- 5.1 CONSIDER AND DIRECT STAFF TO PREPARE FOR AN ASSESSMENT PROCESS IN 2021, SECURE A CONTRACT WITH PLANWEST PARTNERS AT TIER LEVEL (1 OR 2) FOR CONSULTANT SERVICES AND SUPPORT IN THE REQUIRED 218 ELECTION PROCESS AND/OR BARTLE WELLS TO COMPLETE ENGINEERS REPORT UPDATE AT TIER LEVEL (1 OR 2).**

RECOMMENDATION

1. Receive staff report and presentation
2. Take public comment
3. Board Discussion
4. Consider and DIRECT STAFF TO PREPARE FOR AN ASSESSMENT PROCESS IN 2021, SECURE A CONTRACT WITH PLANWEST PARTNERS AT TIER LEVEL (1 OR 2) FOR CONSULTANT SERVICES AND SUPPORT IN THE REQUIRED 218 ELECTION PROCESS AND/OR BARTLE WELLS TO COMPLETE ENGINEERS REPORT UPDATE AT TIER LEVEL (1 OR 2).

Chief Gillespie noted that this discussion was brought up in the December meeting and the Board had looked at the consultants that worked with the District previously. The Board decided to step away from the marketing firm TBWBH at this time. The Board had then requested that Planwest Partners and Bartle Wells bring back a break down in costs presented in a tier 1 and 2 option. It was also noted in December's meeting that in order to move forward with any changes to the benefit assessment the Board will need to have the engineer's report updated.

Colette Metz, with Planwest Partner, presents the requested proposal. The proposal encompasses election coordination, community outreach, technical assistance, project coordination, assistance with preparing the notice and ballots, and assisting the District with coordinating with the Elections Office. Colette broke down the different tiered options, stating that the only difference is tier 2 does not have community outreach listed. It is noted that the costs shown do not cover the mailing or postage.

Director Gregorio questioned the total hours that are proposed and would like some clarification on the total. Colette stated that with the previous benefit assessment there was a significantly higher number of hours compared to this time. She noted there are numerous meetings between District staff and between the engineering firm and Planwest Partners. Colette stated there is some additional cleanup for the assessment values and this was just an estimate of time. The District is billed at a cost recovery basis.

Chief Gillespie questioned if the District was to create their own notices and ballots if Planwest would still be able to proof and provide language as needed. Colette confirmed that Planwest would absolutely provide feedback and assistance if that is what the District decided to do. She also noted how important it will be to reach out to commercial property owners as soon as possible and reassure them that the District listened and was able to respond by reducing the benefit assessment amount.

Chairman Nelson requested to be able to look at the ballot before it is mailed out, he noted his disappointment with the last notice and ballot.

Chairman Nelson noted that in order to get the word out we will need the support of the volunteers and the Board members.

Doug Dove, with Bartle Wells, stated this is about a six-month process. They will be working with the District staff to refine and adjust the calculations as needed to get them ready for the balloting and the engineer's report.

Director Gregorio questioned the differences between their tier 1 and tier 2 proposal from Bartle Wells. Abigail Seaman, with Bartle Wells, noted that the main project goal is to update all the parcel data and the engineer's report with the latest information. The cost review is going to be the difference between the tier 1 and tier 2 option.

Chief Gillespie questioned how we will move forward with fixing the Accessor's parcel list? Colette Metz, with Planwest Partners, noted that they will be looking at the improvement values in the Accessor's data and use that information to update the residential or commercial value. Director Gregorio questioned how the District is guaranteed to have accurate information. Colette noted that it shouldn't take long to correct the vacant properties to the update the value using aerial imagery and improvement values. Director Gregorio also questioned the time that it will take to update the information at the Accessor's Office to reflect the developed properties. Abigail Seaman, with Bartle Wells, noted that they have this process streamlined and will turn in any changes they find to the County.

Director Erler questioned what the timeline will be for the ballots being mailed out. Colette projected that the notice and ballot will be scheduled to go out before summer of this year.

Chief Gillespie would like staff direction on what options the Board would like to go forward with from Planwest Partners and Bartle Wells.

On a motion by Vice Chair Short, seconded by Director Kelley, motion carried unanimously 5/0; the Board of Directors secured a contract with Planwest Partners

at a tier 2 level, for consultant services and support in the required 218 election process and Bartle Wells to complete Engineers Report update at a tier 1 level.

CHIEF'S REPORT

Update on current matters and those in progress. Take action as necessary and appropriate.

UPDATE ON CURRENT MATTERS AND THOSE IN PROGRESS.

6.1 RESPONSES OCCURRED BETWEEN: 12/01 – 12/31/2020

Chief Gillespie noted the total call in the City and District for the month of December and the overall calls reaching 2,064 in 2020. Chief Gillespie also noted that the department has already seen a reduction this year thanks to dispatch triaging calls that were not fire department related.

6.2 COVID VACCINE

Chief Gillespie stated that Crescent City Fire & Rescue members were given the option to receive a COVID vaccine recently and that approximately 19 volunteers received the vaccination.

6.3 DISTRICT 2X2

Chief Gillespie would like to confirm which two Board members are currently partaking in the District 2x2. It was noted that Director Eler and Director Kelley are the two appointed members to represent the Board. Chief Gillespie explained that the City and the District will be updating the MOU in the coming weeks.

BOARD COMMENTS

No comments at this time.

ADJOURNMENT

Director Gregorio made a motion to adjourn the meeting at 6:37 pm of the Crescent Fire Protection District Board of Directors to the next regularly scheduled meeting on February 8, 2021 at 5:00PM.

4.1 STAFF REPORT – REVIEW ENGINEER’S REPORT FROM BARTLE WELLS ASSOCIATES ON 2020 ASSESSMENT

RECOMMENDATION

1. Receive staff report and presentation
2. Take public comment
3. Board Discussion
4. Review and ENGINEER’S REPORT FROM BARTLE WELLS ASSOCIATES

BACKGROUND

While investigating a funding process to address the sunset of the 2006 Benefit Assessment in 2021 and other fiscal shortfalls identified in the Fire Department 10-Year Financial Master Plan as adopted in 2019, the District contracted with Planwest Partners to provide consultant service to lead the District through an assessment process. Bartle Wells Associates was contracted by Planwest Partners to provide the state mandated engineers report required for an assessment to move forward.

Included within the report process was investigation into the revenue and expenditure needs of the District, past assessments, parcel information within the District, and recommendations of the type of funding measure as well as a recommendation of the equivalent benefit unit assignment to the parcel types.

The Board will receive a final report and recommendation from Bartle Wells Associates to move forward with a benefit assessment.

FISCAL IMPACT

Loss of the existing 2006 benefit assessment represents an annual revenue loss to the District of \$110,000 annually. The loss of revenue without a replacement funding measure will significantly impact the District in its ability to deliver fire and emergency response, with a lowering of response services from current service levels experienced by our community. Further, as the District worked to continue to provide services, District reserves that could offset this revenue loss could be depleted as early as the end of 2023, resulting in a significant loss of service to the community.

ENGINEER'S REPORT AFFIDAVIT FIRE SUPPRESSION ASSESSMENT

Crescent Fire Protection District
Del Norte County, State of California

This Report describes the proposed Fire Suppression Assessment for Crescent Fire Protection District, including District parcels, expenses, and individual parcel assessments to be levied in Fiscal Year 2021/22. Reference is hereby made to Del Norte County maps for a description of the lines and dimensions of parcels within the Crescent Fire Protection District service area. Fire expenses include budget and financial planning documents provided by the District in partnership with Planwest Partners. Assessment benefit was allocated to each parcel according to the Del Norte County 2020 parcel listing and associated land use codes within the District boundaries. The undersigned respectfully submits the enclosed Report as commissioned by Crescent Fire Protection District.

Introduction and Background

Crescent Fire Protection District (“District”) is a volunteer fire department that provides all-risk fire service to approximately 7,000 homes within the City of Crescent City (“City”) and its surrounding unincorporated areas. The District is one of two governmental agencies that comprise Crescent City Fire & Rescue, an organization formed in 2015 between the District and the City to provide Fire and EMS services to the greater Crescent City area. Operational expenses are split between the District and City, with District revenues largely funded by property taxes and parcel-based assessments.

The District has retained Bartle Wells Associates following the District Board’s adoption of the Crescent City Fire and Rescue 10-Year Financial Master Plan in November 2019, which identifies a long-term strategy for sustainable operation and management of the District, as well as fire and safety services that address growing community demand. The Master Plan states that a new funding measure will be needed to cover projected costs and ensure that the District remains fully operational.

The District desires to initiate proceedings for the formation of a new Fire Suppression Assessment pursuant to the provisions of Government Code 50078 et. seq. (the “Code”) and California Constitution Article XIII D (“Proposition 218”). The Code provides for the levy and collection of assessments by the District to generate revenue to pay for fire services and equipment.

This Assessment Engineer’s Report presents a benefit analysis for the imposition of an assessment to fund Fire expenses known as the 2020-21 Crescent Fire District Suppression Assessment.

This Report is to be filed with the District Clerk or Secretary of the Crescent Fire Protection District and must contain the following elements according to the Code:

- A description of each lot or parcel of property proposed to be subject to the assessment;
- The amount of the assessment for each lot or parcel for the initial fiscal year;
- The maximum amount of the assessment which may be levied for each lot or parcel during any fiscal year;
- The duration of the assessment;
- The basis of the assessment;
- The schedule of the assessment; and,
- A description of the protest and hearing requirements applicable to the assessment.

1 District Revenue Summary

The District relies on several revenue sources for the sustainable operation of Fire District activities, including Fire, EMS, disaster preparedness and emergency response services.

Current Property Assessments

The District relies on two assessments billed on the property tax roll. The first assessment, established in 1987 at a rate of \$24.00 per **Equivalent Benefit Unit (EBU)**, has no sunset clause or inflationary provision and generates approximately \$147,000 in revenue per year. The second assessment was established in 2006 to help fund equipment and apparatus replacement. The assessment is tied to a long-term equipment lease that sunsets with the final lease payment in FY 2020-21. The 2006 assessment has a rate of \$18.00 per benefit unit with the same unit of benefit methodology as the prior assessment and generates approximately \$110,000 per year. In total, the District collected \$256,000 in revenues from property assessments in FY 2019-20.

The current assessments summarized in Table 1.

Table 1 – Current Property Assessments

Fire Assessment by Adoption Date	\$/EBU	2019-20 EBU's	2019-20 Revenue (Rounded)
1. 1987 Assessment	\$24.00	6,085	\$146,000
2. 2006 Assessment*	\$18.00	6,085	\$110,000
Total	\$42.00		\$256,000

*2006 Assessment sunsets in 2020-21

Current EBUs are assigned according to the schedule provided in the District's Ordinance 87-016A and summarized as follows:

Table 2 – Current Benefit Units		
Residential	per dwelling unit	1
Commercial		
	Under 1,000 sqft	1
	Over 1,000 sqft	2
	Hoist	1
	Processor	2
	Boat Repair	2

	Farm (per res.)	1
Manufacturing/Industrial		6
	Vacant/Light Use (<20 employees)	2
Motel	per room	2
Exemptions	Vacant land and land owned by any federal, state, or local agency	

EBU's for each parcel are assessed by Del Norte County as needed according to the above schedule of benefit units and best judgement of County assessors. Limited documentation of this process is available in the electronic parcel data provided by the County.

Other Revenues

The District also receives property taxes, rents, and interest income totaling \$330,279.

2 CFPD Parcel Information

As mentioned in Section 1, detailed documentation of customer class or benefit factor assignment was not available in the electronic parcel data provided by the County. BWA used land use codes to assign customers to six unique categories. This serves to condense and simplify the current benefit unit assignment system.

Vacant parcels – most parcels in this category are currently exempt from the fire assessment. Land use codes include vacant and undeveloped land for all customer classes (residential, commercial, industrial).

Residential parcels – These parcels are single family residential parcels

Multi Family – These parcels include mobile homes, manufactured homes, duplexes, and multiple-residence parcels

Commercial – These parcels include both commercial and industrial users

Mixed use – These parcels are any combination of the above parcel categories, including commercial with residential, residential with a mobile home, and multiple use

Government – These parcels are owned by the City and include vacant lots as lots with small buildings (such as infrastructure for a water pump station)

A summary of parcels by customer category is provided in Table 3. A detailed breakdown by land use code is provided in the Appendix Supplementary Tables.

Table 3 – 2020-21 Parcel Data

3 2020-21 Expenditure Summary

City/District Expenditures

1. District Budget

The District's 2019-20 budget totals \$642,156 and includes operations and maintenance, professional services from the City of Crescent City, and payment on a long-term equipment lease that expires in 2020-21. The loan payment has been removed from total expenditures for 2020-21.

2. Crescent City Fire & Rescue 10-Year Financial Master Plan – “Additional Expenses”

The Crescent City Fire & Rescue 10-year Master Plan also identifies “Additional Expenses” to recover costs to maintain the operation of Crescent City Fire & Rescue and increase the level of service to meet community demand. CFR Additional Expenses are to be split between the District and the City. The District has a 54% allocation of these expenses, or \$355,300 in 2019-20.

3. 2020-21 Cost Escalation

Costs were escalated 3% to account for inflation between the 2019-20 budget and 2020-21 assessment engineers report.

Total District expenditures are summarized in **Table 4**. A detailed cost allocation is provided in the Appendix Summary Tables.

District Fire/EMS Expenditures

BWA also separated Emergency Medical Service costs from the Fire Assessment Revenue Requirement. While the District is authorized to provide EMS in addition to its primary responsibility of fire prevention and suppression, it is not designed to fund typical non-fire/non-rescue medial calls and must provide a minimum level of service to meet their primary responsibility. Incremental costs associated with EMS have been removed from District expenditures, including training and volunteer personnel costs that serve this function.

A summary of Fire expenditures is provided on **Table 5**. A detailed cost allocation is provided in the Appendix Summary Tables.

4 Fire Assessment Revenue Requirement

The Fire assessment revenue requirement is equal to the total 2020-21 District Fire expenditures (**Table 5**) less revenues from property taxes, rent and interest income, and any revenues from the 1987 assessment (**Table 1**). The resulting assessment revenue requirement is shown on **Table 6**.

5 Proposition 218 Requirements

In November 1996, California voters approved Proposition 218, the "Right to Vote on Taxes Act", Articles XIII C and XIII D to the California Constitution. Proposition 218 imposes requirements for the levying of assessments by the District. Before a public agency can levy a new or increased assessment, the following requirements must be met:

- 1) The agency must prepare a detailed engineer's report by a registered engineer certified by the State of California or a rate study which calculates the proposed assessment for each parcel.
- 2) The record owner of each parcel must be given written notice by mail of the proposed assessment, the total amount chargeable to the entire service area, the amount chargeable to the owner's particular parcel, the duration of the payments, the reason for the assessment, and the basis upon which the amount of the proposed assessment was calculated. Notice to the record owner must include the time, date, and location of a public hearing on the assessment.
- 3) A public hearing to collect ballots must be conducted not less than 45 days after mailing the notice to landowners. Valid ballots returned to the Board Secretary of the District prior to the close of the public hearing on the matter of the assessment will be tabulated to determine if majority protest exists.
- 4) The agency shall not impose the assessment if there is a majority protest. A majority protest exists if, upon the conclusion of the public hearing, ballots submitted in opposition to the assessment exceed ballots submitted in favor of the assessment. In tabulating the ballots, the ballots will be weighted according to the proportional financial obligation of the affected property.

The proposed property-related assessment in this engineer's report was developed pursuant to Proposition 218, Article XIII D of the California Constitution.

6 Special Benefit Provided by the District

For new and increased assessments, Proposition 218 requires the separation of general benefit from special benefit, while only special benefit-related costs are assessable. It is important to note that the imposition of the Fire Suppression Assessment will not fully fund all Fire District related activities. It will partially fund fire services and equipment (as required by Government Code Section 50078 et seq.) that are property related and assist the District in meeting its public safety goals. Other revenue sources provide funds needed for general benefit Fire District operations and facilities, including emergency medical services and fire station construction. Therefore, this assessment will fund only those improvements that are a specific and direct benefit to the properties subject to the assessment. All other services and improvements provided by the Fire District are of a general benefit nature and are funded through other means outside of the scope of this Fire Suppression Assessment.

The District provides fire protection services throughout the boundaries of the entire District. Current funding levels will drop as the 2006 assessment sunsets in 2020-21. The District has noted that costs continue to rise, and a drop in revenue could negatively affect service levels. To this end, the specific benefits of the proposed Fire Suppression Assessment are a maintenance of, and possibly future increased protection of, structures and occupants from fires and resulting property loss and owner liability from injuries to occupants. The proposed assessment may also provide funding for future replacement of outdated fire equipment used by the District.

DRAFT

7 Benefit Assessment Analysis

Government Code Section 500078 et. seq. requires that a fire suppression assessment be based upon the type of use of property and the risk classification of the structures or other improvements on, or the use of, the property. The risk classification may include, but need not be limited to, the amount of water required for fire suppression on that property, the structure size, type of construction, structure use, and other factors relating to potential fire, panic hazards and the costs of providing the fire suppression by the District to that property.

For this analysis, we considered District call data, national property loss statistics, national structure fire statistics, land and building size for existing parcels, District resources required to respond to fire calls by land use type, and number of parcels per land use category. The criteria selected for this analysis are taken from national fire response data from the National Fire Protection Association (NFPA) and from Crescent Fire Protection District. We believe that the data collected from the NFPA may be used to allocate fire assessment costs to varying property types because they represent national averages and the data collection and estimation methodology were performed in a sound manner. These allocation factors are then applied to the District's parcels within each property category.

Some of the allocation factors are taken from the NFPA publication "Fire Loss in the United States During 2017". This publication, authored by Ben Evarts of the Fire Analysis and Research Division of the NFPA, presents national estimates of calendar year 2018 structure fires and property loss by property use. The estimates are based on data reported to the NFPA by Fire Districts that responded to the 2017 National Fire Experience Survey. We used the property classifications used in this NFPA document and referenced them to the land use descriptions of the District parcels as provided by the County. We assigned each eligible parcel in the District to a NFPA property class. **Section 2** and **Table 2** of this report summarize this property use typology for the District. Because certain NFPA property categories are similar in use and structure type, we combined these categories later in the report for ease of administration and analysis purposes.

Solely presenting the type and number of parcels is not a satisfactory basis to assign assessment rates in a special benefit analysis. Therefore, we have employed a modification of a framework presented by Dr. Lynn Harvey, a professor at Michigan State University, that allows the user a mechanism to quantify the dollar cost of buying and selling fire protection services to and from a local agency or agencies. This methodology uses a weighted formula pricing method that accounts for factors that have the potential to impact the demand for fire protection in each area. Dr. Harvey uses the factors of population, state equalized value and historical usage to give transparency to the allocated share of fire costs.¹

We modified the factors of this framework to ensure that the model closely resembles the characteristics of the District. We replaced population with numbers of parcels and call data because the benefit finding must be related to property, not people use. We also substituted state equalized value with property loss figures taken from the NFPA fire loss document because of the property-related benefit principle.

¹ "Buying and Selling Fire Protection", Dr. Lynn R. Harvey, Michigan State University, August 1995.

8 Benefit Assessment Calculation

Table 7 summarizes the weighted factors considered for the Fire Suppression Assessment according to the methodology presented in Section 7. Detailed calculations and source information are provided in the Appendix Supplementary Tables. A weighted factor of 50% parcel value * 50% property loss per structure was used except in the case of Multi-Family properties, where these two data points did not fully reflect the benefit received by these groups. Multi Family benefit factors were adjusted to account for total parcels.

Table 7 – Summary of Weighted Benefit Factors

Total Parcel Benefit Assessment	% Total Parcels	CFPD Parcel Value (50%)	Property Loss (50%)	Weighted % Total	Weighted Factor
Residential	43%	50%	32%	0.413	1.0
Multi Family	22%	6%	24%	0.337	0.8
Commercial	14%	38%	40%	0.434	1.1

BWA proposes to assign 2020-21 Fire EBUs according to the weighted factors above as follows:

Single Family – All residential single-family homes will be equal to one EBU

Multi-Family – All multi-family, mobile home, manufactured homes, duplexes, and condos will be allocated 0.8 EBUs per unit.

Commercial/Industrial – Each building will be assigned 1.1 EBUs per equivalent single-family home, approximately 2,500 square foot, with a minimum of 1 EBU. Since limited parcel data is available, Commercial and Mixed Use parcels will default to the benefit units assigned per the 1987 assessment unless updated square foot information is available.

Government - Improved Government land will be charged as Commercial/Industrial where a structure can be identified at the address of the parcel. BWA has identified 12 government-owned parcels that receive benefit from fire suppression services. The District will need to bill these parcels directly since they do not appear on the tax roll.

Vacant/Undeveloped Land – Due to billing constraints faced by the District and limited fire benefit attributable to these parcels, vacant and undeveloped land will remain exempt under the proposed fire suppression assessment. Any parcels in vacant land use categories that are charged the current fire assessment are assumed to be non-vacant.

Maximum Benefit Assessment per parcel –The District fire suppression service to all constituents but has limited resources available at any one time. The maximum fire suppression benefit that any one parcel can receive from CFPD is estimated to be the 99th percentile lot size in the District. This is equivalent to 13.5 EBUs, or a total maximum annual assessment of \$1,000 per parcel for all customer classes.

A summary of parcels with revised 2021 EBUs is provided on Table 8. Existing EBU assignments will remain in place for purposes of calculating the 1987 assessment.

Since the proposed assessment will not be effective until fiscal year 2021-22, BWA has included a 2% inflation adjustment to the assessment calculation to account for increased operations and equipment costs in the next fiscal year. The inflation-adjusted revenue requirement for FY 2021-22 is \$434,310. The proposed assessment was rounded down to the nearest whole dollar value at the District's request to a value of \$74.00

11 Additional Information & Conclusion

Maximum Assessment

The proposed assessment of \$74.00/equivalent benefit unit represents the maximum assessment that the District may assess for the fiscal year 2021-22. If the District's revenue requirements decrease, additional parcels are identified within the District, or additional benefit units are identified within existing parcels, the District may impose a lower assessment.

Inflation Adjustment Formula

This report recommends that the District consider an inflation adjustment factor of two percent (2%) to be applied to the maximum assessment amounts. This factor could be applied annually to account for normal cost of living increases in providing fire services. This factor is the maximum that the assessment could be raised in a fiscal year. The District can adopt a lower adjustment factor or forgo the adjustment at the Board's discretion.

Duration of Assessments

The assessment may be levied annually by the District Board for an indefinite term.

Voting Procedure

For the Fiscal Year 2021-22, property owners subject to the new assessment will be given the opportunity to vote on the new assessment during a mailed ballot proceeding. Valid ballots returned to the Board Secretary of the District prior to the close of the public hearing on the matter of the assessment will be tabulated to determine if majority protest exists. A majority protest exists if, upon the conclusion of the public hearing, ballots submitted in opposition to the assessment exceed ballots submitted in favor of the assessment. In tabulating the ballots, the ballots will be weighted according to the proportional financial obligation of the affected property. If majority protest exists, the assessment will not be imposed. If there is no majority protest, the maximum assessment may be imposed beginning in Fiscal Year 2021-22.

Public Property

Improved parcels that are owned or used by any local public agency or the State of California that are deemed to benefit from fire services will be assessed on the same basis as privately-owned parcels with the same land use description.

Bulk/Hazard Assessment

The District recognizes that there may be parcels which present a special fire hazard and has defined these Extra Hazard parcels in Ordinance 87-016A as follows:

Extra Hazard: Shall mean a parcel of real property, excluding vacant land, which would present an extreme or unusual fire hazard, due to its size, construction or occupancy (such as a lumber mill or flammable liquids storage, manufacturing, or industrial complex)

Any parcel which presents an extraordinary hazard to the District will be independently evaluated by the District and assigned Equivalent Benefit Units that reflect this special benefit.

Appeals Process for Assessment

The District will provide guidelines for an appeals process for any property owner subject to the assessment. The guidelines for appeal will be filed with the District Board Secretary under separate cover.

12 Parcel Charge Master List

Because of the large number of parcels subject to the 2021-22 Fire Suppression Assessment, the property tax roll that identifies all parcels by Assessor's Parcel Number will be filed with the District Board Secretary and County Assessor's Office under separate cover by the Intent Meeting date. The assessment roll will not be a final document until the District Board has passed resolutions approving the assessment assuming a lack of majority property owner protest on the matter of the assessment.

5. Review and Waive full reading, read by title only INTRODUCE ORDINANCE NO. 21-001; AN ORDINANCE OF THE CRESCENT FIRE PROTECTION DISTRICT LEVYING A FIRE SUPPRESSION ASSESSMENT, BEGINNING IN FISCAL YEAR 2021/22

BACKGROUND

While investigating a funding process to address the sunset of the 2006 Benefit Assessment in 2021 and other fiscal shortfalls identified in the Fire Department 10-Year Financial Master Plan as adopted in 2019, the District contracted with Planwest Partners to provide consultant service to lead the District through an assessment process. Bartle Wells Associates was contracted to provide the state mandated engineers report required for an assessment to move forward.

Included within the report process was investigation into the revenue and expenditure needs of the District, past assessments, parcel information within the District, and recommendations of the type of funding measure as well as a recommendation of the equivalent benefit unit assignment to the parcel types.

In order for the Board to move forward with the assessment, a resolution and ordinance must be passed initiating proceedings, declaring the intention to levy assessments, preliminarily approving Engineers Report, and providing for notice of hearing and the mailing of assessment ballots.

In order for the assessment, if successful, to be levied, ordinance No. 21-001 of the Crescent Fire Protection District must be passed. Tonight, that ordinance will be introduced.

FISCAL IMPACT

Loss of the existing 2006 benefit assessment represents an annual revenue loss to the District of \$110,000 annually. The loss of revenue without a replacement funding measure will significantly

impact the District in its ability to deliver fire and emergency response, with a lowering of response services from current service levels experienced by our community. Further, as the District worked to continue to provide services, District reserves that could offset this revenue loss could be depleted as early as the end of fiscal year 2023-24, resulting in a significant loss of service to the community. The 10-year Financial Master Plan identified funding needs to support current and improved fire department operations and service delivery for the community over the next ten years. The estimated fiscal year 2021-22 If an assessment is pursued and successful, there is the potential to generate revenue in the amount of \$421,648.

RESOLUTION NO. 21-001

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE CRESCENT FIRE PROTECTION DISTRICT INITIATING PROCEEDINGS, DECLARING INTENTION TO LEVY ASSESSMENTS, APPROVING ENGINEER'S REPORT, AND PROVIDING FOR NOTICE OF HEARING AND THE MAILING OF ASSESSMENT BALLOTS

WHEREAS, Crescent Fire Protection District ("District") was formed in 1949 to serve the growing fire and emergency response service needs of the unincorporated area surrounding the City of Crescent City ("City"); and

WHEREAS, since 2004, the District and City have partnered to share resources, provide coverage in both jurisdictions, and otherwise work jointly as one department known as "Crescent City Fire and Rescue"; and

WHEREAS, in the past five years, calls for emergency services and response has risen nearly 25% from an average of 1,500 calls to over 2,000 today; and

WHEREAS, both agencies are committed to preserving the department's history and tradition of volunteerism and service to the community; and

WHEREAS, both agencies strongly prioritize maintaining local fire and emergency response services and evaluating all ways in which economies of scale and shared resources can fiscally and operationally benefit the community; and

WHEREAS, the District is facing a growing need for additional resources and funding to keep pace with the rising costs of providing fire protection and emergency response services; and

WHEREAS, the District first established a benefit assessment to finance fire suppression services in 1987 (Ordinance No. 87-016A) at a rate of \$24 per single-family equivalent benefit unit with no sunset clause or inflationary provision, generating approximately \$147,000 in FY 2019-20; and

WHEREAS, the District established a supplementary benefit assessment in 2006 to help fund apparatus replacement for a period not to exceed 15 years and at a rate of \$18 per single-family equivalent benefit unit generating approximately \$110,000 in FY 2019-20; and

WHEREAS, the District has been a good steward of public funds, making the best use of limited resources to provide essential supplies, personal protective equipment, apparatus and equipment maintenance, insurance, and training to support the volunteer firefighters who donate a great deal of their personal time to the department throughout the year; and

WHEREAS, in recognition of the District's 2006 assessment for apparatus replacement sunseting in 2021 and in recognition that there has not been an assessment increase to the overall operation of the District since the 1987 assessment, a new funding measure will be needed to replace this loss of funding as well as cover increasing costs to ensure that the District's services and all its equipment remain fully operational; and

WHEREAS, in absense of additional funding in the form of a new benefit assessment, it is estimated that the District would exhaust its limited reserve funds within a 2-3 year period while trying to maintain the current level of service that residents have come to expect; and

WHEREAS, to ensure a sustainable future, a financial master plan was prepared in 2019 to identify Crescent City Fire and Rescue's current and projected service needs and to identify the costs associated with delivering these services over a 10-year period; and

WHEREAS, the financial master plan identified priority actions and funding needed to support volunteer staffing programs, apparatus and equipment replacement, training, and increased administrative capacity with the goal of aligning its core programs and services with the needs of the community so as not to over-serve, and most importantly, not under-serve those needs; and

WHEREAS, the District has determined that it is in the best interest of the community to continue providing fire protection and emergency response services at the levels currently provided, that the cost to maintain such adequate levels of service is beyond the reach of the District absent additional funding, and that a new benefit assessment is therefore necessary for public protection and public safety; and

WHEREAS, the District desires to initiate proceedings for the levy of a fire suppression benefit assessment pursuant to Government Code sections 50078—50078.20 and Cal. Const. Art. XIID to provide continued fire protection and fire suppression services at current levels for all the properties within the boundaries of the District; and

WHEREAS, Proposition 218 was adopted on November 6, 1996, adding Articles XIIC and XIID to the California Constitution; and

WHEREAS, Article XIIIID of the California Constitution and implementing statutes impose certain procedural and substantive requirements relating to assessments (as defined); and

WHEREAS, an assessment engineer's report has been prepared by Bartle Wells Associates and submitted to the Crescent Fire Protection District Board, in which a new assessment is proposed to fund the cost of providing continued fire suppression services and improvements within the District boundaries ("Engineer's Report"); and

WHEREAS, this proposed assessment shall be described as the "2021-22 Crescent Fire Protection District Fire Suppression Benefit Assessment" to include all properties within the existing boundaries of the Crescent Fire Protection District ("Benefit Assessment District"); and

NOW, THEREFORE, BE IT RESOLVED, by the Board of Directors of the Crescent Fire Protection District as follows:

1. The Engineer's Report has been considered by the Board of Directors, is hereby deemed sufficient and approved, and is filed with the Board Clerk. The Engineer's Report and other written material about the assessment may be reviewed at the Washington Station, 255 West Washington Boulevard, Crescent City, CA 95531. The Engineer's Report is incorporated herein by reference.
2. The Fire Chief, Bill Gillespie, (707) 464-2421, is hereby designated as the person members of the public may contact for additional information about the proposed assessment.
3. Reference is hereby made to the Engineer's Report for a full and detailed description of the services to be funded by the assessment, the boundaries of the Benefit Assessment District, and the proposed individual assessments to be made upon assessable lots and parcels of land within the Benefit Assessment District.
4. It is the intention of this Board, after notice and hearing, to levy and collect assessments within the Benefit Assessment District. The estimated fiscal year 2021-22 assessment revenue requirement is \$421,648. This cost results in a proposed assessment rate of \$74.00 per single-family equivalent benefit unit for fiscal year 2020-21. This new assessment would replace the 2006 assessment and would be in addition to the 1987 assessment for a total single-family equivalent benefit unit of \$98.00 annually.
5. A public hearing on the proposed assessment shall be held before the Board of Directors at the Washington Station, 255 West Washington Boulevard, Crescent City, CA 95531 on Monday, June 14, 2021, 5:00 p.m., or thereafter, for the purpose of considering all objections or protest to the proposed assessment.

6. The Board Clerk is hereby authorized and directed to cause Notice of the hearing to be given in accordance with law by mailing, postage prepaid, in the United States mail, and such Notice shall be deemed to have been given when so deposited in the mail. The envelope or cover of the mailing shall include the name of Crescent Fire Protection District, and the face of the envelope shall state "OFFICIAL BALLOT ENCLOSED" in bold type no smaller than 16-point. The Notice shall be mailed to each record owner of developed property located within the Benefit Assessment District as identified by the names and addresses appearing on the last equalized secured property tax assessment roll of the County of Del Norte, or in the case of any public entity, the representative of such public entity at the address thereof known to the Board Clerk. The Notice shall include or contain, but not be limited to, the following:

- The total amount of assessment proposed to be levied in the Benefit Assessment District for fiscal year 2021-22;
- The assessment proposed for the owner's particular parcel(s);
- The duration of the payments;
- The reason for the assessment and the basis upon which the amount of the proposed assessment was calculated;
- An assessment ballot;
- A summary of the procedures applicable to the completion, return and tabulation of assessment ballots;
- The date, time, and location of the public hearing; and
- A statement that the assessment shall not be imposed if the ballots submitted in opposition to the assessment exceed the ballots submitted in favor if the assessments, with ballots weighted according to the proportional financial obligation of the affected property;
- The name and telephone number of the Fire Chief to answer inquiries regarding the protest proceedings.

The Notice herein provided shall be mailed not less than forty-five (45) days before the date of the public hearing.

7. The question to be placed before the property owners shall read as follows:

"To support and maintain local fire protection and emergency response services, including additional firefighter positions, enhanced volunteer firefighter programs, updated firefighting and emergency response equipment, vehicle replacement funding, and ongoing firefighting and emergency response training; shall the Crescent Fire Protection District impose an annual per parcel assessment of \$74.00 per single-family equivalent benefit unit, unless removed by ballot measure, expected to raise

\$421,648 dollars per year to be spent with independent citizen oversight on providing local services?

8. At the conclusion of the public hearing, assessment ballots submitted and not withdrawn will be tabulated. The assessment will not be imposed if, upon the conclusion of the public hearing, ballots weighted according to the financial obligation of the affected parcel that are submitted in opposition to the assessment exceed the weighted ballots submitted in favor of the assessment.
9. If a majority of weighted ballots returned are in support, Ordinance No. 21-001, attached hereto as Exhibit "A" and incorporated herein, shall be adopted and the assessment may be levied beginning in fiscal year 2021-22, in accordance with said Ordinance.

Exhibit A – Ordinance No. 21-001

CRESCENT FIRE PROTECTION DISTRICT

255 W. WASHINGTON BLVD. CRESCENT CITY, CA 95531
office: 707- 464-2421

ORDINANCE NO. 21-001

AN ORDINANCE OF THE CRESCENT FIRE PROTECTION DISTRICT LEVYING A FIRE SUPPRESSION ASSESSMENT, BEGINNING IN FISCAL YEAR 2021/22

The Board of Directors of the Crescent Fire Protection District hereby ordains as follows:

SECTION 1. PURPOSE

Pursuant to direction from the Board, Bartle Wells Associates (the "Engineer of Work") prepared an Assessment Engineer's Report (the "Engineer's Report") pursuant to Title 5, Division 1, Part 1, Chapter 1, Article 3.6 of the California Government Code, "Fire Suppression Assessments", beginning with Section 50078 and Article XIIIID of the California Constitution ("Proposition 218"). The Engineer's Report presents a benefit analysis for the imposition of an assessment to fund fire expenses. The Engineer's Report has been made, filed with the District Clerk, and approved by the Board.

On March 8, 2021, the Board duly adopted Resolution 21-001, A Resolution of the Board of Directors of the Crescent Fire Protection District Initiating Proceedings, Declaring Intention to Levy Assessments, Approve Engineer's Report, and Provide for Notice of Hearing and the Mailing of Assessment Ballots. After hearing held June 14, 2021, the Board concluded that ballots weighted according to the financial obligation of the affected parcel submitted in favor of the assessment were equal to or exceeded the weighted ballots submitted in opposition to the assessment. It is now the intent of the Board to levy and collect an annual assessment for fire suppression services which shall be called the "2021-22 Crescent Fire Protection District Fire Suppression Benefit Assessment" (hereinafter the "Benefit Assessment") to include all properties within the existing boundaries of the Crescent Fire Protection District (hereinafter the "Benefit Assessment District").

SECTION 2. DESCRIPTION OF THE SERVICES

Within the Benefit Assessment District, the proposed fire services and equipment to be funded by the assessments ("Services") are generally described as including, but not limited to the following: obtaining, furnishing, operating, and maintaining fire suppression, protection and emergency fire-suppression-related services equipment and

apparatus; paying salaries, benefits and other compensation for firefighting and fire suppression personnel; training and administration of personnel performing said fire suppression, protection and emergency fire-suppression-related services; community fire prevention education and fire inspection.

SECTION 3. REFERENCE TO ENGINEER'S REPORT

Reference is hereby made to the Engineer's Report for a full and detailed description of the Benefit Assessment, including District parcels, expenses, and individual parcel assessments to be assessed beginning in Fiscal Year 2021/22. Reference is hereby made to the official Parcel Maps of the County of Del Norte for a description of the lines and dimensions of parcels within the Benefit Assessment District. Fire expenses include budget and financial planning documents provided by the District. An assessment benefit was allocated to each parcel according to the Del Norte County Assessor's 2019-20 Assessor Parcel listings and associated land use codes within the Benefit Assessment District.

SECTION 4. REPORT OF THE ASSESSMENT ENGINEER OF WORK

The Engineer's Report is available for public review at the Washington Station, 255 West Washington Boulevard, Crescent City, CA 95531, and is hereby incorporated by reference. The Engineer's Report includes:

- A. A description of each lot or parcel of property proposed to be subject to the assessment;
- B. The amount of the assessment for each lot or parcel for the initial fiscal year;
- C. The maximum amount of the assessment which may be levied for each lot or parcel during any fiscal year;
- D. The duration of the assessment;
- E. The basis of the assessment;
- F. The schedule of the assessment; and,
- G. A description of the protest and hearing requirements applicable to the assessment.

SECTION 5. ASSESSMENT RATE

The Board hereby levies an annual assessment within the Benefit Assessment District. The estimated fiscal year 2021-22 cost of providing the Services is \$421,648. This cost results in an assessment rate of \$74.00 per single-family equivalent benefit unit (EBU) for fiscal year 2021-22. Fire EBUs are assigned to each parcel as follows:

- Single Family – All residential single-family homes are equal to 1.0 EBU

- Multi-Family – All multi-family, mobile home, manufactured homes, duplexes, and condos are allocated 0.8 EBUs per unit.
- Commercial/Industrial – Each building are assigned 1.1 EBUs per equivalent single-family home, approximately 2,500 square feet. Buildings less than 2,500 square feet are assigned 1.0 EBU.
- Government/Institutional - Improved Government land is subject to the assessment levy on the same basis as privately owned parcels with the same land use description.
- Vacant/Undeveloped Land – Vacant and undeveloped land is not subject to the assessment levy and is otherwise exempt from this assessment.
- Bulk/Hazard – Any parcel which presents an extraordinary hazard to the District will be independently evaluated by the District Fire Chief and assigned an EBU that reflects the actual benefit received by the individual parcel.
- All parcels will be held to a maximum assessment fee not to exceed \$1,000 per parcel.

SECTION 6. ANNUAL ASSESSMENTS

The assessments will be levied annually for an indefinite term. In each subsequent year, the District Board may choose to adopt an inflation adjustment factor by an amount equal to the annual change in the Consumer Price Index for All Urban Consumers in the West Region, not to exceed 2% (two percent) per year without a further vote or balloting process. This factor may be applied annually to account for normal cost of living increases in providing fire services. This factor is the maximum that the assessment could be raised in a fiscal year. The District Board can adopt a lower adjustment factor or forgo the adjustment at the Board's discretion. The records of the County Assessor shall be used to determine the number and type of improved properties for the purpose of the assessment pursuant to this Ordinance.

SECTION 7. OVERSIGHT COMMITTEE

A seven-member oversight committee will be created to meet annually to review and publicly report on the expenditure of revenues generated by the tax imposed by this Ordinance. The committee will include the Fire Chief or designee, a representative from the Volunteer Fire Association or designee, and five residents of the District. Resident members of the committee will be appointed to two-year terms by the Board Chair and confirmed by the District Board. The Fire Chief and Volunteer Fire Association Representative will serve as non-voting members of the committee.

SECTION 8. INDEPENDENT ANNUAL AUDIT

The proceeds of the assessment imposed by this Ordinance, as well as the expenditures thereof, will be audited annually by an independent accounting firm.

SECTION 9. METHOD OF COLLECTION

The assessment shall be collected in the same manner and subject to the same penalty as, or with, other taxes fixed and collected by Del Norte County on behalf of the Crescent Fire Protection District. The County of Del Norte may deduct reasonable expenses incurred for such service before remitting the balance to the District.

SECTION 10. CARRYOVER OF REMAINING FUNDS

Any unexpended funds raised by the assessment, remaining at the end of any fiscal year shall be carried over for use by the Crescent Fire Protection District to the next succeeding year to fund fire suppression services within the Benefit Assessment District.

SECTION 11. APPEALS PROCESS FOR ASSESSMENT

Any property owner may appeal any determination by the Fire Chief concerning the nature of the use of the property or the calculation of the amount of the assessment by filing a written appeal with the District. Any such appeal shall be filed by December 1st of the calendar year for which the tax is levied. The appeal shall contain a statement by the property owner as to the nature and basis for the appeal in accordance with the District's appeal procedure. The District will provide guidelines for an appeals process for any property owner subject to the assessment. The guidelines for appeal shall be adopted by the Board by resolution and will be filed with the District Board Clerk.

SECTION 12. CORRECTIONS, CANCELLATIONS AND REFUND

The Board of Directors may order the assessment levied herein on any particular improved property to be corrected, cancelled or refunded consistent with and in order to effectuate the provisions of this Ordinance.

SECTION 13. SEVERABILITY

If any provision of this Ordinance or the application thereof to any person or circumstance is held invalid by a court of competent jurisdiction, then the remainder of the Ordinance and the application of such provision to other persons or circumstances will not be affected thereby.

SECTION 14. CERTIFICATION

The District Clerk shall certify to the passage and adoption of this Ordinance and shall cause a copy of the full text of the Ordinance to be posted.

STAFF REPORT – EMERGENCY AND FIRE RESPONSE SERVICES AGREEMENT AMENDMENT

RECOMMENDATION

1. Hear staff report
2. Take public comment
3. Board Discussion
4. Approve the 2021 Amended Agreement with the City of Crescent City Regarding Emergency and Fire Response Services

BACKGROUND

The Crescent Fire Protection District and City of Crescent City have a long history of working together under various collaborative agreements. In 2015, both agencies came together through an operational merger of their respective volunteer firefighter associations and entered into a joint exercised of powers agreement, the Emergency and Fire Response Services Agreement (the “Agreement”). This partnership provides cost effective and seamless services to the greater Crescent City area. The Agreement provides for the sharing of costs between the two agencies for a variety of services, including personnel and equipment shared costs. The Agreement was last amended in February 2018.

In September 2018 the Crescent Fire Protection District and City of Crescent City began a joint project path for a 10-Year Financial Master Plan for Crescent City Fire & Rescue. The point of the Master Plan was to identify the fire department’s current and projected fire and emergency service needs and identify the costs associated with delivering these services over a 10-year period. The Crescent Fire Protection District and City of Crescent City each adopted the final draft of the 10-Year Fire Department Master Plan at a joint meeting of the agencies on November 21, 2019.

ITEM ANALYSIS

The 10-Year Fire Department Master Plan provided 14 Priority Recommendations to work toward. The proposed amendments to the Emergency and Fire Response Services Agreement are based upon Priority Recommendation 11: Revisit the cost share strategy for full-time paid personnel. The Master Plan recommended that the District and City determine a consistent cost share formula for paid personnel that takes into account the total scope of operations that must be supported and overall workload considerations of the administrative team. Currently, the cost share breakdown for CCFR’s full-time benefitted positions (Fire Chief and Administrative Assistant) have been call-based in the current agreement. Previously the parttime positions were adjusted to a 50/50 cost share between the City and the District. Per the Master Plan, “Full-time personnel are usually considered a “fixed cost” because the total cost does not change based on the number of calls. For

AN AGREEMENT
BETWEEN
THE CITY OF CRESCENT CITY
AND
THE CRESCENT FIRE
PROTECTION DISTRICT
REGARDING
EMERGENCY AND FIRE RESPONSE
SERVICES

Amended ~~2018~~2021

**AN AGREEMENT BETWEEN THE CITY OF CRESCENT CITY AND THE
CRESCENT FIRE PROTECTION DISTRICT REGARDING EMERGENCY AND FIRE
RESPONSE SERVICES (AMENDED 2021)**

This amended agreement (“Agreement”) is entered into by and between the City of Crescent City, a California municipal corporation (“City”), and the Crescent Fire Protection District, a California special district (“District”), to provide for the efficient provision of emergency and fire response services within the jurisdictional boundaries of the City and the District pursuant to the authority granted in Government Code § 54980 et seq. and Government Code § 6500 et seq.

NOW, THEREFORE, in consideration of the mutual covenants and conditions set forth below, City and District agree as follows:

- 1.0 PURPOSE.** The purpose of this Agreement is to achieve greater operating and economic efficiencies for both the City and the District by combining resources and sharing the cost.
- 2.0 TERM.** The term of this Agreement will be ~~July 1, 2015 through June 30, 2020~~ July 1, 2020 through June 30, 2025 (the “Term”) unless terminated earlier pursuant to the provisions contained herein. Upon the expiration of the Term, this Agreement will automatically renew for successive one-year terms, unless expressly terminated by either party upon 180 days’ advance written notice to the other party.
- 3.0 EARLY TERMINATION.** During the initial term, either party may terminate this Agreement, without cause, upon 180 days’ written notice to the other party.
- 4.0 PERSONNEL SERVICES.** The City will provide specific personnel services to the District on the “PercentageEqual Share Basis” calculated using the “Full Cost of Services.”
 - 4.01 Fire Chief.** The City will provide the services of a Fire Chief to perform the typical duties of a fire chief and who will attend regular and special meetings of the District, as required, to provide advice, present reports, seek direction and make recommendations on fire and emergency response services and related matters. Additionally, the Fire Chief will perform the following specific services:
 - a.** Coordinate services and operating activities of the District with other fire service agencies within Del Norte County and adjacent areas;
 - b.** Participate in District community events in the same manner and to the same degrees as he or she participates in similar events in the City; and
 - c.** Coordinate with the Del Norte County Office of Emergency Services and other State and national offices of emergency services and disaster preparedness to provide emergency management and disaster preparedness services to the District.

- 4.02 Deputy Fire Chief.** The City will provide the services of a Deputy Fire Chief to perform the duties of the Fire Chief as delegated by him or her, to perform the duties of the Fire Chief in his or her absence, and to provide necessary and desired training to the volunteer firefighters.
- 4.03 Administrative Assistant.** The City will provide the services of an Administrative Assistant, who will be authorized by the District to perform the typical duties of an administrative assistant and who will attend regular and special meetings of the District as required.
- 4.04 Fire House Maintenance Worker.** The city will provide the services of a Fire House Maintenance Worker who will provide general maintenance and routine janitorial duties for all District facilities, the City Fire Hall (including District and City vehicles) as well as perform inspections and maintenance of firefighter personal safety apparatus (oxygen canisters, self-contained breathing apparatus, etc.).
- 4.05 Cost of Services.** The District will compensate the City based upon the Full Cost of Services for “Designated Employees” (Fire Chief, Deputy Fire Chief, Administrative Assistant, Fire House Maintenance Worker), attached hereto as **Exhibit A** and incorporated herein by this reference. The term Full Cost of Services includes: –(i) the direct, out-of-pocket expenses for salaries, benefits, and payroll costs incurred for the Designated Employees; and (ii) costs for administration, training, and maintenance for the Designated Employees. The full cost of personnel services will be re-determined on an annual basis and the full cost for each position will be re-established on an annual basis and attached hereto.
- 4.06 Management.** When the Designated Employees are performing the duties and functions of District employees, they shall report directly to the District Board. When the Designated Employees are performing the duties and functions of City employees, they shall report to the City Manager.
- 4.07 Designated Employees Deemed City Employees.** With respect to services provided pursuant to this Agreement, the Designated Employees are deemed to be City employees for the purposes of exercising all of the rights, duties, privileges and obligations conveyed or imputed by law to that office within the District. This designation of the Designated Employees as City employees pertains to the purposes set forth in this paragraph only and is not inconsistent with the indemnity provisions of Section 5.
- 4.08 Other Employees.** With respect to employees other than the Designated Employees, each party is responsible to its own employees when it comes to employer obligations and duties, provided under applicable State or federal laws. Each party is also liable for the conduct, actions, and omissions of its own employees.

4.09 Personnel Information. Both the City and the District agree to release confidential fire department personnel information that is mutually relevant to both parties, to the other party.

5.0 INDEMNIFICATION AND RIGHT OF CONTRIBUTION.

5.01 Indemnification. Pursuant to the authority granted under Section 895.4 of the California Government Code, each party (the “Indemnifying Party”) must indemnify, defend, and hold harmless the other party, including the other party’s elected officials, appointed officials, employees and agents (collectively, the “Indemnified Party”), against any and all liability, demands, claims, costs, damages, and expenses including reasonable attorney fees, (hereafter, “Losses”) incurred by the Indemnified Party, arising from or relating to any negligent or wrongful act or omission of the Indemnifying Party or its elected officials, appointed officials, employees and agents, or from any Losses arising from the dangerous condition of the Indemnifying Party’s property, arising from or related to that party’s performance under this Agreement. Each party agrees to be responsible for any Losses suffered as a result of the use of that party’s vehicle.

5.02 Defense. At its own cost and expense, the Indemnified Party may participate in the defense of any action or lawsuit, or in the prosecution of any appeal of any judgment or ruling in any such action or lawsuit, where the duty of defense or prosecution is imposed on the Indemnifying Party.

5.03 Contribution. The parties have a right of contribution against each other in the event of any judgment or liability against either party related to the parties’ performance under this Agreement. The amount of contribution for which either party may be liable must not exceed that party’s proportional fault in the action giving rise to the liability.

5.04 Identity of Personnel. For purposes of this section, whether the Designated Employees or volunteers are working on behalf of the City or the District at any certain time will be determined as follows:

- a. Call response – location of the call (City or District)
- b. Vehicle use – the owner of the vehicle (City or District)
- c. Administrative decisions – the nature of the decision or action, whether it was in furtherance of District business or City business

6.0 VOLUNTEER FIREFIGHTERS. The volunteer firefighters that serve the City and the District have ~~recently~~ joined together as one association (known as “Crescent Fire & Rescue”) to serve both agencies. The City will procure and maintain the workers’ compensation policy for all volunteer firefighters; issue volunteer firefighter response

stipends; pay for volunteer firefighter training and education; pay for membership with the California State Firefighters Association (CSFA) for each volunteer; pay for basic life insurance and long term disability/accidental death and dismemberment insurance policies offered through CSFA for each volunteer; pay for Cal-Ore Life Flight and Del Norte Ambulance subscriptions for each volunteer; pay the employer 457 PTS plan 1.3% contribution for volunteers; pay employer Medicare contributions for volunteers; and pay for emergency response support (food and water). These costs are referred to as “full cost of service for volunteers.” The District will compensate the City as provided in Section 10 below for these services. In the event that a volunteer firefighter is injured on the job and files a worker’s compensation claim, the parties will share any additional expenses associated with the claim equally.

7.0 EQUIPMENT AND SUPPLIES. The City will purchase firefighter turnouts, equipment and supplies costing less than \$5,000. The District will compensate the City in the manner set forth in Section 10. Any equipment purchased by the City for \$5,000 or more will be capitalized by the City and owned by the City. The District will not compensate the City for such capital expenditures.

8.0 FIRE RESPONSE VEHICLES. Both the City and the District own their own fire response vehicles. The parties will continue to own separate fire response vehicles and responsible for the costs of purchasing, maintaining and insuring said vehicles without contribution from the other party.

8.01 Maintenance Services. The City will provide maintenance services to the District for maintenance of its fire response vehicles. The District will coordinate directly with the City’s Public Works Department – Corp. Yard to schedule maintenance. The District will compensate the City on a time and materials basis for maintenance services as provided in Section 10.

9.0 FIRE STATION BUILDINGS. The City owns one fire station and the District owns three fire stations / garages. The parties will continue to own separate buildings and be responsible for the costs of improving, maintaining and insuring said buildings without right of contribution from the other party. The parties will maintain their respective facilities as necessary for the performance of the obligations set forth in this Agreement.

10.0 COMPENSATION TO CITY. The District will compensate the City on a percentage basis for the various categories of service that are contained within this Agreement.

10.01 Response Basis. The Response Basis is District’s percentage share of total District and City calls for service in a calendar year. Each fiscal year, the percentage will be adjusted according to the previous calendar year’s numbers. Therefore, the District’s percentage share in FY 15-16 will be based on the District’s percentage of total calls for service in CY 2014. The percentage share will be adjusted for each

new fiscal year. The District will pay the City on a Response Basis for the following services:

- ~~a. Full cost of service for personnel (Fire Chief, Deputy Fire Chief, Fire House Maintenance Worker, and Administrative Assistant)~~
- ~~b.a.~~ Full cost of service for volunteers
- ~~e.b.~~ Fuel for vehicles and equipment

10.02 Equal Share Basis. The District will compensate the City on an Equal Share Basis (50%) for the costs of the following services:

- a. Full cost of service for personnel (Fire Chief, Deputy Fire Chief, Fire House Maintenance Worker, and Administrative Assistant)
- a.b. Office supplies for fire stations
- b.c. Parts and supplies for equipment
- e.d. Fire turnouts and equipment costing \$5,000 or less
- d.e. Miscellaneous pre-employment expenses (medical exam; drug screen; fingerprinting, etc.)
- e.f. Emergency scene support (water, food)
- f.g. Worker's compensation premiums for volunteers
- g.h. Volunteer training and education
- ~~h. Full cost of service for Deputy Fire Chief~~

10.03 75-25 Basis. The City owns one fire station and the District owns three separate stations. The District will compensate the City for 75% of the costs for the following services:

- a. Janitorial supplies

10.04 Time and Materials Basis. The City will provide certain services to the District that the District will pay for on a time and materials basis. The time will be based on the hourly wage for the employee(s) that provided service and the cost of materials. Those services are as follows:

- a. Fire response vehicle maintenance
- b. Information technology services

10.05 Administration Fee. The City will be carrying the administrative burden for the services provided under this Agreement. To mitigate the financial impact of the increased administrative burden to the City, the District will pay an administration fee equal to 7.0 % of the total compensation due as set forth in Sections 10.01, 10.02 and 10.03 on a quarterly basis.

11.0 BILLING AND PAYMENT.

11.01 Quarterly Invoice. The City will invoice the District for actual costs incurred on a quarterly basis, ~~beginning in October, 2015 for the period of July through September. The quarterly invoice will include approximately 25% of the annual estimated total cost for services under this Agreement as attached hereto as Exhibit B.~~ The estimated total cost for services will be re-determined on an annual basis and attached hereto.

11.02 Monthly Invoice. For those services provided on a time-and-materials basis, the City will invoice the District each month for the services provided the previous month.

11.03 Payment Due. Payment is due and payable within 30 days of the date of invoice. If payment is not received when due, it will be considered delinquent and subject to 1.5% interest per month on the outstanding balance. If the invoiced party disputes any amount billed on the invoice, the party must pay the undisputed portion of the bill. The parties, through their Designated Representatives, agree to work in good faith to resolve any billing disputes within 30 days.

11.04 Annual Reconciliation. After the close of each fiscal year, each party will provide the other party with a final reconciliation showing the amount due or overpaid by the other party. Any amount determined to be owing under this paragraph is due to the other party within 30 days of notification.

12.0 INSPECTION OF RECORDS. Upon five (5) business days' advance written notice, and during regular business hours, the City and District each have the right, at their own respective cost and expense, to inspect the financial and other records of the other party pertaining to this Agreement, including books of accounts related to the Fire Department and other activities for which the party is being charged. City and District will have access to such records through their own respective designated representatives.

13.0 AUTOMATIC RESPONSE AND MUTUAL AID. The City and District agree to respond to calls for service on a basis that is designed to provide the quickest response time within the boundaries of either agency without regard for the location of the political boundaries of the agencies. The parties will develop an appropriate protocol and system of response to requests for fire protection and other emergency services occurring within the jurisdiction of either party. Said protocol must include first and second due response districts, incident command of incidents and operations, and cover-ins and appropriate stations. The Fire Chief is responsible for developing and updating maps, grid systems and such other means as are necessary to enable the parties to carry out the mutual intent of the parties to respond to all emergencies with those units that are able to respond in the most expedient manner possible, regardless of location.

14.0 INSURANCE. Each party must maintain during the term of this Agreement, a policy of general liability insurance with minimum limits of One Million Dollars per occurrence and Two Million Dollars aggregate. All policies obtained by either party must name the other party as an additional insured but only with respect to the claims for personal injuries or property damages arising out of the performance of the Agreement. All policies must provide that the coverage provided in the policy may not be cancelled or amended without first providing 30 days written notice to the other party.

15.0 ADMINISTRATION OF AGREEMENT.

15.01 Designated Representatives. The City designates the City Manager and the Fire Chief to represent the City on all matters pertaining the administration of this Agreement. The District designates the Chair of the Board, and the Vice Chair in his absence, to represent the District on all matters pertaining to the administration of this Agreement.

15.02 Joint Meeting. The City Council and the District Board agree to meet in joint session at least once per year to discuss the provision of services under this Agreement and the anticipated costs for the succeeding fiscal year. Additional joint meetings may be scheduled and conducted as the parties deem necessary.

15.03 Committees. The City Council and the District Board may, from time to time, establish ad hoc committees of ~~the~~ their respective bodies to review and consider any matter of mutual concern or interest. Any such committee shall be comprised of two City Council Members and two District Board Members.

15.04 Delivery of Services. Acting under the general authority of the City Manager, the Fire Chief has the authority to direct the operations and delivery of all Services provided by the City to the District under this Agreement.

16.0 PRIOR AGREEMENTS. Upon the approval of both parties, this Agreement will supersede all previous agreements between the parties with respect to the subject matter contained herein. Specifically, the following agreements will be terminated as of the effective date of this Agreement:

- a. Agreement to Renew an Agreement Between the City of Crescent City and Crescent Fire Protection District for the Provision of Fire Department Personnel Services (dated May 15, 2012)
- b. City of Crescent City Volunteer Fire Department and Crescent Fire Protection District Automatic Response Agreement (dated April 7, 2014)

17.0 GENERAL PROVISIONS.

17.01 Default. In the event a party to this Agreement fails to perform pursuant to the terms and conditions of this Agreement, the party to whom an obligation is owed will provide the non-performing party with at least 30 days prior written notice of said non-performance, upon which the non-performing party will have the opportunity to comply with the request for performance, or in the event of continued non-performance, the parties will have the right to pursue any and all available legal remedies.

17.02 Independent Contractor. The City is acting as an independent contractor under this Agreement; this Agreement does not create any relationship of employer or employee, or principal and agent, partnership or joint venture between the City and the District.

17.03 Notice. All notices, requests, claims, demands and other communications between the parties must be in writing. All notices must be given (i) by delivery in person, (ii) by a nationally recognized next-day courier service, (iii) by first class, registered or certified mail, postage prepaid, or (iv) by facsimile to the address of the party specified in this Agreement or such other address as either party may specify in writing. All notices will be deemed effected upon (a) receipt by the party to which notice is given, or (b) on the third (3rd) day following mailing, whichever occurs first.

17.04 Inventory. An inventory of each party's current inventory for equipment is attached hereto as **Exhibit C** (City) and **Exhibit D** (District). These exhibits are incorporated into this Agreement by this reference. In the event that the parties discontinue the relationship established by this Agreement, the parties will divide the inventory in such a manner that each party receives approximately what it had at the time of entering into this Agreement. Any equipment above and beyond what is contained in the attached inventories will be divided equally between the parties.

17.05 No Third Party Beneficiary. This Agreement does not confer third party beneficiary status on any non-party, including the citizens, residents and visitors of either party.

- 17.06 Non-Waiver.** The failure of one party to require performance of any provision contained herein will not affect that party's right to require performance at any time thereafter, nor will a waiver of any breach or default of this Agreement constitute a waiver of any subsequent breach or default or a waiver of the provision itself.
- 17.07 Severability.** If any court of competent jurisdiction holds that any provision of this Agreement is illegal, unenforceable, or invalid for any reason, the remaining provisions of the Agreement will continue in full force and effect.
- 17.08 Non-Assignable.** Neither party to this Agreement may assign any of its rights or delegate any of its duties under this Agreement without the prior express written consent of the other party, which consent may be withheld in that party's sole and absolute discretion. Any attempted assignment or delegation in violation of this provision may be voided at the option of the non-assigning or non-delegating party.
- 17.09 Binding on Successors.** This Agreement is binding on the parties, any approved assignees or delegates, and on all successors-in-interest.
- 17.10 Interpretation.** Each party to this Agreement and their respective counsel have participated fully in the review and revision of this Agreement. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party does not apply in interpreting this Agreement; it must be construed in a neutral manner.
- 17.11 Governing Law / Venue.** This Agreement will be governed by and interpreted in accordance with the laws of the State of California. Any lawsuit brought to enforce, interpret, or otherwise relating to this Agreement, must be filed in the Del Norte County Superior Court.
- 17.12 Attorney Fees.** In the event of litigation relating to the subject matter of this Agreement, the prevailing party will be entitled to an award of reasonable attorneys' fees and costs.
- 17.13 Amendment or Modification.** This Agreement may only be amended or modified upon the mutual consent of both parties in the manner and with the same formalities with which this Agreement was approved.
- 17.14 Entire Agreement.** This instrument constitutes the entire agreement and understanding of the parties and supersedes any and all prior agreements and understandings, oral or written, relating to the subject matter hereof. Each party acknowledges that no other party, or any agent of any other party, has made any promise, representation, or warranty whatsoever, and acknowledges that the party

has not executed or authorized the execution of this Agreement in reliance upon any such promise, representation or warranty, that is not expressly contained herein.

that reason, the District and City should split these costs evenly as the base cost of providing round-the-clock coverage for the community.”

On February 11, 2021 the Fire Department 2x2 committee met to discuss amendments to the Emergency and Fire Services Agreement to reflect the recommendation of the Master Plan. After discussion the 2x2 committee agreed to move forward with amendments to the agreement to move the Fire Chief and Administrative Assistant positions from call-based shared funding allocation to 50/50 shared funding.

FISCAL IMPACT

The 2021 amendments to the Emergency and Fire Services Agreement follow the recommendation of the 10-Year Fire Department Financial Master Plan. The FY20-21 budget for both the District and City were built with the 50/50 cost share for the Fire Chief and Administrative Assistant positions. Approval of the 2021 amendment to the Emergency and Fire Services Agreement will not cause an increase to the budgets already approved for this fiscal year.

PROTECTION DISTRICT
REGARDING
EMERGENCY AND FIRE RESPONSE
SERVICES

Amended 2021

**AN AGREEMENT BETWEEN THE CITY OF CRESCENT CITY AND THE
CRESCENT FIRE PROTECTION DISTRICT REGARDING EMERGENCY AND FIRE
RESPONSE SERVICES (AMENDED 2021)**

This amended agreement (“Agreement”) is entered into by and between the City of Crescent City, a California municipal corporation (“City”), and the Crescent Fire Protection District, a California special district (“District”), to provide for the efficient provision of emergency and fire response services within the jurisdictional boundaries of the City and the District pursuant to the authority granted in Government Code § 54980 et seq. and Government Code § 6500 et seq.

NOW, THEREFORE, in consideration of the mutual covenants and conditions set forth below, City and District agree as follows:

- 1.0 PURPOSE.** The purpose of this Agreement is to achieve greater operating and economic efficiencies for both the City and the District by combining resources and sharing the cost.
- 2.0 TERM.** The term of this Agreement will be July 1, 2020 through June 30, 2025 (the “Term”) unless terminated earlier pursuant to the provisions contained herein. Upon the expiration of the Term, this Agreement will automatically renew for successive one-year terms, unless expressly terminated by either party upon 180 days’ advance written notice to the other party.
- 3.0 EARLY TERMINATION.** During the initial term, either party may terminate this Agreement, without cause, upon 180 days’ written notice to the other party.
- 4.0 PERSONNEL SERVICES.** The City will provide specific personnel services to the District on the “Equal Share Basis” calculated using the “Full Cost of Services.”
 - 4.01 Fire Chief.** The City will provide the services of a Fire Chief to perform the typical duties of a fire chief and who will attend regular and special meetings of the District, as required, to provide advice, present reports, seek direction and make recommendations on fire and emergency response services and related matters. Additionally, the Fire Chief will perform the following specific services:
 - a.** Coordinate services and operating activities of the District with other fire service agencies within Del Norte County and adjacent areas;
 - b.** Participate in District community events in the same manner and to the same degrees as he or she participates in similar events in the City; and
 - c.** Coordinate with the Del Norte County Office of Emergency Services and other State and national offices of emergency services and disaster preparedness to provide emergency management and disaster preparedness services to the District.

- 4.02 Deputy Fire Chief.** The City will provide the services of a Deputy Fire Chief to perform the duties of the Fire Chief as delegated by him or her, to perform the duties of the Fire Chief in his or her absence, and to provide necessary and desired training to the volunteer firefighters.
- 4.03 Administrative Assistant.** The City will provide the services of an Administrative Assistant, who will be authorized by the District to perform the typical duties of an administrative assistant and who will attend regular and special meetings of the District as required.
- 4.04 Fire House Maintenance Worker.** The city will provide the services of a Fire House Maintenance Worker who will provide general maintenance and routine janitorial duties for all District facilities, the City Fire Hall (including District and City vehicles) as well as perform inspections and maintenance of firefighter personal safety apparatus (oxygen canisters, self-contained breathing apparatus, etc.).
- 4.05 Cost of Services.** The District will compensate the City based upon the Full Cost of Services for “Designated Employees” (Fire Chief, Deputy Fire Chief, Administrative Assistant, Fire House Maintenance Worker), attached hereto as **Exhibit A** and incorporated herein by this reference. The term Full Cost of Services includes: (i) the direct, out-of-pocket expenses for salaries, benefits, and payroll costs incurred for the Designated Employees; and (ii) costs for administration, training, and maintenance for the Designated Employees. The full cost of personnel services will be re-determined on an annual basis and the full cost for each position will be re-established on an annual basis and attached hereto.
- 4.06 Management.** When the Designated Employees are performing the duties and functions of District employees, they shall report directly to the District Board. When the Designated Employees are performing the duties and functions of City employees, they shall report to the City Manager.
- 4.07 Designated Employees Deemed City Employees.** With respect to services provided pursuant to this Agreement, the Designated Employees are deemed to be City employees for the purposes of exercising all of the rights, duties, privileges and obligations conveyed or imputed by law to that office within the District. This designation of the Designated Employees as City employees pertains to the purposes set forth in this paragraph only and is not inconsistent with the indemnity provisions of Section 5.
- 4.08 Other Employees.** With respect to employees other than the Designated Employees, each party is responsible to its own employees when it comes to employer obligations and duties, provided under applicable State or federal laws. Each party is also liable for the conduct, actions, and omissions of its own employees.

4.09 Personnel Information. Both the City and the District agree to release confidential fire department personnel information that is mutually relevant to both parties, to the other party.

5.0 INDEMNIFICATION AND RIGHT OF CONTRIBUTION.

5.01 Indemnification. Pursuant to the authority granted under Section 895.4 of the California Government Code, each party (the “Indemnifying Party”) must indemnify, defend, and hold harmless the other party, including the other party’s elected officials, appointed officials, employees and agents (collectively, the “Indemnified Party”), against any and all liability, demands, claims, costs, damages, and expenses including reasonable attorney fees, (hereafter, “Losses”) incurred by the Indemnified Party, arising from or relating to any negligent or wrongful act or omission of the Indemnifying Party or its elected officials, appointed officials, employees and agents, or from any Losses arising from the dangerous condition of the Indemnifying Party’s property, arising from or related to that party’s performance under this Agreement. Each party agrees to be responsible for any Losses suffered as a result of the use of that party’s vehicle.

5.02 Defense. At its own cost and expense, the Indemnified Party may participate in the defense of any action or lawsuit, or in the prosecution of any appeal of any judgment or ruling in any such action or lawsuit, where the duty of defense or prosecution is imposed on the Indemnifying Party.

5.03 Contribution. The parties have a right of contribution against each other in the event of any judgment or liability against either party related to the parties’ performance under this Agreement. The amount of contribution for which either party may be liable must not exceed that party’s proportional fault in the action giving rise to the liability.

5.04 Identity of Personnel. For purposes of this section, whether the Designated Employees or volunteers are working on behalf of the City or the District at any certain time will be determined as follows:

- a. Call response – location of the call (City or District)
- b. Vehicle use – the owner of the vehicle (City or District)
- c. Administrative decisions – the nature of the decision or action, whether it was in furtherance of District business or City business

6.0 VOLUNTEER FIREFIGHTERS. The volunteer firefighters that serve the City and the District have joined together as one association (known as “Crescent Fire & Rescue”) to serve both agencies. The City will procure and maintain the workers’ compensation policy for all volunteer firefighters; issue volunteer firefighter response stipends; pay for volunteer

firefighter training and education; pay for membership with the California State Firefighters Association (CSFA) for each volunteer; pay for basic life insurance and long term disability/accidental death and dismemberment insurance policies offered through CSFA for each volunteer; pay for Cal-Ore Life Flight and Del Norte Ambulance subscriptions for each volunteer; pay the employer 457 PTS plan 1.3% contribution for volunteers; pay employer Medicare contributions for volunteers; and pay for emergency response support (food and water). These costs are referred to as “full cost of service for volunteers.” The District will compensate the City as provided in Section 10 below for these services. In the event that a volunteer firefighter is injured on the job and files a worker’s compensation claim, the parties will share any additional expenses associated with the claim equally.

7.0 EQUIPMENT AND SUPPLIES. The City will purchase firefighter turnouts, equipment and supplies costing less than \$5,000. The District will compensate the City in the manner set forth in Section 10. Any equipment purchased by the City for \$5,000 or more will be capitalized by the City and owned by the City. The District will not compensate the City for such capital expenditures.

8.0 FIRE RESPONSE VEHICLES. Both the City and the District own their own fire response vehicles. The parties will continue to own separate fire response vehicles and responsible for the costs of purchasing, maintaining and insuring said vehicles without contribution from the other party.

8.01 Maintenance Services. The City will provide maintenance services to the District for maintenance of its fire response vehicles. The District will coordinate directly with the City’s Public Works Department – Corp. Yard to schedule maintenance. The District will compensate the City on a time and materials basis for maintenance services as provided in Section 10.

9.0 FIRE STATION BUILDINGS. The City owns one fire station and the District owns three fire stations / garages. The parties will continue to own separate buildings and be responsible for the costs of improving, maintaining and insuring said buildings without right of contribution from the other party. The parties will maintain their respective facilities as necessary for the performance of the obligations set forth in this Agreement.

10.0 COMPENSATION TO CITY. The District will compensate the City on a percentage basis for the various categories of service that are contained within this Agreement.

10.01 Response Basis. The Response Basis is District’s percentage share of total District and City calls for service in a calendar year. Each fiscal year, the percentage will be adjusted according to the previous calendar year’s numbers. Therefore, the District’s percentage share in FY 15-16 will be based on the District’s percentage of total calls for service in CY 2014. The percentage share will be adjusted for each

new fiscal year. The District will pay the City on a Response Basis for the following services:

- a. Full cost of service for volunteers
- b. Fuel for vehicles and equipment

10.02 Equal Share Basis. The District will compensate the City on an Equal Share Basis (50%) for the costs of the following services:

- a. Full cost of service for personnel (Fire Chief, Deputy Fire Chief, Fire House Maintenance Worker, and Administrative Assistant)
- b. Office supplies for fire stations
- c. Parts and supplies for equipment
- d. Fire turnouts and equipment costing \$5,000 or less
- e. Miscellaneous pre-employment expenses (medical exam; drug screen; fingerprinting, etc.)
- f. Emergency scene support (water, food)
- g. Worker's compensation premiums for volunteers
- h. Volunteer training and education

10.03 75-25 Basis. The City owns one fire station and the District owns three separate stations. The District will compensate the City for 75% of the costs for the following services:

- a. Janitorial supplies

10.04 Time and Materials Basis. The City will provide certain services to the District that the District will pay for on a time and materials basis. The time will be based on the hourly wage for the employee(s) that provided service and the cost of materials. Those services are as follows:

- a. Fire response vehicle maintenance
- b. Information technology services

10.05 Administration Fee. The City will be carrying the administrative burden for the services provided under this Agreement. To mitigate the financial impact of the increased administrative burden to the City, the District will pay an administration fee equal to 7.0 % of the total compensation due as set forth in Sections 10.01, 10.02 and 10.03 on a quarterly basis.

11.0 BILLING AND PAYMENT.

11.01 Quarterly Invoice. The City will invoice the District for actual costs incurred on a quarterly basis. The estimated total cost for services will be re-determined on an annual basis and attached hereto.

- 11.02 Monthly Invoice.** For those services provided on a time-and-materials basis, the City will invoice the District each month for the services provided the previous month.
- 11.03 Payment Due.** Payment is due and payable within 30 days of the date of invoice. If payment is not received when due, it will be considered delinquent and subject to 1.5% interest per month on the outstanding balance. If the invoiced party disputes any amount billed on the invoice, the party must pay the undisputed portion of the bill. The parties, through their Designated Representatives, agree to work in good faith to resolve any billing disputes within 30 days.
- 11.04 Annual Reconciliation.** After the close of each fiscal year, each party will provide the other party with a final reconciliation showing the amount due or overpaid by the other party. Any amount determined to be owing under this paragraph is due to the other party within 30 days of notification.
- 12.0 INSPECTION OF RECORDS.** Upon five (5) business days' advance written notice, and during regular business hours, the City and District each have the right, at their own respective cost and expense, to inspect the financial and other records of the other party pertaining to this Agreement, including books of accounts related to the Fire Department and other activities for which the party is being charged. City and District will have access to such records through their own respective designated representatives.
- 13.0 AUTOMATIC RESPONSE AND MUTUAL AID.** The City and District agree to respond to calls for service on a basis that is designed to provide the quickest response time within the boundaries of either agency without regard for the location of the political boundaries of the agencies. The parties will develop an appropriate protocol and system of response to requests for fire protection and other emergency services occurring within the jurisdiction of either party. Said protocol must include first and second due response districts, incident command of incidents and operations, and cover-ins and appropriate stations. The Fire Chief is responsible for developing and updating maps, grid systems and such other means as are necessary to enable the parties to carry out the mutual intent of the parties to respond to all emergencies with those units that are able to respond in the most expedient manner possible, regardless of location.
- 14.0 INSURANCE.** Each party must maintain during the term of this Agreement, a policy of general liability insurance with minimum limits of One Million Dollars per occurrence and Two Million Dollars aggregate. All policies obtained by either party must name the other party as an additional insured but only with respect to the claims for personal injuries or property damages arising out of the performance of the Agreement. All policies must provide that the coverage provided in the policy may not be cancelled or amended without first providing 30 days written notice to the other party.

15.0 ADMINISTRATION OF AGREEMENT.

15.01 Designated Representatives. The City designates the City Manager and the Fire Chief to represent the City on all matters pertaining the administration of this Agreement. The District designates the Chair of the Board, and the Vice Chair in his absence, to represent the District on all matters pertaining to the administration of this Agreement.

15.02 Joint Meeting. The City Council and the District Board agree to meet in joint session at least once per year to discuss the provision of services under this Agreement and the anticipated costs for the succeeding fiscal year. Additional joint meetings may be scheduled and conducted as the parties deem necessary.

15.03 Committees. The City Council and the District Board may, from time to time, establish ad hoc committees of their respective bodies to review and consider any matter of mutual concern or interest. Any such committee shall be comprised of two City Council Members and two District Board Members.

15.04 Delivery of Services. Acting under the general authority of the City Manager, the Fire Chief has the authority to direct the operations and delivery of all Services provided by the City to the District under this Agreement.

16.0 PRIOR AGREEMENTS. Upon the approval of both parties, this Agreement will supersede all previous agreements between the parties with respect to the subject matter contained herein. Specifically, the following agreements will be terminated as of the effective date of this Agreement:

- a. Agreement to Renew an Agreement Between the City of Crescent City and Crescent Fire Protection District for the Provision of Fire Department Personnel Services (dated May 15, 2012)
- b. City of Crescent City Volunteer Fire Department and Crescent Fire Protection District Automatic Response Agreement (dated April 7, 2014)

17.0 GENERAL PROVISIONS.

17.01 Default. In the event a party to this Agreement fails to perform pursuant to the terms and conditions of this Agreement, the party to whom an obligation is owed will provide the non-performing party with at least 30 days prior written notice of said non-performance, upon which the non-performing party will have the opportunity to comply with the request for performance, or in the event of continued non-performance, the parties will have the right to pursue any and all available legal remedies.

17.02 Independent Contractor. The City is acting as an independent contractor under this Agreement; this Agreement does not create any relationship of employer or employee, or principal and agent, partnership or joint venture between the City and the District.

17.03 Notice. All notices, requests, claims, demands and other communications between the parties must be in writing. All notices must be given (i) by delivery in person, (ii) by a nationally recognized next-day courier service, (iii) by first class, registered or certified mail, postage prepaid, or (iv) by facsimile to the address of the party specified in this Agreement or such other address as either party may specify in writing. All notices will be deemed effected upon (a) receipt by the party to which notice is given, or (b) on the third (3rd) day following mailing, whichever occurs first.

17.04 Inventory. An inventory of each party's current inventory for equipment is attached hereto as **Exhibit C** (City) and **Exhibit D** (District). These exhibits are incorporated into this Agreement by this reference. In the event that the parties discontinue the relationship established by this Agreement, the parties will divide the inventory in such a manner that each party receives approximately what it had at the time of entering into this Agreement. Any equipment above and beyond what is contained in the attached inventories will be divided equally between the parties.

17.05 No Third Party Beneficiary. This Agreement does not confer third party beneficiary status on any non-party, including the citizens, residents and visitors of either party.

17.06 Non-Waiver. The failure of one party to require performance of any provision contained herein will not affect that party's right to require performance at any time thereafter, nor will a waiver of any breach or default of this Agreement constitute a waiver of any subsequent breach or default or a waiver of the provision itself.

17.07 Severability. If any court of competent jurisdiction holds that any provision of this Agreement is illegal, unenforceable, or invalid for any reason, the remaining provisions of the Agreement will continue in full force and effect.

- 17.08 Non-Assignable.** Neither party to this Agreement may assign any of its rights or delegate any of its duties under this Agreement without the prior express written consent of the other party, which consent may be withheld in that party's sole and absolute discretion. Any attempted assignment or delegation in violation of this provision may be voided at the option of the non-assigning or non-delegating party.
- 17.09 Binding on Successors.** This Agreement is binding on the parties, any approved assignees or delegates, and on all successors-in-interest.
- 17.10 Interpretation.** Each party to this Agreement and their respective counsel have participated fully in the review and revision of this Agreement. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party does not apply in interpreting this Agreement; it must be construed in a neutral manner.
- 17.11 Governing Law / Venue.** This Agreement will be governed by and interpreted in accordance with the laws of the State of California. Any lawsuit brought to enforce, interpret, or otherwise relating to this Agreement, must be filed in the Del Norte County Superior Court.
- 17.12 Attorney Fees.** In the event of litigation relating to the subject matter of this Agreement, the prevailing party will be entitled to an award of reasonable attorneys' fees and costs.
