PUBLIC COMMENT PERIOD

The following residents addressed the Council:

Roger Gitlin: did not like Mayor Pro Tem Tinkler’s comments at the last Council meeting about the Sign Ordinance. Advised on the process for being classified as a “Newspaper of General Circulation”.

Sam Strait: supports off-site advertising on signage.

Linda Sutter spoke about the signs and what they advertise when you come into Crescent City and stated it does not give a good impression.

Steven Jackson spoke about locks on the wheelchair swing at Kids Town and that in order to access it, you have to get the key from Pool staff. Further stating that it's in direct violation of the ADA and stated the lock needs to be removed immediately.

11. Cannabis Regulations Update

- *Recommendation: Hear staff report*
- *Technical questions from the Council*
- *Receive public comment*
- *Further Council discussion*
- *Waive full reading, read by title only and introduce Ordinance No. 860, AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CRESCENT CITY AMENDING CHAPTER 17.95, COMMERCIAL CANNABIS REGULATIONS, OF TITLE 17, ZONING, OF THE CRESCENT CITY MUNICIPAL CODE*

Council Member Greenough made a motion to remove the restrictions; motion failed for lack of a second.

Council Member Altman stated that once the ordinance is adopted, they can still be amended. Supports the ordinance as written.

Sam Strait: stated Crescent City doesn't have five grocery stores, five pharmacies, or five gas stations. Doesn't feel like there should be a restriction.

Linda Sutter: would like the ordinance to be adopted as written, does not want the restrictions lifted.

Roger Gitlin: does not want this ordinance introduced, wants it to fail.

Eric Taylor: would like language in the ordinance to be modified as the 60-day limit is too restrictive as the process to open a marijuana dispensary takes a long time.

Mayor Wright asked City Attorney Rice about the 60-day limit to a permit to become active and if there was a mechanism in place in case the delay was due to something out of the person's control; she stated there was none. Council Member Greenough spoke about his opposition to marijuana and had advocated for limitations to where stores are located when it first came before the Council. Supports local business and does not want to overregulate them.

On a motion by Council Member Altman, seconded by Mayor Pro Tem Tinkler, and carried on a 4-0 polled vote, the City Council of the City of Crescent City waived full reading, read by title only and introduced Ordinance No. 860, AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CRESCENT CITY AMENDING CHAPTER 17.95, COMMERCIAL CANNABIS REGULATIONS, OF TITLE 17, ZONING, OF THE CRESCENT CITY MUNICIPAL CODE.

Mayor Wright asked for the 60-day limit for the permit be brought back before the Council; the Council was in consensus to do so. Council Member Greenough asked if there have been any complaints about the current stores; City Manager Wier stated that the only complaints received was the odor from cultivating. City staff has been working with the owner to make changes to mitigate the odor. Council Member Altman asked if this current ordinance covers what Council Member Greenough is speaking to; City Manager Wier said only for future businesses. City Attorney Rice said that if the 60-day limit language is revised, an entirely new ordinance would have to come back to the Council for introduction. Mayor Wright would like a mechanism in place to help with extenuating circumstances for the 60-day permit expiration.

12. Affordable Housing Project Selection and Award of Permanent Local Housing Allocation / Prohousing Incentive Program Funding

- *Recommendation: Hear staff report*
- *Technical questions from the Council*
- *Receive public comment*
- *Further Council discussion*
- *Approve and authorize the City Manager to sign and execute the PLHA / PIP Loan Agreement with Community System Solutions to construct an affordable housing project.*

City Manager Wier reported to the Council about a proposed project for affordable housing above downtown businesses. The project would be designed by Community System Solutions after funding is secured and Matt Bahr, from the company was present. City Manager Wier stated that the \$1million will not take care of the entire project's construction, will take more funding. There is surety to the City that the project will in fact take place. There are promissory notes and a deed of trust for the full amount of the City's grant. City Attorney Rice said the grant funding will be used to purchase the land. The 4 units need to be built by June 2030 or the City would have to give the funds back, hence the necessity to have the promissory notes. The contractor would be responsible for paying it back, not the City. Mayor Pro Tem Tinkler asked for confirmation about the preliminary design plans and asked to keep the Council informed of the project as it progresses. She is concerned about the landscaping and that it'll actually be what is shown in the plans. Mr. Bahr stated that during the visioning process changes were made to the design ideas and he would keep the Council informed as the design process progresses. Council Member Greenough asked for a timeframe and funding sources; Mr. Bahr construction will happen in March/April of 2027. This project will be eligible for state grant funds and will be available in April

2026. CSS is applying for 50-75% funding which is half of the funding. The first phase will be the demolition of the old Daly's building with a year of construction and an anticipated ribbon cutting in 2028. The funding comes from equity, tax credits, state grant funds, and the balance would be on the construction loan of \$3-4 million. Council Member Greenough asked if the grants are highly competitive or over the counter; Mr. Bahr said it's a little of both. Council Member Greenough asked if the funding was not received what would happen; Mr. Bahr said that the equity, construction loan, and union funds would be used. The profitability is slightly higher than what is being proposed for the amount of the whole project.

Sam Strait: asked about being pro-business and taking the storefronts out is not pro-business

Roger Gitlin: asked what the City's culpability is for the project. Asked what happens if the contractor files for bankruptcy, how would the City recover the money and asked how does this address the housing issue.

Linda Sutter: spoke in support of the project.

Eric Taylor: spoke in support of the project, further stating that for a viable downtown, you need people living downtown. Is however, concerned with future costs of the project as it'll be built in a few years and prices will rise.

Mayor Wright asked about Mr. Gitlin's question about the money; City Attorney Rice stated the City would have \$1 million, however, there will be promissory notes from independent investors and a deed of trust. Council Member Greenough asked about the storefronts; Mr. Bahr stated that yes, the storefronts are on the bottom with the apartments on the top. City Manager Wier stated that there have been concerns from businesses about losing parking. He went over where available parking is close to the project and that if the Council desired, could put in a time limit for parking in place.

On a motion by Mayor Pro Tem Tinkler, seconded by Council Member Greenough, and carried on a 4-0 polled vote, the City Council of the City of Crescent City approved and authorized the City Manager to sign and execute the PLHA/PIP Loan Agreement with Community System Solutions to construct an affordable housing project.

CITY COUNCIL ITEMS

Mayor Pro Tem Tinkler left the meeting at 7:23 p.m.

- **Reports, Concerns, Referrals, Council travel and training reports – None**
- **Legislative Matters – .None**
- **City Manager Report and City Council Directives –** Public Works Director Yeager reported on the Measure S funded street project that is currently underway. Recreation and Events Coordinator Feola reported to the Council details about the upcoming light parade set for Friday, December 5th and that there is a window painting contest going on around the city. Director Yeager thanked Green Diamond and Hemmingsen for donating the Christmas tree to the City that is located by the clock tower. Recreation and Events Coordinator Feola also thanked Potter Real Estate and the Public Works crew for all of the work in coordinating the light parade. City Manager Wier stated that there will be a special meeting on December 9th at 5:30 p.m. in the Board Chambers to interview candidates for the vacancy on the Council. Mayor Wright encouraged the public to shop locally for the holidays.

9. California Department of Transportation Sustainable Transportation Planning Grant Application to Complete the Redwood Highway Multi-modal Transportation and Land Use Plan

- *Recommendation: Hear staff report*
- *Technical questions from the Council*
- *Receive public comment*
- *Further Council discussion*
- *Direct staff to prepare an application for California Department of Transportation funding through the Sustainable Transportation Planning Grant Program for the Redwood Highway Multi-modal Transportation & Land Use Plan (MTLUP) in the amount of \$443,353*

City Manager Wier reported to the Council that this project is for lane calming on Hwy 101, reducing the number of lanes from three to two, creating wider sidewalks as well as a bicycle lane. This will address the accessibility of the roadway for all modes of transportation. Staff was in discussions with Tamera Leighton, Executive Director for Del Norte Local Transportation, and she will take this before Caltrans to fund the City's match of \$44k. This would mean the City would not have anything come out of the General Fund.

Sam Strait asked if this was a plan to improve the roadway; thinks the amount for the plan is too expensive.

On a motion by Council Member Altman, seconded by Mayor Pro Tem Tinkler and carried on a 3-0 polled vote, with Council Member Greenough being absent, the City Council of the City of Crescent City directed staff to prepare an application for California Department of Transportation funding through the Sustainable Transportation Planning Grant Program for the Redwood Highway Multi-modal Transportation & Land Use Plan (MTLUP) in the amount of \$443,353.

10. Signs Regulations Update (Muni Code Chapter 17.39)

- *Recommendation: Hear staff report*
- *Technical questions from the Council*
- *Receive public comment*
- *Further Council discussion*
- *Give direction to staff on the Planning Commission's recommended updates to the City's sign regulations*

City Attorney Rice updated the Council on the recommendations from the Planning Commission on the sign regulations. The changes were made in the display aspect of the sign as well as the illumination. There are also new regulations for off-site advertising. Mayor Pro Tem Tinkler asked what 100 square feet looked like; City Manager Wier stated that the sign at the Fairgrounds is approximately 75 square feet. Mayor Pro Tem Tinkler opposes this amendment as it does not fit the plan the City is working toward to make it more scenic. Stated that the sign at Tsunami Lanes is distracting to drivers, takes a lot of energy to run, and she would like to see a limit to night sky light pollution.

There were no comments from the public.

Mayor Wright stated he is not opposed to the signs and thinks the sign on the bowling alley is a good size. City Manager Wier stated that what could also be considered is the distance between the signs. Mayor Pro Tem Tinkler does not see a purpose for these types of signs. States we just discussed making the highway safer and does not feel this will improve anything. City Manager Wier stated that there are aspects of the sign in place that will lower the distraction; City Attorney Rice stated that the only time the sign can be illuminated is during business hours. Council Member Altman stated his support of local business and to be able to help them market themselves. Mayor Pro Tem Tinkler restated her opposition to this sign and any similar signs. Feels the image of our community is more important for economic development for our city. Mayor Wright asked if the size 10x10 was agreeable; Council Member Altman stated that regarding size, the business can appeal to the Planning Commission for a bigger size. Mayor Wright stated he wouldn't like to see anything bigger than 32 square feet. The Council was not in consensus to change the sign regulations with Mayor Pro Tem Tinkler dissenting. For clarification purposes, Mayor Wright stated for digital signs, only 1 per block. Mayor Pro Tem Tinkler stated that since the off-site advertising is more than likely paid for by the business, it is a money maker, and she could see it proliferate. SHN Planner Lawton went over the process for the permitting of these signs and the length of time it takes. City Attorney Rice asked if the 32 square feet would only apply to digital signs; the off-site advertising is 100 feet, does the Council want to change that as well. Mayor Pro Tem Tinkler spoke in opposition to the off-site advertising. Regarding the off-site advertising, Council Member Altman feels that the business' sign should only be for the business, not commercials for other businesses. Council Member Altman spoke about how much time the Planning Commission put into this subject and do we want them to do additional work on it. Mayor Wright asked about the other cities dealing with the signs; Planner Lawton stated that Eureka allowed it, however they disallowed any new signs five years ago. The current signs are grandfathered in and there will not be any more approved. Mayor Pro Tem Tinkler stated her opposition to off-site advertising. She further stated that Urban Planners will say having visual clutter is not appealing. Additionally, this also does not match with the Downtown Master Plan and the consultant spoke against them as well. Mayor Wright stated he is opposed to the off-site advertising and would like to see the allowable size reduced. Council Member Altman stated that the size should be reduced, there should be a cap of 2 signs, and stated if a business buys the sign they should be able to put on it what they'd like to. Mayor Wright agrees with a cap of two, reduce the size and no off-site advertisements.

The Council was in agreement that they would like to see no off-site advertisements, a cap of 2 digital signs within the city, and reduce the allowable size to 32 square feet.

11. Cannabis Regulations Update

- *Recommendation: Hear staff report*
- *Technical questions from the Council*
- *Receive public comment*
- *Further Council discussion*
- *Give direction to staff on the Planning Commission's recommended updates to the City's commercial cannabis regulations*

City Attorney Rice addressed the Council with updates to the Cannabis Regulations. The new proposed regulations are: storefront retail limited to 8, no more indoor cultivation permits, permittees must maintain a safe environment, pay all fees when due, maintain \$15k bond, business must open its doors within 24 months or the permit expires, business that closes its doors for 40 or more consecutive days surrenders its permits. Council Member Altman stated he would prefer the cap to be 6 instead of 8. Mayor Pro Tem Tinkler agrees with all of the recommendations except for the number to cap – would prefer a cap of 6. Mayor Wright and Council Member Altman agreed with Mayor Pro Tem Tinkler. The Planning Commission also recommended the following changes to enforcement: expand enforcement options – suspension, revocation, amendment of conditional use permit and to establish procedures for permit revocation hearings. Chief Griffin stated he has not had any problems with any of these

businesses and is impressed with how they have conducted themselves. The Council was in consensus to reduce the storefront retail cap to 5 since we currently have 5 active permits. Council Member Altman stated that these businesses should not be placed next to where children recreate. City Attorney Rice stated that when those restrictions were discussed during the original adoption of the regulations, there ended up not being any permissible locations.

Sam Strait: said we don't have 5 grocery stores, 5 pharmacies, or 5 gas stations in the city limits.

Kelly Feola: stated that she does not want any cannabis businesses near where children play.

12. OPC Grant Application – Coastal Resiliency Strategy

- *Recommendation: Hear staff report*
- *Technical questions from the Council*
- *Receive public comment*
- *Further Council discussion*
- *Authorize staff to submit a grant application to the Ocean Protection Council for Development of Sea Level Rise Adaptation Plans in Compliance with SB 272*

SHN Planner Bob Brown reported to the Council that this will address sea level rise by funding by the State. Mayor Pro Tem Tinkler asked for the high school youth to be involved in this project as it would be a great learning opportunity.

Sam Strait: stated that the sea rise level theory has changed and that the latest science says that we are going into a colder season and the icebergs are intact.

Mayor Wright spoke in support of applying for this grant; Mayor Pro Tem Tinkler stated that she feels this will also be a part of our emergency plan and a public safety issue that should be acted on.

On a motion by Council Member Altman, seconded by Mayor Pro Tem Tinkler and carried on a 3-0 polled vote, with Council Member Greenough being absent, the City Council of the City of Crescent City authorized staff to submit a grant application to the Ocean Protection Council for Development of Sea Level Rise Adaptation Plans in Compliance with SB 272.

CITY COUNCIL ITEMS

- **Reports, Concerns, Referrals, Council travel and training reports – None**
- **Legislative Matters – None**
- **City Manager Report and City Council Directives –**
 - Impacts on the City from the Federal shutdown.

City Manager Wier stated that the federal government has reopened. Housing Authority Executive Director Miller reported that their funding was not affected by the shutdown. The only impact was that they didn't have access to HUD staff. City Manager Wier explained that due to the shutdown, funding had been paused and projects were put on hold.

Director Yeager reported on an upcoming project that will impact the streets. The project will include 8th St, C St, D St, parts of 7th St and a section of E St.

City Manager Wier announced that the City is accepting applications for the City Council vacancy until December 1st at 5:00 p.m. Recreation and Events Manager Feola has a business window

decorating contest planned for Christmas. There is a Senior Pool Exercise class. The pool sauna is currently down but the parts have been ordered and it should open back up soon.

ADJOURNMENT

There being no further business to come before the Council, Mayor Wright adjourned the meeting at 8:12 p.m. to the regular meeting of the City Council of the City of Crescent City on Monday, December 1, 2025 at 6:00 p.m. at the Flynn Center Board Chambers, 981 H Street, Crescent City, CA 95531.
