City of Dover Conference Room

Downtown Dover Partnership Board Meeting

Agenda items as listed may not be considered in sequence. Pursuant to 29 DEL. C. 10004(e)(2), this agenda is subject to change to include the addition or deletion of items, including executive sessions, which arise at the time of the meeting.

BOARD MEETING MINUTES

ATTENDANCE: Todd Stonesifer, Pete Bradley, Dina Vendetti, Sueduka Gibbs, Sharon Duca, Will Grimes, Terrell Holmes, Zach Prebula, Sarah Keifer, Robin Christiansen, Trey Paradee

GUESTS: John Rice, Ann Marie Townshend

STAFF: Diane Laird, Ken Anderson, Morgan Russum

ABSENT: Dave Hugg, Codi Canasa, Roy Sudler, Jessica Jackson, John Van Gorp, Tricia Arndt

CALL TO ORDER: Todd Stonesifer opened the meeting at 7:31 am.

AGENDA: Agenda revised to remove budget discussion and to include discussion regarding appraisal under item 5.

Robin Christiansen moved to accept the updated agenda. Sarah Keifer seconded the motion. Motion was unanimously approved to accept the updated agenda.

MINUTES (3/35/26 meeting): Robin Christiansen motioned to accept the minutes from the last meeting. Sarah Keifer seconded the motion. Motion was unanimously approved to accept the minutes.

EXECUTIVE COMMITTEE/STAFF UPDATES:

i: Diane provided updated on the ongoing audit investment transition processes -

DDP Audit - Through an ITB process, two auditors (Barbacane Thornton & Co. and Whisman Giordano & Assoc.) were invited to submit proposals. Both candidates provided strong qualifications and non-profit references (Frank, WG - Marilyn Smith, DK MPO; Steven, BT - Karen Speakman, NGP)

Pricing for single audit was quoted at \$23,300 from Barbacane Thornton & Co. and \$29,000 from Whisman Giordano & Assoc.

Whisman Giordano & Assoc. was selected due to an earlier delivery date (June 30) and a strong recommendation from our current accountant, Tammy Ordway, which we believe will allow for efficient and effective communication as they worked together.

Morgan and I are meeting with the Whisman Giordano & Assoc. team at DDP this Friday to begin the audit process.

DDP Investment - Diane held an initial meeting with Barry Yerger from JPMorgan Chase to begin moving forward with the transfer of investment funds from PNC to JPMorgan Chase. DDP will continue to have most accounts (daily spending, ARPA, commercial loan, EPA, money market) at PNC.

iii: Diane reported on pending and ongoing grant funding

- TAP - (Transportation Assistance Program) application and match commitment (\$1.5M/\$300K)
- Fed. Appropriation - (Senator Coons) Early Childhood Education Center @ 120 S.Gov. application (\$2M)
- ARPA - Quarterly report filed; forecasting to actual expenditures is now being required monthly by State of DE; funds will be expended by/before Dec. 31 of this year. (Spent to date: \$1,938,944.51)

MASTER PLAN UPDATES:

i. LIHTEC 4%

As a result of the LIHTEC award, Mosaic and DDP expect to be interacting with HUD at some level. Mr. Charles Anderson, the State Director for the USD Housing and Urban Development, will be visiting DDP office this Tuesday, April 28, from 1 to 2:30 for a briefing and tour of the DDP Project Sites.

ii. Mobility Center

- Site Assessments

Final Phase I and Phase II ESA reports completed on ten parcels associated with the DDMC, seven of which are specific to the DDMC build footprint, and which have been consolidated.

- Water Relocation

Work is complete.

- Lot Consolidations

Substantially completed. Required a slight revision to the Paper Alley description in the Confirmatory Deed. Revised confirmation deed, along with a detailed plot plan, is in the process of being recorded.

- Design-Build Amendment 04

Received this week. Details of the hard costs associated with Bid Pack D were received by EDiS on April 8th. We are continuing to see better-than-expected cost savings for material costs. Next Bid Packs to be released will be the Bids for the agreed to Test Fit Design reflected in our agreed upon lease with Transcore. That Bid Pack is to be released in early May, and the result of those Bids will most likely be reflected in the next Amendment.

Overall, Design- Build Amendment 04 continues to show savings against EDiS cost estimates made in August of 2025, of \$887K against the current total project cost at this point in our process. We do expect to see continued savings as we go forward on the remaining items to be bid. We do require a vote for approval and to continue to go forward with the requirements under this Amendment and forthcoming Bid Packs.

Robin Christiansen motioned to approve authorizing EDiS to proceed with the Design – Build Amendment 04. Sarah Keifer seconded the motion. Motion was unanimously approved to authorize EDiS to proceed with the Design – Build Amendment 04.

- Appraisal

Three lots on S. Governors Ave. and Bradford St. that are not within the DDMC footprint and are owned by the CCTA will be appraised for possible alternate use.

Near-Term Anticipated Next Steps:

- Vibrations Monitoring at 129 S. Governor’s (Harry Louie)- Imminent
- Shoring Design Mobilization- May 4

- EZ Pass Permit Set- May 29
- Deep Foundation Mobilization- May 18
- Pre-Cast Panel Delivery- Late August
- Parking Structure on track to be completed by EOY; Followed by Retail Core and Shell

MAIN STREET COMMITTEES:

Ann Marie Townshend provided updates on Round 2 and Round 3 Critical Improvement Program projects.

Round 2: There are 3 projects still outstanding. The Old Post, 145 S. New St., and 8 W. Lookerman St.

Round 3: There are 4 qualified applications. 211 W. Lookerman St. (\$102k), 146 S. State St. (Grey Fox Grille expansion, \$104k), 500 W. Lookerman St. (First State Center, \$35k), 126 W. Lookerman Plaza (New Construction, \$300k).

LEGISLATIVE UPDATES:

Trey reported that the "Homeless Bill of Rights" was heard in committee yesterday. The bill does not have enough votes to move out of committee. Trey mentioned that even one of the bill sponsors voted against the bill as is.

Dina noted that a large number of local business owners showed up in person and via Zoom for the hearing, which was unusual and encouraging.

BOARD MEMBER UPDATES:

Sueduka – Americare is volunteering at the Modern Maturity Center for their Senior Prom on April 24th.

Terrell – DSU is hosting their Chairman's Golf Tournament on April 24th and a Community Day on April 25th.

Will – NeighborGood Partners is hosting their Raise the Roof event on May 14th from 4-8 pm at Rail Haus.

Dina – Leadership Central Delaware Invitational Reception will be held on May 14th and CDCC Mini Masters will be at the end of May.

Robin – City Council begins work on the City's FY 2027 budget tonight.

Pete – Dover Days will be in downtown Dover on May 1-2. Dover Speedway will be hosting the All-Star Race in Mid-May.

Sarah – The county continues to see interest in new development.

PUBLIC COMMENTS:

John Rice – YMCA ribbon cutting was a great success. Thank you to everyone who joined. Also thanked Sen. Paradee for introducing SB278.

Ann Marie – Rossi Group is currently working with the City of Dover to help build new housing.

MEETING ADJOURNED: Sarah Keifer motioned to adjourn the meeting. Pete Bradley seconded the Motion. Motion was unanimously approved to adjourn the meeting at 8:38 am. MR

Check if your organization is covered by the **General Rule** or a **Special Rule**.

Note: Only a section 501(c)(7), (8), or (10) organization can check boxes for both the General Rule and a Special Rule. See instructions.

General Rule

For an organization filing Form 990, 990-EZ, or 990-PF that received, during the year, contributions totaling \$5,000 or more (in money or property) from any one contributor. Complete Parts I and II. See instructions for determining a contributor's total contributions.

Special Rules

For an organization described in section 501(c)(3) filing Form 990 or 990-EZ that met the 33¹/₃% support test of the regulations under sections 509(a)(1) and 170(b)(1)(A)(vi), that checked Schedule A (Form 990), Part II, line 13, 16a, or 16b, and that received from any one contributor, during the year, total contributions of the greater of (1) \$5,000; or (2) 2% of the amount on (i) Form 990, Part VIII, line 1h; or (ii) Form 990-EZ, line 1. Part II Declaration and Signature Authorization of Officer or Person Subject to Tax

Under penalties of perjury, I declare that I am an officer of the above entity or I am a person subject to tax with respect to (name of entity) _____, (EIN) _____ and that I have examined a copy of the 2024 electronic return and accompanying schedules and statements, and, to the best of my knowledge and belief, they are true, correct, and complete. I further declare that the amount in Part I above is the amount shown on the copy of the electronic return. I consent to allow my intermediate service provider, transmitter, or electronic return originator (ERO) to send the return to the IRS and to receive from the IRS (a) an acknowledgement of receipt or reason for rejection of the transmission, (b) the reason for any delay in processing the return or refund, and (c) the date of any refund. If applicable, I authorize the U.S. Treasury and its designated Financial Agent to initiate an electronic funds withdrawal (direct debit) entry to the financial institution account indicated in the tax preparation software for payment of the federal taxes owed on this return, and the financial institution to debit the entry to this account. To revoke a payment, I must contact the U.S. Treasury Financial Agent at 1-888-353-4537 no later than 2 business days prior to the payment (settlement) date. I also authorize the financial institutions involved in the processing of the electronic payment of taxes to receive confidential information necessary to answer inquiries and resolve issues related to the payment. I have selected a personal identification number (PIN) as my signature for the electronic return and, if applicable, the consent to electronic funds withdrawal.

This Accounting Policies and Procedures document was approved by the Board of Directors on Feb. 26, 2025.

These detailed Accounting Policies and Procedures were required, and follow the models, for State and Federal requirements.

Tammy Ordway of Faw Casson and Diane Laird worked through the recommendations received from the ARPA monitoring report consultants (State auditors for ARPA), and finalized the outcome of edits, which are highlighted in yellow.

The highlighted sections are what the board will need to approve.

INTRODUCTION

The Accounting & Financial Policies & Procedures Guide has been prepared to document the internal accounting procedures for the Downtown Dover Partnership (DDP). Its purpose is to ensure that assets are safeguarded, financial statements are in conformity with generally accepted accounting principles (GAAP), and finances are managed with responsible stewardship.

DDP has made every effort to ensure that the procedures in this manual follow all federal, state, and local laws and regulations. In the event that federal, state, or local regulation conflicts with any provision contained in this manual, the appropriate law or regulation shall prevail, and the provision deemed amended to the extent necessary to comply with the applicable law or regulation.

Organization and Purpose

Mission: The Downtown Dover Partnership is committed to driving an improved quality of life for the residents and visitors of Dover, Delaware, through collective collaboration, economic development and promotion of downtown Dover's unique historic landscape.

The Organizational Structure: The DDP is comprised of a 17-member board of directors and six committees including Design, Marketing & Promotion, Organization, Merchants, Parking and Safety and Economic Vitality that include volunteers from the community. In addition, one Executive Director and supporting staff oversee and guide the volunteer-driven committee structure, and, in concert with the directives of the DDP Board of Directors, manage the process of purchase, redevelopment, and management of multiple downtown properties, all in support of the mission to revitalize downtown Dover.

The DDP is a public/private 501 (c)(6) non-profit entity. Funding for operations and activities is received through rental income from DDP-owned properties and ownership/management of parking assets, as well as grants and other miscellaneous revenues.

Tax Status

As a public benefit corporation of the State of Delaware, DDP is exempt from federal, state, and local income taxes.

DEFINITIONS & CROSSWALK

A select number of terms are defined below to facilitate the reading and understanding of the DDP Accounting & Financial Policies & Procedures Guide.

- "Finance Professional" is the DDP or Non-DDP personnel that provides professional accounting and/or professional bookkeeping services for the DDP. Unless otherwise noted herein, the DDP is using only a CPA (non-DDP staff) for accounting services.
- "Grant Manager" is the Executive Director or his/her designee who may be a project-specific staff person or a paid consultant.
- Contract: For the purpose of this Guide, contract shall be used to refer to agreements entered into between DDP and an outside party to receive a service from that party.

- Expense Reimbursement Form: Refers to an internal form prepared by DDP staff for reimbursement of expenses incurred for pre-approved purchases required in the course of normal daily business.
- Grant: For the purpose of this Guide, a grant is defined as an award of financial assistance, usually from a governmental agency or foundation.
- Bills Paid Spreadsheet: A DDP tracking sheet used by the Executive Director and Office Administrator to illustrate payment made, and in the cases of grants, to show actual against budgets expenditures.
- Receivables Spreadsheet: A DDP tracking sheet for internal use by the DDP Executive Director and Office Administrator to track funds received from grant.
- Reimbursement Requests: Refer to requests for payment submitted to grants or contracts for funded work in the execution of funded work under grants or in the case of funds outlaid for other. Must be submitted with invoice for payment.
- Invoice: Refers to requests for payment submitted by consultants, sub-contractors, or other vendors with an approved agreement for completion of a scope of work approved under a DDP grant or contract, or for DDP office-related purchases of items or services.

ACCOUNTING & FINANCIAL MANAGEMENT

Awards and Agreements

Overview

The Downtown Dover Partnership (DDP) pursues external funding for its various programmatic areas from local, State of Delaware, and Federal funding sources, as well as foundations.

Table 1. below illustrates Oversight and Approval of Awards and Agreements and provides a snapshot of the personnel responsible for activities associated with the oversight and approval of awards and agreements.

Table 1. Oversight and Approval of Awards and Agreements

Responsible Party	Action
Executive Director, DDP Board President and/or one other member of the DDP Executive Committee (i.e.; Treasurer, Vice President or Secretary) or Executive Director	Review, approve, and sign grant applications, awards, and amendments.
Executive Director, Finance Professional, Office Administrator	Set up and maintain grant electronic and paper files.
Executive Director, DDP Board President and/or one other member of the DDP Executive Committee (i.e.; Treasurer, Vice President or Secretary) or Executive Director	Review and approve expenditures against budgets and timelines for DDP operations and for grant services/payments.
Executive Director, Office Administrator, Grant Manager (grant specific) and or Finance Professional,	Oversee and monitor grants.
Executive Director, Office Administrator, Finance	Administer grants

Professional, Grant Manager (grant specific)	
The Grant Manager who may be a project-specific, paid consultant.	

Oversight and Approval of Awards and Agreements

DDP staff, under the direction of the Executive Director and Board President, are responsible for preparing proposals for grants that the DDP intends to pursue. All proposals (including grant applications) shall be reviewed and approved by the Executive Director in concert with the Board President via the DDP’s internal review process to ensure the program goals are appropriate and the proposed budget includes all appropriate costs. Final proposals shall be presented in writing to the DDP Executive Committee for review and approval to submit for funding. For each grant award, an employee within the DDP will be designated as “grant manager” and will be responsible for administering the project for which the grant has been awarded. Signature of the grant will be executed according to DDP bylaws (i.e.; DDP Board President and one other member of the Executive Committee or Executive Director.)

When a grant is received or renewed, a copy of the executed or amended Grant Agreement must be forwarded to the Office Administrator and Finance Professional will set up a permanent electronic and, where necessary, a paper file for the grant and maintain the contract along with other financial correspondence regarding the grant. The grant file will document major actions from the award of the grant through its closeout (i.e., award documents; fiscal information including the appropriate State and/or Federal Financial Reports, procurement documentation, payment requests, etc.; pre-award documentation including application, contracting process, intergovernmental review, etc.; post-award documentation including deliverables, progress reports, and correspondence with funder; and closeout documents).

Each grant manager shall be trained on grant management prior to beginning his or her role as a grant manager (or as early in their functioning as a grant manager as practical). Thereafter, all grant managers, the Executive Director, Office Administrator, and contractual staff working on administration and/or execution of the grant activities shall attend refresher/update courses on grant management as needed.

Accounting and Financial Management Systems

Measurement Focus and Basis of Accounting

Tracking of Revenues and Expenditures

DDP’s financial management system, overseen by the Finance Professional in concert with the Executive Director and reviewed regularly by the DDP Executive Committee, tracks revenues and expenditures and provides financial results separately for each grant award and agreement. Each funding source and application of funds is identified and maintained with records that show obligations, unobligated balances, assets, outlays, income, and interest (when applicable). A dedicated account is utilized where required by Grant Agreement, and in cases where grantor does not require a dedicated account, the Finance Professional will track funds appropriately for each grant. DDP’s Finance Professional tracks this information through the QuickBooks software system and supporting Microsoft Excel spreadsheets for any information that cannot be tracked in QuickBooks. (Begin December 2024.)

Source & Application of Funds

DDP employs a system of codes to ensure an accounting structure that provides accurate and complete information about all financial transactions. When DDP is awarded a new grant or contract, the Executive Director coordinates DDP's Finance Professional to develop the appropriate code, which is used as the internal identifier for that grant or contract in DDP's financial systems. Project staff are informed of this code.

All transactions are linked to two codes – one code that declares the reason for the transaction (i.e., the grant or contract, plus a sub-project under a grant or contract where appropriate, referred to as a sub-code, associated with the transaction), and a second code that declares the type of transaction (i.e., advance or reimbursement to vendor, DDP, etc.). By delineating a reason for the transaction, an associated grant or contract is identified, which ultimately traces the cost to the source of funds.

Comparison of Outlays to Budget Amounts

DDP's financial management system reports and allows a comparison of outlays to budgeted amounts for each assistance agreement award. The Office Administrator records grant receivables and income in an Excel-based Grant Tracking Workbook as it is received and billed during the grant year. The Executive Director is responsible for monitoring budget-to-actual expenditures throughout the grant year. Finance Professional and program staff meet bi-weekly and discuss grant fiscal results and any action needed to be taken as appropriate.

Maintenance of Source Documentation

Project staff are responsible for collecting records that identify adequately the source and application of funds for all funded activities; on certain grants or contracts, project staff may include the Executive Director. The Executive Director reviews records for adequacy. Once determined to be adequate, the Office Administrator is responsible for maintaining the records. These records contain information pertaining to local, state, and federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income, and interest, and are fully supported by source documentation. For these purposes, source documentation is defined as the original document that contains the details of a business transaction. Source documentation captures the key information about a transaction, such as the names of the parties involved, amounts paid, the date, and the substance of the transaction. Examples of source documents include invoices, receipts, check stubs, and bank statements.

Procedures for Drawing Funds and Advanced Payments

DDP's procedures for drawing funds and issuing advance payments identify who is authorized to request payment from any grant or contract source; what procedures are used to verify that the requests and payments are accurate; procedures for drawing funds and advanced payments and for tracking of payments received and deposited; what support documents are required for the draw of funds or for making payments and their processing; when drawdown of funds occur and how they are drawn; and how to minimize the time elapsed between receiving federal funds and their disbursement.

a) Personnel Authorized to Request Payment from Any Grant or Contract Source

The Executive Director and Board Secretary (and their Executive Committee designees) are authorized to draw down funds. The grants and contracts held by DDP will require drawn down of funds both on a reimbursement basis where funds are not drawn down until they have been spent, as well as advanced payments which are permitted in some contracts.

b) Procedures Used to Verify that Requests & Payments are Accurate

As part of the contracting process, DDP creates Grant Tracking Workbooks (or worksheets within any given grant Excel file) for each grant or contract to track grant or contract expenditures throughout the contract term. The Grant Tracking Workbooks show remaining funds as well as the average funds available per month for the remaining funds on the grant or contract. The Grant Tracking Workbooks include the individual grant contract number, the internal financial system contract name, the contract term, the granting agency, the total funds awarded and allowable for draw down for that grant or contract, the reimbursement requests by date requested, and the remaining funds available.

As part of the drawdown process, the Executive Director or Office Administrator enters that period's drawdown amount into the appropriate Grant Tracking Workbook to affirm that the contract is tracking as expected per approved budget, thereby providing a summary of funds drawn to date and an analysis/comparison of budget versus actual expenditures. The Executive Director reviews the entries for correctness and discusses with the Office Administrator any diversions from monthly/quarterly drawdown projections.

Grant or contract funds are received from each granting entity by either check or wire transfer. Drawdowns submitted to granting entity program managers via email are paid via check and received by mail. Drawdowns submitted via the granting entity's portal are received via wire transfer.

c) Procedures for Drawing Funds & Advanced Payments, for Tracking of Payments Received & Deposited

The Executive Director or Office Administrator prepares reimbursement requests and supporting documentation in accordance with the associated grant and contract requirements, ensuring that all expenses submitted for reimbursement are reasonable, allowable, allocable, and accurate. The Executive Director reviews all reimbursement requests and verifies that the requests are accurate, and receives signature from DDP Board President (or Executive Committee designee). Reimbursement requests are submitted by the Executive Director or Office Administrator via the grant-appropriate reimbursement request platform, as noted in Section e) below.

All reimbursement requests are provided to the Office Administrator, who prints hardcopies and files them in the correct grant or contract hardcopy and electronic invoicing folder and enters the requests into DDP's Excel-based Receivables Tracker Spreadsheet. The Receivables Tracker Spreadsheet indicates the date reimbursement requests are submitted, the payee, detail of the reimbursement request including items such as the internal contract name, vendor, location, and date/description of service; the amount to be reimbursed; the date payment is expected based on the grant or contract terms, and any other pertinent details.

The tracking of reimbursement requests received and deposited differs based on payment method.

- For payments received by check via mail:
 - The receipt date of the payment is noted on the invoice by the Office Administrator.
 - The Office Administrator enters the payment date into the Receivables Tracker Spreadsheet and reviews the payment amount against the hardcopy documentation received from the grant entity, noting any discrepancies, and provides the Executive Director with the reimbursement request packet and check stub.
 - The Executive Director confirms that the payment amount in the Receivables Tracker

- Spreadsheet matches the amount on the check stub and the amount in the Grant Tracking Workbook, noting any discrepancies, and then determines if follow-up is needed with the grant entity.
- The Office Administrator enters the deposit information on the check and provides to the Executive Director or, if unavailable, the DDP Board Chair, for signature.
 - The Office Administrator attaches the check stub to the reimbursement request packet and deposits the check, attaches the hardcopy deposit slip to the reimbursement request packet, and provides to the Executive Director for final review.
 - The Executive Director reviews the reimbursement packet with deposit slip, indicating its completeness, and the Office Administrator closes the reimbursement request hardcopy file by stapling all related documentation.
- For payments received via wire transfers:
 - The Executive Director confirms receipt of payments as part of the monthly QuickBooks reconciliation conducted and downloads proof of payment receipt from DDP's online banking platform.
 - The Executive Director provides the proof of deposit to the Administrative Manager, who packages reimbursement request packets (to include deposit against packet, grants expenditures tracking workbooks, and Receivables Tracker Spreadsheet) noting any discrepancies. The Executive Director determines the follow-up needed with the grant entity for any discrepancies.
 - Office Administrator enters receipt date into the Receivables Tracker Spreadsheet and closes the reimbursement request hardcopy file by stapling all related documentation.

After the drawdown request has been finalized, the Receivables Tracker Spreadsheet is used to correctly allocate the funds in QuickBooks to their respective grants or contracts when they arrive. The allocation of funds in QuickBooks is conducted by the Executive Director in concert with the Finance Professional on a monthly basis monthly as part of the monthly reconciliation process conducted by DDP's Finance Professional. The Office Administrator reviews the QuickBooks allocations to ensure that the amount loaded into each grant equals the requested draw down amount. The Executive Committee reviews fund activity at least bi-monthly.

d) Support Documents Required for the Draw of Funds or for Making Payments and Their Processing

Supporting documents are required for the draw of funds and for issuing payments. Supporting documentation for expenses may include Indirect Expense (staff timesheets and expense reimbursement forms with associated approvals) as well as Direct Expenses, such as consultant invoices for advances or reimbursements.

Supporting documentation preparation and approvals for listed expenses for grants utilizing Indirect (staff salaries and related) Expenses include:

- Staff Timesheets: All full-time salaried staff on a not less than every three-day basis allocate their time on their respective Excel-based time tracker workbook to the appropriate grants or contracts, or administrative activities, for work performed, and paid time off taken. The workbook rolls up hours worked into a timesheet tab. All hours are reviewed and reconciled by staff by the second day of every month. Staff print and sign timesheets prior to providing them to management. Management reviews timesheets for their respective staff, addressing any discrepancies found or questions identified before approving the timesheets with their signature. Management and/or staff make approved timesheets

available to the Executive Director for final review. Reviewed timesheets are filed by the Office Administrator.

- Expense Reimbursement Forms: DDP staff complete expense reimbursement forms as needed on a monthly basis by the second day of the month and provides to the Executive Director for review along with all back-up documentation. Back-up documentation includes receipts (tolls, meals, parking, lodging, meetings) and mileage (print out of google maps showing departure and arrival points in alignment with travel points on expense reimbursement form). The Executive Director reviews the expense reimbursement forms to confirm that reimbursement amounts are applied to the correct grant or contract; all back-up documentation has been provided; and expenses for which reimbursement is being requested are reasonable, allowable, allocable, and accurate. The Executive Director provides the Office Administrator with approved, signed expense reimbursement forms for the Office Administrator to log into the Bills Paid Tracker Spreadsheet. The Executive Director reviews the Bills Paid Tracker Spreadsheet and notes that all information is correct prior to the Executive Director's writing of the expense reimbursement check.

Supporting documentation preparation and approvals for listed expenses for grants utilizing Direct Expenses include:

- Consultant Invoices: Consultant invoices are submitted by consultants or sub-contractors with an approved agreement for completion of a scope of work approved under an DDP grant or contract. Invoices are submitted to the Executive Director, who reviews the invoice against the approved consultant or sub-contractor agreement to confirm that it is reasonable, allowable, allocable, and accurate, noting any discrepancies. The Executive Director determines the follow-up needed with the consultant or sub-contractor for any discrepancies.
- The Executive Director provides the Office Administrator to add a payment processing cover sheet with the approved invoice to identify the actual item/service and the Office Administrator to logs this information into the Bills Paid Tracker Spreadsheet.
- The Executive Director reviews the Bills Paid Tracker Spreadsheet and notes that all information is correct prior to the Executive Director's approval for processing of the payment via a coded Invoice and Payment Request to the Finance Professional to prepare a check for payment.
- Finance Professional prepares the check and delivers it back to the Office Administrator, who provides it to Executive Director for signature, along with DDP Board President (or Executive Committee Designee.)
- The Office Administrator mails the invoice payment check, along with a copy of the original invoice and Reimbursement or Advancement Request and closes the invoice payment request by stapling all related documentation and filing the hardcopy in the appropriate grant or contract folder.

e) Occurrence of Drawdown of Funds & How They are Drawn

DDP draws down on grant or contract funds based on the schedule specific to the grant or contract. Funds are typically drawn down on a monthly or quarterly basis, unless the granting entity requires another timeframe for accessing of funds. How funds are drawn down is also specific to the granting entity. Some drawdowns are submitted via email to the granting entity program manager and others are submitted on the granting entity's online portal.

f) How Time Elapsed Between Receiving Federal Funds & Their Disbursement is Minimized

In practice, it is DDP's preference to draw down on funds on a reimbursement basis. When advanced

payments are requested the timing of the drawdowns must be as close as administratively feasible to actual disbursements of funds. For Federal grants, disbursement within 5 business days of drawdown will comply with this requirement.

Written Procedures on Costs Charged to Grants

DDP ensures that costs charged to grants are reasonable, allocable, allowable. Annual financial reports and reimbursement requests are generated as stipulated in grant/contract terms per the schedule noted in the grants/contracts (monthly or quarterly basis). This applies to both federal and non-federal grants, awards, and contracts. The organization follows the Cost Principles of Subpart E CFR [§200.400](#) with allocation and allowability in subsections 403; 404; 405; 408; and 410.

a) Factors Affecting Allowability of Costs ([§ 200.403](#))

Except where otherwise authorized by statute, costs must meet the following general criteria to be allowable under federal awards:

- Be necessary and reasonable for the performance of the federal award and be allocable thereto under these principles.
- Conform to any limitations or exclusions set forth in these principles or in the federal award as to types or amount of cost items.
- Be consistent with policies and procedures that apply uniformly to both federally financed and other activities of the non-federal entity.
- Be accorded consistent treatment. A cost may not be assigned to a federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the federal award as an indirect cost.
- Be determined in accordance with generally accepted accounting principles (GAAP), except, for state and local governments and Indian tribes only, as otherwise provided for in this part.
- Not be included as a cost or used to meet cost sharing or matching requirements of any other federally financed program in either the current or a prior period. See also § 200.306(b).
- Be adequately documented. See also §§ 200.300 through 200.309 of this part.
- Cost must be incurred during the approved budget period. The federal awarding agency is authorized, at its discretion, to waive prior written approvals to carry forward unobligated balances to subsequent budget periods pursuant to § 200.308(e)(3).

b) Reasonable Costs ([§ 200.404](#))

A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost. The question of reasonableness is particularly important when the non-Federal entity is predominantly federally funded. In determining reasonableness of a given cost, consideration must be given to:

- Whether the cost is of a type generally recognized as ordinary and necessary for the operation of the non-Federal entity or the proper and efficient performance of the Federal award.
- The restraints or requirements imposed by such factors as: sound business practices; arm's-length bargaining; Federal, state, local, tribal, and other laws, and regulations; and terms and conditions of the

Federal award.

- Market prices for comparable goods or services for the geographic area.
- Whether the individuals concerned acted with prudence in the circumstances considering their responsibilities to the non-Federal entity, its employees, where applicable its students or membership, the public at large, and the Federal Government.
- Whether the non-Federal entity significantly deviates from its established practices and policies regarding the incurrence of costs, which may unjustifiably increase the Federal award's cost.

c) Allocable Costs (§ 200.405)

A cost is allocable to a particular Federal award or other cost objective if the goods or services involved are chargeable or assignable to that Federal award or cost objective in accordance with relative benefits received.

This standard is met if the cost:

- Is incurred specifically for the Federal award.
- Benefits both the Federal award and other work of the non-Federal entity and can be distributed in proportions that may be approximated using reasonable methods; and
- Is necessary to the overall operation of the non-Federal entity and is assignable in part to the Federal award in accordance with the principles in this subpart.
- Any cost allocable to a particular Federal award under the principles provided for in this part may not be charged to other Federal awards to overcome fund deficiencies, to avoid restrictions imposed by Federal statutes, regulations, or terms and conditions of the Federal awards, or for other reasons.

Procedures for Receiving and Depositing Advanced Federal Payments

Should a time come that DDP requires advance funding, DDP will first communicate the need to the Project Officer and then follow all applicable steps to complete the process in accordance with the grant terms & conditions. To eliminate the likelihood of earning interest on federal funds, the timing and amount of cash advances shall be as close as is administratively feasible to actual disbursements but will be expended within 5 (five) business days. Should it not be administratively feasible to expend advanced federal payments within this timeframe, advanced federal payments will be deposited into a separate federally insured bank account within 10 (ten) business days at DDP's current bank, PNC Bank.

This space left intentionally blank.

Requirements for Separation of Duties and Internal Controls

DDP has implemented practices to ensure adequate separation of duties so that funds are safeguarded and used only for allowable costs. The division of responsibilities is outlined below. DDP's currently contracts with Mitten & Winters CPAs for bookkeeping services.

Financial Performance Reports

DDP monitors and provides project, program, and financial performance reports to the awarding agency. Staff within the organization prepare and submit financial performance reports are required. For federal funding sources, this includes Interim/Final Financial Status Reports (SF-425) as required at least annually.

Federally and State funded projects require DDP to prepare regular updates on the status of program implementation. Reporting requirements are typically found in the award's terms and conditions. The Executive Director will review funder grant documentation to determine frequency and format of technical reports, incorporating reporting requirements into each grants or contract's Grant Tracking Workbook. Once under contract, the Executive Director creates Outlook calendar reminders for report due dates and one month prior, for the life of the grant or contract term. Where grants or contracts require programmatic reports to include financial

statement of expenditures, these reports shall be prepared by the Executive Director with the support of the applicable Grant Manager and Office Administrator. Outlook calendar reminders are also created by the Executive Director for one month prior to the due date as well as the due date. For federal grants or contracts, the Executive Director will prepare and submit an Interim/Final Financial Status Report (SF- 425) annually.

Records Retention Policy & Schedule

DDP retains, protects, and maintains necessary records and documents as prescribed by laws, regulations, and contractual agreements to corroborate the existence of assets and liabilities, occurrence of business transactions, and completion of contractual obligations. The below Retention Schedule sets forth guidelines that apply to all DDP employees and to all information generated or received in the transaction of DDP's business. The objective of the Retention Schedule is to protect and maintain adequate documentation and to ensure that records no longer needed will be discarded at the appropriate time. The Office Administrator and Executive Director can reference "Records Retention Guidelines" for additional records retention requirements.

See also separate Policy for DDP Record Retention.

Retention Schedule	
Accounts receivables ledgers and schedules	7 years
Audit reports / annual financial statements	permanently
Bank reconciliations	3 years
Invoices substantiating the acquisition cost of each unit capital equipment (see Equipment)	5 years
Grants	7 years after completion
Quotes substantiating the purchase of small purchases (see Procurement)	5 years

Indirect Cost Rates Procedure

Where applicable, DDP submits Indirect Cost Proposals on an annual basis, following the applicable cognizant federal agency's guidelines, such as US Environmental Protection Agency (EPA). Specifically, the Executive Director and Office Administrator prepare the proposal for submission to the cognizant federal agency.

System for Award Management

The System for Award Management (SAM) enables informed decisions about whether vendors and/or contractors will be engaged for work under the grant award. Registration in SAM enables non-federal entities to bid on federal contracts or other procurement opportunities. It also allows non-federal entities to apply for grants, loans, and other financial assistance programs. DDP's Executive Director will register and/or update organization information in the SAM portal once annually as required by federal Grant Agreements to maintain SAM compliance.

SAM Updating Procedure

The Executive Director will submit financial information through the SAM.gov portal. This information is downloaded from QuickBooks and represents an up-to-date financial picture. SAM updates must be

completed by December 15th annually to receive federal grants. Reminders for annual SAM updates are created by the Executive Director, with invitations sent to the Executive Director, DDP Board Secretary, Office Administrator, and any other personnel deemed necessary. The update steps are outlined below.

- Step 1: Go to the homepage: www.sam.gov.
- Step 2: Login to the website for user verification before gaining access to the renewal functionality. Enter the username and password for the Entity Administrator associated with the entity registration, and then click the "Log In" button.
- Step 3: Select "Entity Registrations" on the left-side.
- Step 4: Click "Existing Entity Registrations" to view the registrations to which you have access.
- Step 5: Select the entity record that you want to update from the Entity List box and click the "Update" button to begin the renewal.

Federal Funding Accountability & Transparency Act (FFATA) Subaward Reporting System (FSRS)

Prime Grant Recipients awarded a new federal grant greater than or equal to \$25,000 are subject to FFATA/FSRS subaward reporting requirements as outlined in the Office of Management and Budgets guidance. The Prime Grant Recipient is required to file a FFATA subaward report by the end of the month following the month in which the Prime Grant Recipient awards any subaward greater than or equal to \$30,000.

FSRS Procedures and Information for Prime Grant Recipients

The FSRS Reporting System is accessible at <https://www.fsr.gov/>. The Awardee User Guide can be accessed at https://www.fsr.gov/documents/FSRS_Awardee_User_Guide.pdf.

PAYROLL

The DDP retains written payroll policies and procedures including policies for fringe benefits paid to DDP personnel.

Fringe Benefits Statement

DDP defines fringe benefits as allowances and services provided by employers to their employees as compensation in addition to regular salaries and wages. DDP provides fringe benefits to its full-time salaried employees and part-time hourly employees working 30 (thirty) hours or more on average per week.

Fringe benefit costs are allowable to the extent that the benefits are reasonable and are required by law, and are an established policy of DDP as a quasi-governmental unit. Fringe benefits are equitably charged and applied across all grants in line with each employee's specific benefits package, where allowable and where selected by DDP to do so.

Timesheets

DDP pays all employees on a bi-weekly basis, with 26 (twenty-six) pay periods annually.

Where applicable, timesheets are completed to include all specific time spent on each grant or project, as well as a specific task/activity from an approved work plan, delineated by appropriate grant codes.

When timesheets are utilized for grant purposes, all non-reimbursable administrative work and all non-working hours (i.e., vacation, personal, sick, holiday, etc.) will also be recorded on timesheets and defined by appropriate grant codes. Staff track time away from the office (i.e., vacation, sick, personal, etc.) and management review time records of their staff for the pay period and compare timesheets for accuracy. Work completed remotely is also tracked timesheets.

DDP applies salaries, wages, and benefits consistently to both federally/non-federally funded projects for the same labor categories, when DDP selects to use allowable Indirect Expense opportunities on Federal/State grants.

Consistent Application of Salaries, Wages, and Benefits

When Indirect Expenses are sought under a grant, all DDP salaries and wages charged to grants or contracts are supported by a system of internal controls as noted in this section, Payroll, and section d) What Support Documents are Required for the Draw of Funds or for Making Payments and Their Processing. DDP approval procedures provide reasonable assurance that the personnel costs incurred are accurate, allowable, and properly allocated.

DDP's systems of internal controls ensure that:

- total compensation paid to employees is reasonable according to the work performed on the grant or contract agreement.
- compensation is made in accordance with established policies for DDP.
- compensation policies are consistently applied to both government and non-government activities.
- staff attest to their time at the end of each month, which may include one or more pay periods, through their signature on their timesheet.
- management verifies the accuracy of the time and approves the hours for the staff that report to them.

Salaried Employees

For full-time salaried employees, management verifies the accuracy of timesheets and signs all timesheets for staff that report to them. Timesheets are submitted on a monthly basis according to the schedule outlined in this Guide in section d) What Support Documents are Required for the Draw of Funds or for Making Payments and Their Processing. The approval process for full-time salaried employee timesheets is also found in section d.

Part-Time Hourly Employees

For part-time hourly employees, staff sign their timesheets submitted at the end of each pay period. Management verifies the accuracy of timesheets and signs all timesheets for staff that report to them.

TRAVEL

DDP staff are permitted to engage in travel for work performed under funded grants or contracts.

Travel Authorization

Staff are required to obtain travel authorizations and approvals prior to travel. All requests must be authorized in advance by appropriate management, even if no advance of funds is requested.

Requests for travel beyond a local one-day event are received by appropriate management as part of individual check-ins with staff, DDP's weekly staff meetings, or separate or via email request. Approvals are provided in

response to a written Travel Request on determination that travel costs are allowable, allocable, and reasonable, as outlined in the below bullets. Approved travel is placed by the requesting staff on their calendar. (Staff's individual Outlook calendar is shared with Executive Director and may be shared with other DDP staff.)

- Travel that will include a reimbursement request for mileage, parking, or tolls may be approved via email in response to a request via email. Mileage is verified as part of the Expense Reimbursement Forms approval process described in this Guide in section d) What Support Documents are Required for the Draw of Funds or for Making Payments and Their Processing, subsection Expense Reimbursement Forms.
- Travel that will include a reimbursement request for lodging or air travel may only be approved via a written Travel Request once the appropriate back-up documentation with expected costs on the Travel Request. This process is also to be applied for requests for advanced payments for travel, with the additional review of the Office Administrator required for final approval.

Travel Expenditures

Receipts to support actual costs must be submitted after each trip. Receipts are coded on Expense Reimbursement Forms, allowing identification of the specific funded project for which they were incurred. The review process for travel expenditures is found in this Guide in section d) What Support Documents are Required for the Draw of Funds or for Making Payments and Their Processing, subsection Expense Reimbursement Forms.

- Travel associated with a specific funded project will be billed to that grant only and reviewed to ensure that travel costs are allowable, allocable, and reasonable.
- Lodging will only be covered with grant or contract funds up to the current federally accepted rate. As rates vary by location and date, staff must adhere to the current rates noted in <https://www.gsa.gov/travel/plan-book/per-diem-rates>.
- Prior to staff's attendance of any grant or contract funded travel, staff must ensure that adequate funds are in the grant budget by confirming with appropriate management, or Executive Director.
- Travel expenses must be allocable to the grant project.
- Travel expenses will not be paid beyond the pre-approved travel cost unless written approval is provided to Executive Director on original Travel Request or via email in response to an email requesting an additional expense.

EQUIPMENT

Capital Equipment is defined by the United States Office of Management and Budget as "tangible nonexpendable personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit." The below subsections apply to capital equipment meeting this definition.

Equipment and Property Management

DDP records all capital assets at historical cost as of the date acquired. The acquisition cost includes installation charges and freight. All costs associated with making the asset serviceable are capitalized. Invoices substantiating the acquisition cost of each unit of property shall be retained for a minimum of three years as long as DDP is in the possession of the asset. If the asset is traded, sold or disposed records should be kept for an additional three years.

Equipment with an economically useful life of 12 months or less are expensed for financial statement purposes, regardless of the acquisition or production cost. Equipment acquired with external support becomes the property of the organization unless restricted by the funding organization, unless otherwise directed by the associated Grant Agreement.

Equipment and Maintenance

To ensure the proper receipt and tracking of equipment, a depreciation schedule is maintained by the Finance Professional that should be reviewed by the ED annually. At this time, the condition can be evaluated to determine proper treatment. Physical inventory can be conducted but tagging isn't common when there is not a lot of equipment. DDP verifies the existence and condition of the equipment and the accuracy of records related to equipment. DDP establishes maintenance procedures and records of the operational condition of equipment. The Executive Director is notified by the Office Administrator of condition, location, loss, or damage to equipment. Records are submitted by the Office Administrator to the Executive Director for review and approval. **DDP's Finance Professional will notify the Executive Director and Office Administrator when equipment items have depreciated below \$5,000. The Executive Director will comply with the treatment of Equipment as stated in the Grant Agreement.**

Recordkeeping

DDP maintains records tracking equipment, including acquisition date, cost, description, serial number (or similar identification number like a model number), source of funding (e.g., Federal Award Identification Number, or FAIN), percentage of federal participation in the cost of the equipment, title holder, location, status of equipment (i.e., use and condition), and disposition data. This information is maintained by the Office Administrator and reviewed by the Executive Director once every two years. If an item is purchased with federal grant funds, the funding source, award number, and percentage of federal participation will be included in the equipment tracking database.

Disposal of Federally Funded Equipment

If an item of equipment is determined to be obsolete, and the item's value exceeds \$5,000, **disposition rules are followed, per instructions in the associated Grant Agreement.**

PROCUREMENT

Procurement is the process for obtaining supplies, expendable property, equipment, real property, and services, including contracting, consultant agreements, sub-awards or sub-grants, or any other types of agreements that transfers federal, state, and other funds outside of DDP for the purpose of fulfilling the grant or contract agreement. This section provides the DDP's procurement policies and procedures for supplies, expendable property, equipment, real property, and services. The section titled Services of Outside Organizations addresses procurement requirements for contracting, consultant agreements, sub-awards or sub-grants.

Purchasing Authority

No purchases shall be made without the prior approval of the Executive Director, or in their absence, the

Board President, Board Secretary, or his/her designee from Executive Committee. Additional purchasing authority processes are noted, where applicable, in the sectioned title Purchasing with Federal Award Funds. Once a purchase has been approved by the Executive Director, purchases may be placed by the DDP Board Secretary.

Guidelines for Purchases

Purchases are evaluated to ensure they are reasonable, allocable, and allowable. The vendor or contractor that meets the required quality standards at the lowest cost are selected. Regardless of the cost of acquisition, DDP avoids purchasing unnecessary items. Where applicable, DDP evaluates lease versus purchase options to determine which is more economical.

As part of the grant application process, the Executive Director, Property Development Director and designated grant manager shall identify any purchase requests that will be necessary for the successful execution of a grant or contract agreement. The designated grant manager shall indicate the timing for initiation of the purchasing process for supplies, expendable property, equipment, real property, and services associated with grant or contract implementation. The Executive Director and/or Property Development Director will confirm the timing.

Considerable authority has been entrusted to employees who make purchasing decisions. The convenience afforded through decentralization is coupled with full responsibility for decisions and a complete understanding of the procurement and purchasing policies and procedures of DDP. All DDP employees are informed of and made aware of the purchasing policies and procedures for awarded grants (local, state, or federal). All purchasing decisions are made in the best interests of DDP and its related funders. All purchases are authorized by the Executive Director or Board President (or his/her Executive Committee member designee) prior to their processing by the authorized employee.

Purchasing with Federal Award Funds

Purchases made when procuring property or services through a federal award with federal funds follow the procurement standards under the Federal Uniform Grants Guidance. Procurement transactions maximize free and open competition. Written solicitations have a clear scope of work, requirements and features prospective bidders must meet, a preference to conserving natural resources and the environment, and positive efforts to use small, disadvantaged and minority owned firms when possible. DDP documents the reason for the type of procurement bid used, the basis for contractor selection, a justification for lack of competition or sole-source procurement, and the basis for award cost and price.

Purchase requirements are based on the current federally adopted simplified acquisition thresholds (SAT). Purchases exceeding \$10,000 are subject to pre-award review by the federal entity to ensure procurement procedures are adequate. Special consideration is given to environmentally friendly, and energy efficient products/services (see 2 CFR 200.322). Quotes and bids must include specifications and qualifying characteristics to be considered by the vendor/contractor, including delivery and time frame, the scope of work, references, and other relevant specifications. Quotes must be provided by the vendor as a written statement regarding the price for a specific good or service.

Under [2 CFR 200.324\(a\)](#), recipients must perform a cost or price analysis in connection with every procurement

action other than micro-purchases and simplified acquisitions, including contract modifications. Price analysis includes the comparison of price quotations submitted, market prices, bid prices for firm fixed-price contracts and similar information. A price analysis is an examination of the price proposed and an assessment or evaluation as to whether it is fair and reasonable. Cost analysis is the review and evaluation of each element of cost to determine reasonableness.

As needed, the terms of a contract made to be paid for with federal funds shall be negotiated to ensure terms are acceptable to the grant or contract. The Deputy Director and Executive Director are authorized to negotiate the terms of a contract. Purchases made with federal funds shall be received and deemed acceptable by the grant manager prior to payment being made.

Purchase Threshold Requirements

Purchase Thresholds and categories are defined as bulleted below, as referenced from [2 CFR 200.320](#):

- Micro-Purchases (Purchases under \$10,000)
- Small Purchases (\$10,001 – \$250,000)
- Competitive Purchases/Sealed Bids (\$250,001+)
- Noncompetitive Proposals

For all purchases (single or cumulative) over \$10,000 from a single vendor within a fiscal year, written price or rate quotes will be obtained from an adequate number of qualified sources.

a) Micro-Purchases (Purchases under \$10,000)

Competitive quotations are not required if the prices are reasonable. Selection will be based on the quality and cost, with every effort made to identify 3 (three) price quotes. To the extent practicable, purchases will be distributed equitably among qualified suppliers. Price quotes are to be obtained by the grant manager, Property Development Director, or Office Administrator, and reviewed and approved by the Executive Director prior to final review and approval by the Executive Director.

b) Small Purchases (\$10,001 – \$250,000)

DDP will obtain price quotes for small purchases, with every effort made to obtain 3 (three) price quotes. Price quotes may be formal (i.e., a quote submitted to DDP on vendor letterhead) or informal (i.e., phone call or web search) from an adequate number of sources, but not less than three. All quotes, including phone calls, web searches, etc., will be documented and kept on file for 5 (five) years. Evaluation and selection of supplies/vendors shall be determined by performing a cost analysis, as noted in "Best Practice Guide for Procuring Services, Supplies, and Equipment Under EPA Assistance Agreements". Price and cost analyses will be performed by the grant manager and reviewed by the Property Development Director prior to Executive Director approval to proceed with the purchase.

c) Competitive Purchases/Sealed Bids (\$250,001+)

Sealed bids will be used when the selection of the successful bidder can be made principally on the basis of price. Invitation for bids will define the items or services needed to allow bidders to properly respond. Descriptions will not contain features that unduly restrict competition, such as requiring certain brands or manufacturers of items. Bids will be solicited from an adequate number of know supplies providing sufficient response time. Price and cost analyses will be performed by the grant manager and reviewed by the Property

Development Director prior to Executive Director approval to proceed with the purchase.

d) Noncompetitive Proposals

Procurement shall be conducted competitively to the maximum extent possible. Procurement by non-competitive proposals must have prior approval from any/all federal funding sources. Procurement by non-competitive proposals may be used only when the award of a contract is not feasible using small purchase procedures, sealed bids, or competitive proposals and one of the following applies:

- The item is available only from a sole source, based on a good faith review of available sources.
- An emergency exists that seriously threatens the public health, welfare, or safety, or endangers property, or would otherwise cause severe injury to ECA, as may arise by reason of flood, earthquake, epidemic, riot, equipment failure, or similar event. In such cases, there must be an immediate and serious need for supplies, services, or construction such that the need cannot be met through any other procurement methods, and the emergency procurement shall be limited to those supplies, services, or construction necessary to alleviate the emergency; or
- After solicitation of a number of sources, competition is determined inadequate.

Written justifications for using such procedures shall support all procurements based on noncompetitive proposals, and shall be provided by the grant manager. The Property Development Director shall review and approve the justification in writing and provide the approved justification to the Executive Director, who will forward the approved justification to the Office Administrator for filing of hardcopy in the grant or contract file.

The reasonableness of the price for all procurement based on noncompetitive proposals shall be determined by performing price and cost analyses, as noted in "Best Practice Guide for Procuring Services, Supplies, and Equipment Under EPA Assistance Agreements".

Conflict of Interest

The following shall constitute the DDP Conflict of Interest Statement: No compensated officer, employee, or agent of DDP shall participate in selection, award, or administration of a contract supported by grant or contract funds or otherwise if a real, apparent, or potential conflict of interest exists. Such a conflict would arise when a compensated officer, employee, agent, or any immediate family member thereof, business or personal partner, or an organization which previously or currently employs or is about to employ any of the parties indicated herein, has a personal benefit, or a financial or other interest in the firm selected for an award. Compensated officers, employees, and agents of DDP shall neither solicit, nor accept, or offer gratuities, favors, or anything of monetary value from and/or to contractors, or parties to contracts and sub agreements. However, compensated officers, employees, and agents of the organization may offer or receive gratuities and/or gifts of appreciation for situations in which the financial interest is not substantial or the gratuity and/or gift is an unsolicited item of nominal value.

Any compensated officer, employee, or agent of DDP in violation of said DDP Conflict of Interest Statement shall be subject to disciplinary action and/or penalty that could ultimately result in termination of employment.

The Executive Director and/or Board of Directors reserve the right to terminate employment effective immediately upon discovery of the incident depending on the nature and severity of offense.

Each new employee of DDP will be introduced to and trained on the DDP Conflict of Interest Statement upon hire

and shall be required to acknowledge receipt and understanding in writing of the DDP Conflict of Interest Statement. All employees will be periodically trained on the Statement requirements thereafter.

SERVICES OF OUTSIDE ORGANIZATIONS

DDP will sometimes retain the services of outside organizations in performing the work of a grant or contract. These services will fall under one of the following three types of procurements: General Procurements (Contracts), Consultants, or Sub-recipient agreements. Before entering into any agreement with any organization, DDP will check the status of the organization on www.sam.gov to assure that they are not subject to disbarment or suspension. Often a contract or sub-recipient will be written into the grant proposal. In all cases, the contractor/sub-recipient must be approved by the granting agency.

If federal funds are to be transferred to other organizations or consultant, a formal, written subaward, contract, or consulting agreement must be reviewed and approved by the Executive Director. DDP will refer to [2 CFR 200.331](#) regarding distinctions between subawards and contracts, and will ensure any subawards comply with these standards and are not used to acquire commercial goods or services for the recipient.

General Procurements and Sub-Recipient Agreements

General Procurements (Contracts)

A procurement is considered a general procurement (Contract) if it is made from an organization that normally provides such goods and services to many organizations as part of its operations and if it operates in a competitive environment. This entity shall be known as a contractor. For general procurements, a contract or letter of agreement will be drawn up and signed by both parties. The contract or letter of agreement will clearly outline the services, materials, or supplies that will be performed or purchased, the total cost of such services or goods, and a clear delivery date of such services or materials. The contract or agreement will include a termination clause.

Sub-Recipient Agreements

The procurement of goods and services will be considered a sub-recipient on a grant if that organization completes a significant and substantive part of the effort, if that organizations work has its performance measured against whether the objectives of the program are met, if the organization has responsibility for programmatic decision making and if the organization has responsibility for adherence to applicable program compliance requirements.

A sub-recipient agreement will be drawn up and signed by both organizations. All sub-recipient agreements that provide services involving the employment and/or subcontracting of mechanics and/or laborers shall explicitly require the vendor to comply with 2, CFR 200, Appendix II, (E) Contract Work Hours and Safety Standards Act. <https://www.ecfr.gov/current/title-2/subtitle-A/chapter-II/part-200/appendix-Appendix%20II%20to%20Part%20200>

The sub-recipient agreement will include a description of the work to be performed, the period of performance for the work, the method by which the sub- recipient will be monitored and evaluated on their efforts, and the total cost of the work to be performed. The agreement will contain all the regulatory requirements of the grant or award as well as the CFDA title and number, award name and number, award year, and the name of the federal agency providing the funding. The sub-recipient will be required to file progress reports and the

frequency of the reports will be outlined in the agreement. Progress reports will include a comparison of actual accomplishments with the goals and objectives established for the period. For example, progress reports required quarterly would be submitted 30 days after the end of each quarter; yearly progress reports would be filed within 90 days of the end of the year. Finally, a termination clause will be included in the Sub-Recipient agreement.

Contractor/Sub-Recipient Monitoring

The DDP grant manager will monitor the performance of sub-recipients and contractors by monthly contact, or site visits if applicable, to provide a reasonable assurance the organization is administering the funds in compliance with the laws, regulations, and provisions of the grant and that the performance goals are achieved. In addition, and as required by laws and regulations, a copy of the organization's most recent Uniform Guidance audit report (Single Audit) will be requested by the grant manager and be kept on file by the Office Administrator for each sub-recipient.

Any sub-recipient or contractor receiving more than \$25,000 from a single award will be reported on the FFATA website by the Deputy Director. The report will be filed by the end of the month following the signing of the contract or sub-recipient agreement.

Whether funds are transferred to other entities via subawards or contracts, DDP will follow these standards:

- Require entity to provide active Unique Entity Identifier (UEI) number and record of registration with SAM.gov before entering into an agreement;
- Confirm that a subrecipient is not suspended or debarred from receiving federal funds by searching the Excluded Parties List System (EPLS), which has been consolidated under SAM (<https://www.sam.gov/portal/public/SAM/>);
- Ensure that proposed costs are necessary, reasonable, and allocable;
- Ensure that any subawards to 501(c)(4) organizations do not involve lobbying activities;
- Obtain funder consent before making a subaward to a foreign or international organization, or subaward to be performed in a foreign country;
- Obtain funder approval for any new subaward work that is **not** outlined in the approved work plan in accordance with 40 CFR Parts 30.25 and 31.30, as applicable;
- Establish agreements in writing;
- Incorporate provisions that ensure compliance with requirements of a federal grant as well as federal requirements of all procurements, regardless of source of funds; subrecipients must follow all guidelines of federal grant just as DDP;
- Monitor the performance of their subrecipients and ensure that they comply with all applicable regulations, statutes, and terms and conditions which flow down in the subaward;
- Address reporting of subawards to FFATA Subaward Reporting System (fsrs.gov) for all obligating actions of \$25,000 or more in federal funds (not including Recovery Act funds)
- Include enforcement procedures for noncompliance including conditions under which termination may occur.

Consultants

DDP may secure a contract with a consultant, defined as an individual with specialized skills who, although not

on the recipient's payroll as an employee, provides personal services to the recipient under an agreement which essentially establishes an employer-employee relationship between the recipient and the individual providing the services. Normally a consultant expense will be included in the budget proposal submitted to the federal agency. A consulting agreement will be drawn up and signed by both the Consultant and the DDP.

The consulting agreement will contain a complete description of the services to be performed, the agreed upon price for such services, and the period of performance for the services. The consulting agreement must specify pay rates that include base rate, fringe benefits, and overhead. The agreement will also outline measures of performance that must be met by the consultant, the process for evaluation of performance, as well as all the regulations required by the Grant Agreement. Finally, the agreement will include a termination clause.

Consultant Rates

Federal funds may not reimburse recipients for compensation they pay to individual consultants on an hourly, daily, or other basis that has the effect of exceeding the amount paid to federal employees at Level IV of the Executive Schedule. The cap on compensation for individual consultants is statutory, applies to all recipients including states, and may not be waived by federal agencies. The consultant fee cap only covers personal compensation. Reimbursements DDP pays to consultants for overhead and travel costs are not subject to the consultant fee cap. When the consultant fee caps apply often involve complex issues that are best resolved by federal granting entity program manager; the DDP grant manager shall contact the program manager to obtain guidance.

Prior to entering into a consulting agreement, the DDP grant manager shall calculate the maximum daily rate and the daily pay limitation using the Office Of Personnel Management's [Fact Sheet: How to Compute Rates of Pay](#) and [Fact Sheet: Expert and Consultant Pay](#). The calculations shall be reviewed and approved by the Deputy Director prior to final approval by the Executive Director. The maximum daily rate can be determined by following these steps:

- Divide the Level IV salary by 2087 to determine the hourly rate. Rates must be rounded to the nearest cent, counting one-half cent and over as the next higher cent (e.g., round \$18.845 to \$18.85).
- Multiply the hourly rate by 8 hours. The product is the maximum daily rate.

Exclusions from Consultant Compensation Limitations

Contracts or subcontracts with multi-employee firms for services are not affected by the consultant compensation limitation in [2 CFR 1500.10](#) provided the contractor or subcontractor rather than the recipient selects, directs, and controls individual employees providing consulting services. Note that contracts with individual consultants or consulting firms are subject to the competitive procurement requirements in 2 CFR Part 200.

The consultant compensation limitation does not apply to fixed price contracts such as those structured as lump sum payments for completion of a study or design of a training course.

Federally Funded Construction Provisions and Davis-Bacon

It is anticipated that the DDP could have construction and other projects that may be funded by the Federal Government and subject to Davis-Bacon. As a result, the DDP has read and understands the federal regulations

regarding federally funded construction and has made provisions for any federally funded construction associated with EPA, ARPA, and similar federal grants.

These provisions may be applicable for all agreements, sub-agreements over \$2,000 that require compliance with the Davis-Bacon Act.

Currently the DDP has no contracts or agreements where Davis-Bacon is applicable, but the DDP understands the applicable federal regulations that are triggered by the monetary thresholds associated with federally funded construction.

Background: Davis-Bacon and Related Acts and Reorganization Plan No. 14 of 1950, U.S. Department of Labor

Under the Davis-Bacon and Related Acts and Reorganization Plan No. 14 of 1950, the U.S. Department of Labor is responsible for determining prevailing wages, issuing regulations and standards to be observed by federal agencies that award or fund projects subject to Davis-Bacon labor standards, and overseeing consistent enforcement of the Davis-Bacon labor standards.

The Davis-Bacon and Related Acts apply to contractors and subcontractors performing on federally funded or assisted contracts in excess of \$2,000 for the construction, alteration, or repair (including painting and decorating) of public buildings or public works.

Davis-Bacon Act and Related Act contractors and subcontractors must pay their laborers and mechanics employed under the contract no less than the locally prevailing wages and fringe benefits for corresponding work on similar projects in the area.

The Davis-Bacon Act directs the Department of Labor to determine such locally prevailing wage rates.

The Davis-Bacon Act applies to contractors and subcontractors performing work on federal or District of Columbia contracts. The Davis-Bacon Act prevailing wage provisions apply to the "Related Acts," under which federal agencies assist construction projects through grants, loans, loan guarantees, and insurance.

For prime contracts in excess of \$100,000, contractors and subcontractors must also, under the provisions of the Contract Work Hours and Safety Standards Act, as amended, pay laborers and mechanics, including guards and watchmen, at least one and one-half times their regular rate of pay for all hours worked over 40 in a workweek. The overtime provisions of the Fair Labor Standards Act may also apply to DBA-covered contracts.

Determining Wage Rates

The DDP understands that all Federally financed or assisted construction projects subject to the Davis-Bacon and related Acts (DBRA) must contain a prevailing wage determination (WD). The wages on the WD are typically determined by surveying ongoing or recently completed construction projects within a geographic area. WHD conducts surveys of projects under construction or completed during a set survey period in an effort to gather specific wage rate data paid to the various classifications of workers found on construction projects.

The DDP has reviewed Executive Order 13658, **Establishing a Minimum Wage for Contractors: Annual Update** and is familiar with the provisions of the Executive Order. ([Minimum Wage for Federal Contracts Covered by Executive Order 13658, Notice of Rate Change in Effect as of January 1, 2024](#)).

This Executive Order minimum wage applies to workers performing work on or in connection with federal contracts that were entered into, renewed, or extended prior to January 30, 2022, in the following four categories:

- Procurement contracts for construction covered by the DBA.
- Service contracts covered by the SCA.
- Concessions contracts, including any concessions contract excluded from the SCA by the Department's regulations at 29 CFR 4.133(b); and
- Contracts in connection with federal property or lands and related to offering services for federal employees, their dependents, or the general public.

General Wage Determinations

The [Davis-Bacon and Related Acts \(DBRA\)](#) require contractors to pay locally prevailing wages to laborers or mechanics working on federally funded or assisted construction projects. The Secretary of Labor determines the locally prevailing wage rates that contracting agencies must include in covered contracts. These prevailing wage rates must be based on the wage rates paid to the corresponding classes of laborers and mechanics employed on projects of a character similar to the proposed contract work in the local area where that work is to be performed. The Wage and Hour Division (WHD) has issued general wage determinations listing the prevailing wage rates for the great majority of counties nationwide for each of the four general categories of construction discussed below, available on System for Award Management (SAM.gov), which federal agencies can incorporate into their covered contracts without getting prior approval from WHD. Any questions about how these general wage determinations apply to a particular project must be referred to WHD.

Under limited circumstances (where there is no general wage determination in effect for the relevant project area, the work will be performed in multiple counties, or virtually all of the work on a contract will be performed by a classification that is not on the applicable general wage determination), an agency may instead request a "project wage determination" for a specific project.

Incorporating general wage determinations into DBRA contracts

There are three basic factors in selecting the general wage determination(s) to incorporate into contracts – selecting the correct location, the correct category (or categories) of construction, and the most current wage determination.

Location

Davis-Bacon general wage determinations are issued on a county-by-county basis. Contracting agencies must incorporate into the contract the applicable wage determination from the state and county in which the work is to be performed. If the project involves work in more than one county and/or state, contracting agencies must incorporate the applicable wage determination for each county in which work is to be performed, unless the

contracting agency has requested a multi-county project wage determination.

Types of construction

Contracting agencies are required to select the wage determination that includes the correct type of construction for the project (and to select multiple wage determinations where the project involves substantial construction in two or more categories). This requirement stems from the language in the Davis-Bacon Act that requires prevailing wages to be based on projects of a "character similar" to the project at issue. For the purpose of identifying the correct construction type for a project, the project will generally be considered to consist of all construction necessary to complete the building or work regardless of the number of contracts involved, so long as all contracts awarded are closely related in purpose, time, and place. Identifying the correct construction type requires consideration of the nature of the project itself in a construction sense, rather than who is employed on the project or how much they are paid.

WHD has distinguished among four general types or categories of construction - building, residential, heavy, and highway – as set forth in [All Agency Memorandum \(AAM\) 130](#) .

The DDP will comply with the above delineated provisions, and other related provisions associated with all federally funded construction as applicable.

DISADVANTAGED BUSINESS ENTERPRISES (DBE)

It is the policy of DDP to ensure that Disadvantaged Business Enterprises have an equal opportunity to receive and participate in contracts. It is also the practice of DDP to ensure nondiscrimination in the award and administration of contracts; to create a level playing field on which DBEs and small businesses can compete fairly for contracts; to ensure that the DBE program is narrowly tailored in accordance with applicable law; to ensure that only firms that fully meet eligibility standards are permitted to participate as DBEs; to help remove barriers to the participation of DBEs and small businesses in federally funded contracts; and to assist the development of firms that can compete successfully in the marketplace outside the DBE program.

Whenever possible, DBE and Small Business Enterprises (SBE) contractors and vendors shall be given procurement preference when multiple bids have been received that are equal in value and services to be provided. When services or goods related to capital projects are to be procured, staff shall comply with all SBE and DBE requirements outlined in the funding agreements. These Good Faith Efforts are methods used by DDP to ensure DBEs have the opportunity to compete for procurements funded by federal financial assistance dollars.

DDP documents the methods used to adhere to the Good Faith Efforts and will retain the documentation in the records of the organization. Documentation will include, but is not limited to, email logs, phone logs, electronic searches and communication, handouts, flyers, or similar records. In addition, if one or more of the Good Faith Efforts cannot be performed, the circumstances that have prohibited the full execution of each step will be documented and retained.

These efforts include:

- I. Placing qualified DBE Vendors on solicitation lists;

- II. Soliciting DBE Vendors whenever they are potential sources;
- III. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by DBE Vendors;
- IV. Establishing delivery schedules, where requirement permits, which encourage participation by DBE Vendors;
- V. Using services and assistance, as appropriate, of such organizations as Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
- VI. Requiring the prime contractor, if subcontracts used, to take affirmative steps listed in paragraphs (i) through (v) of this section.

[Appendix A to 40 CFR Part 33](#) requires that each procurement contract signed by a federal financial assistance agreement recipient, namely DDP, include the following term and condition:

The contractor shall not discriminate on the basis of race, color, national origin or sex in the performance of this contract. The contractor shall carry out applicable requirements of 40 CFR part 33 in the award and administration of contracts awarded under [federal] financial assistance agreements. Failure by the contractor to carry out these requirements is a material breach of this contract which may result in the termination of this contract or other legally available remedies.

As applicable, DDP will submit the required MBE/WBE Utilization Form <https://www.epa.gov/grants/epa-form-5700-52a-united-states-environmental-protection-agency-minority-business>(at least annually) to applicable federal agencies for any assistance agreement when: funds are budgeted for procuring construction, equipment, services and supplies (including funds budgeted for direct procurement by the recipient or procurement under sub-awards or loans in the "Other" category) with a cumulative total that exceed the Simplified Acquisition Threshold (SAT) (currently, \$250,000), including amendments and/or modifications? Note: The threshold will be automatically revised whenever the SAT is adjusted; See 2 CFR Section 200.1)

MATCH

Where applicable, DDP match on federal, state, or other financial assistance agreements is met as authorized by the funding entity. For example, certain state grants allow for match requirements to be met through in-kind contributions, such as volunteer hours that are valued at the state's pre-defined rates. Other match requirements are met through DDP member county contributions.

PROGRAM INCOME

Program income is defined as being directly generated by an assistance agreement supporting activity or earned only as a result of the agreement during the assistance agreement period (2 CFR 200.307). DDP does not typically derive program income from financial assistance agreements. Were the generation of program income derived during an assistance agreement period, DDP shall comply with all program income requirements, including:

- Documenting how the program income is being generated and reported.
- Reinvesting the program income in the project by deducting it from the total project costs, expanding the scope of work, or applying it towards match/cost share requirements.
