SWEARING IN OF COMMISSIONER CAILLIER: Deputy City Recorder Debbie Lockhart administered the Oath of Office to Commissioner Mark Caillier.

APPEARANCE OF INTERESTED CITIZENS: None

**PUBLIC HEARING: Proposed Text Amendments (Sections 1.200 and 2.403) –
Modifying Standards for Accessory Dwelling Units**

Chair Sangster opened the public hearing.

Senior Planner Shane Witham explained that the proposed changes were basically to align legislative language/terminology with the City's Code and to correct ambiguities and clarify confusing language. He brought attention to the Department of Land Conservation and Development (DLCD) handout which gives guidance to address housing needs and provides model code language.

Discussion followed regarding owner occupancy, zoning, public utilities and system development charges, the feasibility of adding an accessory dwelling unit to a duplex lot, allowance for additional driveway vs. public works standards, parking, applying for a variance if the proposed ADU is larger than 750 square feet, and short-term rental properties.

A majority of the commissioners indicated that they found the proposed ownership requirement acceptable but wanted staff to explore the possibility of allowing ADUs on a duplex lot. They urged that staff consider using the State model code language which allows up to three units on a property with the only caveat being that the owner of the property live in one of the units.

Chair Sangster noted that the Public Hearing would remain open and be continued at the November 14 meeting.

NEW/OLD BUSINESS/STAFF REPORT *(Taken out of Order)*: Mr. Brown reported that the final draft of the Cost of Growth Report would be presented at a meeting on October 22. He noted that it was not mandatory for the Commission to attend but urged commissioners to do so. He added that he continues to work with the consultant on refining the land use revitalization plan and reported that he had sent in the Federal Rail Consolidated Rail Infrastructure Improvement Program grant request to create a quiet crossing at Chemawa and Lockhaven but the grants are intended for major improvements so it does not appear likely that it will be awarded to Keizer.

COUNCIL LIAISON REPORT: Councilor Freeman reported on volunteer openings for various city committees, announced the upcoming Dearborn Bridge ribbon cutting, and provided an update of park improvements.

COUNCIL REPRESENTATIVE: It was agreed that because the Public Hearing was not closed and no decision made it was not necessary to report to Council.

OTHER BUSINESS: Chair Hersch Sangster noted that this was his last meeting. He thanked staff and Commissioners for their dedication and their willingness to disagree in a civilized manner.

ADJOURN: The meeting adjourned at 7:30 pm.

Next Meeting
Regular Session: November 14, 2018

Minutes approved: _____

TO: PLANNING COMMISSION
THRU: NATE BROWN, COMMUNITY DEVELOPMENT DIRECTOR
FROM: SHANE WITHAM, SENIOR PLANNER

DATE: November 14, 2018

SUBJECT: Proposed text amendments (Sections 1.200 and 2.403) – modifying standards for Accessory Dwelling Units.

ATTACHMENTS:

- **Development Code Section 2.403 (Shared Housing Facilities) – draft**
- **Development Code Section 1.200 (Definitions) - draft**

DISCUSSION:

The public hearing was held open from the October 10th Planning Commission meeting to allow for additional consideration regarding proposed changes to the standards governing Accessory Dwelling Units (ADUs). At the October meeting, questions were raised regarding parking requirements and standards for driveways, and concern was expressed by some Commissioners over existing language governing owner occupancy requirements. Planning Commission also requested that staff explore options and implications for allowing ADUs on duplex lots and/or allowing both attached and detached ADUs in conjunction with single family dwellings.

The attached draft of Section 2.403 contains modifications to the previously proposed text for the owner occupancy requirements and driveway/parking requirements. The owner occupancy language was rewritten for clarity, and the parking requirement was rewritten to allow parking/driveway locations subject to the requirements of the public works department. This provides some flexibility in unique situations and could allow more than one driveway on a lot, if approved by the Public Works Director.

Staff is not recommending that ADUs be allowed on duplex lots in the single family zone, and does not recommend allowing multiple ADUs on any lot at this time. The Single Family Residential (RS) zone is designated for low density residential uses and there is a community expectation that has long been established for our lower density neighborhoods. Staff feels that allowing ADUs in conjunction with a duplex on a corner lot, or by allowing both attached and detached ADUs on an individual lot, would result in a development pattern which is not appropriate for the RS zone, and is not consistent with neighborhood expectations. The City is beginning the process of updating our Buildable Lands Inventory (BLI) and Housing Needs Analysis (HNA) which will provide guidance as to how much/what type of housing is needed for the City's future projected growth. It is anticipated this project will be completed summer of 2019. Staff feels it makes more sense to wait until after the BLI and HNA are updated, before making a change to allow more than one ADU on each individual lot, or to allow an ADU in conjunction with a duplex in the single family residential zone. The results of the BLI and HNA may point to allowing additional ADUs as a viable option and effective efficiency measure to employ to address growth, but staff

feels it is premature to arbitrarily do so at this time. The results of the BLI and HNA may show that a much more comprehensive approach will be needed to accommodate projected growth. Staff does not want to undermine existing neighborhood character by allowing housing types that are inconsistent with the underlying zoning designation, without having specific, documented need to do so. The City has received significant opposition in the past when making infill development easier to accomplish. It should be pointed out that, in zones where a duplex is allowed outright, an ADU will be allowed with the language as proposed.

RECOMMENDATION:

That Planning Commission consider the proposal and recommend approval to the City Council, including any additional text changes identified.
