EXECUTIVE SUMMARY

The City of Ventnor has prepared this plan in response to the enactment of Assembly Bill 4 signed by the Governor in 2024. This legislation abolished the Council on Affordable Housing (COAH), the State agency responsible for administering and overseeing affordable housing plans. The legislation also amended affordable housing regulations as provided for in the Fair Housing Act (FHA) and set deadlines for municipalities for reporting and filing a Fourth-Round Housing Element and Fair Share Plan.

In accordance with the amendments to the FHA, Ventnor accepted the Department of Community Affairs' (DCA) calculations of the Municipality's Present Need and Prospective Need in a binding resolution 2025-070 on January 23, 2025 and on January 24, 2025 the City filed the resolution with the Affordable Housing Dispute Resolution Program ("the Program") through a Complaint for Declaratory Relief in accordance with the Administrative Office of the Courts' Directive #14-24 ("AOC Directive #14-24). On March 27, 2025, the Court issued an Order fixing Municipal Obligations for Present Need and Prospective Need for the Fourth-Round Housing Cycle for the municipality consistent with the DCA calculations: Present Need of 24 and Prospective Need as 14.

This plan provides for the Municipality's Fourth-Round affordable housing obligation as calculated by the DCA and fixed by the Courts. It also provides for the City's Prior-Round and Third Round obligations, as the City has not prepared any prior Fair Share Plans addressing their affordable housing obligations. Despite not participating in prior affordable housing rounds, the City believes it is prudent and presents good planning to prepare a plan as part of the newly adopted Fourth-Round rules and regulations.

The City's total obligation is 60 from prior rounds and the current fourth-round. The City lacks available vacant land to accommodate their total obligation. This plan provides for a vacant land adjustment with a realistic development potential of 3 which is fully satisfied. To address the unmet need of 57 the plan identifies existing credits and proposes an affordable housing set-aside ordinance to capture affordable housing units from future developments. Additionally, the City will adopt a new Development Fee Ordinance to fund an Affordable Housing Trust Fund. Those funds will be used to fund future affordable housing opportunities.

Over the years the regulations pertaining to each Round of Affordable Housing obligations have changed. In preparing the Fourth-Round components of the Fair Share Plan, the FHA as amended (N.J.S.A. 52:27D-310, et seq.), was followed. This Plan also follows the requirements of N.J.A.C. 5:93 where appropriate, as called for by the recent FHA amendments.

INTRODUCTION

Ventnor is one of Atlantic County's oceanfront communities, located between Atlantic City and Margate City. Incorporated in 1903 from a portion of Egg Harbor Township, the City consists of 3.5 square miles, including 1.95 square miles of land and 1.57 square miles of water. The primary land use in the City is residential including the neighborhoods of Ventnor Heights, St. Leonard's Tract, Ventnor Gardens and North Beach. Neighborhood commercial is focused along Dorset and Ventnor Avenues with larger scale commercial along Wellington Avenue as you enter the City from Route 322.

As a barrier island community, there are limited areas to accommodate any new development. The City is primarily focused on the redevelopment of existing properties and enhancing their existing neighborhoods. The City has a boardwalk, beaches, and a variety of commercial uses including the local businesses in North Beach, Downtown Ventnor, Downbeach and Dorset Avenue. These areas are balanced with the City's residential development which includes a variety of multi-family and single-family units.

In accordance with the amendments to the FHA, the City accepted the affordable housing obligations as calculated by the Department of Community Affairs (DCA) in a binding resolution 2025-070 on January 23, 2025 and filed the resolution on January 24, 2025 through a Complaint for Declaratory Relief Pursuant to AOC Directive #14-24. On March 27, 2025 the Court issued an order fixing Municipal Obligations for Present Need and Prospective Need for the Fourth-Round Housing Cycle for the City consistent with the DCA calculations: Present Need of 27 and Prospective Need as 14.

This Plan provides mechanisms to satisfy the City's cumulative affordable housing obligations.

AFFORDABLE HOUSING HISTORY IN NEW JERSEY

Affordable Housing has been embedded in New Jersey land use regulations and policy since the 1975 New Jersey Supreme Court decision, *Southern Burlington NAACP v Mount Laurel Township*, known as “Mount Laurel I.” Following a challenge to Mount Laurel’s zoning the New Jersey Supreme Court ruled that developing municipalities have a constitutional obligation to provide a variety and choice of housing types affordable to low- and moderate-income households. This decision formed the foundation of affordable housing planning and regulations in the State.

In 1983 New Jersey Supreme Court in *Southern Burlington County NAACP v. Mount Laurel Township*, 92 N.J. 158 (1983) or “Mount Laurel II” extended the constitutional obligation to all municipalities within a “growth area” as designated in the State Development Guide Plan. This decision also created an opportunity for builders to challenge municipal ordinances, in certain circumstances, for the right to build affordable housing on land that was not zoned to permit the use or density. This is what was termed a “Builder’s Remedy” for municipalities that did not provide for their constitutional obligation of affordable housing.

In response to Mount Laurel II, the State adopted the New Jersey Fair Housing Act in 1985 which created the Council on Affordable Housing (“COAH”) as an administrative alternative to litigation. COAH was charged with promulgating regulations to establish housing regions, estimate the state’s low- and moderate-income needs, and set criteria for municipal compliance through adopted housing elements and fair share plans.

COAH established a municipality’s first round affordable housing obligation for a period of six-years, from 1987 to 1993. The rules established by COAH created both a rehabilitation (present need) obligation and a new construction (prospective

need) obligation. In 1994, COAH adopted new regulations to address the second-round obligation for the period 1993 to 1999. These regulations also recalculated a portion of the municipal's first round obligation, creating a cumulative obligation from 1987 to 1999, and what is now called the "Prior Round" Obligation.

In 2004 COAH adopted rules and regulations for the Third Round, which defined the round from 1999 to 2014. These regulations changed the way in which COAH calculated a municipality's affordable housing obligation, moving from an absolute number based on available data to what the new regulations termed a "growth share" approach that linked affordable housing obligations to the construction of both residential and non-residential development in the municipality over the third-round time period. This was short lived as the New Jersey Appellate Division invalidated key elements of these rules, including the growth share approach to calculating affordable housing obligations, In re Adoption of N.J.A.C. 5:94 and 5:95, 390 N.J. Super 1 (App. Div. 2007). The Court ordered COAH to adopt new rules, which was completed in 2008. The new regulations maintained in large part the growth share approach and extended the third round from 2014 to 2018.

The 2008 regulations were challenged and in 2010 the Appellate Division, In re Adoption of N.J.A.C. 5:96 and 5:97, 416 N.J. Super. 462, upheld the COAH Prior Round regulations which assigned rehabilitation obligations. However, the Appellate Division invalidated the regulations pertaining to growth share and directed COAH to use similar methods that were set in the First and Second rounds. This decision was reviewed and upheld by the New Jersey Supreme Court in September of 2013 and ordered that COAH adopt new regulations on or before October 22, 2014. COAH failed to adopt the new regulations, and Fair Share Housing Center (FSHC) filed a motion in aid of litigant's rights with the New Jersey Supreme Court. The New Jersey Supreme Court issued a ruling on March 10, 2015, known as "Mount Laurel IV," which set the framework for the Third-Round affordable housing plans.

Mount Laurel IV transferred the responsibility to review and approve housing elements and fair share plans from COAH to designated Mount Laurel trial judges. This meant that municipalities would need to apply to the Courts if they wish to be protected from exclusionary zoning lawsuits. A shortfall in this decision remained as to how a municipal's affordable obligation would be calculated and left that to the trial courts, with the direction that the obligations be determined in a methodology which was similar to those used in the First and Second Round rules. The decision also directed municipalities to rely on COAH's Second Round rules at N.J.A.C. 5:93 as well as the Fair Housing Act (N.J.S.A. 52:27D-301 et seq) in preparing Third Round Housing Elements and Fair Share Plans.

FSHC was permitted to serve as an interested party in every municipal Declaratory Judgement Action. In determining an affordable housing obligation, FSHC calculated municipal affordable housing obligations, as did an expert for municipalities, and offered to settle with municipalities. Many municipalities entered into Court approved Settlements with FSHC, those that did not challenged the methodology used by FSHC to determine municipal obligations.

The Third Round, which began with COAH's 2004 rules identified the time period of 1999 to 2014. However, with COAH's stalemate in adopting regulations and the associated court challenges all cumulating past the initial third round period into the 2015 "Mount Laurel IV" decision, the third round was now identified as the period 2015 to 2025. This left a "Gap Period" of 1999 to 2015. In 2017 the New Jersey Supreme Court, In Re Declaratory Judgment Actions Filed By Various Municipalities, 227 N.J. 508 (2017), found that the "gap period," defined as 1999-2015, generates an affordable housing obligation. This obligation expanded the definition of the municipal Present Need obligation to include low- and moderate- income households

formed during the gap period as a component of the new-construction obligation rather than the rehabilitation obligation.

In 2018 an unpublished decision of the NJ Superior Court, Law Division, Mercer County was rendered I/M/O the Application of Municipality of Princeton, 480 N.J. Super 70 (Law Div. 2018), also known as the “Jacobson Decision”, which established a methodology for calculating municipal obligations in the Third Round under the Mount Laurel Doctrine. Although this decision is specific to Mercer County, Mount Laurel judges throughout the State have relied upon the Court’s decision in calculating Third Round affordable housing obligations¹. The decision came after many municipalities had entered into settlement agreements with FSHC which established a municipality’s affordable housing obligation.

While the Courts were addressing affordable housing policy and regulations, the State of New Jersey adopted two important pieces of legislation which shaped affordable housing policy. In 2008, Governor Corzine signed P.L. 2008. C.46 (referred to as “A500”, or the “Roberts Bill”) which amended the FHA. Key components of this bill include:

- Eliminating Regional Contribution Agreements (“RCA”) which allowed a municipality to transfer a portion of their affordable housing obligation to an identified receiving municipality.
- Establishing a statewide 2.5% nonresidential development fee instead of requiring nonresidential developers to provide affordable housing
- Created a very low-income affordable housing category and required at least 13% of all affordable housing units be restricted as very low-income housing units
- Required municipalities to commit to spend all collected development fees for affordable housing within four years of the date of collection.

¹ The Jacobson decision is also referred to in the 2024 FHA amendments providing that the decision “shall be referenced as to datasets and methodologies that are not explicitly addressed” in N.J.S.A. 52:27D-304.3 of the FHA.

The second piece of legislation was adopted in 2024. Governor Murphy signed P.L. 2024, c.2 (referred to as “A4”) which further amended the FHA and abolished COAH, transferring the oversight of a municipality’s Mount Laurel compliance to the courts. The legislation called for the establishment of “the Program” within the courts, which is an Affordable Housing Dispute Resolution Program meant to assist municipalities and interested parties in resolving their disputes prior to further litigation. Additional key components of the Act include:

- Giving responsibility to the DCA to provide non-binding calculations of municipal present and prospective need using the standards as provided for in the legislation
- Establishing monitoring deadlines for all affordable units and trust funds
- Establishing mechanisms and bonuses for a municipality to meet its affordable housing obligation
- Establishing the Fourth Round of affordable housing obligations from 2025 through 2035
- Establishing a deadline of June 30, 2025, for a municipality to file a Housing Element and Fair Share Plan in compliance with the new regulations to remain protected from an exclusionary zoning lawsuit.

This document has been completed to effectuate the requirements of the 2024 FHA amendments utilizing the affordable housing calculations as published by the DCA in October of 2024.

HOUSING ELEMENT

The 2024 amendments to the Fair Housing Act included changes to what a Housing Element is required to address. The following is required to be part of any newly adopted Housing Element pursuant to N.J.S.A. 52:27D-310-10:

- An inventory of the municipality's housing stock by age, condition, purchase or rental value, occupancy characteristics, and type, including the number of units affordable to low- and moderate-income households and substandard housing capable of being rehabilitated;
- A projection of the municipality's housing stock, including the probable future construction of low- and moderate-income housing, for the next ten years, taking into account, but not necessarily limited to, construction permits issued, approvals of applications for development, and probable residential development trends;
- An analysis of the municipality's demographic characteristics, including, but not necessarily limited to, household size, income level, and age;
- An analysis of the existing and probable future employment characteristics of the municipality;
- A determination of the municipality's present and prospective fair share of low- and moderate-income housing and its capacity to accommodate its present and prospective housing needs, including its fair share of low and moderate income housing;
- A consideration of the lands most appropriate for construction of low- and moderate-income housing and of the existing structures most appropriate for conversion to, or rehabilitation for, low and moderate income housing, including a consideration of lands of developers who have expressed a commitment to provide low and moderate income housing;

- An analysis of the extent to which municipal ordinances and other local factors advance or detract from the goal of preserving multigenerational family continuity as expressed in the recommendations of the Multigenerational Family Housing Continuity Commission;
- An analysis of consistency with the State Development and Redevelopment Plan, including water, wastewater, stormwater, and multi-modal transportation based on guidance and technical assistance from the State Planning Commission.

The following section of this report addresses each of the above referenced requirements.

A Note on the Data: The following statistics and demographic data are derived from one of the following sources.

2023 American Community Survey 5-year Estimates: *The most up to date information is the American Community Survey (ACS) estimates, which are generated between the decennial censuses. ACS figures are based on data collected over a 5-year period.*

NJ Building Permit Data: *NJ reports building permits and certificates of occupancy issued for each municipality on a monthly basis.*

Demographic Analysis

The City of Ventnor has seen a population decline over the past thirty years, with a 16% decrease in total population. The population began declining between 2000 and 2010, with a 2,260 person decrease. The City's population has continued to decline by an additional 1,440 persons from 2010 through 2020. The population numbers remain steady when reviewing the ACS 5 Year Estimate which provides a population of 9,220 persons. The decline in population does not correlate with a decline in housing units. Based on additional census data the City has seen an increase of seasonal housing units without a corresponding increase in housing units. The combination of the population decline and housing occupancy is shows a shift from year-round residents to seasonal population fluctuations and vacation rentals.

To see how the population has changed in terms of age it is helpful to look at the changes over time to the different age-cohorts. From 2000 to 2010 the City's young adult (Ages 25-34 and 35-44) population declined substantially with a total decline of 45% and 35% respectively over the last 30 years. The City has also seen a declines in the under 14 cohorts over the same period. Overall the City's 55-64 cohort has grown. The City's median age shows this change with an increase from 40.2 years in 1990 to 51.7 years in 2020, an increase of 11.5 years.

Unlike the decrease of population, the total housing units in the City have not declined at the same rate. Between 2000 and 2020 the total housing units increased by 112 units. The ACS 5 year estimates show a decrease of 84 new units since 2020, reporting an estimated 7,813 units. The changes in the total housing unit numbers does not correlate to the considerable population decline. This difference is better understood when looking at the changes to the occupancy of housing units over time.

The table below shows the total housing units from 1990 through 2020. The total housing units remains generally the same. However, when you look at the occupied housing units and vacant housing units the reason for the population decline becomes apparent. From 1990 to 2020 the total housing units reported as vacant and used seasonal has grown by 63%.

The State of New Jersey compiles reports of building permits issued for residential purposes which correlates with the census data and shows that there has not been a considerable net increase of housing units, but a rebuilding of units. Between 2014 and 2023 a total of 287 new units were built and 250 units were demolished, for a net increase of 37 new units. The tables below are sourced from the DCA Residential Development Viewer shows the total building permits and demolition permits issued for housing units in the Township from 2004 through 2023.

More than 60% of the total housing stock is fifty years of age or older. In general, the housing stock has a median room count of 5.9 per unit and 63% have 3 or more bedrooms per unit. In part because the City has seasonal housing units, there are 12 units estimated to lack complete plumbing facilities. There are 28 units lacking complete kitchen facilities. There are 70 units (1.5%) of the occupied units have no heating source. Seventeen units or 0.3% of all occupied housing units have more than 1.51 persons per room.

Affordable housing units are required to be priced to be affordable to low- and moderate-income families. Ventnor is located within Region 6 for the purposes of determining housing affordability. Income limits for households ranging from 1 person to 5 persons range from a household income of \$20,655 for a one-person low-income family up to an income of \$84,983 for a 5-person moderate income household. Household income reported in the City includes 35% of households with incomes which would fall into the affordable housing income levels.

Affordable Housing Obligation

A municipality’s affordable housing obligation is spread across different time periods. The most current obligation is related to the Fourth-Round. However, a municipality must also address any prior affordable housing obligations if they have not already been fully satisfied. The following reviews all components of Ventnor’s affordable housing obligation beginning in 1987 and extending through 2035.

The following table identifies the Municipality’s comprehensive affordable housing obligation:

Present Need (2025 Rehab Units)	24
Prior Round (1987-1999)	27
Round 3 (Jacobson*)	19
Gap (1999-2015)	19
Prospective (2015-2025)	0
Round 4 (DCA Calculations 2025-2035)	14
Total Obligation (New Units)	60
*Jacobson represents the 2018 Legal Decision on how to calculate affordable housing obligations in Round 3 which was incorporated into the 2024 legislation. This number was calculated by Econsult Solutions	

Present Need / Rehabilitation Component

The Present Need/Rehabilitation obligation is determined by estimating the existing deficient housing units currently occupied by low- and moderate-income households within the municipality, through the use of datasets made available through the federal decennial census and the American Community Survey, including the Comprehensive Housing Affordability Strategy dataset thereof. This figure was calculated by the Department of Community Affairs (“DCA”) based upon its interpretation of the standards of the Amended FHA. The City’s rehabilitation obligation is **24**.

Prior Round Component

The Prior Round obligation is the City's cumulative Round 1 and 2 affordable housing obligation for the years between 1987 and 1999. The City's Prior Round obligation is **27**.

Round Three Component

Pursuant to a settlement agreement dated August 4, 2017, by and between Ventnor and Fair Share Housing Center, the City's Third Round affordable housing obligation is **19** (per the Jacobson Decision as calculated by Econsult Solutions, including the "Gap Period" between 1999 and 2015). The Third Round Prospective Need includes the so-called "Gap Period Present Need," which is a measure of households formed from 1999-2015 that need affordable housing, created by the Supreme Court in In re Declaratory Judgment Actions Filed By Various Municipalities, 227 N.J. 508 (2017).

Round Four Component

The Fourth-Round affordable housing obligation extends from 2025 through 2035. This is considered the current Prospective Need, which is a projection of housing needs based on development and growth which is reasonably likely to occur in a municipality. The Fourth-Round prospective need was determined pursuant to methodology adopted by the state pursuant to the Fair Housing Act as amended in 2024.

On October 18, 2024, the Department of Community Affairs ("DCA") issued a report estimating the Fourth-Round affordable housing obligations for all municipalities based upon its interpretation of the standards of the Amended FHA.

The City of Ventnor adopted a binding resolution #2025-070 on January 23, 2025, committing to the DCA Fourth Round Prospective Need (New Construction) Obligation of **14**.

Vacant Land Adjustment

In accordance with the 2024 amendments to the FHA, the City has prepared a VLA which identifies any vacant contiguous parcels of land in private ownership which are of a size that would be suitable to accommodate five or more housing units. A VLA requires an inventory of vacant parcels, which was completed based on 2025 tax data. The municipality may exclude vacant contiguous parcels in accordance with the following as provided for under N.J.S.A. 52:27D-310.1:

- a) any land that is owned by a local government entity that as of January 1, 1997, has adopted, prior to the institution of a lawsuit seeking a builder's remedy or prior to the filing of a petition for substantive certification of a housing element and fair share plan, a resolution authorizing an execution of agreement that the land be utilized for a public purpose other than housing;
- b) any land listed on a master plan of a municipality as being dedicated, by easement or otherwise, for purposes of conservation, park lands or open space and which is owned, leased, licensed, or in any manner operated by a county, municipality or tax-exempt, nonprofit organization including a local board of education, or by more than one municipality by joint agreement pursuant to P.L.1964, c.185 (C.40:61-35.1 et seq.), for so long as the entity maintains such ownership, lease, license, or operational control of such land;
- c) any vacant contiguous parcels of land in private ownership of a size which would accommodate fewer than five housing units based on appropriate standards pertaining to housing density;
- d) historic and architecturally important sites listed on the State Register of Historic Places or National Register of Historic Places prior to the date of filing a housing element and fair share plan pursuant to section 3 of P.L.2024, c.2 (C.52:27D-304.1) or initiation of an action pursuant to section 13 of P.L.1985, c.222 (C.52:27D-313);

- e) agricultural lands when the development rights to these lands have been purchased or restricted by covenant;
- f) sites designated for active recreation that are designated for recreational purposes in the municipal master plan; and
- g) environmentally sensitive lands where development is prohibited by any State or federal agency, including, but not limited to, the Highlands Water Protection and Planning Council, established pursuant to section 4 of P.L.2004, c.120 (C.13:20-4), for lands in the Highlands Preservation Area, and lands in the Highlands Planning Area for Highlands-conforming municipalities.

A review of the tax records was conducted and all vacant and city owned parcels were reviewed to determine if the parcel met any of the above criteria for exclusion. The City utilized a housing density of 10 units per acre to determine if the lot was large enough to accommodate more than 5 dwelling units. This density is appropriate for the community given its State Planning Area designation as PA1 and based on the permitted densities in the development regulations. As such, only parcels which were greater than 0.50 acres of land were considered in creating a Realistic Development Potential (“RDP”). Additionally, the municipality may eliminate sites that are environmentally sensitive/constrained, active recreational lands; conservation, parklands and open space.

After accounting for exclusions, the parcels that were non-constrained, greater than 0.5 acres of land, and vacant, were compiled and applied a density of 10 units per acre to determine the City’s RDP. These parcels are included in the table below. This resulted in a total of two (2) parcels which create an RDP of 2.3 units. With a combined affordable housing obligation from the Prior, Third and Fourth Rounds of 60, this would result in the City having an RDP of 3 units (conservatively rounding upwards) and an unmet need of 57.

Land Use Analysis

The municipality has conducted an exhaustive review of all available vacant and underutilized parcels through their approved VLA. The City has given consideration to those sites which would be suitable for affordable housing purposes. With limited vacant land available, the only opportunities arise from the reuse or redevelopment of existing parcels. Recognizing this, the City will adopt ordinances which would provide for affordable housing units on sites which redevelop and provide new multi-family housing units.

Multigenerational Family Housing Analysis

In 2021 the FHA was amended to require an analysis of the extent to which municipal ordinances and other local factors advance or detract from the goal of preserving multigenerational family continuity as expressed in the recommendations of the Multigenerational Family Housing Continuity Commission. Currently there are no recommendations published from the Commission. The duties of the commission are:

“To prepare and adopt recommendations on how State government, local government, community organizations, private entities, and community members may most effectively advance the goal of enabling senior citizens to reside at the homes of their extended families, thereby preserving and enhancing multigenerational family continuity, through the modification of State and local laws and policies in the areas of housing, land use planning, parking and streetscape planning, and other relevant areas.”

A review of 2020 Census data shows that 3.3% of the occupied housing units in the City contain three plus generations of families. The City recognizes the needs of older residents who want to age in place or continue to live independently in the City where they raised their families. The City ordinances do not prohibit the creation of extra living space for family members, provided they are part of the same housekeeping unit.

Regional Planning Analysis

The Office of Planning Advocacy and the State Planning Commission are currently in the process of Cross Acceptance to adopt the 2024 State Development and Redevelopment Plan (SDRP). This is the first update to the 2001 SDRP. In both the 2001 and 2024 SDRP the developed portions of the City of Ventnor is completely within a Metropolitan State Planning Area (PA1). There are areas (primarily marshlands and water) located along the bay and the City’s western border which are within the Environmentally Sensitive (PA5) Planning Area.

The City of Ventnor is primarily built-out. The City has infrastructure for water and sewer and has approved stormwater management ordinances in accordance with the NJ DEP requirements. The City has access to public transportation through the New Jersey Transit bus services.

In the 2024 Draft SDRP the PA1 Planning Area is intended to

- *provide for much of the state's future growth in compact development and redevelopment;*
- *revitalize cities, towns and neighborhoods, and in particular overburdened neighborhoods;*
- *address existing legacy issues such as air pollution, urban heat islands, lead contamination, Brownfields, urban highways, and combined sewer systems;*
- *prevent displacement and gentrification;*
- *promote growth that occurs in Centers, other appropriate areas that are pedestrian friendly, and in compact transit-oriented forms;*
- *rebalance urbanization with natural systems;*
- *promote increased biodiversity and habitat restoration;*
- *stabilize and enhance older inner ring suburbs;*
- *redesign and revitalize auto oriented areas;*
- *protect and enhance the character of existing stable communities.*

The City does not have vacant land that can be developed, all development is rooted in the reuse and redevelopment of previously utilized properties. The City continues to look at their zoning to encourage the redevelopment and improvement of older facilities and properties while balancing the character of their community.

FAIR SHARE PLAN

A Fair Share Plan (FSP) is prepared to address how a municipality intends to meet their constitutional affordable housing obligations. The FSP identifies the affordable housing obligations, projects that have been completed, proposed mechanisms to meet the affordable housing obligations, and addresses the requirements of the FHA and affordable housing regulations applicable to each set of obligations, including N.J.A.C. 5:93 and N.J.A.C. 5:80 where applicable.

Affordability Requirements

Affordable housing is defined under New Jersey's Fair Housing Act as a dwelling, either for sale or rent that is within the financial means of households of low or moderate income as income is measured within each housing region. The City of Ventnor is in Region 6, which includes Atlantic, Cape May, Cumberland and Salem counties. Moderate-income households are those earning between 50% and 80% of the regional median income. Low-income households are those with annual incomes that are between 30% and 50% of the regional median income. As required by the amended FHA (Roberts bill), there is also included a very low-income category, which is defined as households earning 30% or less of the regional median income.

Through the Uniform Housing Affordability Controls (hereinafter "UHAC") at N.J.A.C. 5:80-26.3(d) and (e), which were amended by "emergency" in December 2024, the maximum rent for a qualified unit be affordable to households that earn no more than 60% of the median income for the region. The average rent must be affordable to households earning no more than 52% of the median income. The maximum sale prices for affordable units must be affordable to households that earn no more than 70% of the median income. The average sale price must be affordable to a household that earns no more than 55% of the median income.

The regional median income is defined using the federal Department of Housing and Urban Development (“HUD”) income limits on an annual basis. In the spring of each year HUD releases updated regional income limits. It is from these income limits that the rents and sale prices for affordable units are derived. These figures are updated annually.

Affordable Housing Plan

The following provides for the components to satisfy the City’s Prior Round, Third-Round and new Fourth-Round affordable housing obligations. The City has prepared a VLA which identified an RDP of 3 units and an unmet need of 57. The City has also identified several existing facilities which will contribute to satisfying the City’s RDP and unmet need. These are identified below and applied to each round of affordable housing obligations in accordance with the applicable regulations.

Rehabilitation Obligation/Present Need:

The City’s Present Need obligation is **24-units**. The City is located in Atlantic County and participates in the housing rehabilitation program administered by the Atlantic County Improvement Authority (“ACIA”) through their “Owner Occupied Housing Rehabilitation Program.” The ACIA uses federal Community Development Block Grant (“CDBG”) funds as well as prior rehabilitation funds paid back at the time of a home sale to operate a county-wide housing rehabilitation program.

This program provides deferred loans for property owners that meet the required income limits. To qualify property owners must also demonstrate that the home is properly insured and the municipal taxes are paid up to the current quarter. The program requires that a household’s income not exceed 80% of the median income for Atlantic County in accordance with HUD published Section 8 income

guidelines. If qualified a homeowner can use a deferred loan for basic rehabilitation needs including plumbing, heating, electric, roof, windows, doors, insulation and exterior repair and painting.

From 2010 through December of 2024, the ACIA had rehabilitated three (3) units within the City. The City's Fourth-Round rehabilitation obligation will be handled through the continued participation in the County-wide program.

Prior Round:

As set forth above, the City of Ventnor has a Prior Round (1987-1999) obligation of 27.

The City has an existing age-restricted rental housing community which was initially occupied in 1982, known as Shalom Towers. The property is located on the corner of Swarthmore and Burke Avenues in the southwest corner of the City. Shalom Towers contains 150 apartment units for low-income seniors. The facility receives project based financing through the U.S. Department of Housing and Urban Development (HUD) Section 202. The initial financing and use agreement was entered into in February of 1981 and included in the Appendix. In 2015 Shalom Towers entered into a Use Agreement with HUD which provided for the continued requirement to provide housing for low-income seniors through January 1, 2043, a copy of this use agreement is included in the Appendix.

The units at Shalom House meet the criteria for Prior-Cycle Credits in accordance with N.J.A.C. 5:93-3.2. Municipalities may receive credit for units constructed between April 1, 1980 and December 15, 1986, provided that the units are occupied by low- or moderate-income households and that the required controls on affordability are in place. Additionally, since the controls on the units have been

extended through 2043 the units are also eligible to provide credits in the Third and Fourth Rounds.

The following Table summarizes the Prior Round Obligation Components:

Ventnor's Prior-Round Plan Obligation - 27	Rental	Senior	Family	Units	Bonus Credits	Total Credits
<i>Prior Cycle Credits</i>						
Shalom Towers	x	x		27		27
Total				27		27

Third Round:

The City's Third-Round obligation was determined utilizing the calculations prepared by Econsult Solutions pursuant to the March 2018 unpublished decision of the NJ Superior Court, Law Division, Mercer County In re Application of Municipality of Princeton, also known as the "Jacobson Decision". This decision established a methodology for calculating municipal obligations in the Third Round under the Mount Laurel Doctrine. Although this decision is specific to Mercer County, Mount Laurel judges throughout the State have relied upon the Court's decision in calculating Third Round affordable housing obligations.

The City's Third Round affordable housing obligation is **19**. The Third Round Prospective Need includes the so-called "Gap Period Present Need," which is a measure of households formed from 1999-2015 that need affordable housing, created by the Supreme Court in In re Declaratory Judgment Actions Filed By Various Municipalities, 227 N.J. 508 (2017). According to the Econsult Solutions Report the Gap Period (1999 through 2015) obligation is 19, and the Prospective Need (2015-2025) obligation is 0, for a total obligation of 19.

Bonus credits are permitted for rental units, up to 25% of the City’s Third-Round obligation in accordance with N.J.A.C. 5:93-5.15(a). As such the City is permitted to take a bonus credit for a maximum of 5 credits. Additionally, in accordance with N.J.A.C. 5:93-5.14(a)1, the City is permitted to include up to 25% of the total Third-Round obligation as age-restricted housing units, for a maximum of 5 units.

The following table addresses how the municipality will satisfy their Third-Round obligation:

Ventnor’s Third Round Prospective Need Plan Obligation - 19	Rental	Senior	Family	Units	Bonus Credits	Total Credits

Fourth Round Prospective Need:

The Department of Community Affairs (DCA) for the State of New Jersey has calculated proposed new affordable housing obligations for each municipality for Round 4 (2025 through 2035). The City’s Fourth-Round affordable housing obligation is **14**.

When a Fourth-Round plan includes a VLA, the components of the FSP are required to include an identification of parcels which are likely to redevelop over the next ten years which would provide for up to 25% of the Borough's Fourth-Round RDP (N.J.S.A. 52:27D-310.1). The City has identified five credits from existing units that would satisfy this requirement. The City also proposes to create an opportunity to address their unmet need through an affordable housing set-aside ordinance for multi-family residential developments as described below.

The amendments to the FHA for a Fourth-Round plan require a municipality provide 50% of actual affordable units, exclusive of any bonus credits, available to families with children, for a total of **7 units**. Additionally, at least 25% of actual units, exclusive of bonuses, are required to be rental units for a total of **2 units**, of which of which 50% of the rental units, or **1 unit**, to be available to families with children. (N.J.S.A. 52:27D-311.1) The Fourth-Round plan does provide for the required non-family rental units. The City has an RDP of 3 units leaving a combined unmet need of 57. Therefore, the Fourth-Round plan does not include any existing credits which will meet this requirement. This will be addressed through the zoning ordinances designed to meet the City's unmet need.

The 2024 amendments to the FHA included a new component for "Transitional Housing" which can account for up to 10% of a Fourth-Round obligation. The FHA defines "Transitional Housing" which may qualify for affordable housing credits. Within the City there are several Cooperative Sober Living Residence (Class F Rooming House) that have been licensed by the State Department of Community Affairs under N.J.S.A. 55:13B-1, et seq. While there are seven facilities with 37 total bedrooms, the City may only take credit for 1 bedroom under the 10% cap.

The following table addresses Fourth-Round credits which will address a portion of the City’s Fourth-Round Obligation:

Ventnor Fourth Round Prospective Need Plan - 14	Rental	Senior	Family	Units	Bonus Credits	Total Credits
<i>Transitional Housing</i>						
Hansen House CSLR	x		x	1		1
<i>100% Affordable Development</i>						
Shalom Towers	x	x		4	0.5	4.5
TOTAL CREDITS						
				5	0.5	5.5

Bonus credits are permitted for units in the Fourth Round in accordance with the amended FHA under N.J.S.A. 52:27D-311.k. Accordingly, the City is permitted bonus credits for up to 25% of the total Fourth-Round prospective need, allowing for the 3.5 bonus credits. The City reserves the right to apply bonus credits in the future if they become available.

Combined Obligation

The City has identified an RDP of 3 units which would apply across all affordable housing obligations from the Prior Round to the Fourth Round. The City’s total affordable housing obligation for new units is 60. Therefore, the City has an unmet need of 57. The following table identifies the combined housing credits from each round with allowable bonus credits. After applying all existing credits, the City has a remaining unmet need of 10.5. This will be addressed through an overlay zoning district for any future multi-family residential development of ten or more units in the City.

Ventnor's Combined Prospective Need Plan RDP – 3 Unmet Need – 57	Rental	Senior	Family	Units	Bonus Credits	Total Credits
<i>100% Affordable Development</i>

<i>Supportive Housing</i>

Hansen House CSLR	x		x	1		1
Total				41	5.5	46.5
Remaining Unmet Need						10.5

Elements Satisfying Obligation

The City of Ventnor has existing facilities which will contribute to their affordable housing obligation. The City has also proposed an affordable housing set-aside ordinance to address their remaining unmet need obligation of 10.5. Recognizing that the City will create an AHTF and Development Fee ordinance, the City also proposes permitting a market to affordable program as funds become available. The market to affordable program is not included in the tables above, and will be used only when funding is created through the projection of development fees.

Shalom Towers – 36 credits

The City has an existing age-restricted rental housing community which was initially occupied in 1982, known as Shalom Towers. The property is located on the corner of Swarthmore and Burke Avenues in the southwest corner of the City. Shalom Towers contains 150 apartment units for low-income seniors. The facility receives project-based financing through the U.S. Department of Housing and Urban Development (HUD) Section 202. The initial financing and agreement was entered into in February of 1981 and included in the Appendix. In 2015 Shalom Towers entered into a Use Agreement with HUD which provided for the continued requirement to provide housing for low-income seniors through January 1, 2043, a copy of this agreement is included in the Appendix.

The units at Shalom House meet the criteria for Prior-Cycle Credits in accordance with N.J.A.C. 5:93-3.2. Municipalities may receive credit for units constructed between April 1, 1980 and December 15, 1986, provided that the units are occupied by low- or moderate-income households and that the required controls on affordability are in place. Additionally, since the controls on the units have been extended through 2043 the units are also eligible to provide credits in the Third and Fourth Rounds.

Special Needs/Supportive Housing – Dakota Properties – 4 bedrooms

In 2012 Dakota Properties maintains two group homes in the City. The first home contains two (2) bedrooms for developmentally disabled adults. This property is located at 336-338 Hampshire Drive (Block 276, Lot 85). The second home contains two (2) bedrooms for supportive housing for young adults transitioning from the Department of Youth and Family Services. This property is located at 312-314 N Wissahicken Avenue (Block 276, Lot 77).

Transitional Housing – 1 credit

The 2024 amendments to the FHA included a new component for “Transitional Housing” which can account for up to 10% of a Fourth-Round obligation. The FHA defines “Transitional Housing,” which qualify for affordable housing credits. The term means temporary housing which meets the following criteria:

- Includes, but is not limited to, single-room occupancy housing or shared living and supportive living arrangements;
- Provides access to on-site or off-site supportive services for very low-income households who have recently been homeless or lack stable housing;
- Is licensed by the department (DCA); and
- Allows households to remain for a minimum of six months.

While there are nine facilities with over 37 total bedrooms, the City may only take credit for 1 bedroom under the 10% cap. The facilities are identified below. Copies of the licensing will be provided from the Department of Community Affairs.

Affordable Housing Set-aside Ordinance

The City proposes to adopt an affordable housing set-aside ordinance requiring an affordable housing set aside for any new multi-family residential development of ten (10) units or more. The ordinance will require an affordable housing set-aside of 20% of which at least 13% would be available to very low-income households. A draft ordinance is included in the Appendix.

Market to Affordable

The City proposes to adopt a Development Fee Ordinance and create an AHTF. The funds collected from the ordinance may be used to fund market to affordable units. The City will provide for this in their Spending Plan. If sufficient funds are not collected, then the market to affordable units will not be created. Since the FSP includes an overlay zoning district, the units to satisfy the City's unmet need obligation will be addressed. The City is including this component to provide for variety of housing opportunities if funds become available. The creation of market to affordable units would reduce the requirement of new units through the overlay zoning district.

Very Low-Income Units

Very Low-income housing is affordable to those households with a gross household income of 30% or less of the median gross household income in the region. In 2008 the FHA was amended to include a requirement that at least 13% of all

affordable housing units be very low-income units². The 2024 amendments to the FHA added a provision that at least half of the very low-income units be available to families with children.

The City is required to provide 13% of their total affordable housing units in their Third and Fourth-Round plans as very-low-income units. Accordingly, the City is required to provide for seven (7) very-low-income units based on the combined third and fourth round obligation of 51. The non-family units are addressed through the existing group homes and Shalom Towers.

The additional 3 family very low-income units are proposed to be addressed through the affordable housing set-aside ordinance. The City will use AHTF to buy-down a future unit making it a very-low-income family unit, if funds are available to assist.

Phasing Plan for Affordable Housing Units

The City has unbuilt units satisfying their Third and Fourth-Round obligations. The development of these units are subject to market conditions and overlay zones which depend upon the underlying properties development plans. It is therefore impossible to project the phasing for these units.

Bonus Provisions

For the Prior and Third Round, in accordance with N.J.A.C. 5:93-5.15, the municipality intends to take bonus credits for up to 25% their total obligation when units become available and qualify for bonus credits.

² Assembly Bill A-500 adopted in 2008, also known as the Roberts Bill, created a new definition for very low-income units and a requirement that 13% of all affordable units be made available to very low-income households.

Bonus credits are permitted for units in the Fourth Round in accordance with the amended FHA under N.J.S.A. 52:27D-311.k. for up to 25% of the total Fourth-Round prospective need. The City reserves the right to apply additional bonus credits in the future if they become available.

Affordable Housing Trust Fund

City of Ventnor will adopt an affordable housing trust fund ordinance in accordance with affordable housing regulations for the purposes of funding affordable housing activities. A copy of the proposed ordinance is included in the Appendix. A Spending Plan will be completed to provide for the expenditure of funds projected to be collected.

Cost Generation

The City of Ventnor will provide for expediting the review of development applications containing affordable housing. Such expedition may consist of, but is not limited to, scheduling of pre-application conferences and special monthly public hearings for projects involving affordable housing. Furthermore, development applications containing affordable housing shall be reviewed for consistency with the Land Development Ordinance and Residential Site Improvement Standards (N.J.A.C. 5:21-1 et seq.) The City shall comply with all requirements for unnecessary cost generating requirements under N.J.A.C. 5:93-10.

Monitoring

The City of Ventnor shall complete all required annual monitoring reports for the municipality's Affordable Housing Trust Fund and of the affordable housing units and programs in accordance with the FHA regulations and requirements. Ventnor

will appoint a Municipal Housing Liaison who will have access to the AHMS and who will regularly input the required monitoring data as it becomes available.

Fair Share Ordinance and Affirmative Marketing

The City of Ventnor will adopt an Affirmative Marketing and Fair Share Ordinance in accordance with the effective regulations including the UHAC regulations at N.J.A.C. 5:80-26.³ The City's Fair Share Ordinance will govern the administration of affordable units in the City as well as regulating the occupancy of such units. The Fair Share Ordinance will cover the phasing of affordable units, the low/moderate income split, bedroom distribution, occupancy standards, affordability controls, establishing rents and sales prices, affirmative marketing, income qualification and the like. The costs of advertising and affirmative marketing of the affordable units (including the contract with the Administrative Agent) shall be the responsibility of the developer, sponsor or owner, unless otherwise determined or agreed to by the City.

The affirmative marketing plan will be designed to attract buyers and/or renters of all majority and minority groups, regardless of race, creed, color, national origin, ancestry, marital or familial status, gender, affectional or sexual orientation, disability, age or number of children to the affordable units located in the City. Additionally, the affirmative marketing plan is intended to target those potentially eligible persons who are least likely to apply for affordable units and who reside in Housing Region #6, consisting of Atlantic, Cape May, Cumberland and Salem counties.

³ At this time the State is in the process of amending the UHAC regulations and adopting new affordable housing regulations under proposed N.J.A.C. 5:99 which will potentially require amendments to the Municipal Housing Ordinances and Marketing Plan. At such time that these regulations become effective the ordinances will be completed and adopted as required by law.

The affirmative marketing plan will include regulations for qualification of income eligibility, price and rent restrictions, bedroom distribution, affordability control periods, and unit marketing in accordance with N.J.A.C. 5:80-26. All newly created affordable units will comply with the affordability controls required by the FHA and UHAC. This plan must be adhered to by all private, non-profit or municipal developers of affordable housing units and must cover the period of deed restriction or affordability controls on each affordable unit. The costs of implementing the affirmative marketing plan (i.e., the costs of advertising the availability of affordable units, contract with the Administrative Agent, etc.) are the responsibilities of the developers of the affordable units. This requirement will be included in the City's fair share ordinances and shall be a condition of any municipal development approval.

Conclusion

There are limited remaining opportunities to create affordable housing in the City given the scarcity of vacant or underutilized parcels. Despite this, the City proposes to meet its affordable housing obligations through various mechanisms as demonstrated herein. The City also recognizes there is a need to provide future opportunities for affordable housing and therefore has revised portions of the existing zoning ordinance to ensure larger residential developments provide affordable housing through a mandatory set-aside ordinance.

2. On March 20, 2024, Governor Philip D. Murphy signed into law P.L. 2024, c.2, which substantially amended the Fair Housing Act (N.J.S.A. 52:27D-301, et. seq.) (hereinafter “Amended FHA”).
3. The Amended FHA established a new framework for determining and enforcing municipalities’ affordable housing obligations under the New Jersey Supreme Court’s Mount Laurel doctrine.
4. The Amended FHA required the Department of Community Affairs (hereinafter “DCA”) to perform a calculation of regional need and produce non-binding estimates of municipal present and prospective affordable housing needs for the period 2025-2035 (“the Fourth Round”).
5. On or about October 18, 2024, the DCA issued this report and calculated the City of Ventnor’s Fourth Round obligations as: a Present Need or Rehabilitation Obligation of 24 and a Prospective Need or New Construction Obligation of 14. (hereinafter “Present and Prospective Obligations”)
6. The Amended FHA established a January 31, 2025 deadline for municipalities to review and accept its Fourth Round Present and Prospective Obligations in order to obtain immunity from exclusionary zoning litigation and either accept the DCA’s Present and Prospective Obligations or provide its own numbers with support for its calculation.
7. On January 23, 2025, the City of Ventor adopted, through a binding resolution, the DCA’s Present and Prospective Obligations, a copy of which is attached hereto as **Exhibit A** and made a part hereof.

8. In addition, Administrative Directive #14-24 of the Administrative Office of the Courts, dated December 13, 2024, provides that, “A municipality seeking a certification of compliance with the FHA shall file an action in the form of a declaratory judgment complaint and Civil Case Information Statement in the County in which the municipality is located.”
9. The Amended FHA further provides that “[a]ll parties shall be entitled to rely upon regulations on municipal credits, adjustments, and compliance mechanisms adopted by COAH unless those regulations are contradicted by statute, including P.L. 2024, c.2, or biding court decisions” (N.J.S.A. 52:27D-311(m)) of which the municipality intends to utilize in the drafting of its Fourth Round Housing Element and Fair Share Plan.
10. The City brings the within declaratory judgement proceedings pursuant to the Amended FHA and Administrative Directive #14-24 of the Administrative Office of the Courts seeking a certification of compliance, repose and immunity from exclusionary zoning laws for its Fourth Round affordable housing obligation for a period of ten (10) years based upon its present need and rehabilitation share of twenty four (24) units and prospective need of fourteen (14) units, whereupon the City commits to prepare and submit a new Fourth Round HEFSP for the Court’s review and approval.
11. The City seeks the grant of temporary immunity which will facilitate the City’s ability to voluntarily achieve constitutional compliance, to the extent it has not already done so (a) as quickly as possible; (b) with as little burden to the public as possible; (c) without the need for duplicitous litigation; and (d) in such manner that all the public’s

attention and resources can be channeled into achieving constitutional compliance and creating affordable housing, and not expended on exclusionary zoning or builder's remedy litigation and/or other similar litigation.

12. The application of temporary immunity in such circumstances will facilitate the primary objective of the Mount Laurel doctrine, which is to foster voluntary constitutional compliance and avoid unnecessary litigation.
13. The City also seeks voluntary admission into the Affordable Housing Dispute Resolution Program.
14. The City reserves all rights to adjust its position in the event of any rulings in the Montvale case (MER-L-1778-24) or any other such relevant action that alters the deadlines and/or requirements of the Amended FHA.
15. The City reserves all rights to comply with any additional amendments to the FHA that the Legislature may enact.
16. In the event of a third-party challenge of the calculations provided for in the City's Resolution, the City reserves the right to take such position as it deems appropriate.
17. At the present time, no litigation based upon Southern Burlington County N.A.A.C.P. v. Tp. Of Mount Laurel, 92 N.J. 158 (1983) (Mount Laurel II) and/or the Fair Housing Act and/or COAH regulations is presently pending against the City.
18. The City specifically reserves the right to seek and obtain any vacant land and/or durational adjustments it may seek as part of the Housing Plan element and Fair Share Plan element it subsequently submits in accordance with the Amended FHA

and any other applicable adjustment permitted in accordance with the Amended FHA and/or applicable COAH regulations.

- b. Subject to the availability of appropriations, projects selected to receive the Senior Preservation Rental Assistance Contracts (SPRACs) or any other HUD rental assistance, shall comply with the requirements of the particular HUD rental assistance program.
3. In the event of a breach or a threatened breach of any of the above covenants and agreements by the Owner, HUD and/or any tenant as a third-party beneficiary shall be entitled to institute legal action to enforce performance and observance of such covenants and agreements and to enjoin any acts which violate such covenants and agreements. HUD and/or any tenant as a third-party beneficiary may also seek an award of damages and/or other relief as may be appropriate.
4. Owner shall not impede the reasonable efforts of tenants to organize pursuant to 24 CFR Part 245, or any successor regulations of Part 245, or unreasonably withhold the use of any community room or other available space appropriate for meetings which is part of the mortgaged property when requested by: (i) a resident tenant organization in connection with the representational purposes of the organization; or (ii) tenants seeking to organize or to consider collectively any matter pertaining to the operation of the mortgaged property.
5. When the 202 Direct Loan project initially refinances the 202 Direct Loan, the Owner, for itself, its successors and assigns, hereby agrees and acknowledges that this Use Agreement shall be recorded in the appropriate land records. [Subsequent refinancings of the 202 Project do not require a re-recording of this Use Agreement.]
6. Consistent with the tenancy eligibility requirements, if any, of the original Section 202 Direct Loan agreement, Owner will accept all forms of HUD rental assistance when offered for units that

do not have section 8 or any other HUD rental assistance for the life of the Use Agreement.

7. Upon execution of the refinancing for the project, as approved by HUD, Owner must use the proceeds that result from the refinancing in a manner that is advantageous to the tenants of the project. Or, Owner must use the proceeds in the provision of affordable rental housing and related social services of elderly persons that are tenants of the project or are tenants of other HUD assisted senior housing by the nonprofit owner, private nonprofit project sponsor or private nonprofit organization project developer. The following are examples of allowable uses of the proceeds pursuant to AHEO:
- (a) for up to 15 percent of the cost of increasing the availability or provision of supportive services, which may include the financing of service coordinators and congregate services. HUD may waive the 15 percent limitation, as necessary, to better enable seniors to age in place, if a waiver is sought by a nonprofit owner, sponsor or organization.;
 - (b) rehabilitation, modernization, or retrofitting of structures, common areas, or individual dwelling units, including reducing the number of units by reconfiguring units that are functionally obsolete, unmarketable, or not economically viable;
 - (c) construction of an addition or other facility in the project, including assisted living facilities (or, upon the approval of the Secretary, facilities located in the community where the project sponsor refinances a project under this section, or pools shared resources from more than one such project);
 - (d) rent reduction of unassisted tenants residing in the project;
 - (e) rehabilitation of the project to ensure long-term viability; and
 - (f) payment to the project owner, sponsor, or third-party developer of a developer's fee in an amount not to exceed or duplicate: (i) in the case of a project refinanced through a State low income housing tax credit program, the fee permitted by the low income housing tax credit program as

calculated by the State program as a percentage of acceptable development cost as defined by that State program; or (ii) in the case of a project refinanced through any other source of refinancing, 15 percent of the acceptable development costs (includes, as applicable, the cost of acquisition, rehabilitation, loan prepayment, initial reserve deposit and transaction costs).

8. To ensure Owner's compliance with the use of proceeds requirements found in section 7, Owner shall comply with all HUD administrative requirements with respect to those proceeds.
9. Ownership of the project will at all times be controlled by a nonprofit mortgagor entity or a limited partnership entity of which the general partner is a: (1) nonprofit affordable housing provider; (2) for profit corporation wholly owned and controlled by one or more non-profit affordable housing provider; or (3) a limited liability company wholly owned and controlled by one or more non-profit affordable housing provider.
10. Owner will comply with the provisions of any Federal, State or local law prohibiting discrimination in housing on the grounds of race, color, religion or creed, sex, handicap, familial status or national origin, including the Fair Housing Act of 1968, as amended.
11. The rent charged for each unit shall not exceed the upper limit of the range shown for such type of unit on a rental schedule approved in writing by HUD, and shall include the reasonable use of all utilities shown on said schedule, but in no event shall the total gross monthly rents for all dwelling units exceed the gross monthly dwelling income for all units approved by HUD on the rental schedule.
12. No increase will be made in the amount of the gross monthly dwelling income for all units as shown on the rental schedule unless such increase is approved by HUD, who will at any time entertain a written request for an increase properly supported by

substantiating evidence and within a reasonable time shall approve or deny such request.

13. Owner shall maintain the premises and equipment, appurtenant thereto, in good repair and condition.
14. The books and accounts of the operations of the property and of the project shall be kept in accordance with the relevant HUD requirements related to the Section 202 and 202/8 program.
15. Within ninety (90) days following the end of each fiscal year, Owner shall provide a complete annual financial report based upon an examination of the books and records of the project prepared in accordance with the requirements of HUD and certified by a Certified Public Accountant, or other person acceptable to HUD.
16. Owner further covenants and agrees that if Owner conveys title to the project prior to the Use Agreement's expiration, Owner will prior to transfer of title: (1) confirm the purchaser has been approved by HUD and (2) require the purchaser to assume the obligations of this Use Agreement.
17. Owner shall provide to HUD (or to such third party as HUD may, in its sole discretion, determine to have the monitoring function under this Agreement), promptly following receipt of a written request from HUD (or from such third party), copies of all business or any other documents regarding the Housing Project, so that HUD may evaluate Owner's compliance with the terms of this Agreement. In addition, Owner shall permit representatives of HUD (or any third party given the monitoring responsibility) following notice from the HUD (or from the third party), to examine the originals of all such documents, at the Project's office during regular business hours.
18. Owner must certify annually by December 1 of each year (insert date within 30 calendar days of the anniversary date of this Agreement), to the local HUD field office, or such other location as determined by HUD, that it is operating the Project in compliance with this Agreement and, more

specifically, that all of the individual units, as well as the physical structure of the project as a whole, for example grounds and equipment, comply with all applicable codes and requirement of this Agreement or that a remedial program to correct any existing deficiencies has been implemented.

19. This Agreement shall run with the land and binds all subsequent owners and creditors until the date of expiration of this Agreement; and this Agreement shall survive foreclosure. Furthermore, this Agreement shall be recorded in the first position before any other mortgages or instruments unless specifically approved by HUD in writing.

20. Should any of the above covenants be held invalid in whole or in part, it shall not affect or invalidate the balance of such covenant or any other covenants.

21. This Agreement may be executed in any number of counterparts, each of which shall be considered an original for all purposes; provided, however, that all such counterparts shall together constitute one and the same instrument.

Should any of the above covenants be held invalid in whole or in part, it shall not affect or invalidate the balance of such covenant or other covenants.

DRAFT DEVELOPMENT FEE ORDINANCE CITY OF VENTNOR

New Section 102-183 Affordable Housing Set-Aside Ordinance

- a. All multifamily development of ten or more multi-family residential units in the City, other than such development permitted by the City's zoning or as part of an approved Redevelopment Plan as of the date of Insert Date of Ordinance Adoption, developed through Planning Board approval, Zoning Board approval, redevelopment or rehabilitation plan, shall require that an appropriate percentage of the residential units be set aside for low- and moderate-income households.
- b. This requirement shall not apply to residential expansions, additions, renovations, replacement, or any other type of residential development that does not result in a net increase in the number of dwellings of 10 or more.
- c. For inclusionary projects in which the low- and moderate-income units are to be offered for sale, the set-aside percentage shall be 20%; for projects in which the low- and moderate-income units are to be offered for rent, the set-aside percentage should be 15%.
- d. The developer shall provide that half of the low- and moderate-income units constructed be affordable by low-income households and that the remaining half be affordable by moderate-income households. At least 13% of all restricted units shall be very-low-income units (affordable to a household earning 30% or less of median income). The very-low-income units shall be counted as part of the required number of low-income units within the development.
- e. All such affordable units, including the required bedroom distribution, shall be governed by controls on affordability and affirmatively marketed in conformance with the Uniform Housing Affordability Controls ("UHAC"), N.J.A.C. 5:80-26.1 et seq., or any successor regulation, City ordinances, and all other applicable law.
- f. Nothing in this section precludes the City from imposing an affordable housing set-aside in a development not required to have a set-aside pursuant to this section, consistent with N.J.S.A. 52:27D-311(h) and other applicable law.
- g. This requirement does not create any entitlement for a property owner or applicant for a zoning amendment, variance, or adoption of a redevelopment plan or amended redevelopment plan in areas in need of redevelopment or rehabilitation or for approval of any particular proposed project.

APPENDIX F

DRAFT DEVELOPMENT FEE ORDINANCE

CITY OF VENTNOR

New Section 102-184 Development Fee Ordinance

A. Purpose

- (1) In Holmdel Builder's Association v. Holmdel Township, 121 N.J. 550 (1990), the New Jersey Supreme Court determined that mandatory development fees are authorized by the Fair Housing Act of 1985, N.J.S.A. 52:27d-301 *et seq.*, and the State Constitution.
- (2) Pursuant to P.L. 2008, c. 46, Section 8 (C. 52:27D-329.2) and the Statewide Non-Residential Development Fee Act (C. 40:55D-8.1 through 8.7), the State was authorized to adopt and promulgate regulations necessary for the establishment, implementation, review, monitoring and enforcement of municipal affordable housing trust funds and corresponding spending plans.
- (3) This Ordinance establishes standards for the collection, maintenance, and expenditure of development fees that are consistent with regulations developed in response to P.L. 2008, c. 46, Sections 8 and 32-38 (C. 52:27D-329.2) and the Statewide Non-Residential Development Fee Act (C. 40:55D-8.1 through 8.7). Fees collected pursuant to this Ordinance shall be used for the sole purpose of providing low- and moderate-income housing in accordance with an approved Spending Plan.

B. Definitions. The following terms, as used in this Ordinance, shall have the following meanings:

“Affordable housing development” means a development included in the Housing Element and Fair Share Plan, and includes, but is not limited to, an inclusionary development, a municipal construction project or a 100 percent affordable housing development.

“Development fee” means money paid by a developer for the improvement of property as permitted at N.J.A.C. 5:97-8.3.

“Developer” means the legal or beneficial owner or owners of a lot or of any land proposed to be included in a proposed development, including the holder of an option or contract to purchase, or other person having an enforceable proprietary interest in such land.

“Equalized assessed value” means the assessed value of a property divided by the current average ratio of assessed to true value for the municipality in which the property is

situated, as determined in accordance with Sections 1, 5, and 6 of P.L. 1973, c.123 (C.54:1-35a through C.54:1-35c).

“Green building strategies” means those strategies that minimize the impact of development on the environment, and enhance the health, safety and well-being of residents by producing durable, low-maintenance, resource-efficient housing while making optimum use of existing infrastructure and community services.

C. Non-Residential Development Fees

(1) Imposition of Fees

- (a) Within all zoning districts, non-residential developers, except for developers of the types of developments specifically exempted below, shall pay a fee equal to two and one-half (2.5) percent of the equalized assessed value of the land and improvements, for all new non-residential construction on an unimproved lot or lots.
- (b) Within all zoning districts, non-residential developers, except for developers of the types of developments specifically exempted below, shall also pay a fee equal to two and one-half (2.5) percent of the increase in equalized assessed value resulting from any additions to existing structures to be used for non-residential purposes.
- (c) Development fees shall be imposed and collected when an existing structure is demolished and replaced. The development fee of two and a half percent (2.5%) shall be calculated on the difference between the equalized assessed value of the pre-existing land and improvements and the equalized assessed value of the newly improved structure, i.e. land and improvements, and such calculation shall be made at the time a final Certificate of Occupancy is issued. If the calculation required under this Section results in a negative number, the non-residential development fee shall be zero.

(2) Eligible Exactions, Ineligible Exactions and Exemptions for Non-residential Development

- (a) The non-residential portion of a mixed-use inclusionary or market rate development shall be subject to a two and a half percent (2.5%) development fee, unless otherwise exempted below.
- (b) The two and a half percent (2.5%) development fee shall not apply to an increase in equalized assessed value resulting from alterations, change in use within the existing footprint, reconstruction, renovations and repairs.
- (c) Non-residential developments shall be exempt from the payment of non-residential development fees in accordance with the exemptions required pursuant to the Statewide Non-Residential Development Fee Act (N.J.S.A. 40:55D-8.1 through 8.7), as specified in Form N-RDF "State of New Jersey Non-Residential Development Certification/Exemption". Any

exemption claimed by a developer shall be substantiated by that developer.

- (d) A developer of a non-residential development exempted from the non-residential development fee pursuant to the Statewide Non-Residential Development Fee Act shall be subject to the fee at such time as the basis for the exemption no longer applies, and shall make the payment of the non-residential development fee, in that event, within three years after that event or after the issuance of the final Certificate of Occupancy for the non-residential development, whichever is later.
- (e) If a property which was exempted from the collection of a non-residential development fee thereafter ceases to be exempt from property taxation, the owner of the property shall remit the fees required pursuant to this Section within 45 days of the termination of the property tax exemption. Unpaid non-residential development fees under these circumstances may be enforceable by the Borough of Woodbine as a lien against the real property of the owner.

D. Collection Procedures

- (1) Upon the granting of a preliminary, final or other applicable approval for a development, the approving authority or entity shall notify or direct its staff to notify the Construction Official responsible for the issuance of a Construction Permit.
- (2) For non-residential developments only, the developer shall also be provided with a copy of Form N-RDF "State of New Jersey Non-Residential Development Certification/ Exemption" to be completed as per the instructions provided. The developer of a non-residential development shall complete Form N-RDF as per the instructions provided. The Construction Official shall verify the information submitted by the non-residential developer as per the instructions provided in the Form N-RDF. The Tax Assessor shall verify exemptions and prepare estimated and final assessments as per the instructions provided in Form N-RDF.
- (3) The Construction Official responsible for the issuance of a Construction Permit shall notify the Tax Assessor of the issuance of the first Construction Permit for a development which is subject to a development fee.
- (4) Within 90 days of receipt of such notification, the Tax Assessor shall prepare an estimate of the equalized assessed value of the development based on the plans filed.
- (5) The Construction Official responsible for the issuance of a final Certificate of Occupancy shall notify the Tax Assessor of any and all requests for the scheduling of a final inspection on a property which is subject to a development fee.
- (6) Within 10 business days of a request for the scheduling of a final inspection, the Tax Assessor shall confirm or modify the previously estimated equalized assessed

value of the improvements associated with the development; calculate the development fee; and thereafter notify the developer of the amount of the fee.

- (7) Should the City of Ventnor fail to determine or notify the developer of the amount of the development fee within 10 business days of the request for final inspection, the developer may estimate the amount due and pay that estimated amount consistent with the dispute process set forth in Subsection b. of Section 37 of P.L. 2008, c.46 (C.40:55D-8.6).
- (8) Except as provided in Section 5.A.3) hereinabove, fifty percent (50%) of the initially calculated development fee shall be collected at the time of issuance of the Construction Permit. The remaining portion shall be collected at the time of issuance of the Certificate of Occupancy. The developer shall be responsible for paying the difference between the fee calculated at the time of issuance of the Construction Permit and that determined at the time of issuance of the Certificate of Occupancy.
- (9) Appeal of Development Fees
 - (a) A developer may challenge residential development fees imposed by filing a challenge with the County Board of Taxation. Pending a review and determination by the Board, collected fees shall be placed in an interest bearing escrow account by the Township of Maurice River. Appeals from a determination of the Board may be made to the tax court in accordance with the provisions of the State Tax Uniform Procedure Law, R.S. 54:48-1, *et seq.*, within 90 days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.
 - (b) A developer may challenge non-residential development fees imposed by filing a challenge with the Director of the Division of Taxation. Pending a review and determination by the Director, which shall be made within 45 days of receipt of the challenge, collected fees shall be placed in an interest bearing escrow account by the Township of Maurice River. Appeals from a determination of the Director may be made to the tax court in accordance with the provisions of the State Tax Uniform Procedure Law, R.S.54:48-1, *et seq.*, within 90 days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.

E. Affordable Housing Trust Fund

- (1) There is hereby created a separate, interest-bearing Affordable Housing Trust Fund to be maintained by the Chief Financial Officer of the City of Ventnor for the purpose of depositing development fees collected from non-residential developers and proceeds from the sale of units with extinguished controls.
- (2) The following additional funds shall be deposited in the Affordable Housing Trust Fund and shall at all times be identifiable by source and amount:
 - (a) Payments in lieu of on-site construction of a fraction of an affordable unit, where permitted by Ordinance or by Agreement with the City of Ventnor;

- (b) Funds contributed by developers to make ten percent (10%) of the adaptable entrances in a townhouse or other multistory attached dwelling unit development accessible;
 - (c) Rental income from municipally operated units;
 - (d) Repayments from affordable housing program loans;
 - (e) Recapture funds;
 - (f) Proceeds from the sale of affordable units; and
 - (g) Any other funds collected in connection with Ventnor's affordable housing program.
- (3) In the event of a failure by the City of Ventnor to comply with trust fund monitoring and reporting requirements or to submit accurate monitoring reports; or a failure to comply with the conditions of the judgment of compliance or a revocation of the judgment of compliance; or a failure to implement the approved Spending Plan and to expend funds within the applicable required time period as set forth in In re Tp. of Monroe, 442 N.J. Super. 565 (Law Div. 2015) (aff'd 442 N.J. Super. 563); or the expenditure of funds on activities not approved by the Court; or for other good cause demonstrating the unapproved use(s) of funds, the Court may authorize the State of New Jersey, Department of Community Affairs, Division of Local Government Services (LGS), to direct the manner in which the funds in the Affordable Housing Trust Fund shall be expended, provided that all such funds shall, to the extent practicable, be utilized for affordable housing programs within the Borough of Woodbine, or, if not practicable, then within the County or the Housing Region.

Any party may bring a motion before the Superior Court presenting evidence of such condition(s), and the Court may, after considering the evidence and providing the municipality a reasonable opportunity to respond and/or to remedy the non-compliant condition(s), and upon a finding of continuing and deliberate non-compliance, determine to authorize LGS to direct the expenditure of funds in the Trust Fund. The Court may also impose such other remedies as may be reasonable and appropriate to the circumstances.

- (4) Interest accrued in the Affordable Housing Trust Fund shall only be used to fund eligible affordable housing activities approved by the Court.

F. Use of Funds

- (1) The expenditure of all funds shall conform to a Spending Plan approved by the Court. Funds deposited in the Affordable Housing Trust Fund may be used for any activity approved by the State to address the Township's fair share obligation and may be set up as a grant or revolving loan program. Such activities include, but are not limited to: preservation or purchase of housing for the purpose of maintaining or implementing affordability controls; housing rehabilitation; new construction of affordable housing units and related costs; accessory apartments; a market to affordable program; Regional Housing Partnership programs;

conversion of existing non-residential buildings to create new affordable units; green building strategies designed to be cost saving and in accordance with accepted national or State standards; purchase of land for affordable housing; improvement of land to be used for affordable housing; extensions or improvements of roads and infrastructure to affordable housing sites; financial assistance designed to increase affordability; administration necessary for implementation of the Housing Element and Fair Share Plan; and/or any other activity permitted by the State and specified in the approved Spending Plan.

- (2) Funds shall not be expended to reimburse the City for past housing activities.
- (3) At least 30 percent of all development fees collected and interest earned on such fees shall be used to provide affordability assistance to low- and moderate-income households in affordable units included in the municipal Fair Share Plan. One-third of the affordability assistance portion of development fees collected shall be used to provide affordability assistance to those households earning 30 percent or less of the median income for Housing Region 6, in which Ventnor is located.
 - (a) Affordability assistance programs may include down payment assistance, security deposit assistance, low interest loans, rental assistance, assistance with homeowners association or condominium fees and special assessments, and assistance with emergency repairs. The specific programs to be used for affordability assistance shall be identified and described within the Spending Plan.
 - (b) Affordability assistance to households earning 30 percent or less of median income may include buying down the cost of low or moderate income units in the municipal Fair Share Plan to make them affordable to households earning 30 percent or less of median income. The specific programs to be used for very low income affordability assistance shall be identified and described within the Spending Plan.
 - (c) Payments in lieu of constructing affordable housing units on site, if permitted by Ordinance or by Agreement with Ventnor, and funds from the sale of units with extinguished controls shall be exempt from the affordability assistance requirement.
- (4) The City may contract with a private or public entity to administer any part of its Housing Element and Fair Share Plan, including its programs for affordability assistance.
- (5) No more than 20 percent of all revenues collected from development fees may be expended on administration, including, but not limited to, salaries and benefits for municipal employees or consultants' fees necessary to develop or implement a new construction program, prepare a Housing Element and Fair Share Plan, and/or administer an affirmative marketing program or a rehabilitation program.
 - (a) In the case of a rehabilitation program, the administrative costs of the rehabilitation program shall be included as part of the 20 percent of collected development fees that may be expended on administration.

- (b) Administrative funds may be used for income qualification of households, monitoring the turnover of sale and rental units, and compliance with affordable housing monitoring requirements. Legal or other fees related to litigation opposing affordable housing sites or related to securing or appealing a judgment from the Court are not eligible uses of the Affordable Housing Trust Fund.

G. Monitoring

The City shall provide annual reporting of Affordable Housing Trust Fund activity to the State of New Jersey, Department of Community Affairs, Local Government Services or other entity designated by the State of New Jersey, using forms developed for this purpose by the New Jersey Department of Community Affairs or Local Government Services. The reporting shall include an accounting of all Affordable Housing Trust Fund activity, including the sources and amounts of funds collected and the amounts and purposes for which any funds have been expended. Such reporting shall include an accounting of development fees collected from residential and non-residential developers, payments in lieu of constructing affordable units on site (if permitted by Ordinance or by Agreement with the City), funds from the sale of units with extinguished controls, barrier free escrow funds, rental income from City owned affordable housing units, repayments from affordable housing program loans, and any other funds collected in connection with Ventnor's affordable housing programs, as well as an accounting of the expenditures of revenues and implementation of the Spending Plan approved by the State.
