RE: **AT&T Site WPAW047 (Wheeling College) (FA #14232217)**
Off National Road, Wheeling, Ohio County, West Virginia 26003
Lat 40° 4' 37.3" N, Long 80° 41' 26.4" W
Impact7G, Inc. Project: AT&T CS Phase: 276

To Whom It May Concern,

Impact7G, Inc. (Impact7G) is in the process of completing a NEPA Checklist for the proposed telecommunications facility referenced above. AT&T Mobility, LLC is proposing to construct an approximate 85-foot tall monopole telecommunications structure with a 4-foot tall lightning rod that would be located within a proposed 70-foot by 50-foot lease area. The proposed tower would be accessible via a proposed approximate 370-foot long by 20-foot wide access/utility easement. Antennas will be licensed by the Federal Communications Commission (FCC).

This investigation includes determining whether "the site is located in, on, or within the viewshed of a building, site, district, structure or object, significant in American history, architecture, archaeology, engineering or culture, that is listed, or eligible for listing on the State or National Register of Historic Places, or located in or on an Indian Religious Site."

Impact7G is requesting information regarding the potential effect on any historic properties within the vicinity of the proposed project location, as noted above. Additional project information is enclosed. If you wish to comment or be considered as a consulting party, please respond within thirty (30) days of the date of this letter. If a response is not received within thirty (30) days, it will be assumed that you have no objections to this undertaking.

If you have any questions or require additional information, please contact me via phone at 404-509-6488 or email at cradke@impact7g.com.

Sincerely,

A handwritten signature in black ink that reads "Casey Radke". The signature is written in a cursive style with a horizontal line extending to the right.
