- XV. Check for application fee as per fee structure. Check to include \$50 for final notice of Decision.
- XVI. Check for Escrow fee as per fee structure
 - a. Need to include Tax ID # or Social Security # of name on check

Narrative

The applicant is seeking to build a four-unit building over parking on the property known as 108 S. Victoria Avenue, also known as: Block: 12, Lot: 8.

The building design and number of units and parking spaces was previously granted variance relief pursuant to Resolutions Z-12 and Z-13 of 2011, copies of which are attached as part of the application. The applicant is now building a similar design with a similar footprint, but meeting the current building codes. The applicant would require, pursuant to the R-9 Overlay District, Major Site Plan approval and "C" variance relief as the property is now classified as a high-rise pursuant to the definitions of Ventnor.

The applicant believes that the property will satisfy both the positive and negative criteria as follows:

- a. With respect to the positive criteria, approval of the application will promote the free flow of traffic by providing eight off-street parking spaces.
- b. The approval will promote the general welfare by bringing the site into conformance with new fire, electric and plumbing codes of the City of Ventnor, and also brought into compliance with the FEMA regulations.
- c. The new structure will also be a significant aesthetic enhancement to the site.

With respect to the negative criteria, the applicant believes that the requested variance relief can be granted without substantial detriment to the public good and without substantially impairing the intent and purpose of the zoning ordinance for the following reasons:

- a. The applicant has designed this new facility in such a way to create a minimal impact on the surrounding properties.
- b. The proposed generous front yard, will maintain the view corridors to the beach and ocean of the neighboring properties.
