**RE: 189 New Haven Avenue Proposed Day-Care**

Dear Mr. Estwan:

This letter is in regards to the plans this office received from Silvia Arnoso for the proposed Day-Care located at 189 New Haven Avenue.

Upon review of these plans the Gravel Overflow Parking Area would have to support the weight of an 18-ton fire truck. Otherwise this office sees no problems pertaining to Fire Department accessibility or fire protection with this project.

When more detailed plans are submitted a review for fire code compliance will take place.

If you have any questions, please call me at 736-6976 thank you.

Sincerely,

A handwritten signature in cursive script, reading "Philip A. Hawks".

Philip A. Hawks  
Fire Marshal
