Sycamore Grove Arroyo Del Valle Regional Trail Grand Re-Opening and Ribbon Cutting Ceremony

LIVERMORE —The Livermore Area Recreation and Park District will be hosting a Grand Re-Opening of the Sycamore Grove Arroyo Del Valle Regional Trail with a Ribbon Cutting at the Sycamore Grove Park Wetmore Entrance on October 25th at 4:30 p.m. The Sycamore Grove Arroyo Del Valle Regional Trail Renovation is a 2.5 mile trail renovation that began in the summer of 2018. Rock walls and a french drain have been built along the trail. Re-paving was completed in September with mileage and information markers painted onto the path. Construction areas will be hydro seeded on October 22nd and 23rd. The renovations have been completed in partnership with the East Bay Regional Park District. The East Bay Regional Park District has provided \$500,000 in funding, \$700,000 was provided from reserves approved by Livermore Area Recreation and Park District Board of Directors with an additional \$75,000 authorized for project management expenses.

Sycamore Grove is one of four open spaces managed by the Livermore Area Recreation and Park District. The Livermore Area Recreation and Park District provides parks, recreation programs, recreation facilities and open space for a 243.5-square mile area of east Alameda County, including Livermore. The LARPD Capital Improvement Plan (CIP) division leads the development and implantation of the District's Capital Improvement Projects, and contributed funds for the renovations to the Sycamore Grove Arroyo Del Valle Regional Trail. Every year, the Livermore Area Recreation and Park District adopts a three year Capital Improvement Budget, known as the CIP budget that is separate from the general Livermore Area Recreation and Park District's budget. The CIP budget funds public infrastructure projects, including facility construction and renovation, park and trail development, and open space projects.
