

**APPEAL INFORMATION for
FINAL ORDER V 25-02**

Notice Date: 5/15/2025

Applicant: Daniel Honeycutt dhon9206@gmail.com

Appeal Due Date: 5/23/2025

- Planning Commission**, for appeal of an administrative decision; file this appeal in the Land Development Services office, 445 Port Ave St. Helens, OR 97051. The appeal must be filed within 12 calendar days of the above Notice Date, the date this notice was mailed to the applicant and to other persons entitled to notice. The appeal must be accompanied by the appropriate appeal fee.
- Board of County Commissioners**, for appeal of this Planning Commission decision; file this appeal in the Office of the County Clerk, second floor, Courthouse Annex, St. Helens, OR 97051. The appeal must be filed within 7 calendar days of the above Notice Date, the date this notice was mailed to the applicant and to other persons entitled to notice. The appeal must be accompanied by the appropriate appeal fee.
- Land Use Board of Appeals (LUBA)**, for appeal of this Planning Commission or Board of Commissioner decision. File a Notice of Appeal with the Land Use Board of Appeals; PUC Building, 550 Capitol Street NE, Salem, OR 97310. The appeal must be filed with the Land Use Board of Appeals within 21 calendar days of the above Notice Date, the date this notice was mailed to the applicant and to other persons entitled to notice.

Attached is the FINAL ORDER on the application listed above. This decision, or any part of it, or any condition attached to it, may be appealed to the **Appeal Body** noted above.

If a local appeal is filed, and after notice is given to those persons entitled to notice, a public hearing will be held by the Appeal Body at its earliest available regular meeting. At the hearing, all interested parties will have an opportunity to appear and be heard.

The applicant and other interested persons should contact the Planning Department after the applicable appeal period has run to determine whether an Appeal has been filed. Applicants are cautioned against beginning development if an Appeal has been filed.

PLEASE NOTE: An appeal may be filed only by persons who appeared in person or in writing before the Planning Department, the Planning Commission, or the Board of County Commissioners. You have "appeared" if you supplied information or argument in favor of or opposed to the application listed above.

If any of the above is not clear, or you have questions or require additional information, please contact Jack Niedermeyer at (503) 397-7217.

**BEFORE THE COLUMBIA COUNTY
PLANNING COMMISSION
ST. HELENS, OREGON**

In the matter of an application for Daniel Honeycutt)
Major Variance (V 25-02 to the minimum 50' setback for)
a detached 1,152 sq ft accessory structure in the Primary)
Forest (PF-80) Zoning District to be located 30' from the)
side property line.)

**FINAL ORDER
V 25-02**

This matter came before the Columbia County Planning Commission on the application Daniel Honeycutt for a Major Variance that will allow a detached accessory structure to be permitted 30' instead of 50' from the side property line. The subject 2.32-acre PF-80 property is located off Bodine Road in Clatskanie and is further described per the County Assessor's records as Tax Map Identification Number 8330-00-00102 and Tax Account Number 28017.

Notification of this request was sent to affected County and other agencies, the Clatskanie-Quincy CPAC, and neighboring property owners. A public hearing was held on May 5, 2025 where the Planning Commission heard testimony from the applicant and one adjacent property owner. On April 22, 2025 and May 3, 2025 the adjacent property owner submitted additional objections to V 25-02 which were entered into the record and forwarded to all Planning Commission members which they considered at the May 5, 2025 public hearing.

After considering all oral and written testimony and materials, the Columbia County Planning Commission hereby adopts the findings, conclusions and conditions contained in the staff report, incorporates them herein by reference, and **APPROVES V 25-2**, subject to the following conditions:

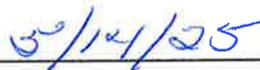

CONDITIONS OF APPROVAL:

1. This variance shall become void if the applicant does not pay for and complete the necessary agriculture exempt permits for the existing accessory structure to Land Development Services within **one year** of the final decision for V 25-02.
2. The applicant shall complete Agriculture Exempt Permit Number 192-24-000406-AGE for this non-habitable accessory structure. This includes removing any remaining plumbing features except hose bibbs.
3. The applicant shall file a notarized Building Permit Exemption Covenant with the County Clerk. This deed restriction will run with the land and require it to be used solely as an agricultural or forestry building as defined by ORS 455.315(2)(a). A copy of this recorded document shall be filed with Land Development Services.

4. The applicant shall obtain Road Access Permit(s) from the County Department of Public Works for all of the site's access points to Bodine Road. Copies of said issued permit(s) shall be filed with Land Development Services.
5. The responsibility for protection from wildlife damage on the property shall be assumed by the dwelling's owner and/or occupant.
6. The Department of Land Development Services reserves the right to review this application again in the future if it determines that the approved accessory structure is in noncompliance with any of the conditions of approval herein. Any departure from ordinance regulations or conditions of approval established herein shall be subject to review and possible suspension or revocation in accordance with the procedures of the Columbia County Zoning Ordinance.

COLUMBIA COUNTY PLANNING COMMISSION

**COLUMBIA COUNTY PLANNING COMMISSION
STAFF REPORT**

April 21, 2025

Major Variance to Setback in the PF-80 Zone

HEARING DATE: May 5, 2025

FILE NUMBER: V 25-02

PROJECT PLANNER: Deborah S. Jacob, Senior Planner

**APPLICANT/
OWNER:** Daniel Honeycutt, 79943 Bodine Road, Clatskanie, OR 97016
Dhon9206@gmail.com

PROPERTY LOCATION: Although the subject property is addressed at 79943 Bodine Road, this residence burned down in 2012 and was never rebuilt.

TAX MAP ID: 8330-00-00102

TAX ACCOUNT NO.: 28017

ZONING: Primary Forest (PF-80)

PROPERTY SIZE: Approximately 2.32 acres

REQUEST: The applicant is requesting a variance to the minimum 50' setback for a detached 1,152 sq ft accessory structure in the PF-80 Zoning District that is 30', instead of the required 50', from the side property line.

APPLICATION COMPLETE: 3/13/2025

150 DAY DEADLINE: 8/10/2025

APPLICABLE CRITERIA:

<u>Columbia County Zoning Ordinance</u>		<u>Page</u>
Section 503	Primary Forest - Permitted Uses	5
Section 509	Primary Forest – Standards of Development	5
Section 1504	Variances	7

SUMMARY:

The applicant has submitted an application for a Major Variance to the side yard setback standards as required in Section 509.6(A) of the Columbia County Zoning Ordinance requiring all structures to maintain 50' setbacks from all property lines in the Primary Forest (PF-80) Zone. The submitted request, if approved, will authorize this already constructed 1,152 sq. ft. garage/storage structure that was rebuilt without permits about 13 years ago when the residence addressed at 79943 Bodine Road burned down and has yet to be replaced according to the submitted application and County

Assessor records. Land Development Services (LDS) has had an open case (192-20-000298-NVST) for this unpermitted structure 2020; the submittal, review and approval V 25-02 is the first step in bringing this structure into compliance with the CCZO and the Oregon Building Code. The approval of V 25-02 will, in turn, authorize the County Building Official and the County Sanitarian to review the applicant's 10/22/2024 submittal of Agriculture Exempt Permit (192-24-000406-AGE) for compliance with the applicable provisions of the Oregon Building and Fire Codes for this accessory structure that is not intended or authorized for residential living.

The applicant is requesting this variance stating that *"I would like to get the shop permitted to be in compliance. The terrain and natural springs would make it very difficult to relocate this shop."*

The Columbia County Public Works Department submitted comments and stated that they will require the applicant to obtain a Road Access Permit for every access point onto the property from Bodine Road. One condition of approval will be for the applicant to obtain said permit(s) from Public Works and provide Land Development Services (LDS) with copies. Bodine Road is an existing County Road with a 40' right-of-way which bisects the subject tract as shown on the submitted Site Plan and Aerial view on Pages 3 & 4. Likewise, the County Building Official and Land Use Compliance Specialist attached comments indicate that that the applicant will need to complete the Agriculture Exempt Permit (192-24-00406-AGE) process which includes payment of fees as well as obtaining any related electrical, mechanical and/or plumbing permits in compliance with the applicable provisions of the Oregon Building and Fire Codes.

The Clatskanie Quincy Beak Map shows that this property is located in a Peripheral Big Game Habitat Area but does not contain any sensitive or endangered species, or hydric soils. The Soil Survey of Columbia County, OR identifies the subject property's soils consist of Dowde silt loam (Type 19E) and Goble silt loam (Type 23C) with slopes between 10% - 60%. Both of these soil types are well suited for timber production since its growth at the culmination of the mean annual increment (CMAI) for Douglas-fir are respectively, 158 and 183 cubic feet per acre for 60-year-old trees.

All existing site development is located in the central portion of the 2.32 acre subject tract. waterways. Emergency services are provided by the Clatskanie Rural Fire District and the Columbia County Sheriff. The remainder of this report will discuss the extent to which this Variance proposal conforms to the applicable criteria listed in the Columbia County Zoning Ordinance.

step in bringing this structure into compliance with the CCZO and the Oregon Building Code. The approval of V 25-02 will, in turn, authorize the County Building Official and the County Sanitarian to review the applicant's 10/22/2024 submittal of Agriculture Exempt Permit (192-24-000406-AGE) for compliance with the applicable provisions of the Oregon Building and Fire Codes for this accessory structure that is not intended or authorized for residential living.

The applicant is requesting this variance stating that *"I would like to get the shop permitted to be in compliance. The terrain and natural springs would make it very difficult to relocate this shop."*

The Columbia County Public Works Department submitted comments and stated that they will require the applicant to obtain a Road Access Permit for every access point onto the property from Bodine Road. Work that deviates from this site plan shall be formally documented and approved through submission of a site plan amendment prior to commencing such work.

Views of existing structure's 30' primary firebreak

REVIEW CRITERIA:

The following sections of the Columbia County Zoning Ordinance (CCZO) apply to this application:

Section 500 PRIMARY FOREST ZONE - 80 PF-80

501 .1 Purpose. The purpose of this zone is to retain forest land for forest use and to encourage the management of forest land for the growing, harvesting, and processing of forest crops consistent with the Oregon Forest Practices Act. Uses in this zone will also provide for other forest uses including watershed protection, soil protection, maintenance of clean air and water, wildlife and fisheries habitat, outdoor recreation activities, open space and scenic preservation, and agricultural

activities free from the encroachment of conflicting non-forest uses and influences.

503 Permitted Uses. The following uses are permitted in the Primary Forest Zone:

- .1 Forest operations or forest practices including, but not limited to, reforestation of forest land, road construction and maintenance, harvesting of forest tree species, application of chemicals, and disposal of slash.
- .2 Farm Uses as defined by ORS 215.203 except marijuana and psilocybin-producing fungi growing and producing.

509 Standards of Development

.6 Setbacks:

A. There shall be a minimum setback of 50' for front, side, and rear yards for all development in the Primary Forest Zone.

[...]

F. The owner shall provide and maintain primary fuel-free fire break and secondary fire break areas on land surrounding the dwelling and primary fuel-free break areas surrounding accessory structures in the Primary Forest Zone pursuant to the provisions in Subsections 510.2 and .3.

Finding 1: The applicant is requesting approval to legalize the unpermitted construction of a detached garage/ storage structure that was built after the property's residence burned down in 2012. As mentioned in the Summary, there is no authorized residence on this property that has been reviewed and approved by Land Development Services. Nevertheless, forest operations/forest practices and farm uses as defined in ORS 215.203 are permitted on PF-80 zoned properties that are not residentially developed. ORS 215.203 states, "... *Farm use*" includes the on-site construction and maintenance of equipment and facilities used for the activities described in this subsection. The applicant describes the garage/storage structure's present use is "to store and service my forestry equipment, skidders, bulldozer, tractor." Staff finds the applicant will be authorized to legalize this unpermitted structure by completing his submitted Agriculture Exempt Permit after the Planning Commission reviews and approves V 25-02 Application approving its location at 30' instead of 50' from the east side property line required in Section 509.6(A) of the CCZO.

The Site Visit pictures on Pages 2 & 5 demonstrate the applicant has already established the required 30' primary firebreak buffers pursuant to CCZO Section 509.6(F), the OAR 660-006-0035 and the March 1991 Recommended Fire Siting Standards for Dwellings & Structures & Fire Safety Design Standards for Roads, published by the Oregon Department of Forestry.

If approved, this Major Variance will allow the applicant to apply for all necessary Agriculture Exempt related electrical, mechanical, and/or plumbing permits that the County Building Official will review and approve for compliance with the Oregon Building and Fire Codes. Because Septic Permit Numbers 192-24-000531-INQY and 192-25-000208 INQY have been approved for the abandonment of 2 unauthorized septic tanks, the completion of Agriculture Exempt

Permit # 192-24-000406-AGE will also require a plumbing permit for the necessary removal of all existing plumbing features, except any hose bibbs, from this accessory structure that cannot be lived in.

Staff finds the uses of the detached garage/storage structure are permitted uses in the PF-80 Zone provided the Planning Commission approves its location being 30', instead of 50', from the side property line as required in Section 509.6(A) and the applicant complete the Agriculture Exempt Permit process with LDS in compliance with the Oregon Building Code.

Continuing with Section 1504 of the Columbia County Zoning Ordinance:

1504 VARIANCES: Except as provided in Section 1504.4 below, there are 2 classes of variances to the standards established in this ordinance. A Minor Variance is defined as a request for a variance of less than 25% from a dimensional requirement such as setbacks, height, lot or parcel coverage, lot or parcel width, or lot or parcel depth, or a request for a variance of less than 10% from a minimum lot or parcel size requirement. All other variances are defined as Major Variances. Use variances are not permitted under this ordinance except as permitted under Section 1505.1 "Temporary Permits: Use Not Allowed in District".

- .1 Major Variances: The Planning Commission may permit and authorize a variance from the requirements of this ordinance when unusual circumstances cause undue hardship in the application of it. The granting of such a variance shall be in the public interest.

Finding 2: This variance request meets the Major Variance definition in Section 1504 since the requested 30' setback will vary the minimum 50' setback by 40%. On March 13, 2025 the applicant submitted a complete Major Variance Permit Application with the processing fee to Land Development Services (LDS) in compliance with the requirements in Section 1504.1 of the CCZO. On March 13, 2025, LDS notified adjoining property owners and affected government agencies with Notice of the May 5, scheduled Public Hearing and Referral and Acknowledgement of the proposal requested for V 25-02. As of the date of this report, none of these notified neighbors or affected agencies have submitted any objections to the requested proposal. For these reasons, Staff finds the requirements in Section 1504.1 have been satisfied.

Continuing with the Columbia County Zoning Ordinance Section 1504.1(A):

A. A variance shall be made only when all the following conditions and facts exist:

1. The granting of the variance will not be detrimental to the public safety, health, or welfare, or injurious to other property;

Finding 3: The granting of this variance should not be detrimental to the public safety, health or welfare or injurious to other properties because this variance will authorize the construction of the unpermitted accessory structure and allow the County Building Official to review this structure for compliance with the applicable provisions of the Oregon Building and Fire Codes. The applicant states this purpose as well when he states "*I would like to get the shop permitted to*

be in compliance. If granted, the variance will be the next step in bringing the property into compliance.”

The Columbia County Public Works Department attached comments state the applicant will be required to obtain an access permit for every access point onto the property. Proof of these obtained accesses shall be submitted to LDS as one condition of approval for V 25-02.

The County Sanitarian attached comments confirm she has no objection to this proposal. These comments also state that “*area to the west, where setbacks could be achieved, does exhibit challenging topography and extremely wet conditions due to springs and a high water table.*” LDS records also confirm that unauthorized septic tank(s) installed for this structure has been abandoned with the approval of 192-24-00538 and 192-25-00208.

The County Building Official’s attached comments also state that the applicant will be required to obtain the following as a condition of approval:

- Building plans for the structure with engineered plans, including obtaining permits for electrical, mechanical and plumbing **OR**
- An agricultural exempt permit for the detached accessory structure it is prohibited from having any living quarters and requires obtaining permits for electrical, mechanical and plumbing fixtures.

The Site Visit picture on Pages 2 & 5 demonstrate the applicant has already established the required 30’ primary firebreak buffers pursuant to OAR 660-006-0035 and the March 1991 Recommended Fire Siting Standards for Dwellings & Structures & Fire Safety Design Standards for Roads, published by the Oregon Department of Forestry.

With the Planning Commission's approval of V 25-02, staff finds that the County will be able to process and review the necessary building plans or agriculture exempt permit for this detached structure for compliance with the applicable provisions of the Zoning Ordinance as well as of the Oregon Building and Fire Codes.

With these conditions of approval, staff finds that this proposal will not be detrimental to the public safety, health, or welfare, or injurious to other property satisfying this criterion in Section 1504.1A(1).

Continuing with the Columbia County Zoning Ordinance Section 1504.1(A):

2. The conditions upon which the request for a variance is based are unique to the property for which the variance is sought and are not applicable generally to other property;

Finding 4: The unique conditions of this property are attributed to its physical and natural characteristics pertaining to challenging topography and springs leading to extremely wet conditions for portions of the site where this setback could be achieved. The applicant also states that the property’s 200’ width contributes to inability to locate it within the required setbacks because of steep slopes and natural springs/wetness both of which contribute to the

necessity of the requested V 25-02 Application. Although it is not unusual for PF-80 zoned properties to contain steep slopes and natural springs/extremely wet soils, the subject property's substandard 2.42-acre size, is another unique characteristic that limits the applicant's ability to safely construct this resource-related accessory structure.

With these site specific characteristics and related building permit requirements covered for Finding 3, staff finds that the proposal requested for V 25-02 is consistent with the purposes of the PF-80 Zone and the Oregon Building and Fire Codes of permitting resource-related structures to be constructed in compliance with all applicable land use and building code requirements. For these reasons, staff finds the criterion in Section 1504.1(A) (2) has been met.

Continuing with the Columbia County Zoning Ordinance Section 1504.1(A):

3. Approval of the application will allow the property to be used only for purposes authorized by the Zoning Ordinance;

Finding 5: As covered in Finding 1, ORS 215.203 identifies that farm uses “*includes the on-site construction and maintenance of equipment and facilities used for the activities described in this subsection.*” The applicant describes the garage/storage structure's present use is “*to store and service my forestry equipment, skidders, bulldozer, tractor and it will be a dry building without any plumbing.*” In addition, conditions of approval will require the applicant to complete the submitted Agriculture Exempt Permit Number 192-25-000406-AGE for this non-livable accessory structure which the County Building Official must approve for compliance with the Oregon Building Code. Because the unpermitted septic tanks have been decommissioned, the necessary plumbing permit will remove this all plumbing fixtures except hose bibbs. The applicant will also be required to obtain Road Access Permits for all points of access to the subject property as another condition of approval.

Finally, the applicant's Agriculture Exempt Permits will require him to file a notarized **Building Permit Exemption Covenant** with the County Clerk stating that this structure will be used solely as an agricultural or forestry building as defined by ORS 455,315(2)(a).

With the Planning Commission's approval of V 25-02 and these conditions of approval, staff finds the detached garage/storage structure can be legalized as an authorized permitted use on the Primary Forest zoned property in compliance with this criterion in Section 1504.1(A) (3).

Continuing with the Columbia County Zoning Ordinance Section 1504.1(A):

4. Strict compliance with the Zoning Ordinance would create an unnecessary hardship;

Finding 6: As stated in Finding 4, strict compliance with the Zoning Ordinance would create an unnecessary hardship for the applicant by requiring him to relocate this accessory structure. Potential relocation in order to construct it at least 50' away from the east property line appears to be limited due to the site's steep terrain, natural springs, and extremely wet soils.

With this site's specific natural limitations, staff finds that the proposal requested for V 25-02 is consistent with this criterion in Section 1504.1(A)(4) provided the applicant applies for, obtains and abides by the County Building Official's approval of the permitted accessory storage structure.

Continuing with the Columbia County Zoning Ordinance Section 1504.1(A):

5. The granting of the variance will not adversely affect the realization of the Comprehensive Plan nor violate any other provision of the Zoning Ordinance.

Finding 7: As stated in Finding 1, the accessory structure's proposed farm uses are permitted in the PF-80 Zone. The granting of this variance would not authorize any use that is not permitted by the Oregon Building or Fire Codes provided the applicant obtain all necessary building permits. Also, the applicant's request to vary the setbacks to the east side property line will not alter or violate any other provisions of these documents that guide how, where and why Columbia County can manage its growth and development. With conditions of approval already covered, staff finds that V 25-02 will be able to satisfy this criterion in Section 1504.1(A)(5).

Continuing with the Columbia County Zoning Ordinance Section 1504.1:

- B. A variance so authorized shall become void after the expiration of 1 year if the next step in the development process has not been applied for.

Finding 8: If this variance is approved, the applicant shall submit the required Building Plans/ Agriculture Exempt Permits, documentation and fees concurrent with the proposal submitted for V 25-02 to Land Development Services within 1 year of the final decision, or this approval will expire.

Continuing with the Columbia County Zoning Ordinance Section 1504.1:

- C. The Planning Commission may impose whatever reasonable requirements it feels will fulfill the intent of this ordinance.

Finding 9: The Commission may add conditions onto their decision if they deem any are necessary that have not been covered in this report.

COMMENTS:

County Building Official: The Building Official's comments have been incorporated into this report during the evaluation and analysis conducted for Finding 3.

Columbia County Public Works Department: No objections to the application's approval as submitted provided the applicant obtain Road Access Permits for all of the site's existing accesses to Bodine Road.

County Sanitarian: Submitted comments that have been incorporated into this report during the evaluation and analysis conducted for Finding 3. The County Sanitarian is also required to review and approve all structural permits prior to permit issuance.

Clatskanie Fire District: No comments have been received as of the date of this report.

Clatskanie-Quincy CPAC: No comments have been received as of the date of this report

Clatskanie PUD: No comments have been received as of the date of this report.

Columbia County Land Use Compliance Specialist: Submitted comments that the variance being granted would allow structure to remain and that additional building permits maybe needed.

No other comments have been received as of the date of this report.

STAFF COMMENTS, CONCLUSION AND RECOMMENDATION:

Based on the facts, findings, and comments herein, Planning Staff recommends that the Planning Commission APPROVE the applicant's request of a Major Variance (V 25-02) to the setback standards required in Section 509.6(A) for the subject PF-80 zoned property. This approval will allow the applicant to lawfully construct the existing detached garage/storage structure 30' from the east side property line, subject to the following conditions:

Conditions of Approval:

1. This variance shall become void if the applicant does not pay for and complete the necessary agriculture exempt permits for the existing accessory structure to Land Development Services within **one year** of the final decision for V 25-02.
2. The applicant shall complete Agriculture Exempt Permit Number 192-24-000406-AGE for this non-habitable accessory structure. This includes removing any remaining plumbing features except hose bibbs.
3. The applicant shall file a notarized Building Permit Exemption Covenant with the County Clerk. This deed restriction will run with the land and require it to be used solely as an agricultural or forestry building as defined by ORS 455.315(2)(a). A copy of this recorded document shall be filed with Land Development Services.
4. The applicant shall obtain Road Access Permit(s) from the County Department of Public Works for all of the site's access points to Bodine Road. Copies of said issued permit(s) shall be filed with Land Development Services.
5. The responsibility for protection from wildlife damage on the property shall be assumed by the dwelling's owner and/or occupant.

6. The Department of Land Development Services reserves the right to review this application again in the future if it determines that the approved accessory structure is in noncompliance with any of the conditions of approval herein. Any departure from ordinance regulations or conditions of approval established herein shall be subject to review and possible suspension or revocation in accordance with the procedures of the Columbia County Zoning Ordinance.

VARIANCE FACT SHEET

Variance Standards:

Please answer the following (attach extra pages if needed):

The following 5 requirements are from Section 1504.1A of the Columbia County Zoning Ordinance:

"A variance shall be made only when all of the following conditions and facts exist:

- 1. **The granting of the variance will not be detrimental to the public safety, health, or welfare, or injurious to other property;"**

1. State how the granting of your variance will not injure other property in the vicinity, nor be detrimental to the public safety, health or welfare:

The granting of this variance will not affect public or property: Health, safety, or welfare

- 2. **The conditions upon which the request for a variance is based are unique to the property for which the variance is sought and are not applicable generally to other property;"**

2. Describe the conditions, unique to the property (NOT the owner), over which you have no control, on which you base this variance request (parcel size, shape, location; topography; natural features; etc.):

The property is only 200' wide which gives 100' in the center to use. There is an easement that runs through property and a steep slope to the north the area leftover turns into a swamp in the wet season as natural springs emit from the ground

Approval of the application will allow the property to be used only for purposes authorized by the Zoning Ordinance;"

3. What uses or structures do you intend to place on the property?

A shop for maintenance / and or storage of equipment
This will be a dry building / no plumbing / etc

4. Strict compliance with the Zoning Ordinance would create an unnecessary hardship;"

4. Explain in detail the unnecessary hardship. This may be a personal or physical hardship, but it must arise out of the unique physical conditions on the property described in 2 above.

Denial of variance would mean I ~~do~~ have to demolish or move my shop as it has already been built in 2014 following a fire in 2012. Furthermore the terrain and natural springs would make it ~~a~~ very difficult if not impossible to move.

5. The granting of the variance will not adversely affect the realization of the Comprehensive Plan nor violate any other provision of the Zoning Ordinance."

5. Will this variance be consistent with the Comprehensive Plan and other requirements of the Zoning Ordinance?

If granted the variance it will be the next step in bringing the property into compliance

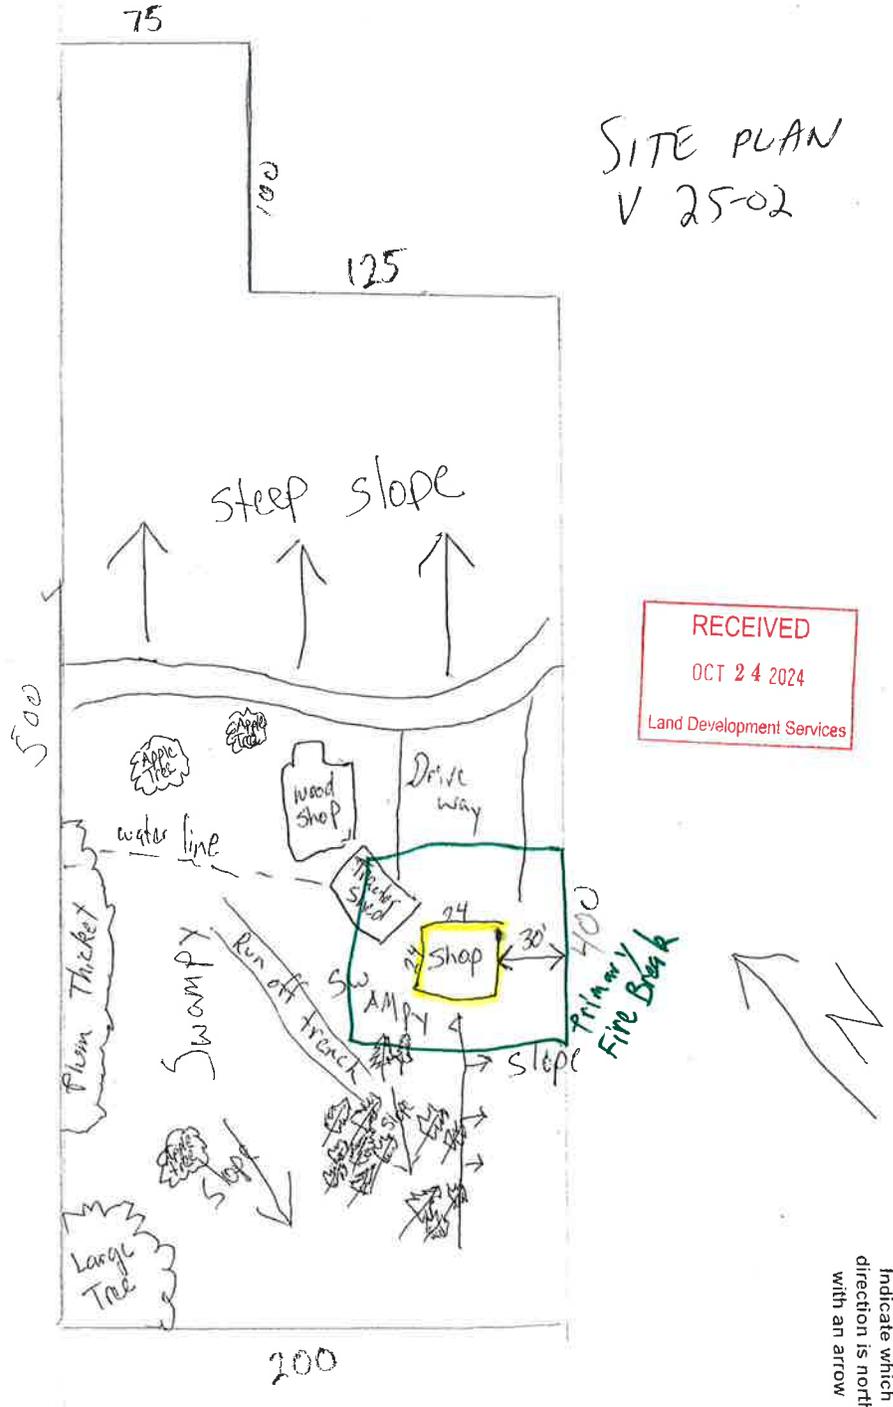

Please submit all of the following:

1. The attached "VARIANCE APPLICATION General Information".
2. Answers to the above questions.
3. A good measured sketch of your property, showing all existing structures, septic tanks and drain fields, large natural features, roads and driveways, property lines, easements, etc. Don't forget the North arrow and the scale of the drawing.
4. A vicinity map, with North arrow and scale.
5. The application fee.

Sanitation comments:

We have no objection to this proposal.

Additionally, based off of soils evaluation work performed on the site, I can attest that the area to the west (or where setbacks could be achieved) does exhibit challenging topography and extremely wet conditions due to springs and a high water table.

Applicant: Daniel Honeycutt
Map/Taxlot: 8330-00-00102
Site Address: 79943 Bodine Road, Clatskanie OR 97016
Zone: PF-80
Size: 2.32 Acres

NOTICE IS HEREBY GIVEN that Daniel Honeycutt has submitted a Major Variance application (V 25-02) requesting approval for a 30 foot, instead of the required 50 foot, side property line setback for an accessory structure pursuant to the applicable provisions in Section 500 and Section 1504 of the Columbia County Zoning Ordinance. The subject property is zoned Primary Forest (PF-80), contains 2.32 acres and is located at 79943 Bodine Road Clatskanie, OR.

Hearing Date: May 5, 2025 Please Return By: March 24, 2025 Planner: Deborah Jacob

SAID PUBLIC HEARING will be held before the Columbia County Planning Commission on May 5, 2025, starting at 6:30 p.m. at Columbia County Public Works, Healy Hall located at 1054 Oregon Street St Helens, OR 97051. Please join my meeting from your computer, tablet or smartphone. <https://meet.goto.com/880602597> You can also dial in using your phone. Access Code: 880-602-597 United States (Toll Free): 1 866 899 4679

The enclosed application is being referred to you for your information and comment. Your recommendation and suggestions will be used by the County Planning Department and/or the Columbia County Planning Commission in arriving at a decision. Your prompt reply will help us to process this application and will ensure the inclusion of your recommendations in the staff report. Please comment below.

1. We have reviewed the enclosed application and have no objection to its approval as submitted.
2. Please see attached letter or notes below for our comments.
3. We are considering the proposal further and will have comments to you by _____.
4. Our board must meet to consider this; we will return their comments to you by _____.
5. Please contact our office so we may discuss this.
6. We recommend denial of the application, for the reasons below:

COMMENTS: Applicant must obtain an access permit for every access point onto the property, see Ordinance 2006-4.

Lot size: _____ ~~50'~~ 30'

Setback: _____ front side _____ rear _____

Other: _____

PRESENT LAND USES: (farm, forest, bush, swamp, residential, etc.)

Use:	Approx. Acres
<u>This property is used to store and service my forestry equipment. Skidder, Bulldozer, and tractor & implements</u>	<u>2.32</u>

Total acres (should agree with above): 2.32

VARIANCE FACT SHEET

Variance Standards:

Please answer the following (attach extra pages if needed):

The following 5 requirements are from Section 1504.1A of the Columbia County Zoning Ordinance:

"A variance shall be made only when all of the following conditions and facts exist:

- 1. **The granting of the variance will not be detrimental to the public safety, health, or welfare, or injurious to other property;"**

1. State how the granting of your variance will not injure other property in the vicinity, nor be detrimental to the public safety, health or welfare:

The granting of this variance will not affect public or property: Health, safety, or welfare

- 2. **The conditions upon which the request for a variance is based are unique to the property for which the variance is sought and are not applicable generally to other property;"**

2. Describe the conditions, unique to the property (NOT the owner), over which you have no control, on which you base this variance request (parcel size, shape, location; topography; natural features; etc.):

The property is only 200' wide which gives 100' in the center to use. There is an easement that runs through property and a steep slope to the north the area leftover turns into a swamp in the wet season as natural springs emit from the ground

Approval of the application will allow the property to be used only for purposes authorized by the Zoning Ordinance;"

3. What uses or structures do you intend to place on the property?

A shop for maintenance / and or storage of equipment
This will be a dry building / no plumbing / elect

PROPOSED LAND USES: I would like to get the shop permitted to be in compliance with CAAP

WATER SUPPLY: Private well. Is the well installed? Yes No
 Community system. Name _____

METHOD OF SEWAGE DISPOSAL: Community Sewer. Name _____
 Not applicable.
 Septic System.

If Septic, does the subject property already have a system? Yes No
If no, is the property approved for a Septic System? Yes No

CONTIGUOUS PROPERTY: List all adjacent property you own with boundaries touching the subject property: None

Tax Acc't. No.	Acres	Co-owners (if any)
<u>n/a</u>		

CERTIFICATION:

I hereby certify that all of the above statements, and all other documents submitted, are accurate and true to the best of my knowledge and belief.

Date: 10-24-24 Signature: [Signature]

NOTE: Please attach an accurate detailed plot plan, including existing and proposed structures, septic tanks and drain fields, farm and forest areas, large natural features (e.g. cliffs, streams, ravines, etc.), roads and driveways, property lines, easements, etc.

Planning Department Use Only

Date Rec'd. 405490 Hearing Date: _____

Receipt No. 10/24/24 Of: Administrative _____

Zoning: PF-30 Staff Member: [Signature]

4. **Strict compliance with the Zoning Ordinance would create an unnecessary hardship;"**

4. Explain in detail the unnecessary hardship. This may be a personal or physical hardship, but it must arise out of the unique physical conditions on the property described in 2 above.

Denial of variance would mean I ~~to~~ have to demolish or move my shop as it has already been built in 2014 following a fire in 2012. Furthermore the terrain and natural springs would make it ~~to~~ very difficult if not impossible to move.

5. **The granting of the variance will not adversely affect the realization of the Comprehensive Plan nor violate any other provision of the Zoning Ordinance."**

5. Will this variance be consistent with the Comprehensive Plan and other requirements of the Zoning Ordinance?

If granted the variance it will be the next step in bringing the property into compliance

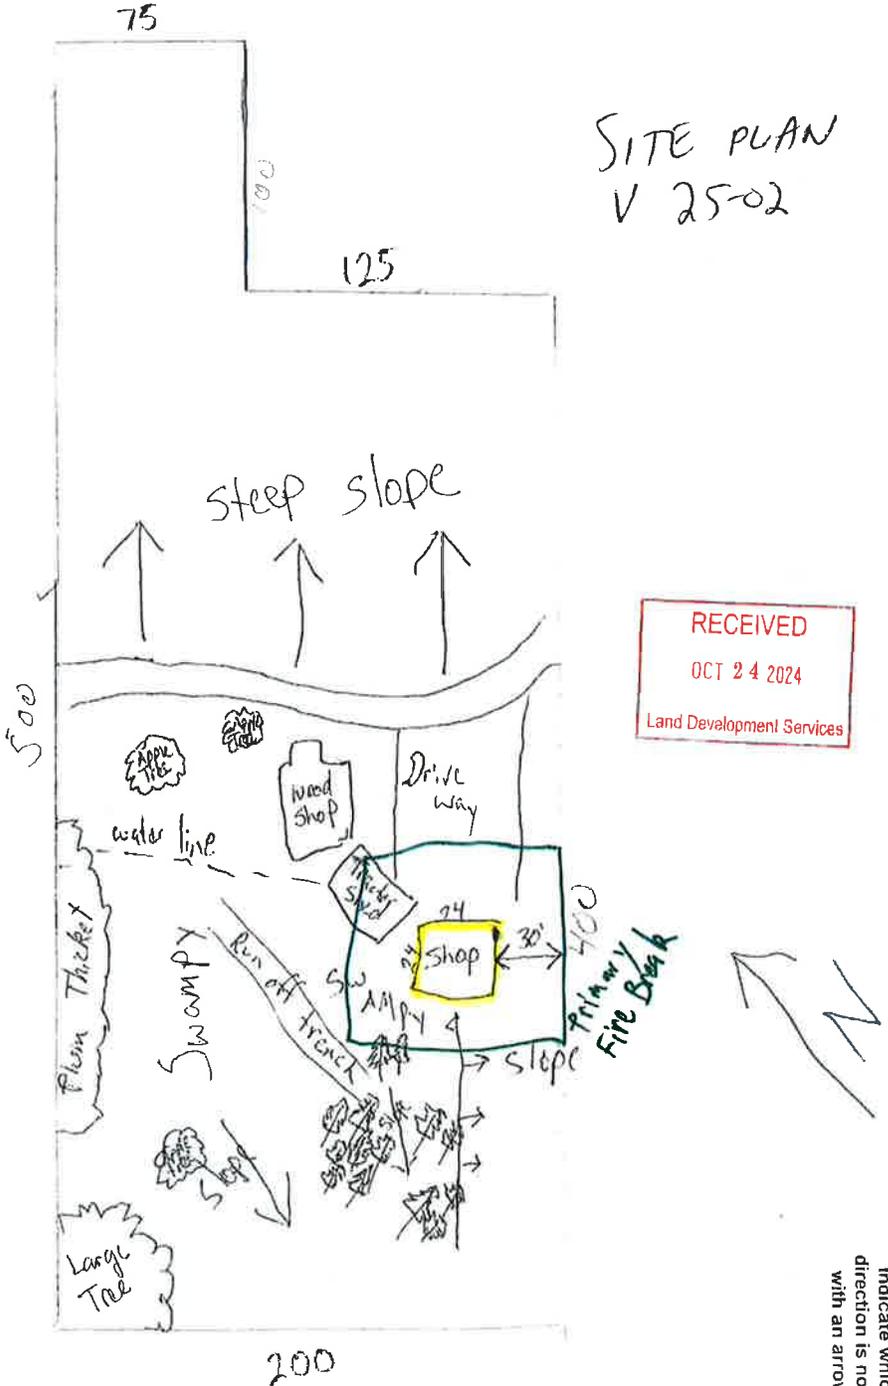

Please submit all of the following:

1. The attached "VARIANCE APPLICATION General Information".
2. Answers to the above questions.
3. A good measured sketch of your property, showing all existing structures, septic tanks and drain fields, large natural features, roads and driveways, property lines, easements, etc. Don't forget the North arrow and the scale of the drawing.
4. A vicinity map, with North arrow and scale.
5. The application fee.

Elizabeth E. Huser, County Clerk for Columbia County, Oregon
 Certify that the instrument described herein was recorded in the Clerk records.
 Elizabeth E. Huser - County Clerk

KNOW ALL BY THESE PRESENTS that Etsel Honeycutt Jr.

hereinafter called grantor, for the consideration hereinafter stated, does hereby grant, bargain, sell and convey unto Daniel Honeycutt hereinafter called grantee, and unto grantee's heirs, successors and assigns, all of that certain real property, with the tenements, hereditaments and appurtenances thereto belonging or in any way appertaining, situated in Columbia County, State of Oregon, described as follows (legal description of property):

IF SPACE INSUFFICIENT, CONTINUE DESCRIPTION ON REVERSE
 To Have and to Hold the same unto grantee and grantee's heirs, successors and assigns forever.
 The true and actual consideration paid for this transfer, stated in terms of dollars, is \$ 1000. However, the actual consideration consists of or includes other property or value given or promised which is part of the the whole (indicate which) consideration. (The sentence between the symbols Φ , if not applicable, should be deleted. See ORS 93.030.)
 In construing this instrument, where the context so requires, the singular includes the plural, and all grammatical changes shall be made so that this instrument shall apply equally to businesses, other entities and to individuals.
 IN WITNESS WHEREOF, grantor has executed this instrument on 11-6-20 at my signature on behalf of a business or other entity is made with the authority of that entity.

BEFORE SIGNING OR ACCEPTING THIS INSTRUMENT, THE PERSON TRANSFERRING FEE TITLE SHOULD INQUIRE ABOUT THE PERSON'S RIGHTS, IF ANY, UNDER ORS 195.300, 195.301 AND 195.305 TO 195.336 AND SECTIONS 5 TO 11, CHAPTER 424, OREGON LAWS 2007, SECTIONS 2 TO 9 AND 17, CHAPTER 655, OREGON LAWS 2009, AND SECTIONS 2 TO 7, CHAPTER 8, OREGON LAWS 2010. THIS INSTRUMENT DOES NOT ALLOW USE OF THE PROPERTY DESCRIBED IN THIS INSTRUMENT IN VIOLATION OF APPLICABLE LAND USE LAWS AND REGULATIONS. BEFORE SIGNING OR ACCEPTING THIS INSTRUMENT, THE PERSON ACQUIRING FEE TITLE TO THE PROPERTY SHOULD CHECK WITH THE APPROPRIATE CITY OR COUNTY PLANNING DEPARTMENT TO VERIFY THAT THE UNIT OF LAND BEING TRANSFERRED IS A LAWFULLY ESTABLISHED LOT OR PARCEL AS DEFINED IN ORS 92.010 OR 215.010. TO VERIFY THE APPROVED USES OF THE LOT OR PARCEL, AS DETERMINE ANY LIMITS ON LAWSUITS AGAINST TACKLING OR FOREST PRACTICES AS SET FORTH IN ORS 30.903, AND TO INQUIRE ABOUT THE RIGHTS OF NEIGHBORING PROPERTY OWNERS, IF ANY, UNDER ORS 195.300, 195.301 AND 195.305 TO 195.336 AND SECTIONS 5 TO 11, CHAPTER 424, OREGON LAWS 2007, SECTIONS 2 TO 9 AND 17, CHAPTER 655, OREGON LAWS 2009, AND SECTIONS 2 TO 7, CHAPTER 8, OREGON LAWS 2010.

MEMORANDUM

TO: Columbia County Planning Commission

Deborah S. Jacob
FROM: Deborah S. Jacob, Senior Planner

FILE NAME/NUMBER: Honeycutt V 25-02

DATE OF PUBLIC HEARING: May 5, 2025

After Staff prepared the April 21, 2025 Staff Report, Land Development Services received the attached letter dated April 22, 2025 from Diana M. Taylor in which she identifies her concerns related to V 25-02 pursuant to the public notice and hearing requirements in the ORS 197.797.

This Memorandum enters the April 22, 2025 letter from Diana M. Taylor into the record for V 25-02 for the Planning Commission to review and consider at the public hearing scheduled for May 5, 2025.

DIANA M. TAYLOR
P.O. Box 232
St. Helens, OR 97051

April 22, 2025

TO: Columbia County
Department of Land Development Services
445 Port Avenue
St. Helens, OR 97051

RE: File # V 25-02
Applicant/Owner: Daniel Honeycutt
Situs Address: 79943 Bodine Road, Clatskanie, OR 97016
Map/Tax Lot: 8330-00-00102
Tax Account: 28017
Zone: Primary Forest (PF-80)
Acreage: 2.32 acres

HEARING DATE: May 5, 2025

SUMMARY: I OBJECT to Daniel Honeycutt's Major Variance Application requesting a 30 foot side property setback for an accessory structure instead of the required 50 foot setback.

DISCUSSION:

The accessory structure which is the subject of the Applicant's application (hereinafter "Structure") was originally built without the necessary and required permits, and thereafter used as a residence by Applicant. It was never intended to be an "accessory" structure, and Applicant continued living in it long after County officials instructed him to vacate it. He has since moved out of it, and is now living in another unpermitted structure on a nearby parcel owned by the Bernice Honeycutt Trust.

Complaints regarding the Structure date back to at least September 28, 2018. In that written complaint, which was filed with the Department of Land Services, the reporting party states that "There have been 2 structures built with no permit. One of them is 2 story with living area. There are drain pipe coming from structure and there is no septic system and at times we smell raw sewage."

Other complaints may have been filed that I am not aware of. The next complaint that I am aware of is dated February 17, 2023 and was filed on the Land Use Compliance Complaint Form. That complaint states that "There are at least 5 dwellings on a parcel zoned for only 1 dwelling... The dwellings are not code-compliant as far as sewer, electrical, structural....No septic for at least 4 dwellings. Structures not built to code are unsafe."

Columbia County
Department of Land Development Services
April 22, 2025
Page Two

The first citations that were issued to Applicant regarding the Structure were dated March 10, 2023, and included the “unpermitted dwelling”, *i.e.*, the Structure. Additional citations have been issued to Applicant over the past 2 years, and to my knowledge, little has been done to correct any of the violations. When Applicant has appeared in the Columbia County Justice Court to address the citations, his explanation is that he lacks the necessary funds to correct the code violations.

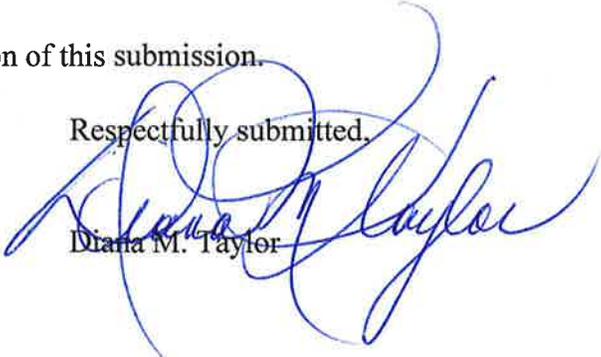

It appears that this application is an attempt to further stall compliance with the County’s land use ordinances. This application should be denied. The Applicant has had over 7 years to correct the code violations and has failed to do so.

If the Planning Commission should feel inclined to grant the application, I would respectfully request that:

1. The Applicant be given a hard, absolute deadline of 6 months from the May 5, 2025 Hearing, *i.e.*, November 5, 2025, to correct all code violations. No extensions should be allowed as the Applicant has already had 7 years to correct the code violations, and has failed to do so.
2. At the end of the 6 months, if Applicant has failed to correct all of the code violations to the satisfaction of County building officials, Applicant should be required to demolish the building. All debris should be disposed of properly, with the Applicant providing receipts to prove proper disposal.

Thank you for your consideration of this submission.

Respectfully submitted,

Diana M. Taylor

BUILDING PERMIT EXEMPTION COVENANT
(Agricultural Building/Forestry Building/Equine Facility)

THIS COVENANT, made this ____ day of _____, 20____, by and between _____ (owners) and Columbia County (County) in consideration of the County's issuance of agricultural, Forestry or Equine Exemption Approval No. _____, which is incorporated herein by this reference, for the placement of a structure on real property located in Columbia County, Oregon. The property is described as follows:

Attach Legal Description as "Attachment A"

Owners do hereby promise, and covenant as follows:

The structure proposed under Agricultural, Forestry or Equine Exemption Approval No. _____ located on the real property described above, and generally depicted on the plot plan attached as "Attachment B", will be used solely as an agricultural building, forestry building, or equine facility as defined by ORS 455.315(2)(a) or 455.315(2)(d), respectively (see below).

In farm zones, or land devoted to farm use in a mixed farm/forest zone, this agreement further serves as notice to the owners and all successors in interest that no change in use of the structure shall occur.

In forest zones, or land devoted to forest use in mixed farm/forest zone, this agreement further serves as notice to the owners and all successors in interest that an agricultural building authorized by ORS 455.315(2)(a) or 455.315(2)(d) may not be converted to another use.

This covenant will run with the land and is intended to and hereby binds owners, their successors, heirs, assigns and lessees.

ORS 455.315 Exemption of agricultural buildings, agricultural grading, and equine facilities. (1) Nothing in this chapter is intended to authorize the application of a state structural specialty code to any agricultural building, agricultural grading, or equine facility.

(2) As used in this section:

(a) "Agricultural building" means a structure located on a farm or forest operation and used for:

- (A) Storage, maintenance or repair of farm or forestry machinery and equipment;
- (B) The raising, harvesting and selling of crops or forest products;
- (C) The feeding, breeding, management, and sale of, or the produce of, livestock, poultry, fur-bearing animals or honeybees;
- (D) Dairying and the sale of dairy products; or
- (E) Any other agricultural, forestry or horticultural use or animal husbandry, or any combination thereof, including the preparation and storage of the produce raised on the farm for human use and animal use, the preparation and storage of forest products and the disposal by marketing or otherwise, of farm produce or forest products.

(b) "Agricultural building" does not mean:

- (A) A dwelling;
- (B) A structure used for a purpose other than growing plants in which 10 or more persons are present at any one time;
- (C) A structure regulated by the State Fire Marshal pursuant to ORS chapter 476;
- (D) A structure used by the public; or
- (E) A structure subject to sections 4001 to 4127, title 42, United States Code (the National Flood Insurance Act of 1968) as amended, and regulations promulgated thereunder.

(d) "Equine facility" means a building located on a farm and used by the farm owner or the public for:

- (A) Stabling or training equines; or
 - (B) Riding lessons and training clinics.
- (e) "Equine facility" does not mean:
- (A) A dwelling;
 - (B) A structure in which more than 10 persons are present at any one time;
 - (C) A structure regulated by the State Fire Marshal pursuant to ORS Chapter 476; or
 - (D) A structure subject to sections 4001 to 4127, Title 42, United States Code (The National Flood Insurance Act of 1968) as amended, and regulations promulgated thereunder.

In Witness Whereof, the owners have executed this instrument this day of _____, 20____.

May 2, 2025

TO: Columbia County
Department of Land Development Services
445 Port Avenue
St. Helens, OR 97051

RE: File # V 25-02
Applicant/Owner: Daniel Honeycutt
Situs Address: 79943 Bodine Road, Clatskanie, OR 97016
Map/Tax Lot: 8330-00-00102
Tax Account: 28017
Zone: Primary Forest (PF-80)
Acreage: 2.32 acres

HEARING DATE: May 5, 2025

SUMMARY: This is a **SUPPLEMENTAL OBJECTION** to Daniel Honeycutt's Major Variance Application requesting a 30 foot side property setback for an accessory structure instead of the required 50 foot setback.

DISCUSSION:

SEPTIC SYSTEM

As part of his application for a Major Variance, the Applicant submitted a Certificate of Existing Tank and/or System Abandonment bearing a Septic Permit Number of 192-24-000531-INQY. In this Certificate, the Applicant certifies that "the existing septic tank... was properly abandoned to State standards" and that the septic tank(s) were "backfilled in place with... soil". The residents on Bodine Road have not seen any equipment on the Applicant's property delivering dirt or backfilling the area(s) where the tanks are or were located.

Blue Heron does not decommission septic tanks. It is my understanding that decommissioning septic tanks must be done by licensed contractors who may be required to obtain permits or submit documentation to the County. There are no receipts attached to the Certificate from any licensed contractor who, the Applicant certifies, decommissioned the tank(s) by backfilling them with soil.

ITEM 4 ON VARIANCE APPLICATION - UNNECESSARY HARDSHIP

In his application for the Major Variance, the Applicant states that it would be an unnecessary hardship for him to "demolish or move [his] shop as it has already been built in 2014 following a fire in 2012". (*Sic*) The fire in 2012 involved a residence, not a shop.

Applicant built a structure, without applying for permits of any kind, which does not comply with electrical, plumbing, or structural codes. Applicant then resided in the upstairs portion of this structure. His plumbing was not connected to either septic tank, and raw sewage flowed out onto the ground and could be smelled by other residents living on Bodine Road. This created health and safety concerns for adjacent properties, particularly as all residents on Bodine Road obtain their water through wells. It is unknown what contaminants flowed into these wells that we use for drinking, bathing, washing laundry, and cooking.

It appears that the statements made in this section of the Variance Application are not completely accurate.

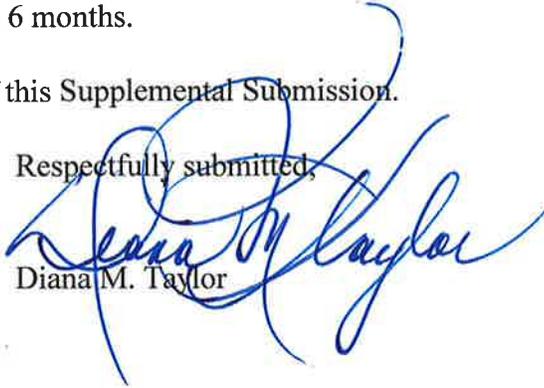

CONCLUSION

There are incorrect, unsubstantiated, and misleading statements in the application, so the application should be DENIED.

The Staff Report recommends that the Applicant be allowed to comply with all conditions and requirements within one year. Given the Applicant's misrepresentations and lack of transparency, continued knowing and willing violation of County code requirements, and the number of citations that have been issued to the Applicant over the years, and the Applicant's failure to correct the violations, IF the Commission is still inclined to grant the application, the compliance period should be no longer than 6 months.

Thank you for your consideration of this Supplemental Submission.

Respectfully submitted,

Diana M. Taylor
