PUBLIC WORKS COMMITTEE
August 18, 2020

The Public Works Committee of Wheeling City Council met on the above date at 4:00 p.m. in City Council Chambers. Committee members present: Chair Sklavounakis, Vice Chair Seidler, and Member Thorngate. Others present: Mayor Elliott, Councilors Thalman and Ketchum, City Manager Robert Herron, Public Works Director Rusty Jebbia, Andy Harris WPCD, and City Clerk Brenda J. Delbert.

The following matters were discussed:

Discussion on Revised Combined Sewer Overflow Long Term Control Plan: Phase 3 and 4

CT Consultants are present and review the Long-Term Control Plan. Attached overview is incorporated herein. Long Term Control Plan A Phase III was funded through a bond note, while phase B III still needs funding source secured. The funding is estimated 25.5 million dollars. Attached funding *estimates* are incorporated herein.

Discussion on Downspout Daylight Program

Mr. Jebbia discusses the need for a 1:1 training/ pilot program. There would be a letter sent out by WPCD giving people time period and technical assistance for removing downspouts. While the City would not complete the work, residences need education and need to understand why we are asking for the removal. Mr. Jebbia is proposing on beginning the program in the Claytor area as the sewer system is not combined. Phase 1 would include Armory Drive up and Phase II would be Armory Drive down.

There being no further business to come before the Committee, Mr. Thorngate, seconded by Mr. Seidler, moved to adjourn. Time: 4:57 p.m.
