Re: Cingular Wireless Tower Conditional Use Permit – Notice of Completeness

Dear Jamie:

As the authorized representative for this project, all correspondence will be directed to you.

We have reviewed the submittals for this project, and have determined it complete for further review as of the date of this letter. This Notice of Completeness does not preclude the City from requesting additional information during the review process.

Now that the application has been determined to be complete, the next steps in the process are to post a notice board onsite, mail notice to property owners within 300', notify relevant agencies and departments, and publish notice in the newspaper and at City Hall. The applicant is responsible for posting the notice board. As we discussed, you intend to have a local representative post the notice board soon after the documents are ready. Therefore I have set the comment period to close July 9, which means the notice board must be posted by June 25. An affidavit of posting is required at least seven days before the end of the comment period. The public hearing is scheduled for July 29 at 3 PM.

If you have any questions, feel free to contact me at [ahenning@othellowa.gov](mailto:ahenning@othellowa.gov) or 509-331-2710.

Cordially,

Anne Henning  
Community Development Director

Note: The Laminated Notice of Application for Notice Board Posting (4 pages) & Affidavit of Posting will be available for your local staff to pick up.
