## **Mayor DiMartino**

**This was submitted to Signs Unlimited and they gave us this price list for the signs that are missing at Ryan Field. It was approved by the committee that was set up for the football field. It is important that these signs get made and put up. They have all been approved by the Board of Aldermen/Football Committee and were up for years on the old field and taken down when the new field was being constructed, with the intent to put them back up when the field was completed. Unfortunately the old signs were too bad to be put up again. THIS HAS TO BE DONE BY THE BEGINNING OF THE FALL SEASON THIS YEAR.**

**There is no reason why this has not been done as yet and it is a slap in the face to the people who are being honored with these signs. Rob Hyder and I have been trying to get this done for years now with no success.**

**I believe the first sign on the quote has already been put up. They were able to salvage the old sign. So \$820.00 can be deducted from this quote, bringing it down to \$13,201.00. Hopefully Signs Unlimited will give us the signs at the quoted prices.**

**If you have any questions you can contact me or. Rob Hyder.**

**Thank you,**
