SUBJECT: ESTABLISHING A NO PARKING ZONE ON CADE AVENUE NE

DATE: October 24, 2017

BACKGROUND:

The development of commercial property located at the southwest corner of Cherry Avenue and Cade Avenue required street improvements along the Cade Avenue frontage of the property. These improvements included curb, sidewalks and pavement widening. After the completion of these improvements a request was made by some of the residents along Cade Avenue to establish a No Parking Zone along the newly improved section of the street.

Staff evaluated the request and found the width of the traveled area does not meet the minimum width required to provide on street parking. The minimum width required to allow parking on one side of the street is 28 feet and there is only 27 feet of width available.

FISCAL IMPACT:

There is minimal fiscal impact with establishing a No Parking Zone at this location and funds are available in the City Council adopted FY 17-18 Street Fund Budget.

RECOMMENDATION:

Staff recommends the City Council consider the matter and adopt the attached Order designating the No Parking Zone on Cade Avenue NE as indicated on Exhibit 1.

Please contact me with any questions or concerns.

TO: MAYOR CLARK AND COUNCIL MEMBERS

FROM: E. SHANNON JOHNSON, CITY ATTORNEY

SUBJECT: INTERGOVERNMENTAL AGREEMENT ESTABLISHING A HOMELESS PROGRAM COORDINATOR

In 2016, Marion County, Polk County, City of Salem, and the City of Keizer formed a task force under an initiative known as the Mid-Willamette Homeless Initiative. As a result of this initiative, a strategic plan which contained several tasks and objectives aimed at ending homelessness in the region was developed. Such strategic plan was before the City Council at its work session on April 24, 2017.

The representatives of the jurisdictions have proposed establishing a Homeless Program Coordinator within the Mid-Willamette Valley Council of Governments (COG) with the duties of implementing certain aspects of the plan. As part of that process, the cities of Independence and Monmouth also expressed interest in becoming parties to the agreement and joined in the negotiations. The attached agreement is the product of those discussions. The representatives worked with COG to put together an Intergovernmental Agreement to provide for funding and direction on this new position.

It is noted that while the strategic plan is attached to the Intergovernmental Agreement, it is not the intention of staff or the City Council to adopt the strategic plan as a promise to perform all tasks or be involved in all of the objectives included in the plan. Rather it is in the Intergovernmental Agreement for historical purposes only.

RECOMMENDATION:

Adopt the attach Resolution authorizing the City Manager to sign an Intergovernmental Agreement Relating to Creation of a Program Coordinator for the Mid-Willamette Homeless Initiative.

Please contact me if you have any questions in this regard. Thank you.

The Mid-Willamette Homeless Initiative was created in January 2016 by four jurisdictions: the cities of Keizer and Salem and Marion and Polk counties. The initiative's purpose is "to identify and launch proven strategies that will reduce homelessness in the Marion-Polk County region, encompassing the cities of Keizer and Salem." The initiative convened a 20-person regional task force appointed by the four jurisdictions with leaders representing local governments, social services, housing, public safety and business. Through monthly task force presentations and in-depth discussions in eight subcommittees, the task force adopted this strategic plan on February 7, 2017.

(See www.homelesstaskforce.net for additional information.)

According to the 2015 Point-in-Time Count conducted by the Mid-Willamette Valley Community Action Agency, an estimated 1,660 people experiencing homelessness live in Marion and Polk counties, with a large, visible concentration in the Salem area. Effective strategies vary depending on the unique needs of the many populations facing homelessness. What works for addressing the issues of homeless veterans may not work for runaway or homeless youth, a person experiencing severe mental illness or a victim of domestic violence fleeing an unsafe situation.

Homelessness is a complex issue. The task force recognized the need for a diverse array of recommendations to address the wide scope of related issues. Presentations focused on regional issues, such as lack of affordable housing, best practices to address chronic homelessness, service gaps, impacts on public safety and business, data collection and coordinating assessments and assistance. In addition to the unique challenges to special populations, contributing factors such as mental illness, addiction, lack of education and transportation, financial barriers and limited affordable housing supply were considered throughout the process of creating this strategic plan.

<i>How many people experience homelessness in our community?</i>	<i>This is just a sampling.</i>
People experiencing homelessness in Marion and Polk counties	1,660 on any given day, including 70 homeless veterans (2015 Point-in-Time Count)
Salem-Keizer School District	1,397 during the 2015-16 school year
People reentering Marion County communities from prison	300 each year
Victims of domestic violence (all ages)	200-500 each year

MID-WILLAMETTE HOMELESS INITIATIVE

EXHIBIT A
Scope of Work

A Transition Plan is a document that outlines a strategy for the City to progress toward compliance with the Americans with Disabilities Act (ADA). The Transition Plan identifies barriers for persons with disabilities and a schedule to remove those barriers over time and must include:

- A list of the physical barriers in the City's facilities that limit the accessibility of its programs, activities, or services to individuals with disabilities;
- A detailed outline of the methods to be used to remove these barriers and make the facilities accessible;
- A schedule for taking the steps necessary to achieve compliance with the ADA, Title II;
- Provide opportunity for the public to provide comment on the Transition Plan; and
- The name of the individual responsible for the plan's implementation.

This Scope of Work will assist the City of Keizer in the eventual completion and adoption of an ADA Transition Plan as follows:

- A. COG will complete the tasks noted under "COG Scope of Work."
- B. City will complete the tasks noted under "City Scope of Work."

To assist the City of Keizer in eventual completion and adoption of an ADA Transition Plan, the Mid-Willamette Valley Council of Governments (COG) proposes to assist in an assessment of all City of Keizer public facilities to determine if there are barriers to City services, programs, and activities for persons with disabilities. The City will identify which buildings, parks, and rights-of-way adjacent to City facilities are applicable and will develop a schedule for completion of the assessment, identification of barriers, public review process, barrier removal timeline, public review process and eventual adoption of the ADA Transition Plan in order to comply with Title II of the ADA.

After completion of the listed Tasks, the parties anticipate entering into a separate agreement to conduct the public process associated with prioritization of projects and timelines for completion and complete and adopt a final ADA Transition Plan.

COG Scope of Work

I. Facilities	\$1,000
----------------------	----------------

Phase I report to be completed by December 2017 by COG staff along with development of templates for Phase II and III reports as outlined below.

- A. Facilities included:
 - 1. Keizer Civic Center (City Hall, Police, Community Center) – 930 Chemawa Road NE, Keizer OR 97303

- a. Completed in March 2009.
- b. COG will initiate the ADA Transition Plan/Report and will develop a draft chapter addressing Keizer Civic Center.

The 2010 ADA regulations introduced the concept of “safe harbor”, which allows facilities built prior to March 15, 2012 that comply with the 1991 ADA Standards to remain as-is until the structural feature is altered.

This safe harbor is not a blanket exemption for facilities. If a public entity undertakes an alteration to a primary function area, only the required elements of a path of travel to that area that already comply with the 1991 Standards are subject to the safe harbor. If a public entity undertakes an alteration to a primary function area and the required elements of a path of travel to the altered area do not comply with the 1991 Standards, then the public entity must bring those elements into compliance with the 2010 Standards (§ 35.151(b)(4)(ii)(C) Path of travel--safe harbor).

In addition to the exceptions, Title II Regulations specify structural elements not previously included in the 1991 ADA Standards that do not fall under the safe harbor provision:

§ 35.150(b)(2)(ii) The safe harbor provided in § 35.150(b)(2)(i) does not apply to those elements in existing facilities that are subject to supplemental requirements (i.e., elements for which there are neither technical nor scoping specifications in the 1991 Standards). Elements in the 2010 Standards not eligible for the element-by-element safe harbor are identified as follows—

- (A) Residential facilities dwelling units, sections 233 and 809.*
- (B) Amusement rides, sections 234 and 1002; 206.2.9; 216.12.*

CITY COUNCIL MEETING: November 6, 2017

AGENDA ITEM NUMBER:_____

TO: MAYOR CLARK AND COUNCIL MEMBERS

THROUGH: CHRISTOPHER C. EPPLEY, CITY MANAGER

FROM: E. SHANNON JOHNSON, CITY ATTORNEY

**SUBJECT: VACATION OF PHILIP STREET – AUTHORIZATION OF
SIGNING CONSENT TO PETITION TO VACATE**

One of the conditions for the Herber Farms decision was the vacation of Philip Street right-of-way, an undeveloped street between Verda Lane and Claggett Creek. To initiate the street vacation, owners of the abutting property and two-thirds of the affected area must consent to the petition.

The owners of the Herber properties have signed the petition for the property they own. However, those properties by themselves do not meet the requirements necessary to initiate the street vacation. To initiate the street vacation, owners of the abutting property and two-thirds of the affected area must consent to the petition.

The City owns lots on the east side of Philip Street (see map). Therefore, the Herber family has requested that the City consider consenting to the petition as abutting property owner and additional affected property owner. If the City signs on as a property owner to the petition, the required abutting property owner threshold and the two-thirds threshold will be reached.

It should be noted that the City did place a condition on the decision and that the City does not have any future plans for developing Philip Street. By consenting to the street vacation, the process for satisfying the condition can move forward.

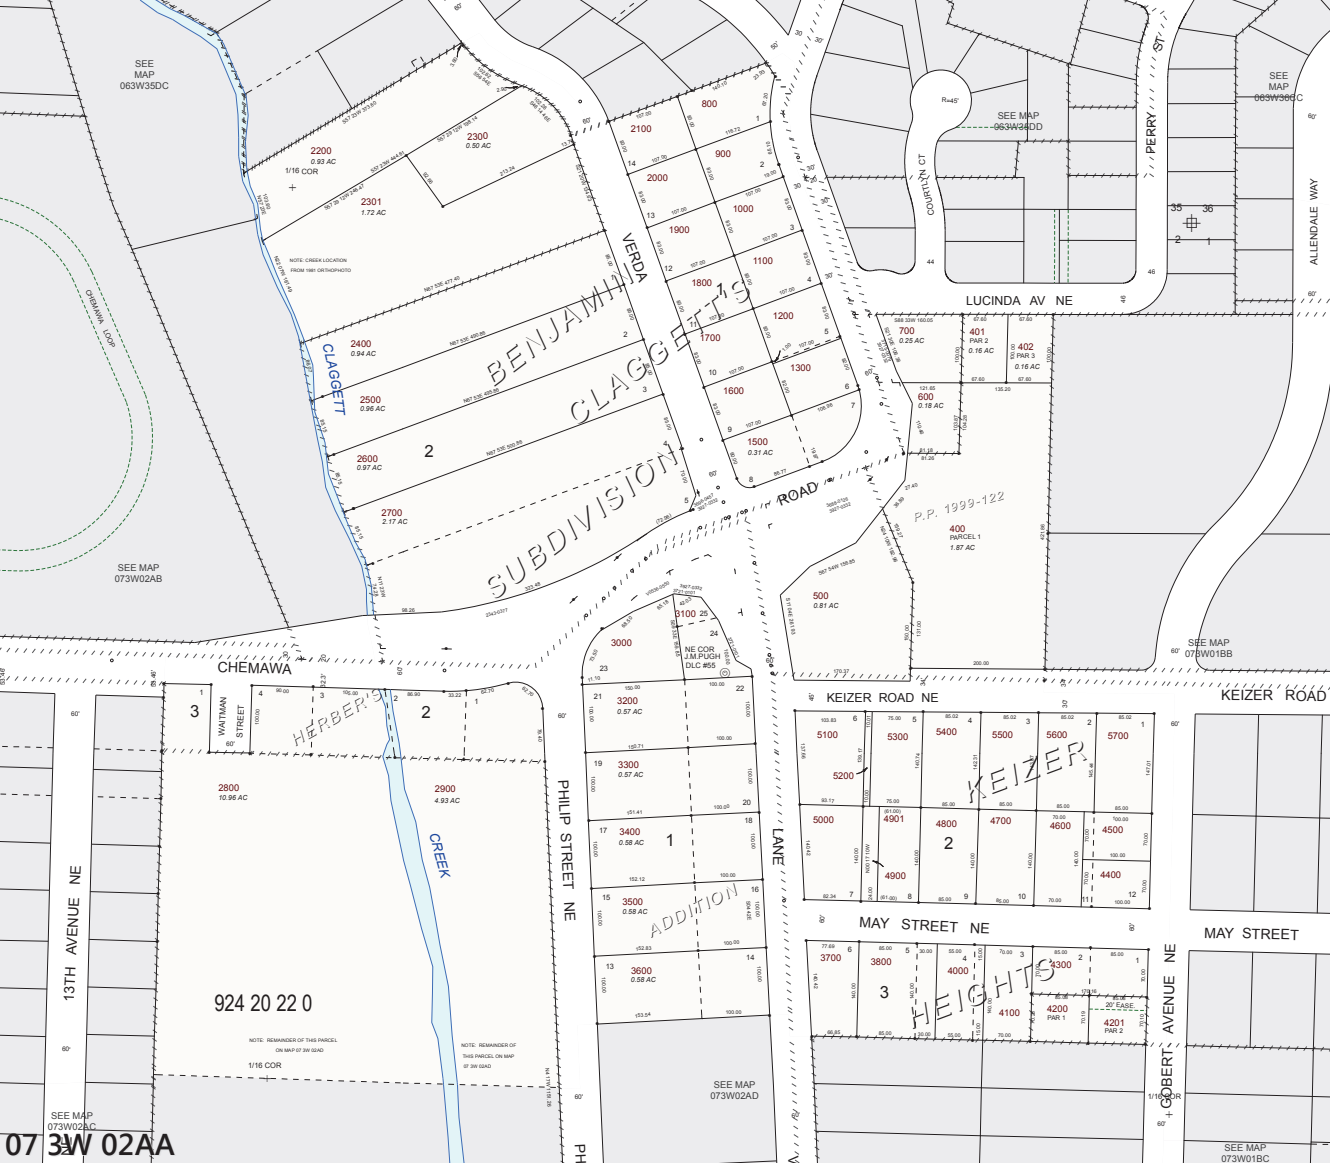

RECOMMENDATION:

Review the matter to see if there are any questions or concerns. If not, adopt the attached Resolution authorizing the City Manager to sign the consent to petition to vacate Philip Street.

Please let me if you have any questions. Thank you.

SUBJECT: GALINA COURT STREET LIGHTING LOCAL IMPROVEMENT DISTRICT

ISSUE:

On September 18, 2017 the City Council adopted Resolution R2017-2802 declaring the City's intent to initiate Galina Court Street Lighting Local Improvement District and directing the City Engineer to make a survey and file a written report with the City Recorder. This Council action was taken in response to a petition from the developer requesting the formation of a lighting district in this area.

Attached to this staff report is a City Engineer's report filed for Galina Court Street Lighting Local Improvement District. The report was reviewed by the Public Works Department and found to meet the guidelines as outlined in the City of Keizer Ordinance for development of street lighting districts. Upon adoption of the report by the City Council, a public hearing will be scheduled to receive any remonstrances to the formation of this street lighting district.

FISCAL IMPACT:

The costs for establishing the district in the first year include a fee for the engineers report and an administrative fee to cover the costs for advertising and staff time in establishing the district. The City receives reimbursement from the property owners for these costs and the actual electricity used through assessments placed on the tax rolls. All activity is budgeted through the Street Lighting District Fund.

RECOMMENDATION:

It is recommended City Council adopt a Resolution approving the City Engineer's Report and set the public hearing date for December 4, 2017 to consider remonstrances and other comments on the district's formation and objections to proposed assessments.

**FROM: TRACY L. DAVIS, MMC
CITY RECORDER**

**SUBJECT: PINECREST ADDITION STREET LIGHTING LOCAL IMPROVEMENT
DISTRICT**

ISSUE:

On September 18, 2017 the City Council adopted Resolution R2017-2803 declaring the City's intent to initiate Pinecrest Addition Street Lighting Local Improvement District and directing the City Engineer to make a survey and file a written report with the City Recorder. This Council action was taken in response to a petition from the developer requesting the formation of a lighting district in this area.

Attached to this staff report is a City Engineer's report filed for Pinecrest Addition Street Lighting Local Improvement District. The report was reviewed by the Public Works Department and found to meet the guidelines as outlined in the City of Keizer Ordinance for development of street lighting districts. Upon adoption of the report by the City Council, a public hearing will be scheduled to receive any remonstrances to the formation of this street lighting district.

FISCAL IMPACT:

The costs for establishing the district in the first year include a fee for the engineers report and an administrative fee to cover the costs for advertising and staff time in establishing the district. The City receives reimbursement from the property owners for these costs and the actual electricity used through assessments placed on the tax rolls. All activity is budgeted through the Street Lighting District Fund.

RECOMMENDATION:

It is recommended City Council adopt a Resolution approving the City Engineer's Report and set the public hearing date for December 4, 2017 to consider remonstrances and other comments on the district's formation and objections to proposed assessments.

**COMMITTEE
REPORTS**

Cat Gaynor, Keizer Parks Board, reported that the Board had passed a recommendation that the Council create designated smoking areas in City Parks. She also reviewed the staff report given at the Board meeting.

Matt Lawyer, Keizer Parks Board, reviewed a handout which prioritized park needs and urged everyone to provide feedback and direction to the Board on what they think are the greatest needs. City Manager Chris

Eppley urged that ADA access be incorporated into this review so that all city parks are compliant. Discussion followed regarding the need for improved basketball courts, lighting, and trails. By consensus Council indicated that they would like the Parks Board to move forward with this plan and get public input. Mr. Lawyer concluded his report noting that the Board had considered developing a policy for naming an altered amenity but the issue was tabled with the intent that it should be dealt with on a case-by-case basis.

PUBLIC TESTIMONY

Dave Wallery, Keizer, reported that the street light mounted Christmas lights are in good shape. The tree at Wallery Plaza is getting bigger and will need more lights eventually. He was replaced sockets and wires that needed replacing so all lights work. A maximum of \$500 for lights will be needed. Finance Director Tim Wood interjected that there is about \$1,000 in miscellaneous expense and a portion of this could be used. Council agreed by consensus to provide the money for bulbs this year.

Rich Ford, Keizer, representing the Keizer Parks Foundation, reviewed the recent eclipse event and noted that after paying all expenses including reimbursement to the city, the net was \$25,000 to \$29,000. The Board has decided to keep the funds for a matching grant program similar to that offered by the Parks Advisory Board. Unsold tee-shirts were donated to Claggett Creek middle school.

Colleen Busch, Keizer, Salem-Keizer Transit District Board, reported that the Board had discussed enhancements related to House Bill 2017 which include Saturday and late-night service. She invited everyone to the strategic planning session and noted that along with House Bill 2017, funds have been set aside to help build sidewalks for safe routes to school. She urged that those interested watch for the scheduled rules and grant request timelines.

Mr. Johnson noted that this action is parallel to action taken by the Agency. It terminates the Urban Renewal Agency and accepts the Agency assets. The Agency was the property owner for the focal point and allowed signage there. Since the agency is going away Council should consider if they want to continue that allowance. Also he reminded Council of the use of funds from the River Road Renaissance project due to the Keizer Station LID default. At that time Council indicated that if the default property ever sold and jurisdictions were reimbursed, the funds would go back to the River Road Renaissance project.

Councilor Parsons moved that the Keizer City Council adopt a Bill for an Ordinance Terminating the Urban Renewal Agency of the City of Keizer. Councilor Freeman seconded. Motion passed unanimously as follows:
