So get ready to

Come join in on the fun this summer at the

Derby Green Farmers' Market

Call 203-231-4034 for more info

**Sponsored with a generous grant from the Valley
Community Foundation*

Dear Parents,

The power of produce, or POP Club as it is also referred to, is a program for Derby School children grades K-5 to learn all about the benefits of eating fresh fruits and vegetables at Farmers' Markets.

At the beginning of the market season, during the month of July, each child who participates receives a POP Passport book to track lessons learned, and collect badges and stamps for new foods tasted. When the child's passport is filled at the end of the season, they will earn 2 POP bucks so they can shop at the Farmers' Market for fruits or vegetables of their choice, thereby allowing them to use their newly found knowledge of healthy foods.
