Paul Traczek with Wipfli, Inc. located at 4890 Owen Ayres Court, Suite 200, Eau Claire, WI 54701, provided rough financial estimates during early development of Scenic Hills, Inc. in 2016 and Wipfli will be engaged to provide more specific financial projections in the upcoming year to accompany planned financing applications as further discussed in the narrative response to Part IV. The past payment for these services was \$35,777. The estimated expected payment (2019 or 2020) is \$25,000-\$30,000.

Kerry Dunning and Thomas McQuillen were engaged by the Members through Kerry Dunning, LLC to provide a market assessment and initial space planning for Scenic Hills. Kerry Dunning LLC is located at 7990 Baymeadows Rd. East Unit 2102, Jacksonville, FL 32256. The total payment for these services was \$33,103.

Each Member (see Part IV) engaged their own legal counsel to assist in negotiating and establishing the legal structure of the Organization. The County engaged Maureen Molony of von Briesen & Roper, s.c. located at 10 East Doty Street, Suite 900, Madison,

#### Response:

Scenic Hills, Inc. is a Wisconsin nonstock, not-for-profit corporation (hereinafter, the "Organization"). This narrative will further describe the Organization, including its background, purpose, and services.

#### Background for Establishment of Organization.

The Organization was established by its two Members (Upland Hills Health, Inc. and lowa County, Wisconsin) to improve and enhance skilled nursing and assisted living services for the elderly and the disabled in the community.

#### Upland Hills Health, Inc.

Upland Hills Health, Inc. ("UHH") is a Wisconsin non-stock, not-for-profit corporation. It is exempt from federal income taxes under Section 501(c)(3) and not a private foundation by virtue of its status under Section 509(a)(1) and 170(b)(1)(a)(iii) as a hospital. UHH is located in Dodgeville, Wisconsin, which has a population of approximately 4,500 and is in lowa County, which has a population of approximately 23,500.

UHH operates a 25 bed critical access hospital in Dodgeville. In addition, UHH owns and operates Upland Hills Health Nursing & Rehab Center, seven outpatient clinics, various therapy service locations, and a 44-bed skilled nursing facility, which provides rehabilitative care and long-term skilled nursing care and which participates in both the Medicare and Medicaid programs.

UHH also holds a 49% interest in Crestridge Assisted Living of Dodgeville, LLC ("Crestridge"), a 40 bed assisted living facility which also includes a designated unit which provides memory care services. An unrelated for-profit company holds the other 51% interest.

#### **Iowa County**

lowa County is a political subdivision of the State of Wisconsin. It is exempt from federal income taxes under Section 115 as a unit of state government. Iowa County operates Bloomfield Healthcare and Rehabilitation Center, a 50 bed skilled nursing facility in Dodgeville, which participates in both the Medicare and Medicaid programs.

As a result of study and discussion of the increasing and changing housing and health care needs of the Dodgeville region, the Members identified deficiencies in the availability and range of skilled nursing and assisted living services in lowa County. They also identified increasing financial challenges in operating such service and structural deficiencies of their existing facilities. As a result, they engaged in joint planning to address such needs in a coordinated fashion. This culminated in the execution of a Memorandum of Understanding effective January 1, 2019, attached as Exhibit 1 (the "MOU"). The MOU expressed their mutual intent to further explore two projects:

- 1. Combining the Upland Hills Health Nursing and Rehab Center and the Bloomfield Healthcare and Rehabilitation Center into a single nursing home, operated by the Organization with the bed licenses to be held by Iowa County. The Organization would oversee the management of the combined nursing home and make recommendations to Iowa County regarding its budget, quality, and compliance programs.
- 2. Expanding the continuum of care available in lowa County by establishing one or more of the following: a community-based residential facility, residential care apartment complex, hospice center, memory care facility, adult living facility or assisted living facility. The facilities would be owned and licensed by the Organization, which will oversee the budget, quality, and compliance programs of the facilities.

#### Creation and Structure of the Organization.

Since signing the MOU, UHH and Iowa County have continued to study such project and reached a determination to proceed with a public-private partnership. To do so, they created the Organization on May 6, 2019. A copy of the Articles and Bylaws of the Organization are attached as Exhibits 2 and 3.

The Organization is managed by its Board of Directors. The Board consists of seven (7) total Directors, three (3) Directors appointed by UHH, three (3) Directors appointed by lowa County, and one (1) Director initially jointly appointed by UHH and lowa County but subsequently appointed by joint agreement of the other six (6) Directors.

To further ensure the Organization continues the purposes originally established by its Members, the Members retained certain reserved powers. These include amending the Organization's Bylaws, approving strategic plans and capital and operating budgets of the Organization, the Organization's ability to enter into affiliations, joint ventures, and other corporate transactions including the establishment of subsidiaries, and approving the compliance programs of the Organization.

The Organization will operate exclusively for charitable, educational and scientific purposes. The purposes more explicitly include (i) the operation of residential healthcare services, and (ii) the provision of a charitable residence for the elderly and

Scenic Hills, Inc.

disabled adults that provides services that cater to the special needs of its residents, including their healthcare needs, need for financial security and, where applicable, those services required of a Community Based Residential Facility (or "CBRF").

The two Members have each agreed to contribute up to \$1,500,000 to fund the initial operation needs of the Organization. The Members anticipate this contribution being in the form of a no- or low-interest loan. However, depending on the requirements of its anticipated USDA loan, the Members may contribute some of this amount as a capital contribution. Iowa County's contribution will comply with a county's ability to make such contributions under Wisconsin law.

Proposed Activities and Services of the Organization.

The Organization plans to purchase a single plot of land in early 2020. It will then construct facilities to serve its residents in a manner that allows residents to "age in place." This will be accomplished by offering facilities that support individuals ranging from those needing assisted living levels of care to those requiring high levels of skilled nursing services. The Organization's facilities will allow residents to transfer to higher or lower levels of care without the need to move from the facility. The facility will be constructed in a manner that is flexible enough to address the evolution of elderly care needs. The Organization plans to finance the projects through a loan from the United States Department of Agriculture.

The Organization plans to construct the following facilities:

A. <u>New Nursing Home</u>. The Organization will construct a nursing home consisting of approximately 50 beds (the "New Nursing Home"). After it is fully operational, the New Nursing Home will assume some or all of the bed licenses of the existing Upland Hills Health Nursing & Rehab Center and Bloomfield Healthcare and Rehabilitation Center. The Organization anticipates that lowa County will be the licensed operator of the Nursing Home due to the intergovernmental transfer payments available to lowa County as the licensed operator of the New Nursing Home (described below).

The Organization and its Members identified the need for additional nursing home beds available to Medicaid patients. Many facilities in the area limit their admission of Medicaid residents to 20%-25% of their residents due to the very low rates of reimbursement paid by Wisconsin Medicaid for nursing home services. Iowa County through its Bloomfield Healthcare and Rehabilitation Center has been able to serve a higher percentage of Medicaid residents due to an intergovernmental transfer payment program operated by the State of Wisconsin. This program is recognized at Section 1903(w)(6) of the Social Security Act and at 42 CFR 433.51 and allows counties such as lowa County to transfer funds to the State for the purpose of a federal match of those funds. The result is the ability of the State of Wisconsin to receive greater federal matching funds which are then transferred to lowa County in return for serving Medicaid residents. The Organization and its Members have discussed this matter with the Wisconsin Department of Health Services and determined that the Organization can best achieve its purposes by having the New Nursing Home licensed in the name of

lowa County so that intergovernmental transfer payments can continue. This higher level of Medicaid reimbursement will allow the New Nursing Home to care for a higher percentage of residents who are covered by Medicaid than it otherwise could. Because of this structure, the Organization anticipates that it will be financially feasible for the New Nursing Home to admit more than 25% of its residents as Medicaid residents.

As a result of this structure, the Organization will develop an operating agreement with lowa County under which lowa County remains the licensed operator of the New Nursing Home but under which the Organization operates the New Nursing Home to the full extent allowed while still qualifying lowa County to receive the intergovernmental transfer payments. Under the operating agreement, all risk of profit or loss of the New Nursing Home will rest with the Organization such that all revenues from the New Nursing Home will accrue to the Organization and all expenses of the New Nursing Home will be incurred by the Organization.

The New Nursing Home intends to make services available to individuals covered by Medicaid to the extent of its financial ability to do so.

B. <u>New Assisted Living Facility</u>. The Organization will construct a facility to be licensed as a CBRF consisting of approximately 70 beds (the "New Assisted Living Facility"). The exact number of beds is still being finalized based on an ongoing financial feasibility study. The Organization will be the licensed operator of the CBRF beds.

The Wisconsin licensure for a CBRF is similar to that of assisted living facilities in other states. It includes the provision of room and board, supervision, support services, and up to three hours of nursing care per week in accordance with the statutory and regulatory requirements of this licensure category. The Organization plans to provide "two-assist" CBRF units, which will permit those residents with greater care needs to utilize the New Assisted Living Facility instead of having to be admitted to a higher level of care, such as skilled nursing.

The construction and operation of the New Assisted Living Facility will not initially affect the continued operation of Crestridge although this could change in the future.

The New Assisted Living Facility will be operated consistent with the standards set out in Revenue Ruling 72-124. We comment below on the Organization's plans to address the needs of the elderly in the New Assisted Living Facility:

1. <u>Need for Housing</u>. The New Assisted Living Facility will be specially designed to meet the combination of the physical, emotional, recreational, social, religious, and similar needs of aged persons. This will include such items as special hand rails, bathrooms with grab bars and slip resistant tubs, anti-slip flooring, ramps and elevators, lower windows for visibility by wheelchair bound residents, and 24 hour emergency alarm systems. The New Assisted Living Facility will also include dining facilities, a chapel, recreation programs, and a shuttle-bus service. It is anticipated that rates will be set at levels so that the New Assisted Living Facility is affordable to a large segment of the community.

- 2. <u>Need for Health Care</u>. The New Assisted Living Facility will offer nursing services to the extent it can do so within its CBRF licensure status (up to 3 hours per week). It anticipates having a 24 hour emergency alarm system for residents along with having other physical and mental health services available. Medication administration and management will be provided for those residents needing assistance.
- 3. Need for Financial Security. The New Assisted Living Facility will have a policy of maintaining in residence any person who becomes unable to pay their regular charges. The Organization will do this by using its own reserves, seeking funds from local and Federal welfare units, and conducting public fund-raising. As indicated above, the New Assisted Living Facility will set rental charges at a level within the reach of a substantial segment of the community's elderly. This will be at the lowest feasible cost, taking into consideration operating expenses, indebtedness, maintenance of adequate reserves sufficient to insure the life care of each resident, and reserves for physical expansion commensurate with the needs of the community and its resources.

The Organization anticipates that the project will be at least a two-phase process. The first phase will be the construction of the New Assisted Living Facility, which is estimated to be completed in 2021. The Organization will then construct the New Nursing Home, estimated to be complete in 2022.

List the names, names of businesses, and mailing addresses of your five highest compensated independent contractors that receive or will receive compensation of more than \$50,000 per year. Use the actual figure, if available. Refer to the instructions for information on what to include as compensation.

#### Response:

The Organization plans to contract with various entities for services that the Organization will not directly provide, but has yet to formalize any arrangements. The Organization plans to use a Request for Proposal process for such services. Examples of such services include management services, staffing, and therapy services (including Physical Therapy, Occupational Therapy, etc.).

#### Question 2a:

Are any of your officers, directors, or trustees related to each other through family or business relationships? If "Yes," identify the individuals and explain the relationship.

#### Response:

Karl Pustina and Lynn Hebgen are both employees of UHH.

John Meyers, Judy Lindholm and Larry Bierke are all employees of the County.

#### Question 3a:

For each of your officers, directors, trustees, highest compensated employees, and highest compensated independent contractors listed on lines 1a, 1b, or 1c, attach a list showing their name, qualifications, average hours worked, and duties.

#### Response:

Karl Pustina, Director averaging three hours per week.

Karl is the Vice President of Finance and Chief Financial Officer of UHH. He has been in a financial leadership role at the Hospital since 1985, and has worked in health care finance for 40 years. Additionally, Karl has served on a number of local nonprofit boards. Karl was appointed to the Board by UHH.

Lynn Hebgen, Director and Vice Chair of the Board averaging three hours per week. Lynn is the Chief Nursing Officer of UHH. She has been in that role since 2007. Prior to joining administration, Lynn worked as an RN and later a director of UHH's Maternal Child unit. Lynn has been in the nursing profession since 1986, taking several opportunities to obtain additional nursing-related degrees. She has been involved in local nonprofits and health coalitions. Lynn was appointed to the Board by UHH.

Theodore Greenheck, Director and Chair of the Board averaging three hours per week. Ted serves on the board of UHH. He is a real estate agent and insurance broker and has worked in the industries for over 30 years. Ted serves on other local boards. Ted was appointed to the Board by UHH.

Joann Manteufel, Director and Treasurer of the Board averaging one hour per week. Joann retired last year from her 35 year career in banking. During her long career, Joann worked in various positions from teller to branch manager. Joann is actively involved in volunteering, including as a teacher aid and at her local church. She serves on the board of the Barneveld Wisconsin Planning Commission, the Barneveld Public Library, and The Education Foundation of Barneveld. She had previously served as a volunteer for the Barneveld Area Rescue squad for 23 years. Joann was jointly appointed to the Board by UHH and lowa County.

Judy Lindholm, Director averaging one hour per week.

Judy spent 32 years leading what is now known as the Aging and Disability Recourse Center lowa County Office. She helped morph the prior office into the ADRC to further her vision of caring for the aging population. After her retirement in 2011, Judy was elected to the lowa County Board of Supervisors, where she continues to serve. Judy spends some of her free time working as a part-time cook in a local assisted living facility to continue to serve the aging population. Judy was appointed to the Board by lowa County.

John Meyers, Director averaging one hour per week.

John spent most of his career as a self-employed dairy farmer, operating two dairy farms from 1981-2007. He continued working after his retirement, as an adjunct professor, landlord, and as an agribusiness-related consultant. He also remains active

on his crop and beef farm. In 2008, John was elected onto the Iowa County Board of Supervisors, where he currently serves as Chairman. During his time as a County Supervisor, John has been involved in various subcommittees. John was appointed to the Board by Iowa County.

Lawrence Bierke, Director and Secretary of the Board averaging three hours per week. Larry has served his entire career in local government. He has been in city and county administrator and manager roles throughout the state of Wisconsin. He has also been actively involved in professional organizations, including as a founding member of the Wisconsin Assistant City/County Manager Association. He is also involved in various chambers of commerce and other committee and board positions. Larry was appointed to the Board by Iowa County.

Because its independent contractors have not yet been selected, the Organization cannot provide specific information requested. However, as stated above, the independent contractors will undergo an RFP process.

#### Question 3b:

Do any of your officers, directors, trustees, highest compensated employees, and highest compensated independent contractors listed on lines 1a, 1b, or 1c receive compensation from any other organizations, whether tax exempt or taxable, that are related to you through common control? If "Yes," identify the individuals, explain the relationship between you and the other organization, and describe the compensation arrangement.

#### Response:

While the Organization responded "no" to this question based on its understanding of the definition of "common control," it would like to describe how its Directors are related to its Members. As described in the narrative response to Part IV, the two Members of the Organization, UHH and Iowa County each appoint three (3) Directors. The seventh "independent" Director was initially selected by UHH and Iowa County's agreement. Thereafter, this independent Director will be selected by the agreement of the six (6) appointed Directors. See Section 3.3 of the Bylaws.

Karl Pustina is employed by UHH as its Vice President of Finance and Chief Financial Officer.

Lynn Hebgen is employed by UHH as its Vice President of Nursing

Lawrence Bierke is employed by Iowa County as the County Administrator.

John Meyers and Judy Lindholm are employed by the County in their roles as County Supervisors.

#### Question 5a:

Have you adopted a conflict of interest policy consistent with the sample conflict of interest policy in Appendix A to the instructions? If "Yes," provide a copy of the policy and explain how the policy has been adopted, such as by resolution of your governing board. (The Organization answered "Yes")

#### Response:

The Organization's Board of Directors adopted its Conflict of Interest Policy on September 4, 2019 by Board resolution. See the policy attached as Exhibit 4.

#### Question 6a:

Do you or will you compensate any of your officers, directors, trustees, highest compensated employees, and highest compensated independent contractors listed in lines 1a, 1b, or 1c through non-fixed payments, such as discretionary bonuses or revenue-based payments? If "Yes," describe all non-fixed compensation arrangements, including how the amounts are determined, who is eligible for such arrangements, whether you place a limitation on total compensation, and how you determine or will determine that you pay no more than reasonable compensation for services. Refer to the instructions for Part V, lines 1a, 1b, and 1c, for information on what to include as compensation.

#### Response:

The Organization responded "no" to this question based on the fact that it does not compensate its Directors, and has not yet entered into arrangements with employees or independent contractors so does not yet know whether it will compensate such individuals or entities with non-fixed payments. Consistent with its purposes and the fact that both of the Organization's Members are aware of and comply with regulatory restrictions on compensation, the Organization's Board will review any and all proposed non-fixed payments to ensure that total compensation (including the non-fixed payments) for a given arrangement is not in excess of fair market value for the services rendered and are consistent with the requirements for 501(c)(3) organizations.

#### Question 8:

- a. Do you or will you have any leases, contracts, loans, or other agreements with your officers, directors, trustees, highest compensated employees, or highest compensated independent contractors listed in lines 1a, 1b, or 1c? If "Yes," provide the information requested in lines 8b through 8f. (The Organization answered "Yes").
- b. Describe any written or oral arrangements that you made or intend to make.

#### Response:

The Organization will enter into written agreements with its independent contractors for those services listed in the response to Question 1(c) of this Part.

c. Identify with whom you have or will have such arrangements.

#### Response:

The Organization has not yet identified its independent contractors.

d. Explain how the terms are or will be negotiated at arm's length.

#### Response:

The Organization will submit requests for proposals as described in the response to Question 1(c) of this Part. From there, the Organization plans to review the qualifications and costs of each proposal and will make a selection. The Organization will subsequently negotiate the terms of the written agreement, including cost, services provided, guarantees, term, and termination.

The Board will participate in decisions consistent with the Organization's Bylaws. For certain expenditures, the Organization's Members will also have to approve the arrangement.

e. Explain how you determine you pay no more than fair market value or you are paid at least fair market value.

#### Response:

The Organization will determine fair market value based on industry standards, and will engage valuation experts for opinions if and when necessary.

f. Attach copies of any signed leases, contracts, loans, or other agreements relating to such arrangements.

#### Response:

None

#### Question 9:

a. Do you or will you have any leases, contracts, loans, or other agreements with any organization in which any of your officers, directors, or trustees are also officers, directors, or trustees, or in which any individual officer, director, or trustee owns more than a 35% interest? If "Yes," provide the information requested in lines 9b through 9f. (The Organization answered "Yes").

#### Response:

As described in the narrative response to Part IV, the two Members of the Organization, UHH and Iowa County each appoint three (3) Directors. The seventh "independent" Director was initially selected by UHH and Iowa County's agreement. Thereafter, this independent Director will be selected by the agreement of the six (6) appointed Directors. See Section 3.3 of the Bylaws.

UHH employs two of the Organization's Directors, Karl Pustina and Lynn Hebgen. Also, one UHH trustee serves on the Organization's Board, Theodore Greenheck.

lowa County employs one of the Organization's Directors, Lawrence Bierke. Also, two lowa County Board of Supervisor members serve on the Organization's Board, Judy Lindholm and John Meyers and are compensated for this service.

b. Describe any written or oral arrangements you made or intend to make.

#### Response:

UHH will likely provide Medical Director Services through one of its employed physicians. UHH would charge the Organization the equivalent of the physician's salary on an hourly basis. It is anticipated that the Organization will pay \$150/hour for this service.

UHH will likely enter into a nursing home transfer agreement with the New Nursing Home, which is required by law. There is no transfer of money between parties to a nursing home transfer agreement.

UHH intends to bid for the Therapy Services contract, however that contract will undergo the RFP process and UHH may not win the bid.

UHH plans to purchase the real estate which has been identified as the site for the Organization's facilities. Thereafter, UHH will sell the real estate to the Organization.

lowa County and the Organization intend to enter into an operating agreement described in the narrative response in Part IV. The operating agreement will set forth the services the Organization will provide to lowa County in operating lowa County's licensed beds located in the New Nursing Home.

c. Identify with whom you have or will have such arrangements.

#### Response:

**UHH** and Iowa County

d. Explain how the terms are or will be negotiated at arm's length.

#### Response:

The Organization will submit a request for proposals for the Therapy Services as described in the response to Question 1(c) of this Part. From there, the Organization plans to review the qualifications and costs of each proposal and will make a selection. The Organization will subsequently negotiate the terms of the written agreement, including cost, services provided, guarantees, term, and termination.

For all arrangements that would fall under this question, the terms will be negotiated in a fair manner and, the Directors will participate in decisions consistent with the Organization's Bylaws. For certain expenditures, the Organization's Members will also have to approve the arrangement.

e. Explain how you determine or will determine you pay no more than fair market value or that you are paid at least fair market value.

#### Response:

The Organization will determine fair market value based on industry standards, and will engage valuation experts for opinions if and when necessary.

f Attach a copy of any signed leases, contracts, loans, or other agreements relating to such arrangements.

#### Response:

None

#### Part VI

#### Question 1a:

In carrying out your exempt purposes, do you provide goods, services, or funds to individuals? If "Yes," describe each program that provides goods, services, or funds to individuals.

#### Response:

The Organization will provide services to individuals in the form of housing and health care services to its residents. The services will include 3 meals a day plus snacks, social programs, assistance with activities of daily living, skilled nursing, and other services that meet the psychosocial, emotional and physical needs of its residents. See the narrative response to Part IV and Schedule F for additional descriptions of the Organization's facilities and the services provided.

#### Question 3:

Do any individuals who receive goods, services, or funds through your programs have a family or business relationship with any officer, director, trustee, or with any of your highest compensated employees or highest compensated independent contractors listed in Part V, lines 1a, 1b, and 1c? If "Yes," explain how these related individuals are eligible for goods, services, or funds.

#### Response:

While Scenic Hills generally responds "no," there may be instances where a family member or individual with a business relationship with those involved with Scenic Hills could utilize the services provided by Scenic Hills, assuming these individuals qualify for the housing and services like all other members of the public. All services of the Organization will be offered to individuals listed in Part V and their family members on the same basis as they are provided to the general public.

#### Part VIII

#### Question 4a:

Do you or will you undertake fundraising? If "Yes," check all the fundraising programs you do or will conduct. See instructions.

(Scenic Hills checked Mail Solicitations, Phone Solicitations, Email Solicitations, Accept Donations on Your Website, Personal Solicitations, Receive Donations from Another Organization's Website, Government Grant Solicitations, Foundation Grant Solicitations, and Other)

Attach a description of each fundraising program.

#### Response:

The Organization plans to begin fundraising at some point in the future, but has no specific fundraising programs developed at this time. It will fundraise in a manner that is consistent with its charitable purpose.

#### Question 4d:

List all states and local jurisdictions in which you conduct fundraising. For each state or local jurisdiction listed, specify whether you fundraise for your own organization, you fundraise for another organization, or another organization fundraises for you.

#### Response:

The Organization anticipates it will generally fundraise throughout southwestern Wisconsin.

#### Question 5:

Are you affiliated with a governmental unit? If "Yes," explain.

#### Response:

lowa County, a political subdivision of the State of Wisconsin, is one of the two Members of the Organization and has the power to independently appoint three (3) Directors of the Organization's seven (7) Director Board. The Organization does not receive any governmental power or authority through lowa County's role as Member.

#### Question 7a:

Do or will persons other than your employees or volunteers develop your facilities? If "Yes," describe each facility, the role of the developer, and any business or family relationship(s) between the developer and your officers, directors, or trustees.

#### Response:

The Organization anticipates that it will hire or contract for the following in order to develop the facilities described in the narrative response to Part IV:

- Attorneys to negotiate the facility development.
- Architects and designers/consultants to plan the facilities.
- Construction professionals to develop and build the facilities.

- USDA from which it will seek a loan to finance the facilities. Additionally, the Organization anticipates seeking construction and other financing from one or more banks in the community. However, the specific financing structure has not yet been determined and no banks have been identified.
- UHH from which it will purchase the land. As previously described, certain Directors are employed by UHH.
- Wipfli to consult on the facilities' plans and financials.

Karl Pustina and Lynn Hebgen are employees of UHH. It is not expected that the Organization's other Directors will have a family or business relationship with the other developers.

#### Question 7b:

Do or will persons other than your employees or volunteers manage your activities or facilities? If "Yes," describe each activity and facility, the role of the manager, and any business or family relationship(s) between the manager and your officers, directors, or trustees.

#### Response:

The Organization expects to contract for certain management services related to the facilities described in the narrative response to Part IV. As described in the response to Question 1c of Part V, the independent contractor has not yet been selected. It is unlikely that the Organization's Directors will have a family or business relationship with the independent contractor.

#### Question 11:

Do you or will you accept contributions of: real property; conservation easements; closely held securities; intellectual property such as patents, trademarks, and copyrights; works of music or art; licenses; royalties; automobiles, boats, planes, or other vehicles; or collectibles of any type? If "Yes," describe each type of contribution, any conditions imposed by the donor on the contribution, and any agreements with the donor regarding the contribution.

#### Response:

The Organization would consider accepting the contributions listed in this question, but has not yet accepted such contributions.

#### Question 15:

Do you have a close connection with any organizations? If "Yes," explain.

#### Response:

Please refer to the lengthy description of the Organization's relationship with Iowa County and UHH in the narrative response to Part IV.

#### Part IX

#### Section A:

Statement of Revenues and Expenses.

#### Response:

As instructed, the Organization provided three years of revenues and expenses. Because the Organization's facilities first require land purchase and construction before it can provide services, we have provided two illustrative years pre-operations and one illustrative year when the facilities are complete and services are being offered.

As stated in the narrative response to Part IV, the Organization expects to purchase land in the first few months of 2020 and complete and open the New Assisted Living Facility sometime in 2021 and the New Nursing Home in 2022.

#### Question A7:

Any revenue not otherwise listed above or in lines 9-12 below (attach an itemized list)

#### Response:

The Organization anticipates approximately \$480,000 in revenue from the intergovernmental transfer payments made for providing skilled nursing under lowa County's license as described in the narrative response to Part IV. While this figure could have been added to the total listed in Line 9, gross receipts from admissions [...], the Organization wanted to identify this amount separate and distinct from its general revenue.

#### Question A23:

Any expense not otherwise classified, such as program services (attach itemized list)

#### Response:

The Organization has accounted for insurance, food, supplies, maintenance and repairs, transportation, miscellaneous administrative expenses, professional fees, management fees, staff recruiting/advertising, marketing, and vehicle expense.

## Schedule F Homes for the Elderly or Handicapped and Low-Income Housing

#### Section I

#### Question 1:

Describe the type of housing you provide.

#### Response:

As described in the narrative response to Part IV, the Organization will provide both nursing home services under the operating agreement with lowa County and CBRF housing. Each type of housing is licensed by the Wisconsin Department of Health Services. The Organization is currently planning the facilities, but it is likely that the facilities will be physically connected to each other.

#### Question 2:

Provide copies of any application forms you use for admission.

#### Response

The New Nursing Home will not have an application, but will require a physician's order in accordance with state and federal requirements and will include an evaluation of the resident and the New Nursing Home's ability to care for the resident.

The New Assisted Living Facility has not yet developed an application form. However, the form it develops will contain a description of the unit or a specified room number, the intended start date of the admission, the price per month of the unit, any other requirements for the application process (such as proof of income or assets), and the date by which the individual will need to sign a resident agreement.

The application form may itself include, or be accompanied by a form that includes, the applicant's agreement to a preadmission clinical and psychosocial assessment to ensure that the facility can serve the applicant's health and psychosocial needs.

#### Question 3:

Explain how the public is made aware of your facility.

#### Response:

The public will be made aware of the facilities through advertising, word of mouth or referrals, a planned website, and governmental websites which list licensed facilities.

#### Question 4a:

Provide a description of each facility.

#### Response:

The construction plans for the New Nursing Home and New Assisted Living Facility have not been finalized. Currently, the Organization desires for the two facilities to be

physically connected to each other, and the Organization will be required to apply for and receive a special regulatory waiver for this structure.

The facilities will include such items as special hand rails, bathrooms with grab bars and slip resistant tubs, anti-slip flooring, ramps and elevators, lower windows for visibility by wheelchair bound residents, and 24 hour emergency alarm systems. They will also include dining facilities, a chapel, recreation programs, and a shuttle-bus service. The New Assisted Living Facility anticipates having a 24 hour emergency alarm system for residents along with having other physical and mental health services available. The New Nursing Home will have medical equipment appropriate for the services of a skilled nursing facility.

The New Nursing Home will provide both single- and double-occupancy nursing home rooms. The double-occupancy rooms will serve couples.

The New Assisted Living Facility will likely consist of units that range from studio units to two bedroom apartment units.

#### Question 4b:

What is the total number of residents each facility can accommodate?

#### Response:

The New Nursing Home will likely accommodate up to 50 residents. The New Assisted Living Facility will likely accommodate at least 70 residents.

#### Question 4c:

Describe each facility in terms of whether residents rent or purchase housing from you.

#### Response:

The New Nursing Home will establish a daily charge for its services that will be billed monthly. The charges will vary based on the level of services needed by a given resident. Charges will be billed to applicable third-party payors (like Medicare, Medicaid, and/or any long term care insurance) prior to billing the residents.

The New Assisted Living Facility will charge a monthly rental rate to its residents. The rates will vary based on the level of services and support needed by the resident and certain additional charges may be added for special services (e.g., medication administration).

#### Question 5:

Attach a sample copy of your residency or homeownership contract or agreement.

#### Response:

The Organization has not yet developed an admission agreement for the New Nursing Home or a residency agreement for the New Assisted Living Facility.

The New Nursing Home admission agreement will comply with applicable federal and state laws.

The New Assisted Living Facility residency agreement will contain terms including a description of the unit or a specified room number, the initial rental rate and payment terms, the services provided, the rights and expectations of each party, and the termination provisions.

#### Question 7:

Do you or will you contract with another organization to develop, build, market, or finance your housing? If "Yes," explain how that entity is selected, explain how the terms of any contract(s) are negotiated at arm's length, and explain how you determine you will pay no more than fair market value for services.

#### Response:

The Organization anticipates that it will hire or contract for the following in order to develop the facilities described in the narrative response to Part IV:

- Attorneys to negotiate the facility development.
- Architects and designers/consultants to plan the facilities.
- Construction professionals to develop and build the facilities.
- USDA from which it will seek a loan to finance the facilities. Additionally, the Organization anticipates seeking construction and other financing from one or more banks in the community. However, the specific financing structure has not yet been determined and no banks have been identified.
- UHH from which it will purchase the land.
- Wipfli to consult on the facilities' plans and financials.

For all arrangements that would fall under this question, the terms will be negotiated in a fair manner and, the Directors will participate in decisions consistent with the Organization's Bylaws. For certain expenditures, the Organization's Members will also have to approve the arrangement. The Organization will determine fair market value based on industry standards, and will engage valuation experts for opinions if and when necessary.

There are no contracts currently in place.

#### Question 8:

Do you or will you manage your activities or facilities through your own employees or volunteers? If "No," attach a statement describing the activities that will be managed by others, the names of the persons or organizations that manage or will manage your activities or facilities, and how these managers were or will be selected. Also, submit copies of any contracts, proposed contracts, or other agreements regarding the provision of management services for your activities or facilities. Explain how the terms of any contracts or other agreements were or will be negotiated, and explain how you determine you will pay no more than fair market value for services.

#### Response:

As described in other responses, the Organization expects to contract for certain management services, but the independent contractor has not yet been selected.

The Organization will submit requests for proposals for the services. From there, the Organization plans to review the qualifications and costs of each proposal and will make a selection. The Organization will subsequently negotiate the terms of the written agreement, including cost, services provided, guarantees, term, and termination. Total compensation (including any non-fixed payments) for a management arrangement will not exceed fair market value for the services rendered and will be consistent with the requirements for 501(c)(3) organizations.

The Directors will participate in decisions consistent with the Organization's Bylaws. For certain expenditures, the Organization's Members will also have to approve the arrangement. The Organization will determine fair market value based on industry standards, and will engage valuation experts for opinions if and when necessary.

There are no contracts currently in place.

The Organization and its Board will retain ultimate oversight of all services provided under the terms of a management agreement.

#### Question 10a:

While the Organization answered "yes" to this question, it does not yet own the facility. However, it will own the facility.

#### Question 10b:

How did you acquire the facility? For example, did you develop it yourself, purchase a project, etc. Attach all contracts, transfer agreements, or other documents connected with the acquisition of the facility.

#### Response:

The Organization will purchase land from UHH. It will then build the facilities using USDA financing and by contracting with professionals in architecture, design, and construction.

As of the filing of this tax exemption application, there are no contracts, transfer agreements, or other documents connected to the acquisition of the facility.

#### Section II

#### Question 1a:

Do you provide housing for the elderly? If "Yes," describe who qualifies for your housing in terms of age, infirmity, or other criteria and explain how you select persons for your housing. (The Organization answered "yes").

#### Response:

Scenic Hills, Inc.

The New Nursing Home will serve individuals with a physician order for skilled nursing services to the extent the New Nursing Home has room availability and its ability to treat the individual. These residents will typically be elderly.

The New Assisted Living Facility will generally serve individuals ranging from 65 years old to those individuals who are in their 100s based on unit availability and its ability to care for needs of the resident.

However, the Organization may serve individuals under age 65 in limited circumstances where the individual suffers from an early occurrence of a disease normally seen in the elderly. For example, the New Assisted Living Facility may serve a younger individual who suffers from dementia, because the New Assisted Living Facility is suited to treat dementia, a disease generally seen in significantly older populations, but which can occur at an earlier age.

Individuals are eligible for housing and care at the facilities if and when an applicable unit is available and so long as the applicable facility is able to care for the individual. The Organization plans to maintain a wait list for interested persons when a unit is not immediately available. The Organization will comply with an equal access policy, whereby no qualified and eligible individual will be denied housing based on his or her race, color, national origin, disability, age, religious creed, sex, sexual orientation, gender identity or expression, marital status, ancestry, or lawful source of income. The Organization will not discriminate based on an individual's payor or payment source.

#### Question 1b:

Do you provide housing for the handicapped? If "Yes," describe who qualifies for your housing in terms of disability, income levels, or other criteria and explain how you select persons for your housing.

#### Response:

While the Organization responded "no" to this question based on the fact that its primary focus will be elderly, the facilities will be handicapped accessible based on the need for such facilities for this population.

#### Question 2b:

Do you charge periodic fees or maintenance charges? If "Yes," describe what these charges cover and how they are determined.

#### Response:

The New Nursing Home will charge for skilled care based on a resident's care needs and consistent with CMS billing guidelines.

The New Assisted Living Facility has not yet determined its monthly fee, but will set rental charges at a level within the reach of a substantial segment of the community's elderly. This will be at the lowest feasible cost, taking into consideration operating expenses, indebtedness, maintenance of adequate reserves sufficient to insure the life

care of each resident, and reserves for physical expansion commensurate with the needs of the community and its resources. Like with the New Nursing Home, the New Assisted Living Facility rates will vary based on a resident's care needs.

Residents of the New Assisted Living Facility will be notified of all fees prior to admission and annually thereafter.

#### Question 2c:

Is your housing affordable to a significant segment of the elderly or handicapped persons in the community? Identify your community. Also, if "Yes," explain how you determine your housing is affordable.

#### Response:

The Organization's community will generally be considered lowa County. The New Nursing Home will have rates set by contract or regulation. Additionally, when a resident is or becomes personally responsible for the New Nursing Home bills and is unable to pay, the Organization will help the resident enroll in Medicaid. The Organization is committed to continue caring for individuals who are admitted as private pay but who subsequently become eligible for Medicaid. A resident will not be evicted from the New Nursing Home based on his or her Medicaid status.

The Organization will undergo a feasibility study, which will provide it with insight into affordable rental rates. The New Assisted Living Facility will then determine affordability of its housing based on the results of the feasibility study, periodic market price comparisons with competitors in the same and similar markets, frequent review of occupancy rates, and related wait lists (as applicable). With this information, the Organization will offer its facilities at the lowest feasible cost.

#### Question 3a:

Do you have an established policy concerning residents who become unable to pay their regular charges? If "Yes," describe your established policy.

#### Response:

As previously stated, the Organization is committed to continue caring for individuals who are admitted as private pay but who subsequently become eligible for Medicaid. A resident will not be evicted from the New Nursing Home based on his or her Medicaid status.

The New Assisted Living Facility will have a policy of maintaining in residence any person who becomes unable to pay their regular charges. The Organization will do this by using its own reserves, seeking funds from local and Federal welfare units, and conducting public fund-raising. To the extent the resident's services are reimbursable under Medicaid, the Organization will help the resident enroll in Medicaid. A resident will not be evicted from the New Assisted Living Facility based on his or her Medicaid status.

#### Question 4:

Do you have arrangements for the healthcare needs of your residents? If "Yes," describe these arrangements.

#### Response:

The Organization will directly provide its residents health care in accordance with the applicable bed license type; full-time skilled nursing care in the New Nursing Home and availability of nursing care for up to 3 hours per week in the New Assisted Living Facility. The Organization plans to provide "two-assist" CBRF units, which will permit those residents with greater care needs to utilize the New Assisted Living Facility instead of having to be admitted to a higher level of care, such as skilled nursing. In accordance with its regulatory obligations, the facilities will have transfer arrangements in place with local hospitals, including UHH. It will provide exam room space for physicians and dentists to visit residents at the facilities.

#### Question 5:

Are your facilities designed to meet the physical, emotional, recreational, social, religious, and/or other similar needs of the elderly or handicapped? If "Yes," describe these design features.

#### Response:

The Organization will design and provide for the following: special hand rails, bathrooms with grab bars and slip resistant tubs, anti-slip flooring, ramps and elevators, lower windows for visibility by wheelchair bound residents, and 24 hour emergency alarm systems. The New Assisted Living Facility will also include dining facilities, a chapel, recreation programs, and a shuttle-bus service.

## Exhibit 1 MOU

#### MEMORANDUM OF UNDERSTANDING No. 1

THIS MEMORANDUM OF UNDERSTANDING No. 1 ("MOU"), effective as of January \_, 2019, is entered into by and between lowa County, Wisconsin ("County") and Upland Hills Health, Inc., a Wisconsin nonstock corporation ("Upland Hills", together with County the "Parties", and either a "Party"), for the purpose of exploring and developing the "Project", as defined below.

- 1. <u>Description of the Project</u>. The "Project" means any and all of the actions, transactions and arrangements either described in Sections 1(a) and 1(b) of this MOU, or that the Parties identify as reasonable or desirable to accomplish the goals set forth in Section 1(c) of this MOU.
  - (a) Skilled Nursing Facility. The Parties are considering combining the skilled nursing facilities ("SNFs") each owns and operates into a single nursing home entity ("Combined Nursing Home"), which will be owned by a newly-created, tax-exempt entity ("Newco"), with the bed licenses to be held by the County. The Parties further contemplate that Newco will oversee management of the Combined Nursing Home, and make recommendations to the County regarding its budget, quality and compliance programs.
  - (b) Other Adult Residential Facilities and Services. The Parties have considered the costs and benefits of expanding the continuum of care available in Iowa County by establishing one or more of the following: a Community-Based Residential Facility, Residential Care Apartment Complex, hospice center, adult living facility or assisted living facility (collectively, "Other Facilities and Services"). The Parties contemplate that the Other Facilities and Services may be owned by and licensed to Newco, which will oversee the budget, quality and compliance programs of the Other Facilities and Services.
  - (c) Goals. In evaluating and carrying out the Project, the Parties will take into consideration whether, when completed and put into operation, the Project will accomplish the goals of (i) ensuring that quality skilled nursing facility services and Other Facilities and Services are available in Iowa County, (ii) limiting taxpayers' exposure for operations and financing of the facilities, (iii) limiting Upland Hills' exposure for operations and financing of the facilities, and (iv) securing tax-exempt status for Newco.
- 2. <u>Scope of MOU</u>. The Parties agree to undertake the following "Preliminary Steps" relating to the Project:
  - Tax-Exempt Status for Newco: The Parties will work together to secure recognition by the Internal Revenue Service ("IRS") of Newco's exemption under Section 501(c)(3) of the Revenue Code, including without limitation by completing and filing Form 1023 on behalf of Newco, and submitting such additional information as may be necessary to pursue the application for exemption and secure a final determination by IRS regarding Newco's eligibility to be recognized as an exempt organization.

- (b) Feasibility Study: The Parties will retain Wipfli LLP, a Wisconsin limited liability company ("Wipfli"), to perform a feasibility study of the Project, including separate consideration of the Combined Nursing Home and the Other Facilities and Services. ElderSpan may be paid to do some of the preliminary work for the Wipfli study. Wipfli will gather and analyze relevant information regarding (i) the costs required to establish each component of the Project and prepare such component to begin operations, (ii) the costs of operation for each component of the Project, and (iii) the revenue that would be generated by operation of each component of the Project. Wipfli will submit a report to the Parties at the end of its analysis, in form and substance to be determined by the Parties. Further, the Parties will instruct Wipfli to inform them if Wipfli concludes in the course of its analysis that the Project cannot be operated with a positive margin.
- (c) <u>Communications with USDA</u>: The Parties will prepare and submit a preapplication or application for financing, as required, to the appropriate program or programs within the United States Department of Agriculture ("USDA") and such other materials as are required for issuance of a Letter of Conditions or its equivalent by USDA, indicating that the Project is appropriate for USDA financing.

The Preliminary Steps will be complete when (i) Newco is recognized as an Exempt Organization under Section 501(c)(3) of the Revenue Code, (ii) Wipfli has concluded and provided a report in a form mutually satisfactory to the Parties that the Project can be operated with a positive margin, and (iii) USDA issues a Letter of Conditions or the equivalent to permit the Parties or Newco to complete an application and commitment for financing of such components of the Project as Wipfli may find feasible.

Costs. The Parties shall bear equally (50/50) the expenses related to the Project 3. during the term of this MOU, including without limitation the costs of performing the Preliminary Steps, attorneys' fees, accountants' fees, other consultants' fees, expenses associated with the services of attorneys, accountants and other consultants, and any appraisals, surveys and Phase I studies incurred to evaluate any real estate considered for use by the Combined Nursing Home and/or the Other Facilities and Services, except that Upland Hills will bear the entire cost of delicensing its SNF beds. In accordance with the terms of a separate engagement letter, the Parties contemplate that Baird Holm, LLP will provide legal advice regarding most aspects of the Project in the role of counsel to Newco, but that with regard to the de-licensing of Upland Hills' SNF beds, County consents to Baird Holm serving as counsel to Upland Hills and the other parties securing separate counsel. In the event of termination of this MOU, the Parties shall be mutually responsible for all fees and costs incurred under this Section 3 through the effective date of termination.

#### 4. Confidential Information.

- <u>Definition</u>. For the purposes of this MOU, "Confidential Information" shall (a) include all nonpublic information and documentation designated as confidential by the Party disclosing such information (the "Disclosing Party") that relates to the Project or the Disclosing Party's business operations; provided, however, that Confidential Information shall not include information that (a) is or becomes generally available to the public other than through disclosure by the Disclosing Party to the Party that receives the information (the "Receiving Party"); (b) was lawfully provided to the Receiving Party by a third party free of any obligation of confidence to such third party; (c) was already in the possession of, or was known by the Receiving Party prior to disclosure by the Disclosing Party; (d) is subsequently and independently developed without reference to Confidential Information disclosed under this MOU; or (e) is required to be disclosed pursuant to Wisconsin's Public Records and Property Act, W.C.A. §19.21 et seq. Any Confidential Information that is Protected Health Information under the Health Insurance Portability and Accountability Act of 1996, as amended, and its accompanying regulations at 45 CFR Parts 160 and 164 ("HIPAA") shall be subject to additional restrictions on disclosure as required under HIPAA.
- Use. Confidential Information may be used for purposes of the Project, but (b) not for any other purpose. The Receiving Party shall keep and retain Confidential Information in strict confidence and shall not either directly or indirectly in any way divulge or otherwise impart or disclose any such Confidential Information to any other person, firm, or entity without the prior written consent of the Disclosing Party, which consent may be withheld by the Disclosing Party in its sole discretion, unless (i) disclosure is required by a valid order of a court or other regulatory body with jurisdiction over the Parties, or (ii) disclosure is required to IRS, Wipfli or USDA for purposes of completing the Preliminary Steps. The Receiving Party shall give reasonable written notice to the Disclosing Party prior to any required disclosure of Confidential Information and shall allow the Disclosing Party to use its best efforts to obtain an order or other reliable assurance that the Confidential Information disclosed will be treated confidentially. Notwithstanding the foregoing, the Receiving Party may disclose the Confidential Information to those persons whose access to such information is necessary for the purpose of evaluating the Project, including, but not limited to, the Receiving Party's directors, managers, employees, attorneys, accountants, lenders or other financial advisors.
- Return or Destruction. Upon the effective date of termination of this MOU or the request of the Disclosing Party, the Receiving Party shall either promptly return all Confidential Information to the Disclosing Party, including any and all copies, extracts and other objects or items in which such Confidential Information may be contained or embodied, or destroy all copies of such Confidential Information, and make a written representation to Disclosing Party that all such Confidential Information has been destroyed.

- 5. <u>Term and Termination</u>. This MOU shall continue in effect until the Preliminary Steps are completed or one of the following events occurs:
  - (a) If the IRS determines, subsequent to submission of a complete Form 1023 on behalf of Newco, that Newco is not eligible for exemption under Section 501(c)(3) of the Revenue Code, then upon such determination by IRS either Party may terminate this MOU upon ten (10) business days' notice to the other Party.
  - (b) If Wipfli determines that the Project cannot be operated with a margin, then upon such determination by Wipfli either Party may terminate this MOU upon ten (10) business days' notice to the other Party.
  - (c) If USDA declines to issue a Letter of Conditions or its equivalent to finance the portions of the Project that Wipfli determines to be feasible, or otherwise determines that such portions of the Project are not eligible for financing under any USDA program, then upon such declination or determination either Party may terminate this MOU upon ten (10) business days' notice to the other Party.

If none of the events described in subsections 5(a) through 5(c) above occurs, then, at any time after the Preliminary Steps are completed as described in the last paragraph of Section 2 above, either Party may terminate this MOU upon thirty (30) days' written notice to the other Party, or the Parties may mutually agree to an earlier termination date in writing. Upon the effective date of termination of this MOU, neither Party shall have any further obligation to explore or otherwise pursue the Project.

- Non-Binding Commitment to Negotiate Definitive Agreements. Upon the completion of the Preliminary Steps, the Parties will use good faith efforts to establish specific terms for the Project or such portions of the Project as the Parties find mutually acceptable. Such terms may be set forth in a future memorandum of understanding between the Parties, in one or more definitive agreements between the Parties, and/or in charter documents for one or more entities formed by the Parties. The commitment of this Section 6 is a good faith statement of the Parties' intent at the time of entering into this MOU and is not legally binding, but the Parties' obligation to share costs and expenses equally, set forth in Section 3, will be binding and continue with regard to any costs or expenses incurred prior to the effective date of termination of this MOU.
- 7. <u>Survival</u>. The provisions of Section 3 and Section 4 shall survive termination of this MOU.
- 8. <u>Compliance with Laws</u>. Nothing in this MOU shall be construed to violate the provisions of laws governing the referrals of health care services, anti-kickback laws or false claims acts, section 501(c)(3) of the Internal Revenue Code, or any other federal or state law or regulation governing the Parties or their relationship.

9. Referrals. Nothing in this MOU shall require either Party to refer patients or residents to the other Party, or require the County to utilize the hospital or medical services of Upland Hills.

# Exhibit 4 Conflict of Interest Policy

# SCENIC HILLS, INC. CONFLICT OF INTEREST POLICY AND PROCEDURE

#### PURPOSE:

To define conflict of interest activities and provide guidelines for dealing with potential or actual conflict of interest situations.

**POLICY STATEMENT:** Scenic Hills, Inc. (the "Corporation") developed this policy because the identification and resolution of conflicts of interest which may exist on the part of Directors, Officers, members of the committees and subcommittees with board-delegated powers, and Key Employees is required by standards promulgated by the Internal Revenue Code and Treasury Regulations governing tax-exempt organizations and state law. This written policy is adopted to meet these requirements, and as a matter of ethics and sound management practice.

#### **DEFINITIONS.**

Chairperson means the Chairperson of the Board of Directors.

**Committee Member** means a member of a committee or subcommittee established by the Board of Directors that has board delegated powers. A member of a committee whose authority is strictly advisory is not a Committee Member for the purpose of this Policy.

Corporation means Scenic Hills, Inc.

Director or Directors means all members of the Board of Directors.

**Family Member** means spouse, parents, siblings (and their spouses), grandparents, children (and their spouses), and grandchildren (and their spouses), great grandchildren (and their spouses) and others living in the reporting person's home.

**Financial Interest** means that the individual has directly or indirectly, through business, investment or Family Members, any of the following:

- (a) Current or anticipated ownership or investment interest of 5% or more in a business or entity; or
- (b) Current or anticipated status as a director, officer, manager, or consultant for a business or entity.

**Key Employee** means, to the extent the Corporation has employees, any person having organization-wide (not just departmental) responsibilities or powers similar to those of officers.

Officers means the Chairperson, Vice Chairperson, Secretary, and Treasurer.

**Substantial Contributor** means any person or entity who has contributed to the Corporation the greater of an aggregate amount of more than \$5,000 or two percent (2%) of the total contributions received by the Corporation during the current taxable year and the four preceding taxable years; provided, however, organizations exempt under Section 501(c)(3) (both public charities and private foundations) who make contributions will not be treated as Substantial Contributors.

# II. <u>POLICY-CONFLICTS OF INTEREST.</u>

A. An Officer, Director, Committee Member (including a member of a Board-appointed subcommittee), Key Employee, or Substantial Contributor shall be deemed to have a potential conflict of interest in a contract or transaction if he or she, or a member of his or her family, or a business or entity in which

he or she has a financial interest, provides goods or services to Corporation, purchases goods or services to the Corporation, engages in any other business or financial transaction with the Corporation, or directly competes with the Corporation.

Whether serving as an Officer, Director, committee member or Key Employee, each person serves the Corporation in strictly an individual capacity. He or she does not serve in a representative capacity as the agent of, or as a spokesperson for, another organization or entity. All decisions by persons serving in key decision-making capacities within the Corporation should be based on the individual's determination of what is in the best interest of the Corporation, exercising his or her best care and judgment in making that determination.

Officers and Directors who violate this Policy may be subject to disciplinary action as determined by the Board. Key Employees who violate this policy will be subject to disciplinary action up to or including discharge. Non-Key Employees are subject to the Corporation's conflict of interest policy as contained in the employee handbook.

Others may be subject to discontinuation of their affiliation with the Corporation.

# B. **Procedures-Ongoing**.

1. General Procedure. Any duality of interest or potential conflict of interest, whether direct or indirect, on the part of any Officer, Director, Committee Member, Key Employee, or Substantial Contributor should be disclosed to the Board of Directors and made a matter of record whenever it arises or whenever it involves a matter of Board action. Any Officer, Director, Committee Member, or Key Employee having a duality of interest or a potential conflict of interest in any matter should not vote or use his or her personal influence on the matter, and he or she should not be counted in determining the quorum for a meeting at which the matter is discussed.

Transactions involving persons with conflicts must be approved <u>in advance</u> by a majority of disinterested Directors. Disinterested Directors are those Directors having no direct or indirect interest in the issue or transaction. In order to approve such an arrangement or transaction, the material facts of the transaction and the interested Director's interest in the transaction must be disclosed to the Board, and the Board must first find, by majority vote of disinterested Directors, at a meeting at which a quorum is present, that the arrangement or transaction (i) is in the Corporation's best interest, (ii) is fair and reasonable to the Corporation, and (iii) that after reasonable investigation, the disinterested Directors have determined that a more advantageous transaction or arrangement cannot be obtained with reasonable efforts under the circumstances. The minutes of the meeting should reflect that a disclosure was made, which members were present for the discussion, the content of the discussion, the abstention from voting by the interested Director, whether there was a roll call of the vote, the Board's findings as to the aforementioned standard, and whether or not a quorum was present, considering any abstentions.

A duality of interest does not necessarily constitute a conflict of interest, but once recognized, must in every case be evaluated. It may, in some instances, be so serious that it prevents further participation by the individual in the Board's deliberations. On the other hand, it may be of little or no significance if it has been disclosed. If there is a question in the mind of the individual as to whether a particular duality of interest should be disclosed, then it should be disclosed.

The foregoing requirements should not be construed as preventing the Officer, Director, Committee Member, or Key Employee from briefly stating his or her position on the matter, nor from answering pertinent questions of other members at the meeting since his or her knowledge may be of assistance.

- 2. Procedure in Cases of Direct Conflict of Interest. In cases in which an Officer, Director, Committee Member, Key Employee, or Substantial Contributor has a direct Financial Interest in an arrangement or transaction, the following additional steps may be taken, at the discretion of the Board of Directors:
  - (a) The interested person may be required to leave the meeting for the general discussion of the matter and the Board vote; and/or
  - (b) A disinterested person or committee may be appointed to investigate alternatives to the proposed arrangement or transaction.
- 3. <u>Standard for Approval of Conflict Transactions</u>. In order to approve the arrangement or transaction which involves a direct conflict of interest, the Board must first find, by majority vote of disinterested Directors, at a meeting at which a quorum is present, that the arrangement or transaction is in the best interests of Corporation, is fair and reasonable to them and, after reasonable investigation, the disinterested Directors have determined that a more advantageous transaction or arrangement cannot be obtained with reasonable efforts under the circumstances.
- 4. **Procedure for Compensation Committee**. Voting members of the compensation committee from which they receive direct or indirect compensation, may not vote on matters pertaining to their own compensation.
- 5. Determining Whether to Disclose. Many circumstances in addition to direct Financial Interests could give rise to a potential conflict of interest, including instances where the actions or activities of an individual on behalf of the Corporation also involve obtaining a personal gain or advantage, or have an adverse effect on the Corporation's interests. For example, to accept gifts, excessive entertainment or other favors from any outside concern that does business with the Corporation or is a competitor of the Corporation under certain circumstances might give rise to a claim that such action was intended to influence or would possibly influence an individual in the performance of his or her duties. (This does not include the acceptance of items of nominal or minor value that are clearly tokens of respect or friendship and are not related to any particular transaction or activity of the Corporation). Also, to disclose or use information relating to the Corporation's business for the personal profit or advantage of an individual or his or her family would give rise to a claim of conflict. Full disclosure of any such situation or any other circumstances in doubt should be made, to avoid any possible appearance of conflict and permit an impartial and objective review.

# C. <u>Procedures-Initial and Annual Disclosure.</u>

All Officers, Directors, Committee Members, and Key Employees shall review this Conflict of Interest Policy and complete a Conflict of Interest Questionnaire upon initially affiliating with the Corporation and annually thereafter.

 Procedure-Orientation and Initial Disclosures. Upon election, appointment or the beginning of the term of employment or other contract, individuals newly affiliated with the Corporation shall receive a copy of this Policy, plus a Conflict of Interest Questionnaire to be completed and returned within two (2) weeks of receipt.

2. Annual Disclosures. Each year, at an established time, a designated person within the Corporation shall send disclosure questionnaires and a copy of this Policy to all Officers, Directors, Committee Members, and Key Employees of the Corporation. Persons required to report who have not returned questionnaires will be contacted and follow-up will continue on a regular basis until all questionnaires have been returned. The information disclosed will be used to identify and resolve potential conflicts of interest and to assist in completing IRS and CMS forms.

# D. <u>Procedure for Substantial Contributors</u>.

- 1. The Conflict Review Committee shall periodically (but no less often than annually) require management to prepare a list of Substantial Contributors meeting the definition set out in this Policy.
- 2. The list shall be forwarded to the current Chairperson of the Corporation.
- 3. Proposed transactions with Substantial Contributors shall be disclosed to the Board prior to considering the transaction.
- 4. In order to approve a transaction with a Substantial Contributor, the Board must find by a majority vote of Directors, at a meeting at which a quorum is present, that the transaction is in the Corporation's best interest, is fair and reasonable to the Corporation, and after reasonable investigation, the Directors have determined that a more advantageous transaction cannot be obtained with reasonable efforts under the circumstances.
- 5. If necessary, as determined by the Board of Directors, a disinterested person or committee may be appointed to investigate alternatives to the proposed transaction.

#### E. Conflict Review Committee.

The Board of Directors of the Corporation shall serve as the Conflict Review Committee, unless, in its discretion, it chooses to appoint a committee composed of Directors to assume this responsibility. When questionnaires or interim disclosures of any of the members of the Conflict Review Committee are being reviewed, the member being reviewed shall be excused from the committee's deliberations and action.

#### The Conflict Review Committee shall:

- 1. Review a summary of all annual disclosure questionnaires and interim supplemental disclosures from persons subject to this Policy, and review individual questionnaires and interim disclosures as it deems necessary;
- 2. Review a summary of potential conflicts of interest disclosed in such annual disclosure questionnaires or interim disclosures;
- 3. Direct the investigation and evaluate, as necessary, of potential conflicts of interest contained in annual disclosure questionnaires or interim disclosures, and conduct additional investigation and evaluation as it deems necessary;

- 4. Report findings, conclusions, and recommendations to the Board for decision and action;
- 5. Identify, by position or capacity, the employees to be designated as Key Employees subject to disclosure requirements under this Policy;
- 6. Direct the preparation of a list of Substantial Contributors and the provision of such information to the Corporation according to the procedure set out in this Policy;
- 7. Keep complete records of its activities; and
- 8. Periodically review this policy and its implementation procedures to determine whether any changes are required.
