Hi Anne.

I apologize for the delay. I ordered updated height justification, but being told it may not be available until tomorrow morning.

I have updated drawings, narrative and the FCC license for Intermax attached. (their licenses are under Newmax)

Hi Shannon,

I saw the answers you sent about the lease being in place of the Letter of Intent and that there are no generators being proposed currently. However, I did not see any answers to the other questions I sent that day:

- Justification for 150' height
- FCC-licensed provider
- FAA regulations/EIA standards
- Inconsistencies/duplications between Sighting Analysis & Compatibility documents

Are you still working on these? I need to have the staff report done and sent to the Hearing Examiner by Friday at the latest.

Thanks,

Anne Henning, AICP
