MEMORANDUM: 20250728 2025-2028 TIP Amendments – Project 0170-3791

To: Central Naugatuck Valley MPO Board Members and Alternates
 From: Rich Donovan, Transportation Planning Director
 Subject: Amendments to the 2025-2028 Transportation Improvement Program

The following changes are proposed for the CNVMPO's 2025-2028 TIP.

Project No. 0170-3791 – BRIDGE IMPROVEMENTS; VARIOUS BRIDGES AFTER PPP

CTDOT has proposed adding project 0170-3791 to the 2025-2028 TIP. The purpose of this project is to address deck deterioration for various bridges in Districts 3 and 4. The need for this project is to repair/replace the membrane waterproofing systems and address any other minor deterioration within the bridges as a follow up to pavement preservation projects. The membrane and overlay will protect the concrete deck from damaging moisture and de-icing salts, thereby extending the service life of the bridge deck. Within the CNVMPO, these bridges are mostly located along I-84 and ramps within the City of Waterbury.

Funding

Funding levels and sources for all projects are identified on the next pages in the report generated by EcoInteractive. Additionally, each project's specific locations are included on the attached maps. These projects have been posted to the CNVMPO's EcoInteractive public page and are available for comment up to the meeting's commencement, at which time staff will relay any received comments.

Recommended Motion:

To adopt CNVMPO resolution 2025-12 approving the TIP amendment for Project 0170-3791
