Motion to enter into the public hearing by Supervisor Richter at 6:35pm Second by Supervisor Leix Director Godfrey overviewed the latest draft revision that is being recommended by the Iowa County Airport Commission Clarification of items 7, 8, and 9 in the report were discussed. Public comment: none Motion to close the public hearing by Supervisor Leix Second by Supervisor Richter Motion carries. Hearing closed at 6:41 pm
17	Consideration of revisions to the Iowa County Iowa County Airport Zoning Ordinance relating to regulation of land uses and height of structures and vegetation within three miles of the Iowa County Airport. Motion by Supervisor Gollon to recommend the latest draft for approval by the County Board Second by Supervisor Leix Motion carries unanimously

18	Consideration of fees to offset the costs of administering the Iowa County Airport Zoning Ordinance. Director Godfrey stated there are currently no fees associated with the permits under this ordinance. He said fees are established to offset the cost of administration and, since most development requiring a permit under this ordinance will also require a permit under general zoning, there would be minimal additional cost of administration for those areas. However, there is no general zoning jurisdiction within the City of Mineral Point extraterritorial zoning jurisdiction or within the city and village limits, thus a fee should be considered to administer this ordinance in those areas. He suggested a \$150 permit fee to offset the majority of the cost of administration within the ETZ, city and village. Motion by Supervisor Gollon to recommend to the County Board a \$150 airport zoning permit fee for permits issued within the ETZ, city and village Second by Supervisor Leix Motion carries unanimously
19	Consideration of revisions to the Iowa County Zoning Ordinance to provide for Recreational Residential Rental as a conditional use permit option in the R-1 and AR-1 zoning districts. Director Godfrey explained the Recreational Residential Rental use is a conditional use permit option A-1 Ag and RH-1 Rural Hamlet districts. The increased popularity of this sort of short-term rental has led to the Town of Wyoming asking for consideration of this being a CUP option in the R-1 Single Family and AR-1 Ag Residential districts too. This would necessitate a public hearing and ordinance revision. The consensus was to schedule a public hearing for next month's meeting.
20	Consideration of revisions to the Iowa County Mobile Tower Siting Permit Ordinance to remove Section XV requiring access and driveway approval for a proposed site. Director Godfrey explained State law only allows a local political jurisdiction to administer the siting provisions for new cell towers listed in Ch. 66.0404 Stats and cannot be more restrictive. He said the county ordinance has Section XV requiring an access and driveway approval as a prerequisite to the tower siting permit, which is not a provision in statute. Therefore, he said this provision can be considered more restrictive and creates exposure to the county should there be a challenge. He suggested eliminating that section to minimize county liability and stated this does not in any way invalidate a town, county or state access requirement or prevent a town from enforcing its driveway ordinance. The consensus was to schedule a public hearing for next month's meeting.
21	Director's Report a) Office activity and programs Director Godfrey overviewed the activity report included in the packet and added the following: • For next month, there is an application for a fee waiver due to snow load collapse; a Temporary Use Permit request for a temporary asphalt plant; and consideration of waiving permit and/or hearing fees for town applications • For June or July, there will be joint public hearings for comprehensive plan revisions with the towns of Ridgeway and Pulaski, as well as a county hearing for a revision to incorporate Brigham's revised plan into the county's

	The completion of the Ridgeway interchange project is causing more interest in development on the remnant lots, so there will be zoning petitions for that area soon.
