Joel Esler requested Conditional Use approval to open a dance academy in the M-I zoning district at 611 Tower Lane, Suites E & F. Mr. Esler indicated this is the third facility he has tried to lease in Town...issues with leasing agencies; no fault with the Town.

***Moved by Mr. Chas and seconded by Mr. Blythe to approve 611 Tower Lane, Suites E & F, Conditional Use Permit request for an instructional dance studio (Storm Dance Academy) to locate in an M-I zoned area. CU-17-25. Motion Carried 5 – 0. Councilman Orr recused himself.***

**9-B. 4991 Summit Bridge Road – Preliminary Major Land Development Plan for two commercial retail buildings with associated parking and improvements. Building #1 comprises 17,500 +/- square-feet and Building #2 comprises 6,500 +/- square-feet, in a C-3 zoned area. Two entrances are proposed, one along each frontage road. Tax Parcel No. 23-075.00-095.**

Denis Hulme presented the project proposed at 4991 Summit Bridge Road, located on the northeast corner of Summit Bridge and Marl Pit Roads.

- Two commercial, multi-tenant buildings are proposed.
- Right-out/Right-in entrances are proposed on Summit Bridge Road and Marl Pit Road.
- On-site stormwater management is proposed to the south and rear of the building.
- A private pump station will be designed to handle the sanitary sewer; the discharge location will be coordinated with the Town and the Town's engineers.
- Water is available near the site.

Mayor Branner noted the plan was recommended for approval by Planning & Zoning.

Mr. Chas questioned if a sidewalk will be installed along Marl Pit Road.

Mr. Hulme commented he believes there will be sidewalk along both roads. DelDOT will determine if it will be a sidewalk or a multi-use path.

Mayor Branner commented that the Level II Environmental Assessment was done in 2023 when the project was first brought before Council. DNREC provided a letter that will become part of the record.

Mr. Orr asked if the soil that will be disturbed for the proposed stormwater management areas, will be tested.

Mr. Hulme explained, per the reports, if there is excavation in one area the soils can be placed in another area on-site without any other testing done. If the soils are taken off-site, then they have to be tested and determined where it can be disposed of.

Mr. Orr asked if the reports noted in the Certification of Completion of Remedy were sent to the Town and if they are to be monitored by the Town as well.

Mr. Hulme indicated all reports are available. Once all the construction is completed, long-term monitoring will be scheduled per DNREC's requirements and all monitoring is DNREC's responsibility.

***Moved by Mr. Chas and seconded by Mr. Thomas to approve 4991 Summit Bridge Road, Preliminary Major Land Development Plan for two commercial retail buildings with associated parking and improvements.
