

# Livermore Area Recreation and Park District

## Staff Report

---

TO: Chair Furst and Board of Directors

FROM: Mathew Fuzie, General Manager

PREPARED BY: Jeffrey Schneider, Administrative Services Manager  
Julie Dreher, Financial Analyst

DATE: March 13, 2019

SUBJECT: **FY18-21 CIP Budget: Mid-Year Update**

COMMITTEES: Reviewed and Recommended by the Facilities Committee on February 21, 2019  
Reviewed and Recommended by the Finance Committee on March 5, 2019

---

RECOMMENDATION: That the Board of Directors adopt Resolution No. \_\_\_\_, approving the District's FY18-21 Capital Improvement Plan (CIP) mid-year budget.

BACKGROUND: At mid-year, the District reassesses its Approved three-year CIP Budget and presents proposed revisions to the Board of Directors for approval. Before reviewing with the Board, proposed revisions are reviewed by the Facilities Committee, whose guidance is then reflected in a subsequent review with the Finance Committee. Feedback from both committees is reflected in a Board Budget Workshop and Board of Directors meeting, where the mid-year budget is approved.

1. **Attachment A** provides a summary of the District's updated plans for CIP spending versus the Approved Budget, including all funding sources. Material changes versus the Approved CIP Budget include:
  - a. Project completion timing – revised to reflect completion in FY18-19 of three playground projects (May Nissen, Big Trees, and Pleasure Island), with \$2.281M of spending moved into FY18-19 from FY19-20, with no change to the total project budgets;
  - b. Project completion timing and total spend – Sunset Playground
    - i. Pushed to FY19-20 from FY18-19;
    - ii. Sunk costs associated with earlier, aborted design effort (\$125k), added back, per earlier Board direction, to re-establish the originally approved budget of \$1.2M;
  - c. Rodeo Stadium Infrastructure Improvements: \$200k of construction work is now planned to occur in FY19-20 (after the 2019 Rodeo);
  - d. May Nissen Pool Renovation: \$300k in spend moved to FY19-20 to better coordinate with the timing of the current RLCC Aquatics Center Renovation project;
  - e. Shade Structures at various parks: added \$264k to extend funding to allow for approximately four playgrounds a year through FY20-21;

- f. Savings of \$131k for the completed Sycamore Grove Arroyo Del Valle Trail Renovation project are reflected;
  - g. Spending plans identified for Asset Management High Priority Projects that have not been attached to a specific, approved, project plan have been eliminated (\$1.969M for FY18-19 and FY19-29 combined);
  - h. Spending plans for Ravenswood's porch and fifth roof that have been updated based on more current information and which have been approved by the Board earlier this year are reflected (\$95k).
  - i. Per earlier Board approval, spending plans (\$61k) for miscellaneous ESS building maintenance activities have been eliminated from the CIP budget as they are more properly reflected in operating budget plans.
2. Every two years, the City of Livermore, with whom the District shares AB1600 funds, updates its CIP Budget; LARPD's plans for AB1600 fund usage are incorporated in the City's bi-annual budgeting process.
- a. **Attachment B** provides an updated view of LARPD's planned use of AB1600 funds, including spending plans for current projects that are consistent with Attachment A.
  - b. A note re: Funding Sources
    - i. AB1600: developer fees shared by the District and the City of Livermore – to be used for public parks and intended for capital improvement programs in response to development projects that will impact service levels for public infrastructure, which includes, but is not limited to, park and recreation infrastructure. AB1600 allows for reimbursement of costs incurred to address increased demand for public facilities reasonably attributed to development projects in order to: a) refurbish existing facilities to maintain the existing level of service, or b) achieve an adopted level of service that is consistent with the City's General Plan.
    - ii. General Fund
      - 1. Committed reserve funds that are targeted for CIP initiatives that do not meet the criteria for AB1600 or other funding sources (targeted funds such as grants and trusts).
    - iii. Trusts and Grants
      - 1. Typically establish specific spending guidelines for use (e.g. Buckley Trust).
