Cahill said to get a schedule to him and he would go over it with our temp rec director Birkbeck to lock in the dates. Question came up about softball programs, Cahill mentioned he had no idea about their schedules.

Also board member Cahill stated he thinks that members from Little league and football organization should be on the rec board. Another board member agreed they can be on the board as nonvoting members since a lot of things that are done on the board deal with their organizations and it would be a conflict., the board agreed. This is just idea.

The rec board is a 7-member board and currently there are 7 active members on the board.
