordinance and reenact a comprehensive revision reto in accordance with this section. "Comprehensive revision," in this paragraph, means a complete rewriting of an existing oning ordinance which changes numerous zoning provisions and less or adds zoning districts. The comprehensive revision may rowide that the existing ordinance shall remain in effect in a town or a period of up to one year or until the comprehensive revision approved by the town board, whichever period is shorter. If the two board fails to approve the comprehensive revision within a car neither the existing ordinance nor the comprehensive revision shall be in force in that town. Any repeal and reenactment nior to November 12, 1965, which would be valid under this targraph is hereby validated.

(e) The board may amend an ordinance or change the district condaries. The procedure for such amendments or changes is as follows:

I. A petition for amendment of a county zoning ordinance may be made by a property owner in the area to be affected by the amendment, by the town board of any town in which the ordinance in effect; by any member of the board or by the agency designated by the board to consider county zoning matters as provided in sub. (2) (a). The petition shall be filed with the clerk who shall mimediately refer it to the county zoning agency for its consideration, report and recommendations. Immediate notice of the petition shall be sent to the county supervisor of any affected district. A report of all petitions referred under this paragraph shall be made to the county board at its next succeeding meeting.

2. Upon receipt of the petition by the agency it shall call a public hearing on the petition. Notice of the time and place of the hearing shall be given by publication in the county of a class 2 notice, under ch. 985. If an amendment to an ordinance, as described in the petition, has the effect of changing the allowable use of any property, the notice shall include either a map showing the property affected by the amendment or a description of the property affected by the amendment and a statement that a map may be obtained from the zoning agency. A copy of the notice shall be submitted by the clerk under par. (g) to the town clerk of each town affected by the proposed amendment at least 10 days prior to the date of such hearing. If the petition is for any change in an airport affected area, as defined in s. 62.23 (6) (am) 1. b., the agency shall mail a copy of the notice to the owner or operator of the airport bordered by the airport affected area,

3. Except as provided under subd. 3m., if a town affected by the proposed amendment disapproves of the proposed amendment, the town board of the town may file a certified copy of the resolution adopted by the board disapproving of the petition with the agency before, at or within 10 days after the public hearing. If the town board of the town affected in the case of an ordinance relating to the location of boundaries of districts files such a resolution, or the town boards of a majority of the towns affected in the case of all other amendatory ordinances file such resolutions, the agency may not recommend approval of the petition without change, but may only recommend approval with change or recommend disapproval.

3m. A town may extend its time for disapproving any proposed amendment under subd. 3. by 20 days if the town board adopts a resolution providing for the extension and files a certified copy of the resolution with the clerk of the county in which the town is located. The 20–day extension shall remain in effect until the town board adopts a resolution rescinding the 20–day extension and files a certified copy of the resolution with the clerk of the county in which the town is located.

4. As soon as possible after the public hearing, the agency shall act, subject to subd. 3., on the petition either approving, modifying and approving, or disapproving it. If its action is favorable to granting the requested change or any modification thereof, it shall cause an ordinance to be drafted effectuating its determination and shall submit the proposed ordinance directly to the board with its recommendations. If the agency after its public hearing recommends denial of the petition it shall report its recommendation directly to the board with its reasons for the action. Proof of publication of the notice of the public hearing held by the agency and proof of the giving of notice to the town clerk of the hearing shall be attached to either report. Notification of town board resolutions filed under subd. 3. shall be attached to either such report.

5. Upon receipt of the agency report the board may enact the ordinance as drafted by the zoning agency or with amendments, or it may deny the petition for amendment, or it may refuse to deny the petition as recommended by the agency in which case it shall rerefer the petition to the agency with directions to draft an ordinance to effectuate the petition and report the ordinance back to the board which may then enact or reject the ordinance.

5g. If a protest against a proposed amendment is filed with the clerk at least 24 hours prior to the date of the meeting of the board at which the report of the zoning agency under subd. 4. is to be considered, duly signed and acknowledged by the owners of 50 percent or more of the area proposed to be altered, or by abutting owners of over 50 percent of the total perimeter of the area proposed to be altered included within 300 feet of the parcel or parcels proposed to be rezoned, action on the ordinance may be deferred until the zoning agency has had a reasonable opportunity to ascertain and report to the board as to the authenticity of the ownership statements. Each signer shall state the amount of area or frontage owned by that signer and shall include a description of the lands owned by that signer. If the statements are found to be true, the ordinance may not be enacted except by the affirmative vote of three-fourths of the members of the board present and voting. If the statements are found to be untrue to the extent that the required frontage or area ownership is not present the protest may be disregarded.

5m. If a proposed amendment under this paragraph would make any change in an airport affected area, as defined under s. 62.23 (6) (am) 1. b., and the owner or operator of the airport bordered by the airport affected area files a protest against the proposed amendment with the clerk at least 24 hours prior to the date of the meeting of the board at which the report of the zoning agency under subd. 4. is to be considered, no ordinance which makes such a change may be enacted except by the affirmative vote of two-thirds of the members of the board present and voting.

6. If an amendatory ordinance makes only the change sought in the petition and if the petition was not disapproved prior to, at

# Iowa County Manure Storage and Management Ordinance

1-1	General Provisions
1-2	Definitions
1-3	Activities Subject to Regulation
1-4	Manure Storage Facilities Performance Standards and Prohibitions
1-5	Manure Storage Permits
1-6	Certificate of Use
1-7	Administration and Enforcement
1-8	Violations and Penalties
1-9	Appeals and Variances

### **SECTION 1-1: GENERAL PROVISIONS**

- (1) **Authority**. This Ordinance is adopted under authority granted by sections 59.70, 59.02, 59.03, 92.15, and 92.16, Wisconsin Statutes (Stats.), and ss. ATCP 50.56, ATCP 51.12, and NR 151.05, Wisconsin Administrative Code ("Wis. Admin. Code")
- (2) **Title**. This Ordinance shall be known as, referred to, and may be cited as the Iowa County Manure Storage and Management Ordinance and is hereinafter known as the Ordinance.
- (3) **Findings and Declaration of Policy**. The Iowa County Board of Supervisors finds that the following conditions may threaten the county's natural and water resources, harm to the health, safety and welfare of people within the county, and adversely impact the property tax base of the county:
  - (a) New and substantially altered manure storage facilities that fail to meet performance and technical standards for proper design, construction and operation.
  - (b) Existing manure storage facilities that are not properly functioning and pose unreasonable risks related to structural failure and leakage.
  - (c) Existing manure storage facilities that overtop or are operated in a manner that creates an unreasonable risk of discharge to waters of the state.
  - (d) Existing manure storage facilities where no manure has been added or removed for a period of 24 months, and are not slated for future use.
  - (e) Management of manure including land application that fails to meet performance and technical standards for proper handling and land application of manure.
  - (f) Additional findings may be added.

The Iowa County Board of Supervisors further finds that the technical standards developed by the USDA Natural Resources Conservation Service ("NRCS"), and performance standards, prohibitions and conservation practices codified by Wisconsin Department of Agriculture, Trade, and Consumer Protection ("DATCP") and Department of Natural Resources ("DNR"), if adopted by the Iowa County, provide effective, practical, and environmentally protective methods for storing and managing manure.

Iowa County Board of Supervisors further finds the regulation of activities identified in this chapter will protect and promote the county's agricultural industry; prevent pollution of

surface and ground water; protect the health, safety, and general welfare of the people and communities within the county; preserve the health of livestock, aquatic life and other animals and plants; advance the appropriate use of land and water conservation resources within the community; and protect the property tax base of county.

- (4) **Purpose**. The purpose of this Ordinance is to regulate the location, design, construction, installation, alteration, operation, maintenance, closure, and use of manure storage facilities; ensure the proper application of waste and manure from all storage facilities covered by this Ordinance, and prescribe performance standards and prohibitions related to manure and other agricultural management. It is also intended to provide for the administration and enforcement of the Ordinance and to provide penalties for its violation.
- (5) **Applicability**. The permit and other requirements in this Ordinance apply to all of the unincorporated areas of Iowa County.
- (6) Interpretation. In its interpretation and application, the provisions of this Ordinance shall be held to be minimum requirements and shall be liberally construed in favor of Iowa County, and shall not be deemed a limitation or repeal of any other power granted by the Wisconsin Statutes (Stats.). Unless a specific provision in this Ordinance seeks to apply requirements that are more stringent than state law, this Ordinance shall be interpreted to be consistent with chs. 92 and 281.16, Stats. and chs. ATCP 50 and NR 151, Wis. Admin. Code.

### (7) Abrogation, Greater Restrictions, Severability and Repeal Clause.

- (a) Abrogation and Greater Restrictions. This Ordinance is not intended to repeal, annul, abrogate, impair or interfere with any existing covenants, deed restrictions, agreements, ordinances, rules, regulations or permits previously adopted or issued pursuant to law. However, wherever this Ordinance imposes greater restrictions, the provisions of this Ordinance shall govern.
- (b) Severability. Each section, paragraph, sentence, clause, word and provision of this Ordinance is severable and if any portion shall be deemed unconstitutional or invalid for any reason, such decision shall not affect the remainder of the Ordinance nor any part there of other than the portion affected by such decision.
- (8) **Effective Date**. This Ordinance shall become effective upon its adoption by the Iowa County Board of Supervisors and publication.

### **SECTION 1-2: DEFINITIONS**

- (1) "Agricultural Waste Management Field Handbook (AWMFH)" is a manual that provides specific guidance for planning, designing, and managing systems where agricultural wastes are involved, as published by the United States Department of Agriculture (USDA) Natural Resources Conservation Service.
- (2) "Applicant" means any person who applies for a permit under this Ordinance
- (3) "DATCP" means Wisconsin Department of Agriculture, Trade and Consumer Protection.
- (4) "Direct Conduits to Groundwater" means wells, sinkholes, swallets, fractured bedrock at the surface, mine shafts, non-metallic mines, tile inlets discharging to groundwater, quarries, or depressional groundwater recharge areas over shallow fractured bedrock.
- (5) "Direct Runoff" has the meaning in NR 151.015(7), Wis. Admin. Code, which includes any of the following:
  - (a) Runoff from a feedlot that can be predicted to discharge a significant amount of pollutants to surface waters of the state or to a direct conduit to ground water.
  - (b) Runoff of stored manure, including manure leachate, that discharges a significant amount of pollutants to surface waters of the state or to a direct conduit to ground water.
  - (c) Construction of a manure storage facility in permeable soils or over fractured bedrock without a liner designed in accordance with s. NR 154.04(3), Wis. Admin. Code.
  - (d) The criteria in s. NR 151.055(3), Wis. Admin. Code, will be used to predict or determine if a discharge is significant.
- (6) "Land Conservation Committee (LCC)" is a committee made up of members of the Iowa County Board of Supervisors and others who, by authority from Chap. 92, Wis. Stats., determine policy and give direction for soil and water conservation activities, and provides direction for the Land Conservation Department (LCD).
- (7) "Manure" means livestock excreta and the following when intermingled with excreta in normal farming operations: debris including bedding, water, soil, hair, and feathers; processing derivatives including separated sand, separated manure solids, precipitated manure sludges, supernatants, digested liquids, composted bio solids, and process water;

and runoff collected from barnyards, animal lots, and feed storage areas.

- (8) "Manure Storage Facility" means one or more impoundments made by constructing an embankment, excavating a pit or dugout, or fabricating a structure specifically for the purpose of temporarily storing manure and related wastes. Included in this definition is stationary equipment and piping used to load or unload a manure storage structure if the equipment is specifically designed for that purpose and is an integral part of the facility, and specifically includes components to transfer waste from milking centers, runoff from barnyards, and leachate and contaminated runoff from feed storage.
- (9) "Margin of Safety Level" has the meaning given in s. NR 243.03(37), Wis. Admin. Code, which means the level in a liquid storage or containment facility that is vertically one foot below the lowest point of the top of the facility or structure
- (10) "Natural Resources Conservation Service (NRCS)" is an agency of the United States Department of Agriculture which, for purposes of this Ordinances, develops and maintains a technical guide with conservation practice standards and specifications, engineering manuals and handbooks, and other technical documentation related to manure storage facilities, nutrient management plans, and other technical matters covered by this Ordinance.
- (11) "Navigable Water" has the meaning given in s. 30.01(4m) Stats, which means any body of water which is navigable under the laws of this state.
- (12) "Nutrient Management Plan" means an annual written plan developed and to be implemented to ensure the proper application of manure and other nutrients to any field, including pastures. A nutrient management plan shall meet the requirements in sub. 1-5(6).
- (13) "Overflow" has the meaning given in s. NR 151.015 (15e), Wis. Admin. Code, which means discharge of manure to the environment resulting from flow over the brim of a facility or from flow directed onto the ground through man-made device including a pump or pipe.
- (14) "**Percent fines**" means the percentage of a given sample of soil which passes through a #200 (0.075mm) sieve.
- (15) "Permit" means the signed, written statement issued under this Ordinance authorizing the applicant to construct, install, reconstruct, extend, enlarge, substantially alter or close a manure storage facility, and to use or dispose of waste from the facility.

- (16) "Permitting Authority" means the Iowa County Land Conservation Department or Iowa County Office of Planning & Development who shall act in collaboration. The term "County" may be used in this Ordinance to represent the Permitting Authority.
- (17) "Permittee" means any person to whom a permit is issued under this Ordinance.
- (18) "Person" means any individual, corporation, partnership, joint venture, agency, unincorporated association, municipal corporation, county or state agency within Wisconsin, the federal government, or any combination thereof.
- (19) "Safety Devices" means devices, which are designed to protect humans and livestock from the hazards associated with a storage facility.
- (20) "Significant discharge" means a discharge of process waste that is determined as "significant" in accordance with the criteria in s. NR 151.055(3), Wis. Admin. Code.
- (21) "Site that is susceptible to groundwater contamination" has the meaning under NR 151.015(18) Wis. Admin. Code, which means any of the following:
  - (a) An area within 250 feet of a private well.
  - (b) An area within 1000 feet of a municipal well.
  - (c) An area within 300 feet upslope or 100 feet downslope of a direct conduit to groundwater.
  - (d) A channel that flows to a direct conduit to groundwater.
  - (e) An area where the soil depth to groundwater or bedrock is less than 2 feet.
  - (f) An area where the soil does not exhibit one of the following characteristics:
    - 1. At least a 2-foot soil layer with 40% fines or greater above groundwater and bedrock.
    - 2. At least a 3-foot soil layer with 20% fines or greater above groundwater and bedrock.
    - 3. At least a 5-foot soil layer with 10% fines or greater above groundwater and bedrock.

- (22) **"Stop Work Order"** means an order to cease any activity in the operation or construction of an activity subject to regulation.
- (23) "Substantially altered" has the meaning in s. NR 151.015(20), Wis. Admin. Code, which means a change initiated by an owner or operator that results in a relocation of a structure or facility or significant changes to the size, depth or configuration of a structure or facility including:
  - (a) Replacement of a liner in a manure storage structure.
  - (b) An increase in the volumetric capacity or area of a structure or facility by greater than 20%.
  - (c) A change in a structure or facility related to a change in livestock management from one species of livestock to another such as cattle to poultry.
- (24) "Technical Guide" means the document provided by NRCS at the time of application which contains technical data, including the standards referenced within this Ordinance to properly and safely locate, construct, install, alter, design, operate and maintain a storage facility.
- (25) "Technical Standard 313" is a practice standard within the Technical Guide that covers the proper location, design, construction, installation, alteration, operation and maintenance of a manure storage facility.
- (26) "Technical Standard 360" is a practice standard within the Technical Guide that covers decommissioning of facilities, and/or the rehabilitation of contaminated soil, in an environmentally safe manner, where agricultural waste has been handled, treated, and/or stored and is no longer used for the intended purpose.
- (27) "Technical Standard 634" is a practice standard within the Technical Guide that covers the design, material types and quality, and installation of components such as conduits, pumps, valves, and other structures or devices to transfer manure and waste from buildings and yards and other sources to storage, loading areas, crop fields and other destinations. The standard establishes the minimum acceptable requirements for design, construction, and operation of waste transfer system components.
- (28) "Technical Standard 590" is a practice standard within the Technical Guide that covers managing the amount, form, placement and timing of plant nutrients associated with organic wastes (manure and organic by-products), commercial fertilizers, legume crops and

crop residues.

- (29) "Unconfined Manure Stack" means a quantity of manure that is at least 175 cubic feet in volume and which covers the ground surface to a depth of at least 2 inches and is not confined within a manure storage facility, livestock housing facility or barnyard runoff control facility or covered or contained in a manner that prevents storm water access and direct runoff to surface water or leaching of pollutants to groundwater.
- (30) "Unpermitted manure storage facility" means a manure storage facility constructed, modified, or placed in use without first obtaining a permit, including facilities constructed before the first date of the adoption this ordinance, and may include an earthen structure or impoundment made with a concrete liner which fully or partially covers the bottom and/or the sidewalls of the impoundment.
- (31) "Waste Transfer System" means components such as pumps, pipes, conduits, valves, and other mechanisms installed to convey manure, leachate and contaminated runoff, and milking center wastes from livestock structures to a storage structure, loading area, or treatment area.
- (32) "Water Pollution" means contaminating or rendering unclean or impure the ground or surface waters of the state, or making the same injurious to public health, harmful for commercial or recreational use, or deleterious to fish, bird, animal, or plant life.
- (33) "Water Quality Management Area" or "WQMA" has the meaning in s. NR 151.015(24), Wis. Admin. Code, which means the area within 1,000 feet from the ordinary high water mark of navigable waters that consist of a lake, pond or flowage, except that, for a navigable water that is a glacial pothole lake, the term means the area within 1,000 feet from the high water mark of the lake; the area within 300 feet from the ordinary high water mark of navigable waters that consist of a river or stream; and a site that is susceptible to groundwater contamination, or that has the potential to be a direct conduit for contamination to reach groundwater.
- (34) "Waters of the State" is the meaning specified under s. 281.01(18), Stats, which includes those portions of Lake Michigan and Lake Superior within the boundaries of this state, and all lakes, bays, rivers, streams, springs, ponds, wells, impounding reservoirs, marshes, watercourses, drainage systems and other surface water or groundwater, natural or artificial, public or private, within this state or its jurisdiction.

### SECTION 1-3: ACTIVITIES SUBJECT TO REGULATION

- (1) **Permit Requirements**. Any person who constructs, substantially alters, changes use of or closes a manure storage facility and related transfer systems, or who employs another person to do the same, shall be subject to the permit requirements of this Ordinance in Sec. 1-5.
- (2) **Performance Standards and Prohibitions**. Any person who owns or operates cropland or livestock facilities in this county is subject to the performance standards and prohibitions in Section 1-4, regardless of whether they received a permit under this Ordinance. This Ordinance incorporates by reference the definitions in chapters ATCP 50 and NR 151, Wis. Admin. Code, to the extent that they are not explicitly referenced herein.
- (3) **Safety Devices**. All manure storage facilities shall be equipped with safety devices including fences and warning signs intended to protect humans and livestock from the hazards associated with a such facilities. Safety devices shall be designed and installed as required by Technical Standard 313.
- (4) Well, Road, and Property Line Setbacks. A manure storage facility may not be located within 100 feet of any property line, or within 100 feet of the nearest point of any public road right-of-way, or within 250 feet of a well unless one of the following applies:
  - (a) The manure storage facility lawfully existed prior to the adoption of this ordinance. This paragraph does not authorize an expansion, toward a property line, public road right-of-way, or well of a manure storage facility that is located within 100 feet of that property line or public road right-of-way or 250 feet of that well.
  - (b) The manure storage facility is a single new facility constructed no closer to the relevant property line, public road right-of-way or well than a manure storage facility that lawfully existed on the same lot or parcel prior to the adoption of this ordinance, provided the new facility is no larger than the existing facility and is located within 50 feet of the existing facility.

The setback measurement shall be taken from the nearest point of the structure, including any embankment, to the nearest point of a property line, public road right-of-way, or well. The setback to a property line may be reduced if the affected neighboring landowner is in agreement and signs an affidavit stating the agreement and reduced setback distance. The affidavit must be recorded with the Register of Deeds.

### SECTION 1-4: MANURE STORAGE FACILITIES PERFORMANCE STANDARDS AND PROHIBITIONS

- (1) Manure storage facilities constructed or substantially altered after October 1, 2002 shall be designed, constructed and maintained to minimize the risk of structural failure of the facility and minimize leakage of the facility in order to comply with groundwater standards.
  - (a) Storage facilities that are constructed or significantly altered shall be designed and operated to contain the additional volume of runoff and direct precipitation entering the facility as a result of a 25-year, 24-hour storm.
  - (b) A manure storage facility located in permeable soils or over fractured bedrock must be constructed with a liner designed in accordance with Technical Standard 313.
- (2) Closure of a manure storage facility shall occur when the farm where the storage facility is located ceases operation, or manure has not been added or removed from the storage facility for a period of 24 months. Manure storage facilities shall be closed in a manner that prevents future contamination of groundwater and surface waters, and shall conform to the permit and other requirements in this Ordinance.
- (3) The owner or operator may avoid closure of a facility as required under this section by demonstrating to the county that all of the following conditions are met:
  - (a) The facility is designed, constructed and maintained in accordance with this section.
  - (b) The facility is designed to store manure for a period of time longer than 24 months.
  - (c) Retention of the facility is warranted based on anticipated future use.
- (4) Manure storage facilities that pose an imminent threat to public health, fish and aquatic life, or groundwater shall be upgraded, replaced, or closed in accordance with this Ordinance.
- (5) Manure storage facilities constructed or substantially altered after October 1, 2002 may be required to comply with subs. (2) and (4) without cost-sharing.
- (6) Levels of materials in manure storage facilities may not exceed the margin of safety level.
- (7) Manure management prohibitions:
  - (a) A livestock operation shall have no overflow of manure storage facilities.

- (b) A livestock operation shall have no unconfined manure stack in a water quality management area.
- (c) A livestock operation shall have no direct runoff from a feedlot or stored manure into the waters of the state.
- (d) A livestock operation may not allow unlimited access by livestock to waters of the state in a location where high concentrations of animals prevent the maintenance of adequate sod or self-sustaining vegetative cover. Properly designed, installed and maintained livestock or farm equipment crossings are exempt.
- (8) All owners and operators of permitted manure storage facilities shall apply manure and nutrients to cropland according to a nutrient management plan prepared in compliance with ATCP 50.04(3), Wis. Admin. Code.
- (9) **Cost-Sharing Required**: The County shall follow the requirements of chapters ATCP 50 and NR 151, Wis. Admin. Code, to determine if a landowner of existing cropland or livestock facilities must receive a bona fide offer of cost-sharing to achieve compliance with a performance standard or prohibitions. The county shall do all of the following, notifying the landowner regarding its determinations:
  - (a) Identify the specific areas where the landowner has failed to comply with the performance standards and prohibitions and the corrective actions the landowner must pursue to achieve compliance.
  - (b) Determine whether that farmland that is out of compliance is "existing cropland" or an "existing livestock facility." If cropland or a livestock facility has been determined to be in compliance with a performance standard or prohibition, it no longer qualifies as an "existing" cropland or facility for cost-share purposes under that performance standard. If the cropland or facility later falls out of compliance with the performance standard, the landowner must restore compliance regardless of the availability of costsharing
  - (c) Determine whether cost-sharing is available following the requirements of ss. NR 151.09(4)(d) or NR151.095(5)(d), Wis. Admin. Code, when funding is provided under s. 281.65, Stats., and use ch. ATCP 50, Wis. Admin. Code, to make this determination when funds are from any other source.

### **SECTION 1-5: MANURE STORAGE PERMITS**

### (1) Permit Required.

- (a) No person may do any of the following without obtaining a permit in accordance with this section:
  - 1. Construct a new manure storage facility or substantially alter an existing manure storage facility, including the construction or substantial alteration of waste transfer systems connected to a manure storage facility.
  - 2. Upgrade, repair or replace a manure storage facility that has been identified as posing an imminent threat to public health, fish and aquatic life, or groundwater under Sec. 1-4.
  - 3. Close an existing manure storage facility, including conversion of its use, regardless of whether the facility must be closed in accordance with Sec. 1-4.
- (b) Requirements of this Ordinance shall be in addition to any other legal requirements regulating animal waste. Specific exemptions to cost-share requirements apply to the issuance of permits. See ss. NR 151.095(5)(b)2. and ATCP 50.54(2)(b), Wis. Admin. Code. In the case of conflict, the most stringent provisions shall apply.
- (c) A person is in compliance with this section if he or she follows the application and other procedures specified in this section, receives a permit and approval from the County before beginning activities subject to regulation under this section, complies with the requirements of the permit and receives any required approvals or certifications from the county. The Permitting Authority may establish a timetable for the applicant to complete required activities to ensure compliance with requirements of this ordinance.

### (2) Exception to Permit Requirement. A permit is not required for:

- (a) Routine maintenance of a manure storage facility, not including activities listed under section 1-5(1)(a) of this ordinance
- (b) Emergency equipment repairs of a manure storage facility, if the following conditions are met:
  - 1. All emergency repairs on a manure storage facility or transfer system which cause any disruption of the original construction of the storage facility shall be done so as to restore the storage facility to the original state, as determined by the technical standards set forth in sub. (6).
  - 2. Such repairs shall be further reported to the Permitting Authority within one (1) working day of the emergency for a determination on whether a permit will be required for any additional alteration or repair to the facility.

- 3. The Permitting Authority determination shall be rendered within three (3) working days of reporting.
- (3) **Fee**. All fees associated with this ordinance shall be established by County Board resolution.
- (4) Manure Storage Facility Construction Plan and Nutrient Management Plan Required. Each application for a permit under par. (1)(a) shall be on a form provided by the County and include plans for the storage facility (including transfer system) and the management of manure prepared in accordance with following requirements:
  - (a) A narrative of the general criteria required within Technical Standard 313, and of other applicable Technical Standards including management and site assessments. The narrative should include, but is not limited to:
    - 1. The number and type of animals for which storage is provided, the duration for which storage is to be provided, daily gallons and/or cubic feet of waste and manure produced, bedding type, and manure handling practices.
    - 2. A description and construction plan of the method of transferring animal waste into and from the facility.
    - 3. Soil test pit or boring logs and their locations with soil descriptions and test results. Soil test pit or boring criteria should follow Technical Standard 313 and characterize the subsurface (soils, saturation, and bedrock). This includes the elevation of redoximorphic features (mottling), gleyed soil and moisture condition.
  - (b) A general location map drawing of the site which shall include:
    - 1. The location of structures in relation to buildings, homes, property lines, roads, wells, karst features, public or private drainage ditches and creeks, flowages, rivers, streams, lakes, or wetlands within one thousand (1000) feet of the proposed facility or system.
    - 2. The scale of the drawing and the north arrow with the date the general location map was prepared.
    - 3. The location of any floodplains.
  - (c) Engineering design drawings of the manure storage facility or transfer system which shall include:
    - 1. Specific design components that shall comply with Technical Standard 313, and additional applicable Technical Standards such as 634.
    - 2. A recoverable benchmark(s) including elevation(s) expressed in feet and tenths.

- 3. The scale of the drawings and the north arrow. The engineering design drawing shall be drawn to a scale no smaller than one (1) inch equals one hundred (100) feet.
- 4. The date the engineering design drawings were prepared.
- (d) The structural details, including but not limited to dimensions, cross-sections, concrete thickness, concrete joint design and placement, design loads, design computations, reinforcement schedules, thickness and placement of groundwater protection liners, and all material specifications.
- (e) Provisions for adequate drainage and control of runoff to prevent pollution of surface water and groundwater.
- (f) A construction site erosion control plan.
- (g) Estimated start of construction and construction schedule.
- (h) A safety plan that identifies hazards to animals and people in the production area, and design features to minimize those hazards.
- (i) An operation and maintenance plan for installed practices.
- (j) A nutrient management plan prepared in compliance requirements of this Ordinance, including sub. (6).
- (k) Other additional information requested by the county to comply with this Ordinance.
- (5) **Manure Storage Closure Plan Required**. Each application for a closure permit under subsections (1)(a)3. shall be on form provided by the county and include a closure plan. The plan shall include:
  - (a) A general location map drawing of the manure storage facility which shall include:
    - 1. The location of the manure storage facility in relation to buildings, homes, property lines, roads, wells, karst features, public or private drainage ditches and creeks, flowages, rivers, streams, lakes, or wetlands within one thousand (1000) feet of the existing facility.
    - 2. The scale of the drawing and an arrow indicating north.
    - 3. The date the general location map was prepared.

- (b) A description of the method and specifications in transferring manure into and from the manure storage facility to ensure proper closure of transfer systems.
- (c) Provisions to remove or permanently plug the manure transfer system serving the manure storage facility.
- (d) Provisions to remove and properly dispose of all accumulated manure in the manure facility in compliance with applicable Technical Standards.
- (e) For all waste impoundments, plan requirements and provisions shall be in compliance and consistent with applicable Technical Standards.
- (f) The manure storage facility may be converted to other uses, where it is demonstrated the conversion will not result in a degradation of ground and/or surface waters or be a threat to public health, safety or general welfare. Approval of the proposed use may be required under general zoning regulations.
- (g) Manure storage facility closures and conversions shall implement safety measures to ensure the protection of the public from hazardous conditions.
- (h) Any other additional information required by the County to protect water quality and achieve compliance with the requirements of this Ordinance.

### (6) Permit Standards

- (a) Manure Storage Construction. Permit applications under sub (4) shall provide sufficient documentation to demonstrate that a new or substantially altered storage facility:
  - 1. Is designed in accordance with Technical Standard 313 and Technical Standard 634.
  - 2. Meets the performance standards in Sec. 1-4.
- (b) Manure Storage Closure. Permit applications under sub. (5) shall provide sufficient documentation to demonstrate that the plan for manure storage facility closure meets Technical Standard 360.
- (c) Manure and Nutrient Management. Nutrient management plans submitted under sub. (4) and sub. (5) shall comply with Technical Standard 590, s. ATCP 50.04 (3), Wis. Admin. Code, and s. NR 151.07, Wis. Admin. Code.

- (d) Other Standards. Other technical guides such as AWMFH or EFH may be used to evaluate compliance with the requirements of this Ordinance.
- (e) Incorporation of Standards and Specifications. All standards and specifications are incorporated by reference and made part of this Ordinance. Any future amendment, revision or modification of the standards or specifications incorporated herein are made a part of this ordinance, unless the County specifically affirmatively acts to a different version. Copies of all applicable standards and specifications may be obtained from the Iowa County Land & Conservation Department or on Iowa County's website at www.iowacounty.org.
- (f) Certification. All permit applications must include a certification provided by a qualified person that the designs and plans meet the technical standards and specifications in this subsection. A qualified person is someone who is either a Wisconsin licensed engineer, certified crop advisor, or technical service provider with state job approval authority.
- (g) Variances. Variances from these standards and specifications can only be granted in accordance with sec. 1-9 of this Ordinance
- (7) **Review of Application**. All applications are to be submitted to the Office of Planning and Development. Said Office will determine the completeness of the applications. Within 45 calendar days after deeming the application complete, the Office shall inform the applicant in writing whether the permit application is approved or disapproved. If additional information is required, the Office shall so notify the permit applicant. The Office has thirty (30) calendar days from the receipt of the additional information in which to approve or disapprove the application. No construction may commence without the approval permit issued by the Office.
- (8) **Permit Approval Conditions**. All permits issued under this Ordinance shall be issued subject to the following conditions and requirements:
  - (a) Facility and system design, construction, and closure shall be carried out in accordance with the approved plans and applicable standards.
  - (b) Permittees must obtain all required permits and authorizations before commencing construction activities.
  - (c) The permittee shall give five (5) working days written notice to the Iowa County Office of Planning and Development before starting any construction activity authorized by

the permit.

- (d) Approval in writing must be obtained from the Office of Planning and Development prior to making any changes or modifications to the approved plans and specifications.
- (e) Following completion of construction and prior to use, practitioner Wisconsin licensed engineer, certified crop advisor, or technical service provider with state job approval authority and the permittee and, if applicable, the contractor, shall certify in writing that all facilities and systems were installed as planned, including as-built dimensions and changes or modifications as authorized per par. (8)(d) made during construction.
- (f) The County shall provide onsite inspection and final approval (via a Certificate of Use) for all construction projects conducted under a permit issued under this Ordinance. To receive approval Certificate of Use, a manure storage facility must be fully constructed as designed including the marking of the maximum operating level and implementation of all safety devices.
- (g) No permitted manure storage facility may receive manure until the County provides a Certificate of Use. No manure may be emptied from permitted manure storage facility until the County approves the nutrient management plan submitted by the applicant.
- (9) **Permit Expiration**. All activities authorized by a permit shall be completed within two (2) years from the date of issuance after which time such permit shall be void. No work shall commence or continue at a site where a permit has expired unless a new, subsequent permit has been applied for and issued.
- (10) **Permit Revocation**. In addition to any other actions authorized under this ordinance, the County may revoke any permit issued under this Ordinance if the holder of the permit has misrepresented any material fact in the permit application, plan or specification, or if the holder of the permit violates any of the conditions of the permit. The decision to revoke a permit may be appealed to the Board of Adjustment.

### **SECTION 1-6: CERTIFICATE OF USE**

- (1) **Certificate Purpose**. The purpose of a Certificate of Use is to monitor and regulate the operation of a manure storage facility and adequacy of related nutrient management practices.
- (2) **Certificate Requirement**. No person may operate or use a manure storage facility permitted under this Ordinance unless the person has a valid Certificate of Use for the

- storage facility or portion of the storage facility that is being operated or used.
- (3) **Issuance**. The County may issue a Certificate of Use upon the operator's compliance with conditions in Sec. 1-5(8) and the certificate shall remain in effect for as long as the manure storage facility is operated under the terms of the Certificate and this Ordinance.
- (4) **Operating Requirements**. The operator of a manure storage facility is in compliance with the Certificate of Use if the person does all of the following:
  - (a) Updates and follows an annual nutrient management plan that complies with requirements in this Ordinance and covers all manure from the manure storage facility subject to the Certificate of Use.
  - (b) Provides the most current DATCP 590 Nutrient Management Checklist by March 1st annually to the Land Conservation Department to document compliance with ordinance requirements. The Department may ask the operator to submit further documentation to substantiate an answer to one or more questions on the nutrient management checklist. The County may take appropriate action authorized by this Ordinance if the submitted documentation does not reasonably substantiate a checklist answer. Checklists may be obtained from the Land Conservation Department or the DATCP website.
  - (c) Properly operates the storage facility in accordance with performance standards and prohibitions in sec. 1-4 and consistent with the recommended operating methods as defined by the Technical Guide, AWMFH and EFH.
  - (d) Properly maintains the storage facility free from visible and serious damage, erosion, or deformities that would impair the facility's safety or function as determined by the Technical Guide, AWMFH, and the EFH.
  - (e) Properly maintains the safety devices.
  - (f) Provides the Land Conservation Department proof of compliance with the requirements in (4)(c) and (d) upon request and submits to periodic inspections of the storage facility with advance notice from the Department.
  - (g) Develops and implements a plan for closure of the manure storage facility when the operator ceases use of the facility or closure is required based on conditions specified in this ordinance.

- (h) The operating requirements shall remain with the facility regardless of property sale or transfer. In the event of a property sale or transfer, the new owner shall contact the Land Conservation Department to ensure compliance with the Certificate of Use.
- (5) Certificate Revocation. In addition to any other actions specified under this ordinance, the Permitting Authority may revoke a Certificate of Use if there is a misrepresentation of any material fact in the documents submitted in connection with the certificate use, a misrepresentation of any material fact in the nutrient management plan, a failure to submit required documentation or allow inspection, a condition that immediately threatens public health and safety, or for multiple or repeat violations of this ordinance. The operator will be immediately provided written notice of the revocation and the reasons for the revocation. No manure be added or removed from a manure storage facility whose certificate has been revoked.

# SECTION 1-7: ADMINISTRATION AND ENFORCEMENT

- (1) **Delegation of Authority**. The Iowa County Board of Supervisors hereby designates the Land Conservation Department and Office of Planning & Development with the authority to administer and enforce this Ordinance.
- (2) Administrative Duties. The administration and enforcement of this Ordinance, shall entail:
  - (a) Keeping an accurate record of all permit applications, animal waste facility plans, nutrient management plans, permits issued, inspections made, and other official actions.
  - (b) Reviewing permit applications and issue permits in accordance with Section 1-5 of this Ordinance.
  - (c) Conducting, or cause to conduct, inspections of manure storage facilities to determine if the facility construction, closure or operation meet the requirements of this Ordinance.
  - (d) Conducting, or cause to conduct, reviews of the nutrient management plans.
  - (e) Implementing the performance standards and prohibitions in accordance with Section 1-4 of this Ordinance.

- (f) Reviewing certificate applications and issuing Certificates of Use in accordance with Section 1-6 of this Ordinance.
- (g) Investigating complaints relating to compliance with the requirements of this Ordinance and act upon the findings in accordance with provisions of this Ordinance.
- (h) Performing other duties as specified in this Ordinance.
- (3) Inspection Authority. The Permitting Authority or its representative, is authorized to enter upon any lands affected by this Ordinance to inspect the land, and request records to determine compliance with this Ordinance including inspection of sites prior to or after the issuance of a permit or certificate, and sites with unpermitted manure storage facilities. See s. 92.07(14), Stats. If permission cannot be received from the applicant or permittee, entry by the Permitting Authority or its representative may proceed in accordance with s. 66.0119, Stats., to obtain a special inspection warrant. Refusal to grant permission to enter lands affected by this Ordinance for purposes of inspection shall be grounds for permit or Certificate of Use denial or revocation. The county may take any action authorized by this Ordinance to enforce this right of inspection.
- (4) Enforcement Authority. In addition to the authority to revoke permits and certificates specified in this Ordinance, the Permitting Authority is authorized to issue Stop Work Orders for development that has started without a required permit or approval. Notice is given by mailing a copy of the order or delivering it in person to the person whose activity is in violation of this Ordinance. The order shall specify that the activity must cease immediately or be brought into compliance within a period of time agreed upon by the Permitting Authority.

Any permit revocation or order stopping work shall remain in effect unless retracted by the appropriate authority (e.g., Board of Adjustment, Land Conservation Committee, or a court of general jurisdiction); or until the activity is brought into compliance with this Ordinance.

Where an after-the-fact permit is required in order to bring the activity into compliance, there may be an additional fee as established by County Board resolution.

(5) **Abatement Order Authority**. The Permitting Authority may issue an order to abate any violation of this Ordinance with proper authorization. In the event an offense is not abated as ordered, the county may take such action as is necessary to abate the offense and the cost of such abatement will become a lien upon the person's property and may be collected in the same manner as other taxes.

- (6) Failure of the permit holder to resolve the issues for which a stop work order is issued, or to seek compliance in the case of a violation, may result in an enforcement action including, but not limited to, the issuance of a citation or referring the matter to the Iowa County Corporation Counsel.
- (7) **Other Lawful Remedies**. Nothing in this section may be construed to prevent the County from using any other lawful means to enforce this Ordinance.

#### SECTION 1-8: VIOLATIONS AND PENALTIES

- (1) It is unlawful for a person to violate any provision of this Ordinance or any condition contained in a permit or certificate issued pursuant to this Ordinance.
- (2) It is unlawful for any person to knowingly provide false information, make a false statement, or misrepresent or fail to provide any material fact to a county agent, board, commission, committee, department, employee, officer, or official acting in an official capacity under this Ordinance.
- (3) It is unlawful for a person to disobey; fail, neglect, or refuse to comply with; or otherwise resist an order issued pursuant to this Ordinance.
- (4) A separate offense is deemed committed on each day that a violation occurs or continues.

# **SECTION 1-9: APPEALS AND VARIANCES**

### (1) Appeals

- (a) An appeal may be made to the Iowa County Board of Adjustment of any order, requirement, decision, or determination by the Permitting Authority in administering this Ordinance.
- (b) Any person having a substantial interest, which is adversely affected by the order, requirement, decision, or determination made under this ordinance may file an appeal.
- (c) All appeals shall specify written evidence and the reason for the request, including which requirements from this Ordinance are involved.
- (d) The Board of Adjustment shall consider an appeal as outlined in Section 10.0 of the Iowa County Zoning Ordinance.

#### (2) Variances

- (a) The Land Conservation Committee may consider an appeal for a variance from the requirements of this ordinance.
- (b) A variance shall:
  - 1. Be consistent with the spirit and purpose of this ordinance.
  - 2. Be based on unique circumstances and not to the general conditions of the area.
  - 3. Not be granted for a self-created hardship.
  - 4. Not permit an activity or practice that may fail structurally or otherwise and cause significant water pollution or other off-site impacts.
  - 5. Not be granted if the variance will result in an outcome that is contrary to the public interest and be damaging to the rights of other persons.
  - 6. Not be granted solely on the basis of economic gain or loss.
  - 7. Not be granted solely on the fact that certain conditions existed prior to the effective date of the ordinance
- (c) No variance from the standards in Technical Guide may be approved unless the county receives a variance or waiver from the technical standards through the NRCS or other qualified engineering authority. If public funds are involved, this may be a program requirement.
- (d) No variance from the performance standards and prohibitions in sec. 1-4 may be granted unless the County complies with the variance requirements specified in s. NR 151.097, Wis. Admin. Code, and receives approval from the Department of Natural Resources. Requests for a variance shall be made in writing and shall provide information documenting the following:
  - 1. Compliance with the performance standard or technical standard is not feasible due to site conditions.
  - 2. The landowner or operator will implement best management practices or other corrective measures that ensure a level of pollution control that will achieve a level of water quality protection comparable to that afforded by the performance standards in ch. NR 151, Wis. Admin. Code.
  - 3. The landowner or operator or their agents or assigns did not create the conditions for which the variance is requested.

### Resolution Number: 4-1019

Whereas, authority is granted to establish construction, abandonment and operation standards for animal waste storage facilities by Sections 59.02, 59.03, 59.70, 92.15 and 92.16 Wisconsin Statutes, and ss. ATCP 50.56, ATCP 51/12, and NR 151.05 Wisconsin Administrative Code;

Whereas, the Iowa County Board of Supervisors did adopt an ordinance to establish said standards, the administration and enforcement of which comes at a cost;

Whereas, with the support of the Iowa County Land Conservation Committee, the Public Works Committee has taken action to recommend the establishment of fees to partially offset the cost of administration and enforcement of said ordinance;

**Now Therefore Be It Resolved** that the Iowa County Board of Supervisors do hereby adopt this resolution setting permit fees as follows associated with the administration and enforcement of the Iowa County Manure Storage and Management Ordinance:

New, upgraded, or replacement storage structure permit fee
Closure or repair of storage structure permit fee
Late fee for submittal of Nutrient Management Plan
updates and/or checklists
\$500.00
\$100.00

After-the-fact permit fee

3 times regular fee

**Now Therefore Be It Further Resolved** that these established fees shall be distributed with 80% going to the Iowa County Land Conservation Department and 20% to the Iowa County Office of Planning & Development.

### Resolution No. 5-1019

# RESOLUTION DIRECTING SPECIFIC ANNUALIZED SHORT-TERM DEBT SERVICE FOR HIGHWAY IMPROVEMENTS AS APPROVAL OF AN OVERALL 20-YEAR LONG TERM CAPITAL HIGHWAY IMPROVEMENT PLAN (2020-2039).

WHEREAS, the Iowa County Board is challenged with a backlog of needed highway improvements throughout the County; which has been identified as approximately 52 miles of highway at an estimated cost of \$38.0M in 2019 funds; And,

WHEREAS, from the Highway Department Annual reports for 2008-2018 per the ten year average of construction improvement projects by the Department; the County is currently on pace to replace a mile of County Trunk Highway within the county once every 102 years, And,

WHEREAS, the County Board recognizes a new county highway is expected to last 25 to 30 years before major repairs or reconstruction is necessary; and,

WHEREAS, the Public Works Committee has reviewed and discussed various funding alternatives including short and long-term debt service to determine a cost effective and timely approach to decreasing the back log of improvement projects and recommends that;

**NOW THEREFORE BEIT RESOLVED,** by the Iowa County Board of Supervisors that Iowa County staff shall be directed to include an annual amount of \$1.0M based on a formula of \$50.29 of debt levy service per \$100,000 of evaluation for short—term borrowing for capital highway improvements within the Highway Department's annual budget request; and

THEREFORE BEIT RESOLVED, by the Iowa County Board of Supervisors that the Highway Commissioner and Finance Director shall be directed to annually determine the difference in inflation/deflation of the annualized equalized value for all property within the county to the base value of \$2,058,137,538 and shall increase/decrease the annual borrowing amount so as to capitalize on funds available for improvements whereby retaining the annual short-term debt levy amount for Highway Improvements at \$50.29/\$100,000 of equalized property value for each year of implementation; and,

**THEREFOREBEIT RESOLVED**, by the Iowa County Board of Supervisors that the Highway Department and staff as herein directed shall continue to plan on this annualized short-term borrowing amounts as depicted above for a period of twenty years ending with adoption of the County's 2039 budget; and,

**THEREFORE BEIT RESOLVED,** the attached short-term borrowing and payment schedule estimates this borrowing plan is anticipated to provide \$24.3M in principal for Highway Improvements over the 20-year period.

#### Resolution Number: 6-1019

Whereas, the purpose of imposing permit and other fees is to offset the associated administrative costs incurred by the County;

Whereas, as part of the 2020 Budget process, all fees of the Office of Planning and Development were reviewed to determine their adequacy of offsetting said administrative costs;

Whereas, the Iowa County Planning and Zoning Committee took action at its June 27, 2019 meeting to recommend fee adjustments to be incorporated into the proposed 2020 Office of Planning and Development draft budget;

Whereas, the Iowa County Public Works Committee took action at its September 9, 2019 meeting to recommend approval of said draft budget with incorporated fee revisions to the Iowa County Board of Supervisors;

**Now Therefore Be It Resolved** that the Iowa County Public Works Committee recommends the fee revisions for the Office of Planning and Development shown in Attachment A to take effect January 1, 2020 to be adopted by the Iowa County Board of Supervisors.

### A RESOLUTION SUPPORTING FEDERAL MEDICAID EXPANSION

#### TO THE HONORABLE IOWA COUNTY BOARD OF SUPERVISORS:

**WHEREAS,** all people deserve the opportunity to live in a State that creates conditions for everyone to be healthy; and

**WHEREAS,** public policy should strive toward the elimination of health disparities; and

**WHEREAS,** it is essential to provide healthcare coverage to the State's most vulnerable populations; and

**WHEREAS,** accepting Federal Medicaid expansion dollars will provide coverage to more than 82,000 Wisconsin residents living between 100 and 138 percent of the Federal poverty level, of which an estimated 272 are Iowa County residents; and

**WHEREAS,** an analysis undertaken by the Department of Revenue shows that, in Federal Fiscal Year 2020, Wisconsin residents will pay an estimated \$1.01 billion a year in Federal income taxes to support Medicaid expansion in the 37 states (including the District of Columbia) that have already extended Medicaid coverage, while Wisconsin is not currently reaping the benefits of Medicaid expansion; and

**WHEREAS,** it is essential to also support State and Federal investment in programs including Birth-to-Three, public health prevention, behavioral health services, crisis intervention, dental services, services to new mothers, long-term care programs, services to disabled children, and other opportunities that build a healthier Wisconsin; and

**WHEREAS,** accepting Federal Medicaid expansion dollars will generate \$324.5 million in savings to the State and an estimated \$6 million for Iowa County, and;

**WHEREAS**, the \$324.5 million in generated savings by the State could be invested back into additional needs such as increased funding for rural hospitals, clinics and physicians, lead poisoning reduction, tobacco cessation programs, economic support services, and care coordination for social determinants of health; and

**WHEREAS,** health and human services departments across Wisconsin believe the State has an exciting opportunity to invest in programs that will have a significant, positive impact on Wisconsin and Iowa County citizens.

**NOW, THEREFORE, BE IT RESOLVED,** that the Iowa County Board of Supervisors urges the State legislature to accept Federal Medicaid expansion dollars made available by the Affordable Care Act.

**BE IT FURTHER RESOLVED,** that the Iowa County Clerk is directed to send a copy of this Resolution to Representatives Todd Novak, Sondy Pope, David Considine, Travis Tranel, Senators Howard Marklein, Jon Erpenbach and Governor Tony Evers.

Respectfully Submitted,

IOWA COUNTY HEALTH & HUMAN SERVICES COMMITTEE

# AGREEMENT FOR THE USE AND INSTALLATION OF SURVEILLANCE CAMERAS

This Agreement for the Use and Install	lation of Surveillance Cameras (the "Agreement") is
entered into as of	(the "Effective Date"), by and
between the City of Dodgeville, a Wisc	consin municipal corporation (the "City"), and Iowa
County, a Wisconsin quasi-municipal of	corporation (the "County"). City and County are
collectively referred to herein as the "P	'arties".

#### **RECITALS**

WHEREAS, a goal of the City is to monitor the intersection of State Trunk Highways 18 and 23 (the "Intersection") for safety purposes; and

WHEREAS, the County recognizes that the location of the Iowa County property at the Northeast Corner of STH 18 and STH 23 in the City provides desirable sightlines for surveillance cameras to monitor the Intersection; and

WHEREAS, the City recognizes that the parcel at the intersection of 18-23 is the property of the County and not state highway right of way; and

WHEREAS, the County recognizes the benefit of live-stream video monitoring of the Intersection due to the high quantity of traffic that utilizes this intersection; and

#### WHEREAS, monitoring of the Intersection is a City priority; and

WHEREAS, the purpose of a surveillance camera use and installation agreement is to augment police presence, reduce police response time, and deter dangerous activity at the Intersection.

NOW, THEREFORE, the Parties agree as Follows:

- 1. Installation of Equipment. The City shall, at its sole cost, purchase and install, in a mutually acceptable manner, surveillance camera equipment (the "Equipment") at the Iowa County parcel listed above. The proposed placement of the Equipment at the Iowa County parcel is as illustrated in Exhibit "1". The City shall retain qualified personnel or entities to install the Equipment. The City shall ensure that the installation of the Equipment is completed in a safe manner; and in compliance with all applicable laws. At its sole cost the City will ensure the Equipment includes functioning air cards to allow for remote video monitoring. The Equipment shall remain the sole property of the City.
- 2. Use of Property Equipment. The County hereby grants the City the right to utilize a strip of land 10 feet in width along the right of way line for the Iowa County parcel located in the NW quarter of the NW quarter of Section 27, Town 6 North; Range 3 East illustrated as the portion of Limited Highway easement on Lot 17 of sheet #4.4 of the Right of way plat for the WisDOT Dodgeville Expressway project 1667-1-21 (F017-(9))

February 10, 1978; for the placement of the Equipment for such purposes as the City deems necessary and appropriate to fulfill the intent of this Agreement.

Formatted: Indent: Left: 0.5", No bullets or numbering

- 2.3. Use of Equipment. City's use of the Equipment shall be consistent with uses customarily engaged in by a public entity providing police services. The City shall pay for all costs associated with operating the Equipment, including but not limited to: maintenance, repairs, improvements, and electrical costs. As compensation for the use of the Iowa County parcel for the placement of the Equipment, the City shall pay the County One Dollar (\$1.00) per year; in addition to allowing live stream access video monitoring through the City's equipment as needed-desired by the County.
- 3.4. Alterations and Improvements. The City shall have the right but is not obligated to make additions, improvements and/or replacements of and to the Equipment, provided the same are made in a workmanlike manner and utilizing good quality materials within the areas defined. Damage caused to the Equipment by the City's actions, shall be repaired by the City at the City's expense. Damage caused to the Equipment by the County's actions, shall be repaired by the City at the County's expense. The City shall promptly notify the County of any assertion that its acts or omissions caused any such damage, and take all reasonable action to mitigate its damages.
- 5. Removal of Equipment. Upon the expiration of this Agreement, the City shall be responsible, at its sole cost, for the removal of the Equipment and any associated costs, unless modified by agreement of the Parties. The City shall reasonably restore the property to its condition prior to installation of the Equipment.
- 4-6.No Liens. All work done by the City, shall be performed, at the City's sole cost and expense, in a good, workmanlike and lien-free manner, in compliance with all governmental requirements. The City hereby indemnifies the County and holds the County harmless against any loss, liability or damage resulting from any work done by the City. In the event any lien is recorded against the County's property arising out of the City's work, such lien shall be immediately discharged of record. Nothing in this Agreement shall be construed as a consent on the part of the County to subject the County's property to any lien or liability under any law relating to liens.
- 5-7. Term. The term of this Agreement (the "Term") shall commence on the Effective Date and shall remain in effect for five (5) years, from the date of installation of the Equipment, unless terminated pursuant to the provisions of Section 7.
- 6.8 Renewal Terms. This Agreement shall automatically renew for an additional periods of five (5) years per renewal term on the same terms and conditions, unless one of the Parties gives written notice of termination to the other Party; no later than at least one-hundred-eighty (180) days prior to termination. the end of the then current Term

Formatted: Indent: Left: 0.5", No bullets or numbering

Commented [1]: To be consistent with sec. 7.b. which permits termination upon 180 days, not just at end of term.

- 7.9 Termination. This Agreement may be terminated as follows:
  - a. By mutual agreement of the Parties.
  - b. Any Party may withdraw from this Agreement upon one-hundred-eighty (180) days prior written notice to the other Party.
- 8-10. Notice. Notices under this Agreement shall not be deemed valid unless given or served in writing and forwarded by mail, postage prepaid, addressed as follows:

Such addresses may be changed from time to time by either party by providing notice as set forth above.

County and its officers, officials, employees, and agents (collectively, "Indemnitees") from and against all actions, proceedings, claims, demands, liabilities, judgments, losses, expenses (including reasonable attorney's fees and expenses) and costs (all of the forgoing, collectively "Liability") arising out of this Agreement, to the extent caused by the City's negligence.

The County shall indemnify, defend and hold harmless the City and its officers, officials, employees, and agents (collectively, "Indemnitees") from and against all actions, proceedings, claims, demands, liabilities, judgments, losses, expenses (including reasonable attorney's fees and expenses) and costs (all of the forgoing, collectively "Liability") arising out of this Agreement, to the extent caused by the County's negligence.

- 12. No Assignment or Pole Attachment. The City shall not assignment, transfer or otherwise convey its rights or interests in this Agreement; nor permit any other entity to attach any equipment to any poles erected herein, nor use the County lowa County parcel for any purpose other than granted in this Agreement; without the prior written consent of the County, which may be withheld in the County's discretion.
- 13. Open Records Cooperation. It is mutually acknowledged that both parties to this

  Agreement are public entities subject to Wisconsin's Open Records Law. Within 10 days
  of request by the other party, the each party agrees to provide to the other, any and all
  recordsdocuments in the party's possession or control pertaining to the matters set forth

in this Agreement unless an exception to the Law would preclude such disclosure; and cooperate with the other in fulfilling the obligations of said Law.

14. No Waiver of Immunity. This Agreement is intended to facilitate the joint exercise of police powers on behalf of the Parties hereto. Nothing in this Agreement is intended to, nor shall be construed as, a waiver of any governmental or other immunity, or any applicable limitation on damages available to any Party, including but not limited to section 893.80 and 893.83 of the Wisconsin Statutes.

10-15. Miscellaneous.

- a. <u>No Assignment</u>. No Party may assign any of its rights or obligations under this Agreement without the prior written consent of all Parties.
- b. Entire Agreement. This Agreement and all other documents and agreements expressly referred to herein contain the entire agreement between the Parties with respect to the matters set forth herein. This Agreement may be modified only in a writing signed by the appropriate representatives of each Party and with the actual authority of each Party.
- c. Waiver. No failure or delay by any Party in exercising any right, power or privilege in this Agreement shall operate as a waiver thereof.
- d. Governing Law. This Agreement shall be construed in accordance with the internal laws of the State of Wisconsin.
- e. Neutral Construction. This Agreement is the result of a negotiated agreement by the Parties and prior to the execution of this Agreement each Party had sufficient opportunity to have review of the document by legal counsel. Nothing in this Agreement shall be construed more strictly for or against either Party because that Party's attorney drafted this Agreement or any portion thereof or attachment thereto.
- f. Originals and Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original.
- g. <u>Incorporation of Attachments</u>. All exhibits and other documents attached hereto or referred to herein are hereby incorporated in and shall become a part of this Agreement.
- h. <u>Headings</u>. Descriptive headings are for convenience only and shall not control or affect the meaning or construction of any provision of this Agreement.
- i. <u>Severability</u>. In the event that one portion of this Agreement, or the application of this Agreement to any extent is deemed invalid or unenforceable by a court of

#### **DESCRIPTION OF AGENDA ITEM (Please provide detailed information, including deadline):**

Current Dental Insurance is with Ameritas and we offer a Low/High Plan with an individual max of \$400/low plan and \$1,200/high plan. Renewal rates came in at 19% increase.

With such a dramatic increase, I looked into received the same/similar coverage with another carrier. Delta Dental came in with much lower rates - 3% increase with similar plan coverage. Major changes include:

- -Increase of individual max on low plan from \$400 to \$500.
- -Periodontics/Endodontics/Oral Surgery on low plan is currently at 80%, Delta is covered at 50% (due to annual max so low)
- -No Bridges, Dentures and Implants on low plan (due to annual max so low)
- -Periodontics/Endodontics/Oral Surgery on high plan is currently at 80%, with Delta coverage would be 50%.
- -Repairs currently covered at 80% on high plan, with Delta coverage would be 50%.
- -Delta Dental includes \$1,000 orthodontic services for children age 19 on high plan.

Currently, Iowa County pays 100% of Single Low Plan and 85% of Family Low Plan. Employees pays the difference in the high plan.

Delta Dental is offering 24 months rate guarantee along with a maximum rate increase of 7% for year 3 and 4.

ETF Optional Dental Plan - additional coverage options available (Separate from Iowa County plan and 100% paid for by employees)

#### **RECOMMENDATIONS (IF ANY):**

Recommend to move to the Low/High Dental Insurance with Delta Dental. In addition to the lowa County plan, making available the ETF plan for employees - they would be responsible for 100% of the premiums of the ETF plan.

#### RESOLUTION NO. 10-1019

# RESOLUTION AWARDING THE FINANCING FOR HIGHWAY CAPITAL PROJECTS

WHEREAS, on November 13, 2018, the County Board of Supervisors of Iowa County, Wisconsin (the "County") adopted an initial resolution (the "Initial Resolution") authorizing the issuance of a financing through the State Trust Fund Loan Program (STFL), promissory notes, or through a financial institution in the amount of \$1,240,000 for Highway Department capital equipment and build a replacement of a salt shed for the Highway Department (the "Project");

WHEREAS, it is necessary and in the best interest of the County to issue financing in the principal amount of \$1,240,000 pursuant to Chapter 67 of the Wisconsin Statutes and as authorized by the Initial Resolution, to finance the costs of the Project;

**NOW, THEREFORE, BE IT RESOLVED** by the County Board of Supervisors of the County that: the County of Iowa, Wisconsin, borrow from Farmers Savings Bank the sum of \$1,240,000 for the purpose of financing the purchase of Highway Capital Projects and for no other purpose. The loan is to be payable within six (6) months from the date of loan is made. The loan will be repaid in one installment with interest at the rate of 2.00 percent per annum.

**RESOLVED FURTHER,** that there shall be raised and there is levied upon all taxable property, within the County of Iowa, Wisconsin, and a direct annual tax for paying interest and principal on the loan as they become due.

**RESOLVED FURTHER,** that no money obtained by the County of Iowa by such loan from Farmers Saving Bank be applied or paid out for any purpose except financing the purchase of Highway Capital Projects without the consent of Farmers Savings Bank.

RESOLVED FURTHER, that when the financing is received from Farmers Savings Bank, that the chairman and clerk of the County of Iowa, Wisconsin, are authorized and empowered, in the name of the county to execute and deliver to Farmers Savings Bank, certificates of indebtedness, in such form as required by Farmers Savings Bank, for any sum of money that may be loaned to the county pursuant to this resolution. The chairman and clerk of the county will perform all necessary actions to fully carry out the provisions of chapter 67, Wisconsin Statutes, and these resolutions.

**RESOLVED FURTHER,** that this preamble and these resolutions and the aye and no vote by which they were adopted, be recorded, and that the clerk of this county forward this certified record to Farmers Savings Bank.

Adopted, approved and recorded October 15, 2019.

#### **RESOLUTION NO. 11-1019**

#### Notice on Intent to Issue Financing Regarding the Purchase of Capital Projects

WHEREAS, the County of Iowa, Wisconsin (the "Issuer") plans to purchase equipment and capital projects for use by various Iowa County Departments; and

WHEREAS, Iowa County adopts a capital improvement plan each year for multiple departments that includes capital equipment and projects; and

WHEREAS, the Issuer expects to finance the Project on a short-term basis by issuing financing through the State Trust Fund Loan Program (STFL), promissory notes, or through a financial institution (collectively, the "Financing"); and

WHEREAS, because the financing will not be issued prior to commencement of the project, the Issuer must provide interim financing to cover costs for the Project incurred prior to receipt of the proceeds of the Financing; and

WHEREAS, the County of Iowa (the "Governing Body") of the Issuer deems it to be necessary, desirable, and in the best interests of the Issuer to advance moneys from its funds on hand on an interim basis to pay the costs of the Project until the Financing is issued;

WHEREAS, the Executive Committee recommends to the Iowa County Board to finance \$835,500 to purchase capital equipment and projects in 2019 for a time period of six months; and

**NOW, THEREFORE, BE IT RESOLVED** the Iowa County Board approves the recommendation of the Iowa County Executive Committee and authorizes the financing of \$835,500 for the purchase of equipment and capital projects for the Capital Projects Fund; and

**NOW, THEREFORE, BE IT FURTHER RESOLVED** by the Governing Body of the Issuer that: **Section 1. Expenditure of Funds.** The Issuer shall make expenditures as needed from its funds on hand to pay the cost of the Project until proceeds of the Financing become available.

<u>Section 2. Declaration of Official Intent.</u> The Issuer hereby officially declares its intent under Treas. Reg. Section 1.150-2 to reimburse said expenditures with proceeds of the Financing, the principal amount of which is not expected to exceed \$835,500.

<u>Section 3. Unavailability of Long-Term Funds.</u> No funds for payment of the Project from sources other than the Financing are, or are reasonable expected to be, reserved, allocated on a long-term basis, or otherwise set aside by the Issuer pursuant to its budget or financial policies.

<u>Section 4. Public Availability of Official Intent Resolution.</u> The Resolution shall be made available for public inspection at the office of the Issuer's County Clerk within 30 days after its approval in compliance with applicable State law governing the availability of records of official acts including Subchapter II of Chapter 19, and shall remain available for public inspection until the Financing is issued.

Section 5. Effective Date. This Resolution shall be effective upon its adoption and approval.
